2019 CATALOGUE
BEAUTIFUL PLANTS, LOCALLY GROWN

WELCOME TO OUR 2019 PLANT CATALOGUE;

Welcome to our 2019 plant catalogue. We're delighted to expand our 2019 catalogue to include all our autumn and spring plant ranges within one catalogue. For the first time this catalogue now contains our whole portfolio from January to December. The only exceptions are our added value ranges for Christmas and Mothersday. These are released on our website and via our trade availability list.

New for 2019

In 2019 we will continue the roll out of our bespoke label design. Ranges that have moved over to the new label design have seen a good increase in demand and sell through which has spurred us on to roll the design out to some of the key perennial lines in 2019. Each label has a barcode included, a natural design giving maximum space to a picture of the plant as well as highlighting the British and locally grown nature of the product.

Our trials garden is really helping us in our range development, with several new introductions for this year or larger volumes of some of the best performers that we're confident will wow customers due to the longevity of flowering, colour or habit. Find out more on page 5.

We've been doing a lot of research into packaging in 2018, given the high profile environmental impact of plastic. On page 3 we outline where we are currently, and what changes we will be making in the future.

Finally, in 2019 we relaunch our logo and vision; simply; 'Beautiful Plants, Locally Grown' As we seek to continually step on our proposition to the benefit of our customers and the enjoyment of their gardens.

We wish you a successful 2019.

PACKAGING UPDATE

We've been monitoring the development of alternative packaging solutions for plants over the course of 2018. We're also in touch with our local council about the best possible packaging solutions that will ensure as much of our packaging is recycled as possible once it reaches the end consumer. We're committed to

reducing the amount of packaging we use and where it needs to be used, moving it over to the most recyclable types of material.

For 2019 we've moved away from delivering our 2 and 3 Litre pots in outer trays, instead supplying them loose on a Danish trolley, therefore eliminating a significant amount of packaging.

We can also take back any outer trays that we supply our plants in for re-use, if they are not suitable for re-use we send them to be made into new trays at a plant in Essex. This ensures

all our outer marketing trays can be reused or recycled.

All our plant pots are made from recycled materials, we will be trialling the new Taupe plant pot in 2019 with a view to moving over to this plant pot as soon as we have confidence quality will not be detrimentally affected (and we've used up the stock of the current black pots).

OUR PLANT RANGES;

We split our plant ranges (and this catalogue) into 3 categories;

Instant impact—This range includes all our annual and biennial bedding plants, as the name suggests they are there to brighten up any spot in the garden- instantly!

Kitchen Garden— Here we list all our herbs, veg, salad and fruit plants, growing in popularity these ranges are for the vegetable patch but can also be planted in a variety of other places.

Perennial Investments— For a longer lived impact on the garden our perennial range pays back over several years depending on the variety.

Autumn / Early Spring— New to this catalogue, our autumn ranges feature here alongside our primrose, polyanthus and bulb ranges.

In addition to these ranges we also produce a **Christmas range** and a **mothersday range** which includes lots of gifts and home decorating products. These are sent out ahead of each season via our trade availability list.

HOW TO ORDER;

To order simply follow these steps;

- 1) **Sign up** to our weekly trade availability list via our website.
- 2) **Order** from the availability list for delivery same week via telephone or email.
- 3) **Delivery** is free for orders over £150 ex vat, see our website to see where we deliver to.
- 4) We send out a **monthly sample van**— contact us if you would like a visit.
- 5) In some areas we run a weekly round where you can buy direct off the van, again, contact us for details.

NEW VARIETIES FOR 2019

We're investing more and more of our time and resources into trialling and launching new varieties in order to continually step on our ranges, adapting them to customer requirements and making the most of the exciting varietal development work that is taking place around the world. This year we bring you the following new lines into our catalogue;

Tomatoes— we've added two more varieties to our range to take our total range to 8 varieties. We've added Tomato Roma— a plum type and Tomato Supersteak a beef type. We now have the full range of tomatoes, from cherry, medium cocktail, large round, plum, beef and trailing tomatoes.

Chilli— We trialled Chilli Thai Dragon last year and were staggered how much fruit it produced outside. A fairly hot Chilli that can be picked green and ripens in the fruit bowl.

Nemesias— Increasingly popular and a key growth area in the bedding category, we've added to our range again this year with 4 new varieties— Lemon Fizz, Blueberry Ice, Forest Fruits and Lavender Sherbet.

Dianthus— Following the success of Pink Kisses we have the new varieties to go along with the must have pink

kisses in our range this year. Look out for Peach Party, Purple Wedding and Flutterby.

Arganthemum— La Rita is a promising new series that we are rolling out alongside Madera this season.

Osteopermum— Dalina is a new series we are trialling this year alongside the ever popular serenity series.

These are some of the highlights of our range development this year, look out for other new lines featured in this catalogue.

These conditions shall govern the contract unless any special term or condition is agreed in writing between the Buyer and Seller. No variation to these Conditions shall be binding unless agreed to in writing between the authorised representatives of the Buyer and the Seller.

1.2 Any typographical clerical or other error or omission in any sales literature, quotation, price lists, order acknowledgement, invoice or other documentation or information issued by the Seller shall be subject to correction without liability on the part of the Seller.

1.3 Any advice or recommendation given by the Seller or its employees or agents to the Buyer or its employees or agents as to the storage, display or use of the Goods which is not confirmed in writing by the Seller is followed or acted upon entirely at the Buyer's own risk and accordingly the Seller shall not be liable for any such advice or recommendation which is not so confirmed.

2. ORDERS

2.1 The Buyer shall be responsible for ensuring the accuracy of any order placed with the Seller and supplying any necessary information within a sufficient time to enable the Seller to perform the contract.

2.2 The quantity and description of and any specifications for the Goods shall be those set out in the Seller's quotation or the Buyer's order.

2.3 Orders are accepted subject to Goods being available from the Seller's stock at the time delivery is due, thus the Seller may substitute what in the Seller's opinion is the nearest equivalent of any variety not available unless the Buyer indicates that they object to such a substitution.

2.4 Plant orders - carriage is inclusive for orders over £100 + vat. A charge may apply to orders less than this amount. Prices are subject to any applicable VAT for which the Buyer is additionally liable.

3. TERMS OF PAYMENT

3.1 All Goods shall be paid for by the Buyer on pro-forma invoice prior to collection/delivery of the Goods unless the Seller has agreed to provide account facilities to the Buyer and in which case the Buyer shall pay the price of the Goods within 30 days of the end of the month in which the invoice was raised. If payment is not made within this timescale, the Seller reserves the right at its absolute discretion to charge interest of 1.5% per month (18% per annum) on any outstanding balance and the Buyer acknowledges and accepts that this penalty clause is reasonable and properly incorporated into the contract.

3.2 Goods will be deemed paid for when cleared funds have been deposited in the UK bank account of Seller, and are available to Seller. Proof of payment is not proof of receipt of funds.

3.3 If, in order to recover overdue monies, the Seller passes the Buyer's account to a debt collection agency for collection, the fees incurred in such action shall be added to the Buyer's account.

3.4 The Seller will only consider granting the Buyer account facilities subject to relevant credit searches. The granting and withdrawal of account facilities to the Buyer is subject to the absolute discretion of the Seller.

4. DELIVERY

4.1 Any dates quoted for delivery of the Goods are approximate only and the Seller shall not be liable for any delay in delivery of the Goods howsoever caused. Time for delivery shall not be of the essence unless previously agreed by the Seller. 4.3 The Buyer is to provide staff to assist in unloading consignments which is at the Buyer's risk.

4.4 It is the Buyer's responsibility to examine the Goods upon receipt. The Buyer has 7 days in which to notify the Seller of any delivery discrepancies or other queries.

4.5 Seller will cooperate with Buyer to establish any legitimate claim against a carrier for loss or damage in transit. All such defects must be noted on the delivery docket and supported by photographic evidence taken at the time of delivery.

5. RISK AND PROPERTY

6. LIABILITIES

6.1 The Seller shall be under no liability in respect of any defect arising from wilful damage, negligence, abnormal storage conditions and failure to follow the Seller's instructions (whether oral or in writing).

6.2 Any claim by the Buyer which is based on any defect in the quality or condition of Goods or their failure to correspond with specification shall in all cases be notified to the Seller within the 7 days from the date of delivery. Where delivery has been accepted and the Buyer has not notified the Seller accordingly the Buyer shall not be entitled to reject the Goods and the Seller shall have no liability for any defect or failure and the Buyer shall be bound to pay the contract price.

6.2.1 All claims must be supported by photographic evidence.
