The Canton Connection

In therapy

Canton Township would like to inform residents about a therapeutic recreation program. The township, along with Plymouth Parks and Recreation, provides programs for handicapped people for all ages, said Barbara Trinosky, therapeutic recreation director. Medical waste

Clinics are striving for safe disposal

Medical waste turning up on beaches along the Atlantic Ocean, Lake Erie and Lake Michigan may have raised some questions about where needles, laboratory samples and secondary supplies like cotton swabs are disposed of locally.

Well, the fact is, most aren't.

Medical waste from the Catherine McAuley Health Center in Plymouth, Oakwood Canton Health Center and Henry Ford Plymouth Medical Center are hauled to affiliated major hospitals in Ypsilanti, Dearborn and Detroit, respectively.

There, the waste is treated - sterilized and/or

burned - and the residue transported to landfills. Kirby Cox, medical technologist in charge of the laboratory at McAuley, and William Brauker, a spokesman for St. Joseph Mercy Hospital with which McAuley is affiliated, outlined their process.

AT THE BEGINNING of the chain in the McAuley lab and the adjacent urgent care center, used needles are disposed in small bright red plastic boxes.

"The top is constructed in such a way that something will go in, but won't come out," Brauker said. It's virtu-Cox said.

Bloods samples, after they've been analyzed, cups that contained urine samples, swabs and other ancillary supplies are put in bio-hazard bags. "They're harder plastic, more puncture resistant," Cox said.

Urine samples are poured down a drain that ultimately leads to the Detroit sewage plant.

The bio-hazard bags are taken to St. Joseph Hospital. "When it gets here . . . everything is incinerated," Brauker said. "We're talking very extreme heat. Everything melts or becomes ash.

"It's placed in a dumpster where a truck comes along, picks up the whole dumpster and takes it to a landfill," he said.

Oakwood Hospital apparently has a slightly different

"BY-PRODUCTS of lab work are sterilized (by steam treatment) and taken to a landfill," said Pat O'Dowd, hospital spokeswoman.

'Liquid waste goes down the drain - unless it's hazardous waste. Then it's packaged and taken to a designated landfill," she said.

Needles and syringes are burned, but at a site away from the hospital.

The Canton Township Board of Trustees unanimously approved the contract renewal recently.

THE FIRM is credited with working through bureaucracies and help-ing clear the way for a federal grant on a 118-unit senior housing project on the southwest corner of Ford and Sheldon. The building is expected to be completed by next year.

"I mean they were instrumental," said Dave Nicholson, community and economic development director.

"They know who to talk to in HUD (Housing and Urban Development) . . . and a variety of other offices in Washington. They know the ins and outs of the different mazes in Washington.'

Charles Price, a member of the firm, said: "We can't claim 100 percent responsibility, but we did help.

The firm was first retained in 1979. Since then, it has earned \$4,117 in 1986; \$3,819 in 1987; and is expected to earn \$4,500 in 1988, Spencer said. The money comes from the 'It's our ear to Washington.'

Board wants better community ties

In the wake of three failed millage proposals, Plymouth-Canton school board members are concluding that the community "somehow isn't in harmony with, or perhaps in support of, what the school board has been doing," trustee E.J. McClendon said.

So the board drafted objectives. Monday it unanimously adopted these goals.

Lansing fiddles, beat goes on

YOU DON'T NEED to know much school districts that Troy has such fiabout 'rithmetic to know that there nancial strength that it can afford is something screwy in the way Michigan funds its public schools.

Look at the difference between Garden City and Troy, two school districts that faced teacher unrest about salary and other contract negotiations this year.

Garden City teachers went on strike rather than accept a pay freeze offered by the school board. In Troy, where the district faces a much larger bill for each student, teachers agreed to a raise of 61/2 percent although they thought the school board could have afforded to

They were right. A week ago, the Troy board voted to build a new high

They are going to pay for it over a number of years from cash-on-hand after paying the regular bills. Normally, debt-retirement taxes are assessed to build new high schools but voters twice denied the district authority to issue such bonds. The Troy tax base is so high the board can foot the cost anyway. City is not as lucky.

IT MUST grate lesser-blessed

such a move.

Troy is not alone. The same night the Troy board approved the new high school, businessman Richard Headlee was chastising the Farmington school board for borrowing to build a new elementary school and to renovate other buildings.

Headlee, whose home and business are in the Farmington school district, did not object to the spending to the financing. "You should avoid debt like the plague," said Headlee whose name graces Michigan's only successful tax limitation law. "The more you can do on a cash basis, the stronger and the healthier

How can this be? How can schools a scant few miles apart have such different bottom lines? Although there may be fine financial minds at each school, their good or bad fortune has little to do with astute cash management. Both Troy and Farmington are blessed with attractively large property tax bases; Garden

SO WHO'S to blame? Larry Chunovich points at the Legislature which has talked about reform but which has done nothing. Chunovich is a former Southfield teacher who is president of the Michigan Education teacher union

Some partially blame the MEA for the gridlock in Lansing because it's an influential lobby that wants more money for higher salaries but which is hesitant about some so-called teacher accountability issues.

In the Legislature, the Republicans blame the Democrats and the Democrats blame the Republicans Neither side is eager to deal with the hard truth: Equalizing the disparity among schools either means playing Robin Hood with the rich schools of implementing a new tax. Many lawmakers would rather miss a photo opportunity than advocate either

Jail battle could be nearing end

staff writer

Wayne County's jail control battle may be nearing an end.

Chief Wayne County Circuit Judge Richard Kaufman on Friday cleared the way for a final ruling on jail inmates' request to have a court-appointed receiver temporarily manage the county jail.

The ruling potentially could bring a 17-year-old inmate lawsuit to a close by mid-October. Inmates filed suit in 1971 against overcrowding and other alleged abuses at the jail.

Kaufman requested all sides file final motions by Sept. 23. Attorneys speculate a ruling could be issued as soon as two weeks after that date.

WHILE CLEARING the way for a ruling on the inmates' motion, how-Kaufman rejected another motion to have himself disqualified from hearing the case. Sheriff Robert Ficano filed that motion last week, alleging a conflict of interest because of Kaufman's involvement in hearing other jail issues.

Another attempt will be made to have Kaufman disqualified by refiling the motion before another judge outside the Wayne County Circuit, Ficano said.

"It's an automatic procedure," Fi-

however, could delay matters beyond the tentative mid-October deadline.

KAUFMAN HAS been overseeing changes at the jail under terms of the inmate lawsuit. Wayne County Executive Edward McNamara and the sheriff had been ordered to expand jail space and implement changes in inmate treatment.

The case recently grew more complex when McNamara filed a motion requesting full control of the jail, lifting control from Ficano.

That motion was withdrawn earlier last week.

"Part of the problem we see and this was heightened by some of Ficano's statements - is that they're pointing fingers at each trying to show who's responsible for non-compliance at the jail rather than trying to do something about non-compliance," said Richard Skutt, the inmates' attorney.

INMATES SEEK to have a courtappointed receiver temporarily take jail-operating powers out of McNamara and Ficano's hands.

"We seek someone who would be responsible for presenting a jail budget to the county commission, like the county executive and also be responsible for operation, like the sheriff," Skutt said. "It would probably be a 1-11/2-year procedure. Then,

the powers would return to the people who originally had them.

McNamara's decision to withdraw his motion was made "to clear the way for a ruling on the inmates' motion," said deputy county executive Michael Duggan, who is representing the executive in court.

"Once we saw what the inmates were seeking — and what it would cost us to continue — we decided to withdraw," Duggan said. "But reports this thing is settled are exaggerated. We would still want input into who is appointed receiver.

THE INMATE lawsuit was a driving force behind the new county jail tax, approved by voters in August. County residents approved a 1-mill tax to expand the current jail, build a new jail and add space at the county youth home.

A report by Toledo-based jail monitor Vincent Nathan, issued earlier this year, alleged jail abuses still

Alleged abuses ranged from mis classification, having first-time of-fenders placed with hardened criminals, to lack of gym shoes for prisoner recreation.

Ficano, however, said the allegations were based on "gross inaccuracies" and said substantial progress had been made to curb jail abuses.

In the original 1971 filing, Ficano said, reference was made to:

• three prisoners in one-man cells, with one having to sleep on the floor without a blanket.

HEREDITY AND ARTHRITIS

People often ask: "Will my children get my arthritis?" In certain types, heredity plays a prominent role, in other forms, its place is uncertain. For example, osteoarthritis of the hands with its swelling of the last knuckles has an

inheritance pattern of mother-to-daughter. Ankylosing spondylitis, a condition of the back, often is inherited father to son. Certain forms of gout, involving defects in the way the body generates uric acid, follow established patterns of the inheritance of recessive traits.

Other forms of arthritis occur when a predisposition combines with an environmental exposure; an example is lupus arthritis. This condition arises if an irritant which triggers a prolonged response from lymphocytes inherently overresponsive. Neither the irritant alone, or the potentially exaggerated response of the lymphocytes by themselves suffices. It is the interaction of both elements that results in lupus arthritis.

If you are a parent, you should not be concerned that your arthritis will be visited upon your children. With few exceptions, it remains to be proved that joint conditions are inherited.

More than spaghetti on shelves

Anyone who has walked down the aisle of a supermarket lately probably wouldn't notice offhand, but it's a fact that the macaroni and noodle department has expanded more than three times compared to what it used to be 10

In addition to fighting for shelf space, basic spaghetti noodles are being crowded out with new "lite" varieties; alternative tastes like spinach, tomato and basil pastas; even products that require no cooking, just a simple 'rinse" under hot water. What will the manufacturers think of next?

Little did the ancient Chinese know more than 5,000 years ago that the invention of nocelles would lead to this. For that matter. Marco Polo would turn over in his grave if he knew in 1295, when he first brought pasta to Italy from China, what today's pasta market

But where did it all come from and how did pasta (which includes both macaroni and noodle products) get to where it is today? Having just finished a big plate of spaghetti with homemade noodles and a Bolognese sauce, I encourage you to read on . .

PERHAPS THE EARLIEST types of pasta were similar to the present types called Gnocchi — little balls of dough that are cooked in boiling water. The next stage of refinement might have been the rolling of the dough into sheets, which were then cut into

Whatever the origin of pasta, the southern Italians became the masters of its production in Europe, because the northern Italians ate rice with their soups and sauces. Of course, the warm, dry climate of southern Italy flavored the drying of freshly made pasta in the sun. It was the Southern Italians, too, who invented the al dente cooking method (firm to the bite) whereas the northern Italians, when exposed to the first pasta, cooked it until it was much more tender.

It is believed that Thomas Jefferson brought pasta to North America from France, where he had served as an ambassador. Later, immigrants from northern Europe brought their own noodle dishes and for a long time thereafter imported their own pasta from Italy.

It is noteworthy that the production of good pasta requires the use of hard wheat with a high gluten content. The Italians obtained their hard wheat from Russia until the Crimean War (1854-1856) cut off their supplies. Shortly thereafter, hard wheats were produced in Canada and the United STates.

Hence, North America soon became the major source of durum wheat for the pasta industry around the world. However, there was not much production of spaghetti and macaroni in North America until World War cut off the supply from Italy.

AYE DUCKWORTH'S weekend would be incomplete without a visit to the farmer's market in Plymouth.

After breakfast at a local restaurant, Duckworth and her husband, Jack, head for the market to buy fresh vegetables, fruit and flowers.

"It's a nice way to start the weekend." said Duckworth, a homemaker who lived many years in Livonia and now is a Northville resident. "I like being around people who are interested in fresh produce.

For customers such as Duckworth, the lure is buying green beans, corn and tomatoes directly from the farmers who planted and harvested them.

"I INUNDATE my family with vegetables," Duckworth said, laughing.

For part-time farmer Hans Neuroth of Canton, the market is a place where he can sell the several varieties of apples he grows in orchards west of Plymouth. And baker Lisa Carey of Farmington Hills is financing her college education with fresh, baked goods she sells at the Plymouth

Although the Eastern Market in Detroit is considered to be the granddaddy of farmer's markets, shoppers can find plenty of fresh produce at smaller markets in the suburbs. In addition to the Plymouth market, there are others in Royal Oak, Northville, Livonia, Canton, Ypsilanti and Ann Arbor.

Only a few markets have weekday Gathering," a partially enclosed area on Penniman across from Kellogg Park, is typical in that it's open only on Saturdays. With the late summer harvest peaking,

If you're buying large quantity, it's a good idea to bring a wagon, shopping cart or large tote in which the various purchases can be tucked for easier handling.

Farmers and vendors set their own prices. Most markets strongly discourage large order.

Gail Kubek of Dearborn Heights likes to have an abundance of fresh veggies on hand when her grown son Paul, a vegetarian, comes home from art school in Chica-

Kubek used fresh cabbage, carrots, celery and onions for her quick and easy cabbage soup. It's patterned after the popular Weight Watchers soup that's available in local Elias Brothers restaurants.

"IT CAN BE different every time I make it because I throw in whatever vegetables I have on hand," said Kubek, coowner of a photography studio.

Ripe, homegrown tomatoes find their way into Kubek's late grandmother's recipe for cold tomato relish. The recipe makes a large quantity, which can be stored in the refrigerator and used to season sliced meat.

Uncle Vic Tonon, 80, tends the vegetable garden behind the Cafe Cortina in Farmington Hills.

Restaurant adds flavor from vegetable garden

By Michele MacWilliams staff writer

For those who have never sampled a taste of Italy's North, Cafe Cortina, a Farmington Hills restaurant, brings the flavors of the region to metropolitan Detroit.

In fact, owners Rina and Andriano Tonon have not only imported recipes from the old country, they also brought their vegetable garden and Andriano's 80-year-old uncle to tend

Zucchini, tomatoes, eggplant, basil, radicchio, arugula, peppers and Italian parsley grown in the backyard garden is picked daily for

Many of Cafe Cortina's most popular recipes center around meat, seafood and poultry such as rabbit, squid and quail — items Americans don't usually associate with Italian

Favorites include calamari fritti, a squid appetizer dish; fresh bread brushed with tomato, basil, olive oil, garlic and Parmesan cheese; and veal capricchousa - medalions of veal capricchousa - medalions of veal sauteed with fresh tomatos, ca-pers, black olives, mushrooms, white ine and garlic.

IN CONTRAST with the tradition al order of courses we are accus-tomed to in America, Cafe Cortina often serves salad after the main la lettuce from the restaurant's favorites into their Northern Italian backyard garden are tossed with an oil and vinegar dressing. One reason given by Italians for serving salad last is that the dressing sooths and coats the stomach, helping digestion.

Cafe Cortina's 30-by-50-foot garden behind the restaurant is more a labor of love than a cost-control venture. Rina explains that the hours involved and the price of irrigation more than offset any food price sav-

Moreover, they maintain a garden to provide the species of Italian parsley, plum tomatoes and arugula lettuce prevalent to the cuisine they serve. As Rina puts it, "the garden is a matter of pride."

When winter comes, Cafe Cortina must rely on produce from the Eastern Market terminal, which the To-

olive oil, garlic and oregano are products traditionally made in Southern Italy. Influenced by Austria and France, Northern Italian cuisine makes use of lighter cream

sauces and fresh produce.

THE TONONS actually call the food they serve "Northern Italian use Rina's family is from Southern Italy and she grew up preparing the traditional Italian dishes in her par-ents' restaurants, the couple has

Named Cafe Cortina after the largest town near the area where Andriano was raised, the restaurant has been serving metro Detroiters for almost 12 years. On 10 Mile Road east of Orchard Lake Road, the fullservice restaurant has a steady clientele of displaced Italians as well as customers from all nationalities who simply enjoy the healthy Northern Italian cuisi

White linen tablecloths and fresh flowers bring a bright, fresh appearance to the interior, which is otherwise quite dark and intimate

Although both lunch and dinner menus are written in Italian, the Tonons and their wait staff are accustomed to explaining menu items to their non-Italian speaking custom ers. For those who want a real traditional Northern Italian meal, from antipasti to alla griglia, the Tonons will select a series of courses, eliminating the need for menus altogeth-

For those who like to experime with Northern Italian cuis ome, Cafe Cortina has provided a few recipes made primarily with fresh garden vegetables large enough to serve as a main course instead of side dish. And the Cafe Cor-tina green tornatoes is a sauteed veg-etable dish with a traditional Northern Itallian accent.

Rocks romp past Spartans, 42-14

staff writer

Plymouth Salem not only remained unbeaten but no doubt gained added respect with its latest football victory Friday night.

The Rocks are 3-0 after beginning Lakes Division play by crushing Livonia Stevenson, a team expected to contend for the league crown, 42-

"I think we're a little better than people think we are," said Salem coach Tom Moshimer, who watched his ballclub convert a pair of early turnovers into touchdowns and pull away before halftime.

He acknowledged the fact Stevenson, 1-2, was without three injured players, including Rob Chanko, who was hurt in the season-opening win over Redford Union

"It's very difficult to say" how big a factor those losses were against the Rocks, Spartans coach Jack Reardon said. "They play five posi-

"(SALEM) KINDA overpowered us, and it's very difficult to think you can put people here and there and expect them to do what you want them to do.'

With one exception, the Rocks achieved their victory on the ground, rushing for 300 yards and exploiting an apparent weakness at the corners

of Stevenson's defense

Junior quarterback Ryan Johnson. electing to keep the ball on the option, skirted the end for two firsthalf TDs. He also passed 52 yards to Brian Burlison for another as Salem took a 28-6 halftime lead.

But there was some whether the Rocks had paid a heavy price for win No. 3 when Johnson injured his left ankle late in the first half and didn't return.

The injury didn't appear to be serious, however, and Moshimer said he expects Johnson to play Friday when Salem hosts Walled Lake Cen-

In Johnson's place, Rob Kowalski supported Moshimer's preseason contention that he would be comfortable with either one at quarterback. He had the same success running as Johnson, rushing for 58 yards and a TD while directing the Rocks to a pair of second-half scores

"ONCE HE GOT rid of the firstseries nervousness, he was fine," Moshimer said. "He read the defense well and made the right decisions, so we feel good about that."

Salem struck for an early 14-0

monte interceptions into points.

Stevenson's interior defense, led by 223-pound Eric Ruth, shut down the middle of the line at the start, so Johnson, with Salem facing thirdand-10, winged a 52-yard scoring pass to a wide-open Burlison.

"I'm sure they didn't think we'd throw it," Moshimer said. "I didn't think we would either. I just decided

The Spartans' ability to bottle up Salem's wishbone attack changed for good when Johnson, who finished with 46 yards, slipped outside and went 20 yards for a 14-0 lead following the second pass theft.

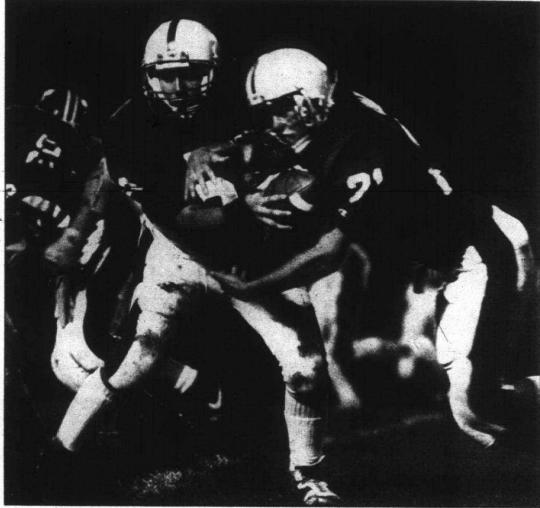

"That's part of the triple option," Moshimer said. "The tackles are coming down hard, and you're hammering the fullback in there

"THEY GET USED to taking him (the fullback), and Johnson is an athlete. He gets outside and it's tough to

But the Rocks weren't able to settle into a comfortable situation just yet. Stevenson's offense came to life on its next possession and assembled an impressive drive.

Salem's defense was completely fooled by Dalimonte's deceptive fake, and Ryan Myers dashed 26 yards up the middle to close the first

Canton drops tight game

Livonia Churchill opened its West ern Division season in the Western Lakes Activities Association Friday with a hard-fought 17-14 football win over Plymouth Canton in a game played at old Bentley High School.

'It was a good football game, a wide open game," said Churchill coach Herb Osterland, whose team is 2-1 overall. "We moved the ball well at times. We had a control ground game and they hit some long pass-

Churchill led 3-0 at half on a 30-

yard field goal by Jeff Zawislak. The Chargers made it 10-0 in the third period on a 1-yard touchdown run by Zawislak followed by Mike Spaccarotella's extra point.

Canton cut the deficit to 10-7 at the end of the quarter on a 19-yard pass from Jason Dembny to Mark Barrette. (Bob Quinn kicked both extra points on the night.)

urchill then winning TD on a fake field goal as Spaccarotella hit Jim Stoitsiades on a 4-yard pass.

Canton made a game of it with six minutes to go, Dembny to Barrette again on a 22-yard TD pass, but the Chiefs couldn't score the go-ahead points as they were left stranded on the Churchill 35 as time expired.

The Chargers held a slight edge in total yards, 240-237. They also won the battle of first downs, 15-10. Churchill rushed for 229 yards

paced by Zawislak, who carried 18 times for 82 yards.

Jim Young gained for 82 of Canton's 103 yards on the ground, while Dembny completed six of 16 passes for 134 yards

The loss drops Canton to 0-3.

GARDEN CITY 13, INKSTER 9: Senior quarterback Brad Armstrong hit 12 of 25 passes for 205 yards Friday, leading GC to a 13-0 non-league victory over visiting Inkster.

The Cougars, 1-2 on the year, gave rookie coach Bob Elsiminger his first win against the winless Vikings.

Armstrong tossed a 34-yard touchdown pass to junior tight end John Samborski

GC had 285 yards total offense to Inkster's 10. The Cougars hurt themselves with six turnovers. They fumbled twice inside the Vikings' 10 and one of Armstrong's passes was intercepted in the end

"We played well enough to win," said Eisiminger said. "We had too many turnovers and we gave them two first downs with penalties."

Defensively, GC standouts included

linebacker Eric McCloud and free safety Brett Slotka, both with interceptions; along with nose guard Matt Risha and short halfback Jim Marszalek.

JOHN GLENN 22, W.L. CEN-TRAL 0: Senior Bryant Satterlee was the workhorse Friday night, leading Westland John Glenn (3-0) to a WLAA Lakes Division win over visiting Walled

football

Satterlee, a 6-foot-2, 210-pound tailback, rushed for 234 yards in 36 carries. He scored on TD runs of 2, 3 and 7 yards. (The previous week he carried the ball 30

The Rockets, who led 10-0 at halftime, also got a 24-yard field goal from Wes Taylor with 6:14 left in the second period.

Glenn also dominated statistically, outgaining Central in total yardage, 301-104. The Rockets held the Vikings to 43 yards on the ground and 61 yards passing (5 of 17). Glenn also had more first downs, 15-

"I thought our defense was fairly sound," said Glenn coach Chuck Gordon. 'But we're still making mistakes. We've got some improving to do. Time is running out, though."

WOODS CLARENCEVILLE 14: Andy Weighill's 217 yards rushing (in 16 carries) and two touchdowns were wasted Friday, as visiting Livonia Clarenceville fell in a Metro Conference test.

Harper Woods led 12-0 at halftime before Weighill, a junior tailback, put the Trojans on top, 14-12, on TD runs of 69 and 3 yards in the third quarter. (Eric Conkright added both PATs.)

But the Pioneers struck twice in the final quarter to raise their record to 2-1 overall and 1-1 in the Metro. (Clarenceville is 1-2 and 1-1.)

Despite the loss, Clarenceville had 407 total yards (342 on the ground) and 17 first downs, but Trojans were intercepted twice and fumbled three times.

Defensive back Chris Foss (15 tackles, three assists), teamed up with linebackers Jay Larson (12 tackles, three assists) and Paul Phillips (15 tackles, three assists) for a majority of the defensive

WAYNE 51, SOUTHGATE 0: Senior flanker Tom Faison ran wild Friday, leading the Zebras (2-1, 1-1) to the Wolverine A League win at Southgate Anderson (1-2, 1-1).

Faison opened the game with an 8-yard TD run and added three TDs in the second half on a 3-yard run, followed by a pair of punt returns of 68 and 85 yards. He had 200 total yards on the night.

Canton rules cage tourney with big win

By Dan O'Meara

Plymouth Canton girls basketball coach Rob Neu had more in common with Detroit Pistons counterpart Chuck Daly than just the sharp-looking threads Saturday

Besides being candidates for the Best Dressed Coach Award, both have molded championship teams,

suit for the final of the Farmington Mercy Hoops Classic, must have felt like a million bucks, too, after watching his ballclub hand Waterford Kettering its first loss, 54-47.

"This was an important night for our program," Neu said. year we played for the consolation and tonight we play for the cham-

"I wanted to show the kids this game was important and meant a lot to us.'

The Chiefs will no doubt move up from No. 9 in the Class A rankings after beating the team that upset top-ranked Traverse City in the first round of the tournament.

'Rankings aren't a concern, but what is important is that we came out of a very difficult five-game stretch at 4-1," Neu said. "Most important is how much we're improv-

Canton got better as the championship game wore on, overcoming a height disadvantage and turning the tables defensively on the Captains, 4-1.

At first, it looked as if Kettering's front line of 5-foot-11 center Missy Davis and 5-10 forwards Julie Schmitt and Nicole Leigh would dominate. The Captains took the ball inside, got repeated second shots and lived at the free-throw line in the first quarter.

Furthermore, the Chiefs lost their only truly big player when 5-11 center Susan Ferko went to the bench with two early fouls. Jennie Clark played well in her place,

But the game began to change when Michelle Fortier hit two 3-pointers and teammate Amanda Bell dropped some outside shots to bring Canton from behind before the first period was done.

"That's my career high," said Fortier, who scored 12 points, was named the most valuable player

basketball

and was voted to the all-tourna ment along with Ferko. "That forced the defense to challenge the wings more and allowed us to get the ball to Susan.'

After the excellent first-half shooting loosened up the Kettering Neu, sporting a black pin-stripe defense, Ferko returned to score 11 of her game-high 15 points in the second half.

Canton was shaken by the Captains' press at the outset, but the Chiefs soon used their quickness to their advantage, with guards For-tier, Jenny Russell and Bell pushing the ball and catching the defenders out of position.

"We struggled at the start, but we came back," Fortier said. "The whole team came back.'

Only a late surge and some key buckets from Schmitt enabled Kettering to force a 28-28 halftime tie, but the Chiefs made a decisive move in the third period.

Another factor was the weather. The hot, humid temperature on the late September evening made the gym very stuffy and seemed to take a greater toll on the bigger

By then, Canton's defense was the one doing the harassing. For-tier and Russell made a lot of steals in the third quarter, which fired up the transition game and helped to wear down Kettering.

'Rob said we got them tired, and they looked tired," Fortier said. "We pushed our defense out to make them work harder.

"They were getting tired and made some bad passes, but I think our defense had something to do with that."

The Chiefs ran off 13 unanswered points, holding the Captains scoreless for nearly six minutes and turning a 31-30 deficit into a 43-31 lead.

Kettering, forced to press but totally ineffective against the slick ball handlers from Canton, got close in the finale when the Chiefs stumbled briefly, but Canton had more than enough third-quarter oints in reserve.

Bell also had 12 points. Leigh, who had 14 to lead Kettering, was an all-tournament selection as was teammate Mikki Bryce and Trav-erse City's Wendy Merriman.

Chiefs take impressive

Look out for Plymouth Canton!
If first-meet results are a true indication, the

Chiefs have a powerhouse swimming team.

Canton opened its season Thursday with an impressive victory, and the Chiefs didn't beat just

anybody.

Coach Hooker Wellman's squad trounced perennial Class B power Milan, 96-76, in the Canton

It marked the first time the Chiefs have defeated the Big Reds, who finished second in the state

"I was real pleased," Wellman said. "We beat a good, quality team. They ripped us apart last year. It was nice."

Canton was led by Nicole Drake, who not only won two freestyle events but met the state-meet qualifying standards in both right off the bat. She touched out at 1:59.37 in the 200 freestyle and 5:17.99 in the 500.

Teammates Cassie Cummins and Lori Engel-huber also were instrumental, each claiming a solo victory and helping the Chiefs capture the medley relay.

Cummins won the individual medley in 2:22.49, ber was the 100 freestyle winner with a time of 59.7.

Cummins led off the relay, Val Gildhaus and Kelly Rische swam the middle portions and En-gelhuber anchored it. Their combined effort was

That wasn't the whole story, either. The Chiefs received another first-place finish from Jean McLenaghan, who won the backstroke in 1:09.39.

Drake also contributed with an anchor-leg effort in the freestyle relay. Canton's unit, which included Sarah Schmitz, Kris Lang and Kristy Brugar, was second at 3:57.16.

Chiefs bump Mercy

The strategy, as envisioned by Plymouth Canton girls

The Chiefs had to play good defense, especially in trying to neutralize Farmington Mercy point guard Jen-

Canton defended against the Marlins well enough to defeat the host team 48-41 Thursday in the opening round of the Eighth Annual Mercy Hoops Classic. The Chiefs played Waterford Kettering for the title Satur-

"The key was making everything difficult for Clinton," Neu said, "and not letting the other kids get easy scores. Defensively, we've improved a lot." Canton, 3-1, needed a boost from the defensive end when it found itself trailing early in the second period,

THE MARLINS, who saw their record slip to 0-3, seemed to have solved the shooting problems that plagued them in the first two games when they shot 5-of-8 in the first quarter

But the Chiefs, with some crisp passing in the half-court offense, picked up the pace before halftime and fashioned a 22-16 lead behind center Susan Ferko, who had half of her game-high 16 points in the first half.

"We lived off our defense to get us back in the game," said Neu, citing the effectiveness of Canton's half-court trap. "The defense allowed us to get some easy scores but, more importantly, got us into the flow."

Mercy, following Lee Albrecht's basket that gave her team a 15-14 edge, failed to score a field goal in the final 5:10 of the half. But the Marlins shot a much-improved 40 percent for the game and were in it until the

"I felt very strongly we needed to drive the ball to the basket and utilize Lee inside, and we didn't do that during that duration," Mercy coach Larry Baker said. We had longer droughts during our first two games that buried us. We weren't out of this one with 40-50 seconds (to play)."

THE MARLINS closed to within 24-20 early in the third period when Amy Edward converted a three-point play. But Canton got its offense rolling by the end of the

Senior guard Michelle Fortier complemented Ferko's inside play with 10 points, but forwards Candi Jones and Stacey Thompson also were active around the hoop. They combined for an additional 18 points, Jones reachng double figures with 10.

"You can't key on those two (Fortier and Ferko), because Jones and Thompson can put it off the glass," Neu

"When anybody goes man on us straight up, it's easy to go inside. The key was getting Jones and Thompson into the offense off Ferko." Baskets by Jones and Thompson boosted Canton's

lead to 42-30 in the finale, but the Marlins managed to keep suspense in the game with big buckets by Joanne Stephens and Clinton that made it 44-38 with 2:57 to "I did not enjoy losing, but I see a significantly im-

proved team over Game 1," Baker said. "We were playing some ugly basketball in the first two games, and tonight we looked like challengers."

ALBRECHT SANK a leaning one-hander and made it a three-point play, bringing the Marlins within 46-41 with more than two minutes to play.

Clinton missed a 1-on-1 opportunity and Mercy committed a turnover at the offensive end, however, as several chances to cut the lead further were unproductive. "That's what I mean," Baker said. "There was a possibility, and we created that possibility against a top-10

With the Marlins pressing, Jones broke through for coast-to-coast layup that all but wrapped up the win with just over a minute remaining. Stephens had 13 points to pace Mercy's scoring, and

Michigan high school girls basketball Thursday.

Waterford Kettering, although an unbeaten team as well, was a heavy underdog against Traverse City, but the Captains stunned the top-ranked team in Class A with a surprising, 45-36 victory. Pending the outcome of the consolation and championship games Saturday

night, Kettering was 4-0 and the Trojans, who were denied the chance to repeat as the Hoops Classic winner, 5-1. Traverse City maintained a small lead at the start of the fourth quarter, but the Captains edged in front and made a move that increased their lead to 38-33 with a couple of minutes left.

THEN A SERIES of backcourt turnovers by the Trojans and a flurry of Kettering transition points boosted the margin to an insurmountable 41-33

Traverse City all-stater Wendy Merriman, a 6-foot-1 center, was in foul trouble and didn't return until several minutes had gone by in the final period. She eventually fouled out at the two-minute mark. Furthermore, 5-9 forward Lisa Anderson, the player who makes the Tro-

ans a cohesive unit according to basketball observers, was lost to Traverse City earlier in the game with an ankle injury. Nicole Leigh was the only Kettering player in double figures, but the 5-10 forward scored a game-high 26. Mikki Bryce and 5-11 center Missy Davis

added six points apiece. Merriman scored 15 for the Trojans, but she was the lone Traverse City

player to reach double digits. Guards Nikki Kulik and Jeanine Skendzel had

The more you look, the more you like.

Windsor is the kind of place that improves with familiarity. For one thing, you'll never run out of great restaurants. A few? Elliott's on the Avenue. Wong's Eatery. Louie Linguini's. Traiteur's. Casa Bianca. La Notte. The Royal Bengal Indian Curry House. Stoney Point Tavern. Sunnyside Tavern. Duffy's Tavern. Dan Flannagan's. The list goes on.

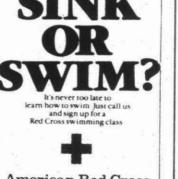

And, no matter what you're shopping for, you can find it in Windsor. Hockey equipment? You've come to the right place: Johnson Sports, on Wyandotte east of Ouellette. With selectionand prices-you'll find hard to match anywhere.

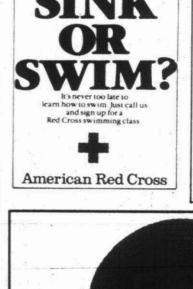

Up for a little sightseeing? Take Route 18 to Colasanti's Tropical Gardens in Ruthven, You'll see quaint farmhouses, boats on the river and waves on the lake.

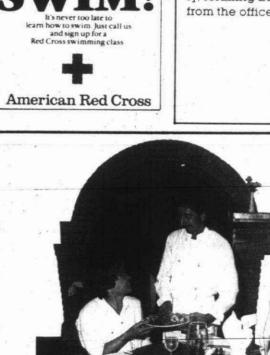

If you plan to stay the weekend, remember that Detroit's most affordable mini-vacation is in Windsor, at Relax Plaza Hotel. It's on the waterfront, right in the heart of Windsor's bustling downtown. It's so easy to

Jumpmaster Winn Alexis of Parachute Services in Tecumseh shows Larry O'Connor the final procedure before jumping from the plane . . . except they are on the ground, not 2,800 feet in the air as they will be later.

Going for gold — Michigan style

By Iris Sanderson Jones contributing travel editor

We may not make it to the summer Olympics in Seoul, Korea, but

travelers are going for the gold all over Michigan this month. The opening ceremonies have been held in a blazing panorama of leaves on the Keewanau Peninsula, 100 miles of autumn leaves protruding into Lakke Superior at the northwest corner of the Upper Peninsula.

The color runs like a relay race across Mackinac Island, and down the Lower Peninsula until it makes its final bow on our own stage here in the southern counties.

If you have lived in Michigan all your life, you may not realize that this glorious blaze of autumn is not found all over the world. Michigan has 19 million acres of forest, with 65 species of deciduous trees, all changing color in their own way. That's more than any other state, more than you would find in all of

SO DON'T just sit there vegetat-

ing; get up and stretch. If leaves vegetables, wine, hunting and festi-don't turn you on, how about fruit, vals?

Pick a color from gold to the brightest of red or yellow and you're bound to find it lurking on trees throughout the state this fall.

You can color tour from a boat, train, bicycle, hot air balloon, airplane, car or, if you want to do it the old-fashioned way, and earn your pleasure, on foot.

Training seems like a good word to associate with the "Color Olympics," and a lot of our color tours are available by train. Coe Rail of Walled Lake, which focuses on freight during the week, runs color tours on weekends, especially to state wetlands and bird sanctuaries.

The Kalamazoo, Lakeshore and Chicago Railroad does weekend col-or tours from Paw Paw to Lawrence or Hartford. The Michigan Railroad Club Inc. is also into color.

Club Inc. is also into color.

The Southern Michigan Railroad Society schedules excursions through the season between Tecumseh and Clinton. Tours run Oct.1-2, 8-9, 13-16 and 22-23 from Tecumseh. Full-size trains with open-sided cars carry you through the scenery to the Raisin Center. Cider and doughnuts are served along the way.

"Dear America: Letters Home from Vietnam" (A) (PG-13) 85 min-

Griping, touching, horrifying, sad and, finally, the inspiring story of our Vietnam tragedy told with actual footage shot by television newsmen, armed forces cameramen and everyone else. It is the men, their courage and their high regards for comrades that makes this documentary an inspiring, must-see event. Voice over narrators reading soldiers letters home include Robert DeNiro, Michael J. Fox, Robin Williams and Kathleen Turner.

"Crossing Delancy Street" (A) (PG) 95 minutes.

The group combines a raw mix of blues, funk and jazz elements and funnels that into the steady stream of a potent hard rock. Reid's guitar virtuosity hallmarks the Liv-

hard rock to express the struggles of living in an urban setting. "(Hard rock) is a different expression about the same thing," said Skillings, who is a graduate of City

College of New York and lives in Queens. "Rap lends itself to expressing discord with society. It's your own story, your own words, your own culture. Hard rock is the same Mick Jagger was impressed with the group when he caught their act

Joy Division achieved mythical status around 1978 and this status was only consolidated by the hanging suicide of their intense lead singer

Ian Curtis in 1980. It is said that his

death, at 23, was influenced by his

worsening epilepsy and the disintegration of his marriage. At this time, the rest of the band continued on as New Order. The suicide provided the infinite gap between Joy Division, their name coming from the slang for the the prostitutes' wing of a Nazi concentration

FINALLY, IT seems, the male and female stuffed shirts of the corporate world are catching up with their artist, designer and hairdresser counterparts, who by tradition, have usually kept "more advanced" hair

Patti Barreault has been a hair stylist for 17 years, most recently at Birmingham's chic Justin Parish salon. She has witnessed all the trends in hair styles over the years and says lately executives and business people seem to be paying more attention to their locks, opting for that modern cut.

"Most of them (execs) are afraid at first to take the initial plunge, to go for the new look," she said. "But really, they're dying to do it. That's

Rupert Russoniello, a 23-year-old sales engineer for a Fortune 50 company in Southfield, has recently gone to his most avant-garde hair style. "It's called a 'brush cut'," he said of the dark top of his head that looks and feels like a brush when runing a hand across it. The sides are cropped above the ears and shaved very close

"I like it, I really do," he said. "I waited until summer to do it because it's so short."

Because he interacts with the suitand-tie types all day, Russoniello said some people think his hair doesn't necessarily fit the job - like

"HE'S A LITTLE conservative. but he would never tell me to get rid of it," he explained. "Besides, it's what's inside that counts." Russoniello said his haircut actually works for him in his job, be-

cause it gets him noticed - "It makes people remember me, and that's really important in sales." Another person who's getting noticed these says because of his hair is 30-year-old Colin McCoy, a Roches-

design for an automotive supplier. McCoy wears what is popularly referred to this season as an antihead shaped cut, meaning, it goes away from the head. He said his short, somewhat spikey style is a

"I have always been conscious of my hair, trying to find the cut that suits me best - I think this is it." Because McCoy is a native of England, he thinks he's "allowed to be slightly wierd" when it comes to his

"I don't know, I guess people ex-pect us to do wierd things to our hair - but I've never heard any negative remarks," he said.

NOT ALL business people who want to be up on hair fashions go to such lengths (no pun intended) with their hair. Instead, they are finding styles that are still different, yet slightely more conservative.

For women, this season's trend is a straighter, wispier look, with not An example of such a style be-

longs to West Bloomfield's Sharon Rapp, a 33-year-old attorney for Pontiac Osteopathic Hospital. Although her long brown hair may not seem at all unusual, it is definitely out of the ordinary for a female at torney, she said.

"Lawyers don't traditionally wear hair like mine. Usually, you think of them as having it short or tied up in a severe bun or something," she said, saying she's worn her style for about five years now. "But I've never had any complaints.' AND, OF course, the days are

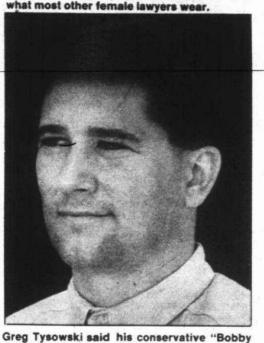

gone when only women fret over their tresses.

"I'm fussy about it," admitted Greg Tysowski, a 32-year-old architect designer in Birmingham. "It's as important as the clothes you wear, only the hair stays with you for a little bit longer. Tysowski, who wears a "Bobby

ter Hills resident who is manager of Kennedy" short style, said he never thought of himself as a trend-setting person, but looks for "a little bit of flair" in his cuts. He always goes to the same hair salon every month, but said he doesn't always get the same

Dorothy Lehmkuhl

Q. I work hard but have a friend who runs circles around me accomplishing things. Wny do some people get so much done while others have such a hard time?

A. Without knowing specifics, I can only guess about the differences between you and your friend.

Someone once said, "An organized person is one who has already done what you are thinking of doing." Perhaps your friend is a Doer while you are a Thinker. Doers are the ones who have already lost 10 pounds while Thinkers are planning to get around to dieting. Doers run three miles while Thinkers think exercising is a good idea.

The lesson to be learned is that Doers take advantage of time while Thinkers let time slip through their

An example stems from one of my own disquieting memories. Before I was married I had a roommate who was a Doer. We worked and carpooled together, so our hours were identical. Gayle was an accomplished seamstress, and so was I.

THERE WAS ONE big difference, however. After work, while I was wiggling my toes and unwinding with a coke, Gayle would hop in the car and whiz off to the fabric shop. On her return, while she was laying out a pattern and cutting pieces, I would be on the phone making plans with friends.

After dinner, as I left for yet another boring evening killing time with friends, Gayle was stitching together her garment. By the time I returned, Gayle was hemming her skirt, then carefully pressing her finished product.

The next morning, as I wrestled with choices from the same old dreary wardrobe, Gayle donned her new outfit and went off to work looking great and feeling a sense of accomplishment.

Another example is our son, Gregg, who with his friend Fred, has an after school lawn mowing business. Although Gregg is a highly social teenager, he recently explained his simple time management philosophy: When he doesn't have anything else to do, he mows a lawn. This has worked well for him, earning considerable income while not missing social events. (And I have enjoyed the

Q. My husband and I are going through a divorce and I have posse sion of the home. My husband is obligated, under the temporary court order, to pay the condo association assessments. He has failed to do so and the association has begun foreclosure proceedings. Do I need to hire a lawyer against the association and what do you recommend I do?

A. I would first contact your divorce lawver to ensure that he or she has taken all reasonable steps to ensure that the terms of the temporary order regarding the payment of the association assessments are met. Persumably, your ex-husband should be compelled to pay the back assessments to avoid the incurrence of additional costs and attorney fees by

way of the foreclosure.

If that does not occur timely, to the extent that you have the financial means, you should attempt to settle with the association and pursue your husband through the diproceedings. Make sure your divorce lawyer has an appreciation of the real estate ramification of a foreclosure suit and what defenses, if any, you may have with regard to same. You may also wish to consult with a condominium attorney to assist you and your divorce lawyer in

Elegant accessories for every room

HOME would not be complete without personalized finishing touches that complement your lifestyle.

Do you prefer an American contemporary style — where soft lines, rounded shapes and tender pastel colors are characteristics of comfortable and clever furnishings - or a rough-hewn, decorative Southwestern style? Today, there are fixtures to satisy every furnishing fancy.

Today's lamps are more than reading lights, end-table accessories and picture-window beacons. Many illuminating ideas are available at the flip of a switch and lighting is central in creating a room's style statement.

Lamps by Thomasville ruggedly jut out of lively copper, vivid purple and fiery yellow Indian pots. Bauer's lamps stand erect as torchieres and floor lamps with a granite finish. Fine Arts and Ainsley hand-decorates pickled wood bases in country florals. Harris Lamps unorthodoxly mounts a swirled brass stem to a sculptured base.

GENERAL ELECTRIC offers decorative lighting tips that will spruce up your home in a flash.

'A change in lighting can give almost every room in the house a different look," explains GE's Nancy Christensen.

Track lighting, for instance, usually consisting of one or more wired tracks, can be mounted, suspended or recessed into the wall or ceiling.

"You can create a gallery ef-

fect in a hallway by showcasing your favorite art with light," Christensen says. "Mount tracks on the ceiling 2 to 3 feet from the wall at a 30-degree angle from the object you are accenting."

Other ideas include "up-lighting" provided by canister lamps that sit on the floor and create shadows on walls and plants for a theater effect.

Wall washer lamps use reflector bulbs to highlight texture in brick, drapery and stone.

Small, precise lamps rival candles in their ability to shoot out narrow beams that create a pool of light on a place setting or flo-

FLUORESCENT VALENCE lighting exudes "up and down" light that washes walls and highlights cathedral ceilings.

Another often overlooked but important accessory is the door knob. Baldwin and Valli Columbo specialize in traditional brass doorknobs - hardware that reminds you of its cool elegance every time you enter a room.

If it's more than brass you want, Geurin fits your palm with everything from cherubs to dolphin heads

Gainsborough's old-fashioned porcelain knobs remind you of coming home to Grandma's, while Hewi satisfied your wild side with brightly colored, plastic hardware, such as doorknobs, coat hooks and towel bars.

Sable Pointe nestles in woodsy setting

"Spectacular" is how many guests described the premiere of ing more privacy and exlusivity than larger developments. Sable Pointe's homes at its gala opening party. Orchard Lake Road on Green Road in West Bloomfield reflects

the developer's meticulous attention to detail. Nosan/Cohen Associates. "We spent months in planning to insure that the site plan and architecture work in harmony to take full advantage of the heavily wooded and naturally sloping site. In fact, more than half of the homesites offer an additional

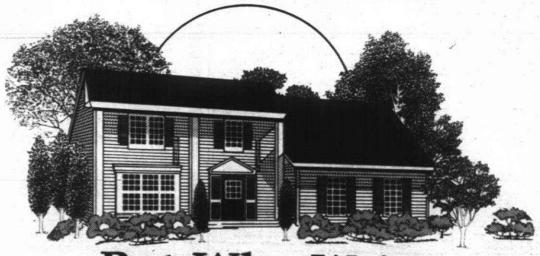

walk-out level to the woods and park area."_

ral extension of the wooded site. Distinctive circular shaped windows, textured hip roofs and very crisp detailing are ex-

THE OPEN INTERIORS were also designed to bring the spectacular views inside by the use of dramatic volume vaulted ceilings, loft balconies and plenty of glass. "We really focused on the first floor master-bedroom suites,"

said Cohen. "Today's home buyers want glamour and enchantment in their master suite. It's the place in which they seek refuge from the stresses of modern life. When luxury buyers are realizing the castle of their dreams, they want to live beautifully. These buyers will fulfill their fantasies at Sable Pointe." Three ranch and two-story models from 2,400 to 3,200 square

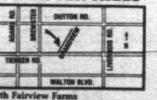

feet are available from \$269,500. Custome finished walk-out levels are also available. Furnished models are open daily and weekends from noon to 6 p.m. Closed Thursday. Call 682-6080.
