WILLIAMS' CINCINNATI

Street and Avenue Guide

and

Directory of Householders

Copyright, 1929, by The Williams Directory Co.

The following is an alphabetical list of the names of the Streets and Avenues of the city with a description of where each Street or Avenue is located. Vine street, which runs north from the Ohio River through the center of the city, is the dividing line for streets running east and west, and buildings on these streets are numbered east and west from Vine street. Buildings on streets running north and south are numbered from the Ohio River, north.

The number of each building on the street is given in numerical order, and opposite the number is placed the name of the householder. In business blocks the occupant of each room is shown by number where practicable. The profession, business, etc. of individuals and firms are only given at their respective place of business; for occupation of householders, refer to Alphabetical Arrangement of Names.

Even numbers appear on the north or east side and odd numbers on the south or west side of the street.

The names of intersecting streets are given in the order in which they intersect.
