Staff Directory

The Staff Directory contains listings for academic personnel, full-time civil service personnel, part-time civil service personnel, and retired academic personnel on all campuses of the University who have turned in staff information forms. For further information, call AIS, 624-0555.

University telephone numbers of Twin Cities campus staff members are designated by a 624, 625, 626, or 627 prefix. Campus designations are included for staff members on the coordinate campuses.

Each listing reads in this order: name, position (name of department, division, office, etc.) office address (office telephone), residential address, residential telephone, electronic mail access addresses, fax, pager.

All faculty and students and many staff have electronic mail accounts. If an electronic mail address is not listed in this directory, you can look it up by using a computer and the Internet Gopher software. This software is available at no charge from Computer and Information Services. For help in using electronic mail, call 626-7676.

To locate an e-mail address: access Gopher, select the *Phone Book*, then *University of Minnesota*. From that point, just follow directions. For more information about how to obtain and use Gopher, call 626-4276.
