Made of Vitreous China, which is non-absorbent and proof against crazing. The seat and lid are attached to closet in a strong and neat manner. The hinges having no bolts or screws to become loosened gives the closet a classic and artistic appearance. Connection from closet to flush-pipe being made by a telescope slip joint, which allows for any settling of floors or shrinking of timbers.

OF

No. 508 RACE STREET,

CINCINNATI, - - - - - OHIO.

IF YOU WOULD HAVE

SUPERIOR ROLLERS

YOUR ORDERS SHOULD BE PLACED WITH US.

Is it the right time of the year to order?

Yes, any time is a good time. If you need new rollers, order them. But the cold weather, beginning as early as October and until March inclusive, is the best time to get new rollers.

Best Pump on Earth

Over 170,000
In daily use.

HIGHEST AWARD WHEREVER EXHIBITED.

For Wells and Cisterns.

Drink Pure Water
and Enjoy
Good Health.

It draws ten gallons of water per minute.

It has no tubing to rust, burst or wear out.

It has no superior for durability or price for wells up to sixty feet.

It will not rust, the chain and buckets being made of galvanized steel.

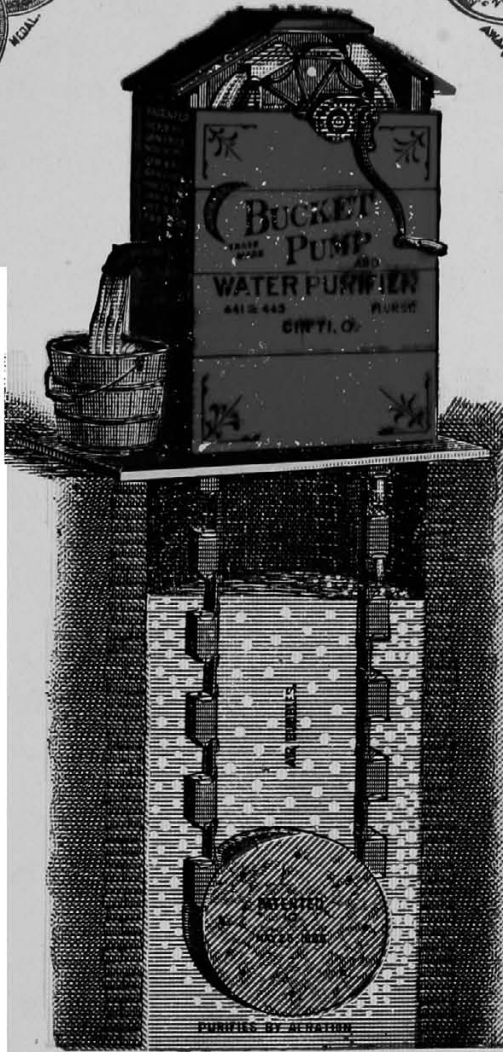

It has no wooden tubing, rubber or leather in contact with the water to contaminate it.

After years of service the same number of turns of the crank draws the same amount of water as when new.

PRICE \$10 for a pump, packed complete, curb, fixtures and sufficient chain (25 ft.), to a 10 foot well or cistern. Fifty cents for every additional foot in depth.

HOW IT PURIFIES WATER.

For every gallon of water drawn, a gallon of air (the vital element), is circulated through the water. The oxygen thus introduced, ventilates, vitalizes and purifies the water, destroying all water worms, water lice and germs of disease. **Guaranteed** to remove all impurities from the foulest well or cistern, in a few days ordinary use, and keep water equal to a mountain spring. It will make bad water good and good water better. If not found superior to any pump on earth (for domestic use), it may be returned and money refunded.

It never has to be packed primed or thawed out.

It will not freeze, as the cups discharge themselves, having stood the test of 38 degrees below zero.

A ten-year old boy can draw water with ease from a 60 foot well.

It can be put up in fifteen minutes, as it has no attachments below the platform.

It saves its cost in doctor bills alone every six months, as pure water is an absolute necessity to insure good health.

You do not have to pump out a pailful of water to get a *fresh, cool drink*, for every cup goes down full of air to the bottom, and fills with cold water as the air escapes.

Patent Removable IRON PLATFORM.

★ ★ ★ ★
MOST SIMPLE AND DURABLE.

Can be opened to clean well or cistern without removing screws, bolts, pump or platform, thus preventing injury or breakage to pump, platform or cistern, as heretofore.

More Serviceable and durable than either stone or wood.

Will fit neck of any cistern or well, being 33x39 inches in size.

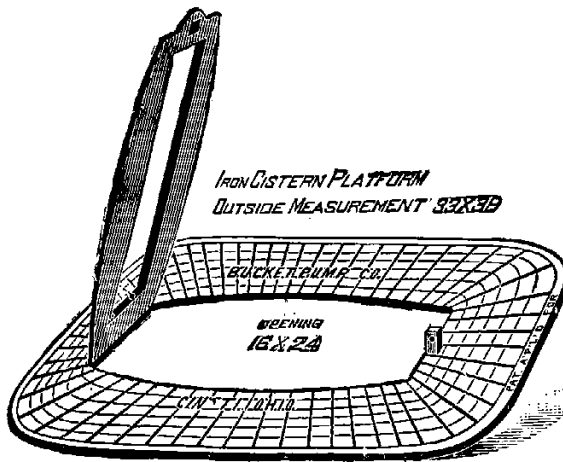

The center part works like a hinge, will open at right angles leaving an opening large enough for all purposes, 16x24 inches.

Pump does not have to be removed nor chains taken out as it will swing out of the way when pump is turned back.

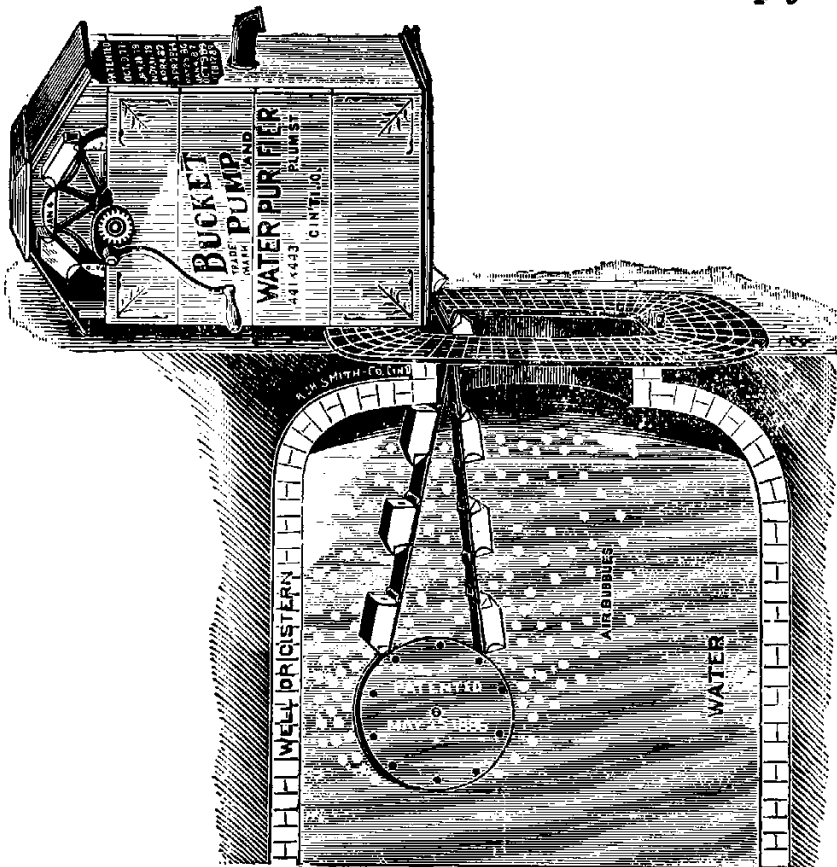

It can be opened or closed without time or trouble.

Being corrugated, it is strong, and in durability will last a life-time.

Will not break, slip, rot or wear.

PLATFORM OPEN.

CISTERN BEING OPENED.

Is always neat and clean, as no vermin can get into well or cistern, nor water accumulate to rot pump or platform.

The most practical platform ever invented. By merely laying pump over on its back, it is as easy to descend into cistern as into your cellar, by simply taking out a wire pin.

Has no attachments and requires no fastening. Easily placed in position. Never requiring to be removed. No Pump complete without it.

Ask your dealer for it.

Liberal discounts to the trade.

Price, \$7.50 complete no attachments required.

CONEY ISLAND'S

Patronage is resuming its former huge proportions. The crowds come and go, evidently pleased with the many improvements made at the resort for their benefit this season, as well as with the spacious grounds which present such a pleasing contrast to the narrow confines of the city. But, above all, they are loud in their praises of the

ISLAND QUEEN,

The new Observation Steamer, which renders the river ride most enjoyable and profitable, for from her decks much of the scenic grandeur and many of the points of topographical interest are brought into prominence that were hitherto unknown and unnoticed, so that a trip to Coney is now doubly attractive. The management have also instituted first-class Vaudeville Entertainments, to be given at the Theater, while the

FIRST REGIMENT BAND

Will be in daily attendance to enliven the occasions by the rendition of popular airs.
