ANOTHER KEG OF NAILS GONE !

There was a complaint at the WHOLESALE NOTION WAREHOUSE, No. 121 Main Street, up stairs, between Third and Fourth, that another keg of nails had been used up. It appeared to every one in the House that the keg of nails had been used up pretty quick; but after calculating how many nails the keg contained, how many it required to make a box, and counting the great number of boxes we have lately nailed and forwarded, there is nothing strange about the quick disappearance of that keg of nails. Judging from the past, judging from our vast and superior stock, at very low prices, and judging from our willingness to protect the interests of our patrons, we have no doubt that nails will be used up by us still faster for

BOXING UP

Hosiery and Gloves,

Skirts and Corsets,

Embroideries and White Goods,

Suspenders and Handkerchiefs,

Trimmings and Nets,

Belts, Belt Ribbons and Clasps,

Perfumeries, Stationery,

Rubber Goods, Buttons,

Braids and Notions in general,

Which we will sell at

EXTRAORDINARY LOW PRICES.

Merchants desiring to buy the right goods at the right price, and wishing to select from a full stock, will consult their interest by giving us a call.

Respectfully,

M. L O T H,

IMPORTER OF HOSIERY, EMBROIDERIES AND NOTIONS,

No. 121 Main St. (up Stairs), West Side, bet. Third & Fourth,

CINCINNATI, O.

☞ Orders promptly attended to, and filled at the same prices as if selected in person.

DOTY'S PARAGON
CLOTHES WASHER,
 AND THE
Universal Cog-Wheel Wringer.

These two indispensable household articles took the **FIRST PREMIUM** at the **GREAT NEW ENGLAND FAIR** of 1866; also at the last **GREAT FAIR** of the **AMERICAN INSTITUTE**, after most thorough trials with numerous competitors; and at numerous **STATE** and **COUNTY FAIRS**, both **EAST** and **WEST**. Recommended as the very best by **OLON ROBINSON**, of the **New York Tribune**, the editor of the **American Agriculturist**, and thousands of families having them in constant use. Numerous references given to parties using them, both in the city and country.

Price of Washer, - - - - \$14.00
 " No. 2 Wringer, - - - - 8.50

Sold by **A. B. EATON, AGENT,**
 No. 234 Walnut St., Cincinnati, O.

J. RUTHVEN,

POWELL'S PATENT SELF-ADJUSTING GLOBE AND CHECK VALVE.

THE FIRST PREMIUM

Was awarded to this Valve at the Fair of the Maryland
Institute, held at Baltimore, October, 1866.

— 0 —

PATENTED MAY 2, 1865.

Adapted for Re-grinding and Repairing without Detaching from their Position
while in use.

By reference to the
above Cuts, it will
be seen that by un-
screwing the nut A
entirely from the
body of the Globe B,
the stem is released
for inspection, and
is easily re-ground
by rotating on its
seat, the wing guides
C C C keeping the
Valve Stem V per-
pendicular to its
place. The same
letters refer to both
Globe and Check.

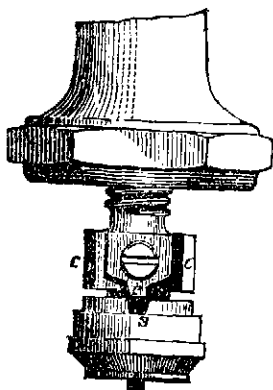

Fig. 3.

PATENTED

FEB. 5, 1867.

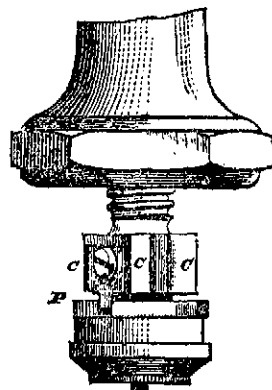

Fig. 4.

To re-grind the
loose Disk Valve,
fig. 3, it will be seen
that it is only neces-
sary to release the
stem by unscrewing
the nut A, by giving
a half turn to the
screw which
confines it—drop it
into the slot S of
the Valve as seen in
fig. 4, and fasten it
there. When the
grinding is accom-
plished, the slotted
pin is withdrawn to
its original position
and fastened, to be
used again when
necessary.

MADE BY

WM. POWELL & CO.,

Manufacturers of every description of Plumbers', Steam Fitters', Engine and Loco-
motive Builders' Brass Work, and Wholesale Dealers in Plumbers' Supplies.

FAY'S PATENT

SELF-SEALING, AIR-TIGHT, SHEET-METAL BURIAL CASES AND CASKETS,

Unsurpassed in Durability, Strength, Lightness and Beauty.

Manufactured from THICK SHEET ZINC, which for this purpose excels all other metals in durability. Can be readily and securely sealed by any person, and made absolutely air-tight, without the aid of wax, putty or cement. Recent improvements in style and beauty of finish enable me to offer to the trade the finest as well as the cheapest Metallic Burial Case in the Market.

L. E. FAY, (Successor to L. FAY,) Sole Proprietor and Manufacturer,

BOARD OF EXAMINERS.

L. HARDING, President... Term ending April, 1868	
OBED J. WILSON..... " " " 1868	
A. D. MAYO..... " " " 1867	
GERHARD SAAL..... " " " 1867	
CALSB B. EVANS..... " " " 1869	
JABEZ M. WATERS..... " " " 1869	
JOHN HANCOCK..... " " " 1869	

Regulations.

The Board consists of seven members, four of whom constitute a quorum at any regular and called meetings.

The regular meetings are held at the Office of Public Schools, City Buildings, on Eighth street, between Plum and Central Avenue, on the second Thursday of each month, except July and August, at two o'clock P. M. Extra meetings may be called by any three members of the Board, who, in signing the call for such meeting, are understood as pledging themselves to attend it.

The Board grants two grades of Certificates, denominated, respectively, Male Principal's Certificate and Female Assistant's Certificate.

Candidates for a Male Principal's Certificate are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, Ancient and Modern History, Anatomy and Physiology, Chemistry, Astronomy, Geometry, Plans Trigonometry and Mensuration, and Penmanship.

Candidates for a Female Assistant's Certificate are examined in Spelling and Definitions, Reading, English Grammar, Geography, American History, Mental Arithmetic, Written Arithmetic, Algebra, Theory and Practice of Teaching, Natural Philosophy, Constitution of the United States, Anatomy and Physiology, Penmanship, and Ancient and Modern History.

Candidates for positions in the High Schools will be examined in Chemistry and Astronomy, in addition to the above list.

The number opposite to each branch, in the column on the right of the list of studies on the certificate issued, measures the result of the examination, ten being the maximum. Less than seven, in either English Grammar, Geography, Mental Arithmetic or Written Arithmetic, is a failure. Certificates are valid as follows: For an average of seventy per cent. of correct answers, one year; eighty per cent., three years; ninety per cent., five years.

A record of the character of the examination of each individual is preserved in a volume for the use of the Board of Trustees and Visitors.

Candidates must leave with the Clerk of the Board, at least three days before the monthly meeting, a certificate of good moral character, together with a declaration that they are eighteen years of age, (or seventeen, if graduates from the High Schools, or with similar attainments,) and that they design to teach in the Public Schools of Cincinnati, if found qualified. Candidates are requested to leave their address, and a statement of any experience they may have had in teaching.

Candidates shall be examined in the absence of all spectators, save the Trustees and Visitors of Public Schools.

Candidates shall not be examined who are not present, punctually, at the appointed hour. None shall be admitted to a second examination, or have a certificate already granted, improved, till after the expiration of six months.

Communications to the Board must be left with the Clerk, at the Office of Public Schools, City Buildings, Eighth street, between Plum and Central Avenue, between the hours of 9 A. M. and 12 M., and between the hours of 1 P. M. and 4 P. M.

No certificate shall be issued without an average of seventy per cent. of the full number of marks.

UNION BOARD OF CINCINNATI HIGH SCHOOLS.

WM. GOODMAN, President.
W. F. HURLBUT, Secretary.

Members of the Board.

DELEGATES FROM THE COMMON SCHOOL BOARD.—M. Lillenthal, 209 Broadway; Samuel Startzman, c. Hill and High streets; Louis Ballauf, 188 Wade street; Joseph Chester, 48 York street; Henry Mack, 294 W. 4th street; Henry M. Storrs, 471 W. 7th street.

153. Little Miami Locomotive Works.
154. John and Water.
156. Harrison Road, west of Mill Creek Bridge.

Directions to Key-Holders.

Upon positive information of a fire near your signal box, unlock the door, and turn the crank slowly and steadily about twenty-five times; then wait a few moments, and if you hear no ticking in the box, or alarm on the bells, turn again as before. Cease turning as soon as the bells strike; and in no case commence to turn while a ticking is heard in the box.

Never open the box or touch the crank except in case of fire.

Never give an alarm except from the box nearest the fire.

Be sure the box is locked before leaving it. Never let the key go out of your possession, unless to some responsible person for the purpose of giving an alarm, or when called for by the Superintendent.

The number of the box signaling the fire will be struck upon the bells of all the Engine Houses, together with that upon the Mechanics' Institute. For example: To announce an alarm from signal box No. 24, the bells will be struck TWICE, and after a pause of five seconds, will be struck FOUR times, thus, 2-4. If from 124, thus, 1-2-4. The number of the box will be repeated at intervals of twenty seconds until a sufficient alarm has been sounded.

E. G. MEGRUE,
Chief Eng. Fire Dept. and Supt. Fire Alarm Tel.

STREET CLEANING DEPARTMENT.

Office in City Buildings.

BOARD OF SUPERVISORS—Hon. Chas. F. Wilstach, President; David Baker, Larz Anderson, S. S. Stokes, Geo. Klotter; A. M. Robinson,

Urinals to be assessed.

RULES AND REGULATIONS

GOVERNING THE USE OF WATER FROM THE CITY WATER WORKS.

First.—All officers and employees to have free access, at all reasonable hours, to premises where water is used.

Second.—Hydrants, plugs, stop boxes, hose, and all other attachments, must be kept in complete repair by the owner or occupant.

Third.—The following *abuses* are absolutely prohibited, to-wit: 1st. Permitting or allowing the water to be used for any other purpose than those named in the bill. 2d. Sprinkling gardens, streets or side walks; or washing carriages, omnibusses, cars, or other vehicles, with hose, without a special permit, obtained and paid for at this office; and in no case will hose be allowed for the above uses, with out-flows or nozzles, when used for washing carriages and other vehicles, greater than one-eighth of an inch, and for any other purpose greater than one-quarter of an inch diameter of circular opening, or their equivalents. 3d. Permitting leaks. 4th. Allowing water to flow unnecessarily while washing pavements and for similar purposes.

Fourth.—No person, without a written permit from the proper officer, is allowed to turn a public or private stop-cock.

Fifth.—All service pipe must be laid at least three feet below the surface, and all pipe outside the public stop, located on the upper level of the city,

must be "strong," and all on the lower level must be "extra strong."

Sixth.—In all cases where more than one family or other consumer is supplied from a pipe or pipes governed by one stop, some one person must become responsible for the payment of all the bills, and the keeping in good repair all pipes, hydrants, &c.

Seventh.—When cisterns are so located as to supply separate premises, and may be filled from a hydrant, water rent must be paid for all families or other consumers having access to said cistern.

Eighth.—Cisterns located on premises where there is no hydrant, must not be filled from the hydrant in any case.

Ninth.—Hydrants must not be located so as to be exposed to use by non-paying consumers, and all hydrants so situated must be removed to some secure location, on notice, or the water turned off.

PENALTIES.—Refusal or neglect to conform to the above rules and regulations subjects the parties to have the water turned off, to the forfeiture of the water rent, the payment of penalties varying from fifty cents to five dollars, and to prosecution and fine in the Police Court.

Persons using water from the Works, and any other source, as canals, wells, &c., to be charged full rates for their establishments, except when the amount taken from the Works is determined by Meter.

This Company has no Agents in this city.

Parties doing business with the Company, please call at the Office,

No. 4 Public Landing.

GEO. D. HOOPLE, Sup't.

DIGEST OF UNITED STATES PATENT LAWS,

Compiled for the Cincinnati Directory, by GEORGE H. KNIGHT, Solicitor of Patents,
No. 24 West Fourth Street, Cincinnati, Ohio.

1. **A PATENT** for seventeen years is granted to the first inventor of a new and useful Art, Machine, Manufacture, or Composition of Matter, not heretofore known in this country, nor published or patented in any foreign country. Application fee, \$15. Issue, \$20. Act 1861, Sec. 10.

2. **A CAVEAT** is useful as a precautionary step, in cases where the inventor requires further time or means to mature his invention, and entitles the party (for a year) to notice of any interfering application subsequently filed. Gov. fee, \$10. Act 1861, Sec. 10.

3. **APPLICATION** for Letters patent, should be made within two years after the first sale, or public use of the invention, and must be accompanied by a Model, (where the case admits of one,) or a specimen of Ingredients and Composition; also, Petition, Oath, Duplicate Drawings, Specification, and Fee, (\$15.) It must be made by the inventor, or (if deceased) by his administrator, for the benefit of the heirs. Act 1836, Sec. 6 and 10; Act 1839, Sec. 7.

4. **MODELS** may be of any durable material, avoiding glue, must not exceed twelve inches in length, and should particularly represent the points of invention.

5. **DESIGN.**—A patent for 3½, 7 or 14 years, is allowed to any citizen of the United States, who originates a new carving or sculptural composition, or a new shape or configuration of any article of manufacture, or a new, ornamental, or useful design, pattern, or picture, to be worked into, or printed, or painted, or cast, or otherwise attached to any article of manufacture. Gov. Fee, \$10, \$15, or \$30. Act 1861.

Photographic illustrations of Designs must be accompanied by the "negatives," to enable copies to be made in the Patent Office.—Holt, Commis'r of Patents, 1857.

An engraved or printed design issued as an object of art, having a value in itself, and intended for sale as such, properly comes within the provisions of the copyright law; but when, however artistically executed, it is not produced for sale as a work of art, but is designed to be affixed in the manner of a label to a manufactured article, it then plainly falls under the act relating to patents for designs, and consequently can not be protected by copyright.—Bishop, Commis'r of Patents, Aug. 1859.

6. **COPYRIGHT** may be obtained for, 1st, Printed reading matter, forming no part of any ornament or manufacturer's mark; 2d, Charts, musical compositions, and prints or engravings intended for sale as such. Act 1831, Sec. 1.

7. **REISSUE.**—Patents with defective specifications may be reissued in an amended form. Gov. fee, \$30. Act 1836, Sec. 13; Act 1861, Sec. 10.

Where by inadvertence, accident, or mistake, the original patent is too broad, a disclaimer may be filed either by the original patentee, or by any of his assignees. Fee, \$10. Act 1837, Sec. 7.

8. **EXTENSION.**—Application for extension must be made at least three months prior to the expiration of a patent. The chief points to be established, are: 1st, ascertained value of the invention; 2d, amount of loss and profit which have accrued from the invention; 3d, efforts made and difficulties incurred in maturing and introducing the invention. Application fee, \$50. Issue \$50. Act 1861, Sec. 10; Act 1848, Sec. 1.

9. **FOREIGNERS** may obtain a patent on same terms as a citizen. Act 1861, Sec. 10.

10. **JOINT INVENTORS** are entitled to a joint patent, but neither can claim one separately.

11. **ASSIGNMENTS** may be made previous to application, and should be recorded in United States Patent Office within three months.

12. **A PART OWNER** of a patent may, in the absence of any contract, assign his interest or any fractional part thereof, or he may, either alone or in company with others, purchase or make as many machines as he pleases, and may sell them to others with the right to use or sell them; or he may refuse to sell them, and may rent them; but he has no power to control the action of, nor to exercise any supervision over, a co-proprietor, nor to compel contribution of profits or losses, nor to enforce a partition of the right, nor is either party under any obligation to make the property profitable. Such parties must be regarded as having interests which are distinct and separate in their nature, though derived from the same instrument; and having the same interests,

with the right to use them separately, they can not, for any legal use of them, incur any obligation to each other.—Chapman, J., Supreme Ct. Mass, 1864, p. 225. Allen Mass. Rep.

13. **THE SPECIFICATION** must set forth the invention in such full, clear, and exact terms, as to enable one skilled in the art to which it appertains, to compound and use it without making any experiments of his own.—Howard, 4.

14. **ABANDONMENT.**—If an inventor (before application for a patent) knowingly suffers his invention to go into public and general use without objection, it is a dedication of it to the public.—Mason, 108.

No patent is held to be invalid by reason of the purchase, sale, or use prior to the application for a patent, except on proof of the abandonment of the invention to the public; or that such purchase, sale, or prior use, has been for more than two years prior to such application for a patent. Act 1839, Sec. 7.

15. **PRIOR DESCRIPTION** in a public work, if relied upon to void a patent, must be such as would be sufficient in a patent.—Parker v. Stiles, M'Lean, Nov. 1849.

16. **AN IMPROVER** upon an original patent has no right to use the original, nor has the original patentee a right to use the improvement without license.—1 Peters, C. C. 399.

17. **MEBE COLORABLE DIFFERENCES**, or slight improvements, can not shake the right of the original inventor.—2 Gall, 54.

18. **A COMBINATION CLAIM**, is not infringed by the use of any number of parts less than the whole.—3 M'Lean, 454.

19. **LEGITIMATE COMBINATION**, is where two or more parts act together, in a new way, with a useful result.

20. **MECHANICAL EQUIVALENT** means a substitute known to the art.

21. **THE PRODUCT** of a patented machine is not patent property.—3 M'Lean, 296-7.

22. **LOCAL RIGHTS.**—Patented articles purchased under a local right can not be sold or used outside of the territory of the vendor.

23. **PATENTEES** are required to mark each article made or vended under their patent, (or where this is impracticable, to mark the package) with the word "patented," and the day and year; but infringers, who have been duly notified, are liable, notwithstanding the omission of such marking by the patentee. Act 1861, Sec. 13.

24. **PENALTY** of not less than \$100 and costs is incurred for each fraudulent marking of unpatented articles with the word "patent" or like phrase, or for unauthorized use of a patentee's mark. Act 1842, Sec. 5.

25. **THE INVENTION**, if new, and useful to the public, may be the result either of long experiment and profound research, or of a sudden and lucky thought or mere accidental discovery. * * * Luck, labor, or inspiration gives an equal right.—Tindal, C. J.

The first inventor has the prior right, if he had reduced the invention to a practical form by drawing or otherwise, and has used reasonable diligence in adapting and perfecting it.—1 Story, 590-596.

There is no doubt that he who has discovered some new element or property of matter, may secure to himself the ownership of his discovery, so soon as he has been able to illustrate its practicability and to demonstrate its value. His patent, in such a case, will be commensurate with the principle it announces to the world, and may be as broad as the mental conception itself. But the mental conception must have been susceptible of embodiment, and must, in fact, have been embodied in some mechanical device, or in some process or art. The abstract must be resolved into the concrete. The patent must be for a thing, not for an idea merely.—Kane, J., U. S. D. C. Pa.

26. **SECRET USE.**—The inventor, who, from selfishness, indifference, or caprice, wishes to withhold from the knowledge and enjoyment of his fellow-citizens a discovery which he has made, must see to it, that, in burying his "secret," he preserves proofs of its existence, ready to be produced whenever the action of another and more generous inventor shall summon him to the issue.—Holt, Commissioner of Patents, Nov., 1858.

GEORGE BOGEN.

PETER BOGEN.

G. & P. BOGEN,

PORK PACKERS,

CURERS OF

EXTRA SUGAR-CURED FANCY CANVASSED HAMS.

Also, Manufacturers of

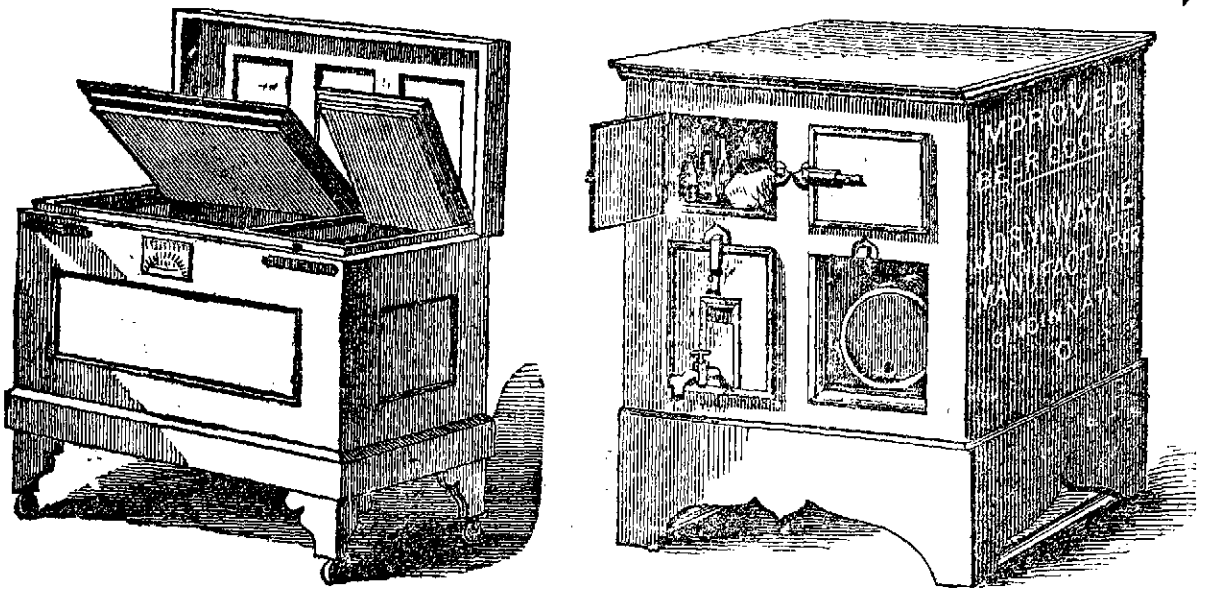

Sausage Skins and French Bologna Sausages,

NEAR THE BRIGHTON HOUSE, CINCINNATI, OHIO.

JOSEPH W. WAYNE,

MANUFACTURER FOR THE WEST OF

SCHOOLEY'S PATENT SELF-VENTILATING AMERICAN REFRIGERATOR,

A L S O,

BEER COOLERS,

COMMON ICE CHESTS OF EVERY DESCRIPTION,

AND PATENT WARDROBE & SHOWER BATHS.

Don't risk injuring your health by using Provisions which have been kept in the foul air of an unventilated Refrigerator, but buy one of **SCHOOLEY'S NEW AMERICAN REFRIGERATORS**, patented January 5th, 1864, which are the only perfect self-ventilating preservers for keeping Vegetables, Fruits, Meats, Game, Fish, Milk, Butter, Eggs, &c., &c., during the warm weather. They produce colder and dryer atmosphere, with less ice, than any other Refrigerator, and are undoubtedly

THE BEST IN THE WORLD!

☞ Send for Descriptive Pamphlet and Price List.

☞ Special Inducements offered to Dealers.

JOSEPH W. WAYNE,
211 W. FIFTH ST., bet. Elm & Plum, CINCINNATI, O.,

Manufacturer of Rice's Patent Zinc Washboards, Miller's Patent Double-Bottom Coal Buckets, and Patent Folding or Portable Bedside and other Tables.

GUNDRY'S COMMERCIAL COLLEGE,

N. W. Corner Fifth & Walnut Sts.,
CINCINNATI, - - OHIO.

"The Oldest Institution of the kind in the United States."

(Hunts' Merchants' Magazine, May, 1849.)

The Principal, a Member of the Bar, and Originator of the features of Lectures on Commercial Law, Political Economy, etc., with an experience in Commercial Teaching of Twelve Years over any Rival Instructor in the City.

**BOOK-KEEPING, PENMANSHIP, ARITHMETIC, BUSINESS COMPOSITION,
COMMERCIAL LECTURES, ETC.**

New and Original Method of Teaching Book-keeping, Business Calculations, etc.;
Their Superiority Certified to by the Most Competent Judges.

THE LABOR OF WEEKS REDUCED TO DAYS.

E. P. GOODNOUGH, late book-keeper of Allen & Co., Wholesale Druggists, corner of Fifth and Main Streets, an accountant of over fifteen years' standing, and late teacher of Book-keeping, etc., in Commercial Colleges in Cincinnati, Cleveland and Pittsburgh, says:

"Mr. Gundry's system of instruction in Book-keeping, Commercial Calculations, etc., is original, philosophical, and, it is believed, far superior to all others extant; that, while weeks of time and labor may be saved to the student, over any and all other methods, more thoroughness is necessarily imparted.

A. GARDNER, Book-keeper late for A. Simpkinson & Co., 99 Pearl Street, a graduate of one of a series of Commercial Schools established in different cities, and lately in this, says:

"I have no hesitancy in stating that a student can, on commencing his studies, learn more about Book-keeping—and that more thoroughly—in one week, under the system of instruction pursued at Gundry's Commercial College, than in three or four weeks at the institution at which I graduated, or under any other method that has come under my notice; that Mr. Gundry's system of teaching Book-keeping, Commercial Calculations, etc., presents several new and important features that I have not seen elsewhere, and would therefore recommend this Institution in preference to all others."

THE BANKERS OF CINCINNATI SAY:

We the undersigned, having examined Mr. Gundry's system of Banking, can recommend it as embracing all the essential particulars of the most improved methods of keeping Bank Books. His plan of instruction, also, we believe better calculated to impart a practical knowledge of the subject and of financial operations generally, than any other method that has come under our observation:

C. G. ROGERS, Cashier Fourth National Bank.

FALLIS, YOUNG & CO., Bankers, corner of Third and Walnut.

W. M. ROBERTSON, General Book-keeper for Gilmore, Dunlap & Co., Bankers.

D. W. C. GATES, General Book-keeper for E. Kinney & Co., Bankers.

H. WARREN, Jr., General Book-keeper, Franklin Bank.

W. F. ALDRICH, General Book-keeper for Evans & Co., Bankers.

JOHN GUNDRY, Principal.
J. W. ROLL, Principal Assistant.

BACON'S MERCANTILE COLLEGE.

Branches at Louisville, Lexington, Covington, and Newport, Ky.

PRINCIPAL'S OFFICE:
BACON'S BUSINESS COLLEGE,
 Corner of Sixth & Walnut Streets,
 CINCINNATI, OHIO.

This College offers peculiar facilities for preparing young and middle-aged men and young ladies for mercantile and actual business life.

There being no class system, students may enter at any time, and can progress according to their individual attainments.

A department is provided for ladies, where they can learn to be good book-keepers, expert penwomen and accountants. Hundreds of young ladies, in the cities of the East and West, are now filling responsible situations as book-keepers and accountants.

A thorough knowledge of Book-keeping, in all its branches, may be acquired in from two to three months' study.

It is a fact conceded by our ablest business men that there is more valuable knowledge gained in a well-regulated Business College than in any other institution of learning, as regards practical life, and we need that which we are to put into practice. As the destination of the rising generation of our country is business, they should be early and thoroughly trained therefor.

For the convenience of those occupied during the day, there is an Evening Session during the whole year.

The young and old are invited to call on us at any time and investigate our claims of merit. We feel confident that we can satisfy you that we offer superior advantages for obtaining a practical business education, at a much less expense than elsewhere.

The Principal will give his entire attention to the pupils in the school-room, instead of leaving it to inexperienced teachers.

T. V. EATON, Principal.
HOLLINGSWORTH & EATON, Proprietors.

THE GREAT AMERICAN CONSUMPTIVE REMEDY.

DR. WM. HALL'S BALSAM FOR THE LUNGS,

FOR THE CURE OF

Consumption, Decline, Asthma, Bronchitis, Wasting of Flesh, Night Sweats,
Spitting of Blood, Hooping Cough, Difficulty of Breathing, Cough, Croup,
Influenza, Phthisic, Pain in the Sides, and all Diseases of the Lungs.

\$10,000 REWARD IS OFFERED FOR A BETTER RECIPE.

It contains no Opium, Calomel, or Mineral Poison,
And can be safely taken by the most Delicate Child.

It is estimated that 150,000 die annually in the United States with Consumption, and Professor Eberle says that a vast number of these could be saved by the timely use of some proper remedy.

DR. WM. HALL'S BALSAM FOR THE LUNGS

Strikes at the root of the disease at once, and such is its speedy effect that any one using it freely, according to directions, for twenty-four or forty-eight hours, and not being entirely satisfied with its merits, may return it, and receive back his money. The most distressing cough is frequently relieved by a single dose, and broken up in a few hours' time. The afflicted do not have to take bottle after bottle before they find whether this remedy will afford relief or not. Searching analysis has enabled fraudulent imitators to gain an imperfect knowledge of some of its ingredients, but has failed to give them that happy combination which is its peculiar excellence, and the source of its great healing powers in all Lung diseases. No higher proof of its intrinsic value as a medicinal agent can be given than the fact that others attempt to deceive the public with their Balsams by false and wicked representations that they are similar in composition to Dr. Wm. Hall's Balsam for the Lungs.

The public have been imposed upon by remedies recommended by certificates, which have always originated from some unknown source. We believe that a medicine possessing real merits will effect cures wherever it is used, at home as well as abroad. So great has been the success of this medicine that few cities, towns, or villages can be named where some LIVES HAVE NOT BEEN SAVED by the use of Dr. Wm. Hall's Balsam for the Lungs. So unexampled has been its triumph over pulmonary complaints through many years of trial, that the magic words, "Balsam for the Lungs," have become in the minds of the people a certain guarantee for the cure of all lung diseases, and unprincipled men, knowing this and caring only for making money, without regard to the health or life of those who purchase, have adopted names similar in sound for their worthless compounds, thinking thereby to throw a charm around them, and sell them on the reputation of Dr. Wm. Hall's Balsam for the Lungs; AND SOME, IN RECOMMENDING THEIR "LUNG BALSAMS," recently brought to the notice of the public, HAVE EVEN DARED TO USE CERTIFICATES FOR CURES THAT HAVE BEEN EFFECTED MANY YEARS SINCE BY THE USE OF Dr. Wm. Hall's Balsam for the Lungs, HOPING THEREBY TO DECEIVE THE AFFLICTED, and gain a paltry sum at the risk of the health and even life of their victims. We therefore caution all to BEWARE OF SUCH UNPRINCIPLED DECEPTIONS. Physicians and other intelligent persons, in all parts of the country, have given their unqualified approval and recommendation of Dr. Wm. Hall's Balsam for the Lungs.

Would it not be the part of wisdom to buy that which is KNOWN AND APPROVED, in preference to new and uncertain preparations? We therefore repeat, buy only Dr. Hall's Balsam for the Lungs. It is the best.

THIS IS NO PAREGORIC PREPARATION, but one which, if used in season, will save the lives of thousands. It has effected cures in numerous cases, where the most skillful physicians in this country and in Europe have been employed, and have exercised their skill in vain. Cases which they have PRONOUNCED INCURABLE, and surrendered as hopeless, beyond a doubt, leaving the patients without a single ray to enliven them in their gloom, HAVE BEEN CURED by Dr. Hall's Balsam for the Lungs, and the "VICTIMS OF CONSUMPTION" are now as vigorous and strong as the most robust among us. And these cases are not isolated ones—they are numerous, and can be pointed out in every community where this most unrivalled remedy has been tested, as our testimonials prove.

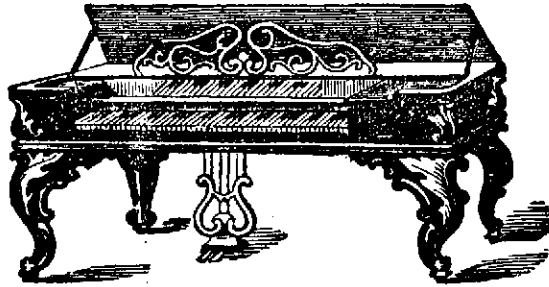

Be slow, then, to believe the oft-repeated story about the lungs being gone, or rather let no such apprehension induce you to give up. Act upon the principle that while there is life there is hope. You can never be so low that you can not trust, humanly speaking, in Dr. Hall's Balsam for the Lungs. More than one—nay, hundreds—have been brought by it almost from death to life, when all else have failed. Give, then, this powerful but harmless remedy a trial.

Accompanying each bottle of Dr. Hall's Balsam for the Lungs is a treatise, in pamphlet form, on Consumption and Lung Diseases generally, with special directions for using, modes of treatment, &c., for which we bespeak your perusal.
