**SOWING  
THE  
SEED  
OF  
SUCCESS.**

Every business man is the farmer of his own fortune, and the harvest he reaps is entirely due to his own perseverance and industry. If properly sown, there is not one seed that promises him better returns than liberal advertising; but it requires careful cultivation, for the field is a large one, and there are many dry and barren spots that must be avoided.

We are practical farmers in the Engraving field, and after years careful study and experience we are better able to avoid the barren spots and add to the chance of reaping a rich harvest by preparing bright original Engravings suitable for your business and placing them in mediums which in our judgment will show the best possible results.

CARLISLE'S  
**SYPHON - URINAL**  
WITH  
**SYPHON & JET**  
AUTOMATIC  
**FLUSH TANK.**

This Urinal is double trapped, so that it is impossible for sewer gas to escape, and when Syphon is discharged it fills the waste pipe to its full capacity.

**THE PRINCIPAL FEATURE**

of this URINAL is the large amount of water in Urinal Basin before the discharge takes place, filling a one and one-half inch pipe to its fullest capacity, cleaning the pipe thoroughly.

The Bell shown in URINAL is hinged, and can be thrown back, making it convenient for clearing Trap, if necessary, from any cause.

The operation of Syphon will remove tobacco quids, cigar stumps and such matter as is generally thrown into Urinals.

**HOODED URINALS**

WITH LOCAL VENT OPENING BACK OF HOOD.  
PRICES ON APPLICATION.

We can furnish Tanks, suitable to flush two or three Urinals, if preferred. Also, brass distributing pieces.
