 RONDOLETTES, MANDOLAS,
 MANDOLETTES, ETC.

A Splendid Variety to Select From.

“The Best in the World” Is the Verdict of Competent Judges.

THE PRICES, as given below, are for the least expensive styles, ranging upward from these to the highest-priced grades, the only feature as to differences in prices of any one kind of instrument being the kind of woods used and the amount of ornamentation.

The Perfect Tone Quality is the same throughout the various styles of these instruments.

<i>GUITARS</i>\$ 7 50 <i>MANDOLINS</i> 6 50 <i>RONDOLETTES</i> 9 00	<i>BANDURRIAS</i> \$15 00 <i>MANDOLETTES</i> 9 75 <i>MANDOLAS</i> 30 00 <i>BANJOS</i> \$ 2 75

CARLISLE'S SYPHON-URINAL

WITH
SYPHON-JET
AUTOMATIC
Flush-Tank.

This URINAL is double trapped, so that it is impossible for sewer gas to escape, and when Syphon is discharged it fills the Waste-Pipe to its full capacity.

THE PRINCIPAL FEATURE of this URINAL is the large amount of water in Urinal Basin before the discharge takes place, filling a one and one-half inch Pipe to its fullest capacity, cleaning the Pipe thoroughly.

The Bell shown in URINAL is hinged, and can be thrown back, making it convenient for clearing Trap, if necessary from any cause.

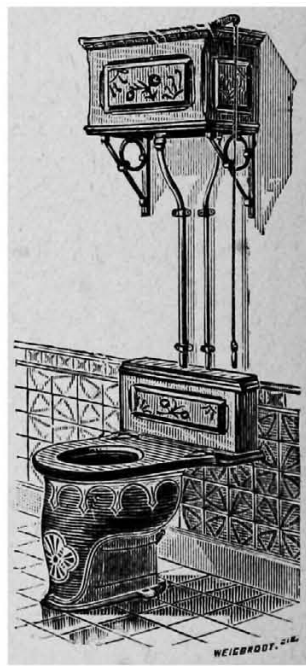

The operation of Syphon will remove tobacco quids, cigar stumps, and such matter as is generally thrown into Urinals.

HOODED URINALS
With Local Vent-Opening back of Hood.
Prices on Application.

We can furnish Tanks suitable to flush Two or Three Urinals, if preferred. Also, Brass Distributing Pieces.

THE CARLISLE WASH-OUT PEDESTAL WATER-CLOSET.

.....
OVER 6000
OF THESE
CLOSETS
IN USE.
.....

Has Round Pipe-Trap
Running Through Closet.

AND IS MADE WITH PROJECTING LIP,

Allowing all Drillage from Tank or otherwise to drop into Water Seal of Trap, and avoiding the Discoloring of the earthenware Discharge Tube of Closet.

COMPOSITION, *

202 Race Street,

CINCINNATI, O.

TO THE TRADE: 

We would call the attention of our patrons and friends to the fact that on February 1st, 1895, the undersigned succeeded to the business, title and good will of the late firm of Buffington & Garbrock, the business of which will be conducted as heretofore, the management remaining unchanged.

It is our purpose and will be our constant endeavor to produce the very best Printers' Rollers, that years of experience and a perfect knowledge of their requirements of the trade demands, and to increase our facilities to the end that all orders may be promptly filled.

For your trade we will rely solely upon the merits of our Rollers, and especially solicit your orders for Distributors and Vibrators requiring a severe test.

If you would have superior Rollers your orders should be placed with us. Is it the right time of the year to order? Yes, any time is a good time. If you need new rollers, order them. But the cold weather, beginning as early as October and until March inclusive, is the best time to get new rollers.

We anticipate your early commands, and will esteem 'it a great favor to quote you prices, feeling assured that you will be pleased with both goods and prices. Thanking the Trade for past favors, we are,

Very truly yours,

BUFFINGTON & CO.

JOHN B. KEYS,
President.

EDWARD R. LEE,
Secretary-Treasurer.

Best Pump on Earth

Over 170,000
in daily use.

HIGHEST AWARD WHEREVER EXHIBITED.

For Wells and Cisterns.

Drink Pure Water
and Enjoy
Good Health.

It draws ten gallons of water per minute.

It has no tubing to rust, burst or wear out.

It has no superior for durability or price for wells up to sixty feet.

It will not rust, the chain and buckets being made of galvanized steel.

It has no wooden tubing, rubber or leather in contact with the water to contaminate it.

After years of service the same number of turns of the crank draws the same amount of water as when new.

It never has to be packed, primed or thawed out.

It will not freeze, as the cups discharge themselves, having stood the test of 38 degrees below zero.

A ten-year old boy can draw water with ease from a 60 foot well.

It can be put up in fifteen minutes, as it has no attachments below the platform.

It saves its cost in doctor bills alone every six months, as pure water is an absolute necessity to insure good health.

You do not have to pump out a pailful of water to get a *fresh, cool drink*, for every cup goes down full of air to the bottom, and fills with cold water as the air escapes.

PRICE \$10 for a pump, packed complete, curb, fixtures and sufficient chain (25 ft.), for a 10 foot well or cistern. Fifty cents for every additional foot in depth.

HOW IT PURIFIES WATER.

For every gallon of water drawn, a gallon of air (the vital element), is circulated through the water. The oxygen thus introduced, ventilates, vitalizes and purifies the water, destroying all water worms, water lice and germs of disease. **Guaranteed** to remove all impurities from the foulest well or cistern, in a few days ordinary use, and keep water equal to a mountain spring. It will make bad water good and good water better. If not found superior to any pump on earth (for domestic use), it may be returned and money refunded.

Patent Removable IRON PLATFORM.

MOST SIMPLE AND DURABLE.

Can be opened to clean well or cistern without removing screws, bolts, pump or platform, thus preventing injury or breakage to pump, platform or cistern.

More Serviceable and durable than either stone or wood.

Will fit neck of any cistern or well, being 33 x 39 inches in size.

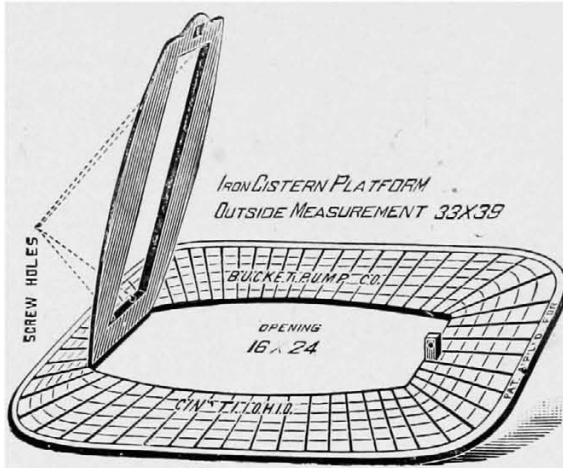

The center part works like a hinge, will open at right angles leaving an opening large enough for all purposes, 16x24.

Pump does not have to be removed, nor chain taken out, as it will automatically swing out of the way, and raise lower wheel from bottom of cistern when pump is turned back.

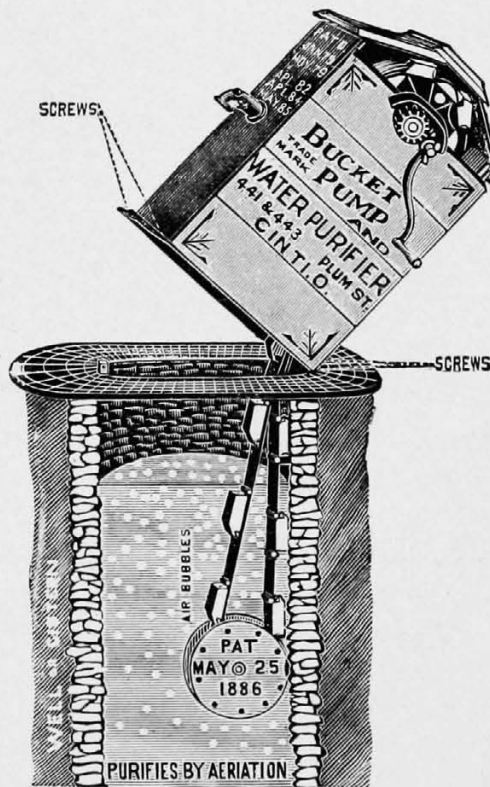

It can be opened or closed without time or trouble.

Being corrugated iron, it is strong, and in durability, will last a life-time.

Will not break, chip, rot or wear.

PLATFORM OPEN.

CISTERN BEING OPENED.

Is always neat and clean, as no vermin can get into well or cistern, nor water accumulate to rot pump or platform.

The most practical platform ever invented. By merely laying pump over on its back, it is as easy to descend into cistern as into your cellar, by simply taking out a wire pin.

Has no attachments and requires no fastening. Easily placed in position. Never requiring to be removed.

No well or cistern complete without it.

All first-class dealers have it in stock.

Liberal discounts to the trade.

Price, \$7.50 complete.
