AL-1035-WH Digital Multifunctional System

Introducing the AL-1035-WH—a new kind of compact MFD solution that is small and lightweight enough to take with you. Boasting three easy-to-use digital MFD functions—copy, print, and colour scan—in one portable unit, the AL-1035-WH is ideal for those with limited set-up space or those with temporary MFD needs.

Portable 3-in-1

A **built-in carrying handle** brings easy portability to this compact solution. Measuring just 422 x 291 x 130 mm and weighing only 7.0 kg*, the AL-1035-WH delivers convenient **copy/print/colour scan** function from one compact unit.

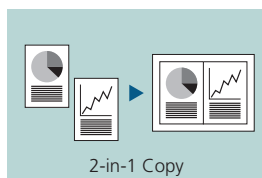

* Including toner cartridge

Convenient Copying

The AL-1035-WH can produce copies at a continuous copy rate equivalent to **10 cpm** with 600 x 600-dpi resolution. It also comes with convenient copying functions: **2-in-1**

Copy prints two pages on one sheet to save paper, while **Photo Mode** automatically adjusts copy contrast to provide detailed, high-quality reproduction of photos and delicate halftone images.

Practical Printing

Featuring a built-in PC interface, the AL-1035-WH can print up to **10 ppm** from computers running the latest and most commonly used Windows® operating systems.

A high-performance **600-dpi** digital laser printing engine lets the AL-1035-WH produce super-sharp printouts with a resolution high enough to make all details of the original document—fine text, charts, even photographs—come out legible and clear.

Full-Colour Scanning

The AL-1035-WH has full-colour scanning capability. **TWAIN standard support** lets the AL-1035-WH import scanned images to commercially available TWAIN-compliant applications. For added convenience, a **Scan to USB key** enables direct, one-touch scanning to a USB memory device—with no need for a PC.

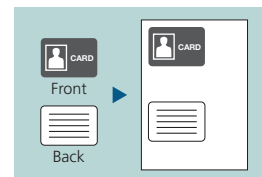

Full-colour scanning

Scan to USB

ID Card Copy/Scan to USB Device

The ID Card Copy/Scan to USB Device feature enables easy scanning of both sides of a card (credit cards, ID cards, etc.) for copying onto a single sheet of paper.

Other Key Features

- User-friendly control panel
- Stores upright to save space
- Easy toner and drum cartridge replacement
- Auto power shut-off mode
- Energy-efficient; certified for ENERGY STAR®

Specifications

GENERAL	
Type	Desktop
Paper size	Max. A4, min. A6
Paper capacity	40 sheets (80 g/m ²)
Paper weight	56 g/m ² to 128 g/m ²
Output tray capacity	10 sheets
First copy time*1	11.9 sec. or less
Warm-up time*1*2	13.5 sec.
Memory	32MB
Interface	USB 2.0 x 2
Power requirements	230-240V AC, 50/60 Hz
Power consumption	Max. 660 W
Dimensions (W x D x H)	422 x 291 x 130 mm
Weight (approx.)	7.0 kg including toner cartridge*3
COPIER	
Copy speed	Equivalent to 10 cpm*4 (A4 size)
Original size	Max. A4
Continuous copy	Max. 9 copies
Resolution	Scan: 600 x 600 dpi (Photo mode) 600 x 300 dpi (Text/ID mode) Print: 600 x 600 dpi
Gradation	Write: Binary
