I have combined and applied on my Billiard Tables all the modern improvements in style, and best mathematical accuracy of workmanship, unequalled by any other house, either in the United States or Europe. M. Phelan's Patent Combination Cushions, which are unequalled in elasticity and correctness in angles, have received the greatest attention of all the scientific billiard players, and give my Tables the most perfection now in existence. Especial attention will be given to repair and re-cushion old Tables; and all orders for any articles sent to me will be carefully attended to, and will be filled as well and at the same price as if the purchaser made the selection in person.

WESTERN MILITARY INSTITUTE

NEAR DAYTON, OHIO,

A SCHOOL FOR BOYS.

Bvt. Lt.-Col. JOSEPH M. LOCKE, U. S. A. & C. E., . Superintendent.
Capt. CHARLES B. STIVERS, U. S. A., Commandant of Cadets.

THIS Institution, organized under the law of the State of Ohio, is situated about one and a half miles from the City of Dayton, on the opposite side of the Great Miami River, the location being one of the most healthy in the West, with a surrounding country of great beauty, and readily accessible, as Dayton possesses direct Railroad connection with all parts of the country. The Academic Building contains chapel, cabinet, library, and laboratory rooms in the upper story, with recitation, reading, music, and office rooms on the first floor. All the rooms are large, with high ceilings.

The Barracks are in a new brick building, with slate roof and brick partitions, well ventilated, and perfectly secure from fire, being heated by steam, and detached from all other buildings. The arrangement of the grounds, position of buildings, &c., are shown by the plan on the preceeding page.

The military system is employed not so much for the purpose of giving a military education, as for the following advantages resulting therefrom:

1. Physical development of the growing youth resulting from regular diet, exercise, sleep, and study, and as a natural concomitant therewith, improved mental energy and capacity.
2. Protection from moral degeneration, as Cadets are retained under control during day and night.
3. A large amount of study is accomplished by Cadets on account of their physical condition being developed to its utmost, and the Cadet during study hours not being allowed to visit or be interrupted by visits from others.
4. Subordination. The two essential qualifications in every sphere of life, of subordination to those in command, and a proper command of subordinates, is acquired, as the Cadet is promoted from the grade of a recruit through the intermediate position to that of a company officer.
5. The military system of rewards and punishment is found better than any other to stimulate a proper degree of rivalry between the various Cadets.
6. A high sense of honor and a spirit above belittling actions is inspired.
7. Economy in clothing, as only a limited quantity of a substantial quality is required; and an established uniform prevents an indulgence in variety of styles and quality of dress.

TERMS.

PAYABLE SEMI-ANNUALLY IN ADVANCE.

Tuition, board, washing, mending under-clothing, fuel, and lights, per semi-annual session, including use of arms and accoutrements,..... \$200 00
French, German, Instrumental, and Vocal Music, Riding, Fencing, Boxing, and Dancing, will be an extra charge; and only taught when ordered by parents or guardians.

Students are charged in advance from entrance to the end of the half-year, casualties excepted. For all charges, except the fee for tuition, one honorably discharged before the expiration of the period for which he has made an advance, receives the unexpended balance; but no deduction is made from the tuition of the current session.

At the commencement of the first session a deposit of fifty dollars with the Quartermaster will be required, to be credited on account of such articles as he may be called upon to furnish the Cadet.

P R E F A C E

TO OUR SEVENTEENTH VOLUME.

WE believe that our patrons will find our present issue more reliable than any of our preceding Volumes. The information contained in it is the result of a thorough and complete canvass of the City, made by competent canvassers, whose labors were superintended by three of our assistant Compilers, two of whom have been in our employ for the last five years, and one for a period of twelve years. The matter thus collected was submitted daily to a rigid examination by our revising assistants, and where errors were discovered, or doubts existed as to the correctness of the information so returned, the canvasser was invariably required to again visit the square and retake the information. Every means that a long experience could suggest to prevent errors or omissions, was employed both in the canvass and in the preparation of the copy; and we feel assured that the continued care and persevering labors of our assistants have not been expended in vain.

To collect and prepare the matter of a CITY DIRECTORY for the press, is a perplexing and difficult task. We are compelled, from the nature of the work, to seek information from each member of the community—from the intelligent and ignorant; from the civil and polite citizen, and the rough and unlettered resident. Some are unwilling to have their names appear in a City Directory, and purposely avoid our canvassers; others give the information in an imperfect and scarcely intelligible manner. Only through persevering labor, and the continued watchfulness of many assistants, can an approximation to correctness be attained in a Directory for a City of the population of Cincinnati.

The Directory for the present year will be found to contain about one hundred and fifty pages more than was contained in our last Volume. The prices for labor, types, paper, and everything used in our business, still remaining at the extraordinary high prices of last year, our expenses are, of course, greatly increased. We have not, however, increased the subscription price of the Directory, although the present charge for it is lower than that of any City of corresponding size published in the country. The price of the New York, Philadelphia, Baltimore, Chicago, Louisville, St. Louis and New Orleans Directories, is each five dollars, whilst that of Cincinnati, which contains more matter than either of the Directories named, with the single exception of New York, (to which it is nearly or quite equal in amount,) is but Four Dollars. We trust, therefore, that our patrons will, by promptly paying on delivery of the Work, aid us in overcoming the embarrassment in which we are placed, from the additional cost of the Directory for the present year.

See "List of Removals, Alterations, etc." printed in the front part of the Book, for names omitted in the body of the Directory.

We return our thanks to the merchants and business men of Cincinnati for the patronage extended to the Work, and to the Press of the City for favorable notices published during the canvass, and renew our promise to the Public, to faithfully labor to make each succeeding Volume of our DIRECTORY more worthy of commendation and patronage.

DR. WALDO'S INFIRMARY

FOR DISEASES OF THE

EYE,

Surgical Operations, Insertion of Artificial Eyes, &c.

CHARGES LOW—THE POOR GRATIS.

Fourth St., Corner of Race, Cincinnati, O.

"Which eye is it?" was asked of a beautiful young lady, as she turned from her mirror with a smile of admiration at the magical change of her previously deformed and unsightly features to a life-like symmetry produced by the adaptation (a moment previously) of an Artificial Eye—so radiant in color—so intellectual in expression—such brilliancy of motion in unison with the natural eye—that her own father involuntarily exclaimed, "Which is the new eye?"

Instead of cutting out the old eye, as formerly practiced, Dr. Waldo adopts the new eye to the remains (more or less) of the old one, and no instruments being used—except the fingers—consequently there is no pain in having an eye fitted.

No Charge whatever unless Suited in Style and Price.

EUGENE GRASSELLI,

Manufacturing Chemist,

PROPRIETOR OF THE

Cincinnati Chemical Laboratory,

Nos. 368, 370 & 372 EAST FRONT STREET,

(Above the Little Miami Depot.)

STREET DIRECTORY.

The **STREET DIRECTORY** is simply an **ALPHABETICAL** arrangement of Streets, Alleys, etc., with a sufficient portion of corner numbers attached to such as are of any considerable importance, for the purpose of aiding those who refer to it, in becoming familiar with the system of numbering. It will be found by citizens as well as strangers to be a practical guide to the different parts of the City, as far as it has yet been numbered.

EXPLANATION.—On streets commencing at, and running directly from the River, or others running in the same direction, the **ODD** numbers are on the West, and the **EVEN** on the East side of the street, commencing at the River or such other point as the street may commence. On streets crossing Main, the **ODD** numbers are on the South, and the **EVEN** on the North side of the street, commencing at and running East and West from Main, thus dividing each into two distinct streets, distinguished by prefixing East or West to the name. All others running in a similar direction are numbered in the same manner, commencing at the point nearest to Main and running East or West, according to the direction of the same. In a very few instances few streets will be found to have the same name, one of them generally in the suburbs, not numbered and of but little consequence—to such a * is prefixed.

In designating the **CORNER** numbers we have used **ODD** numbers entirely, except where streets commence at or end upon the side where the **EVEN** numbers belong.

THE EQUITABLE LIFE ASSURANCE SOCIETY,

No. 92 Broadway, New York.

Assets, - \$3,077,788. Income, - \$2,069,070.
Dividend, February 1, 1867, over \$600,000.

All the most desirable and popular kinds of LIFE and ENDOWMENT POLICIES issued, and every advantage appertaining to the business granted to policy-holders.

PURELY MUTUAL.

The Charter of the Society requires that all Profits go to the Assured.
Dividends Declared Annually on the First of February,

And applied as cash to the reduction of future premiums. Dividends upon the first year's premium may be applied to reducing the second year's premium, and so on annually thereafter.

Just and liberal dealing with the assured, promptness in the payment of losses, and the greater advantages offered to the assured by this Society, have secured to it a success such as has not been equalled in the same space of time in this or any other country.

In the short space of seven years it has accumulated a fund of over Three Millions of Dollars, and has secured an annual income of over Two Millions. During the year 1866 alone it assured, by new policies, over Thirty Millions of Dollars, increased its income over One Million, and added to its fund more than Fourteen Hundred Thousand Dollars.

It is thoroughly established on a solid basis, conducts its business on the Cash Plan, and its ratio of "Total Expenditure" to "Total Cash Income" is less than that of any other Company previously organized.

ITS POLICIES AVERAGE LARGER THAN THOSE OF ANY OTHER COMPANY IN AMERICA, showing that, for investments, persons select this Society in preference to any other.

Examples of Dividends, Feb. 1, 1867

The following Policies have been in force but one year or less. Dividends increase rapidly with age of Policy, older Policies being entitled to much larger dividends:

Age of the Assured.	Kind of Policy.	Amount of Policy.	Annual Premium.	FIRST WAY. Permanent addition to am't of Policy.	FOURTH WAY. Annual Reduction of Premium.

Policies issued without delay.

There are 150 fires occurring daily, in the United States, involving a loss of \$225,000 worth of property.

Are you Insured? If Not, Why Not?

The cost is trifling; the duty is manifest; the result may be your escape from ruin; while delay and neglect may involve you in irretrievable disaster, bankruptcy, poverty, and cruel disappointment.

The ÆTNA presents unequalled facilities to the public, by means of its extended and efficient organization, its heavy capital and assets, for first-class Insurance.

JOHN P. EPPLY.

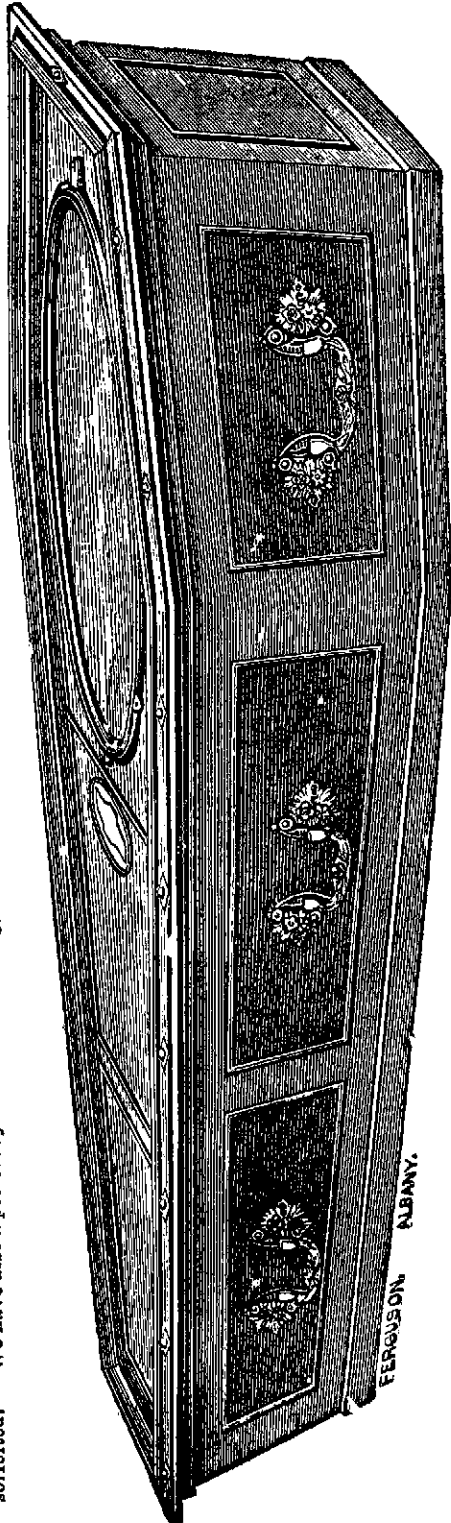

J. P. EPPLY & CO., UNDERTAKERS,

AND MANUFACTURERS OF
Air-Tight Burial Cases and Caskets, and all Styles of Wood Coffins.

We also manufacture all styles of Shrouds for Children and Adults; also, Satin and Merino Linings; and keep constantly on hand a large stock of Metallic Cases and Caskets of all the different manufacturers, at their lowest wholesale price. Our stock of Furnishing Goods is ample, viz.: Black Cloth, Black Velvet, White Velvet, Black Merino, White Merino, Cashmere, Delaine, Satin, Brilliants, Cambric, Swiss, Illusion, Braids; Ruches, English and French Black and White Crapes, Hat Crapes, Ribbon, Gloves, Hosiery, Fringes, Fancy Laces, Gimps and Tassels, Silver-plated Coffin Handles, Name Plates, Ornaments, Screws, Screw Plates, Finishing Tacks, Rose Ornaments and Wreaths, Silver Lace, &c.

Having greatly enlarged our facilities, we are now fully prepared to Paint and Repair Carriages and Horses, and shall keep the same for sale. Our arrangements with manufacturers and importers will warrant us in saying that you can not do better elsewhere. Your favors are respectfully solicited. We have also a perfect system of Embalming, which we perform without any mutilation of the body.

James, A. Foster's
PATENT UNION ARTIFICIAL LIMBS

Are now manufactured at Cincinnati, Ohio, and Detroit, Michigan.

I am the only Patentee and Manufacturer who wears a full-length Artificial Limb, and was a practical mechanic at the time of amputation.
 All who wish to see what perfection Artificial Limbs have been brought to are respectfully invited to call and see samples.
 Soldiers supplied with the best kind, on Government account.
 Pamphlets, giving a full description, with testimonials from the press, eminent surgeons, and those wearing Foster's Patent Union Artificial Limbs, furnished free, by applying to

CINCINNATI
PIANO-FORTE

MANUFACTORY.

HERMANN GEROLD, Proprietor.

I offer the public a class of Pianos, which, in WORKMANSHIP, DURABILITY, TOUCH, RICHNESS, DEPTH AND BRILLIANCY OF TONE, are UNSURPASSED by any, and at prices less than can be purchased elsewhere, combining the same qualities.

ANOTHER IMPORTANT CONSIDERATION.

These Pianos possess the comparatively rare quality of **STANDING FIRMLY IN TUNE**, and will stand any climate.

EVERY PIANO WARRANTED FOR FIVE YEARS.

HERMANN GEROLD,
N. E. Corner of Ninth & Walnut Sts.,
(Metropolitan Building.)
CINCINNATI, OHIO.

J. J. BUTLER'S EXCELSIOR FLUID INKS.

MERCANTILE, for general purposes, COPYING, for Letter Press,
RECORD, for Ledgers and Records, CARMINE, of Brilliant Hue.

CELEBRATED FOR—1st. Intense Black Color (at first of a greenish hue). 2d. Easy flow from the pen. 3d. Permanency (will never fade by exposure). 4th. Economy.

EXPLANATION.—These Inks can be satisfactorily used to the last drop. Other domestic Inks in a brief time grow too thick for use, and are only fit to be thrown away before half consumed. The Carmine may be exposed to the action of the air without injury.

FACTS CONFIRMING THE ABOVE QUALITIES.

First—These Writing Fluids are now in general use throughout the United States, with an increased demand.

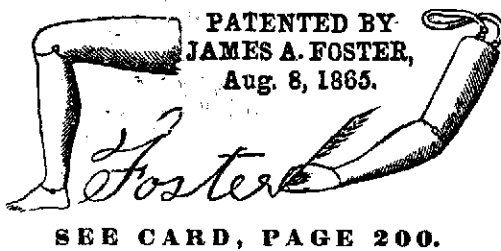

Second—They have been analyzed by Dr. Chilton, the celebrated Chemist of New York City, and pronounced "Equal in quality and durability to the best imported English Fluids."

DODGE'S PATENT STOVES AND GRATES

Have been thoroughly tested by many thousands during the past nine years, and universally approved.

BUILDERS

Should adopt this Patent in all new houses.

HOUSEKEEPERS

Should not overlook this most important improvement, as it not only secures comfort in their homes, but **IT SAVES HALF THE FUEL.** This saving is becoming each year more important, as fuel increases in price. **DOUBLE THE HEAT WITH HALF THE FUEL.** The room is made **EQUALLY** comfortable in every part.

AGENTS WANTED

In every County in the United States. Many of our Agents who are Stove Dealers have increased their business **ONE HALF** the first year, and controlled all the **GRATE AND HEATING STOVE** trade of their places.

JOHN B. RYAN & CO.,

CINCINNATI, - - OHIO.

J. C. DEXTER,

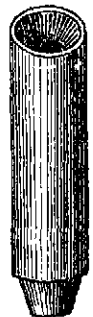

MANUFACTURER OF

CEMENT DRAIN PIPE,

And Dealer in Chimney Tops, Drain Tiles,

AND

LOUISVILLE CEMENT.

This Cement Drain Pipe is being extensively used in Boston, New York, Albany, and other Eastern Cities, and always with entire satisfaction to the purchaser.

It is especially adapted to the draining of Cellars, Cisterns, Sinks, Privies, &c.

As this Pipe is composed of imperishable materials, time and water, instead of injuring, serve only to mature and harden it, until it becomes as hard as rock, and is as lasting as the earth in which it is laid.

It is cheaper than any other durable Pipe; it is better than iron, as it will not rust or decay.

The conical or bevel joint renders it easily laid, insures an even interior and exterior surface, and there being no flange projections, a uniform bearing on the outside.
