

# Veriton M480G

## Resourceful multitasker

Handle challenging office tasks and oversee company assets efficiently with the Veriton M480G. Premium components and essential applications ensure top performance, while "green" certification cuts costs and cares for the environment.

A powerful processor provides all the bandwidth you need for the next generation of highly-threaded applications. In addition, the optional RAID 0, 1, 5 and 10 can distribute data over multiple drives for better data integrity, improved throughput and increased storage. With Intel® Matrix Storage Technology Manager, you'll enjoy the advantages of RAID 0 and 1 with only two physical hard disk drives.

### Why Veriton M480G?

- Intel® Core™ 2 Quad processor support
- Up to 8GB DDR3 Dual Channel memory support
- Built in Trusted Platform Module 1.2
- Energy Star 5.0 certification
