SAMSUNG

SAMSUNG recommends Windows® 7.

Looking good and getting things done on the move has never been easier thanks to the Samsung Notebook Series 3 350U2B. Its thin and compact design weighs just 1.4kg*1, so it's as easy to carry as a netbook, and comes in a choice of vivid colors that really stand out from the crowd. For an extra touch of sophistication its stylish design features a slim bezel display, which also means that you can enjoy a larger screen without having to sacrifice portability. And because the anti-reflective display has a matt surface it provides brilliant image clarity and text legibility even outdoors in direct sunlight. It also packs in the exceptional multi-tasking power of the latest Intel® Core™ i5/i3*2 processor, Windows® 7 Home Premium and Samsung's unique Fast Start technology. So with the 350U2B you always get maximum performance – with minimum effort.

Why Samsung PC?

A TRUSTED BRAND

Through a dedication to quality, performance, technology, design and service, Samsung has risen to become one of the fastest growing PC vendors in the world. This has helped Samsung become the largest electronics company in the world.

BETTER PERFORMANCE & BETTER TECHNOLOGY

Samsung PC products are continually celebrated by the world's media for outstanding performance – including "Product of the Year 2009" awards from Wired (US), Mikro PC (Finland), and PC World (China & Poland).

UNRIVALLED PRODUCT QUALITY

We manufacture the vast majority of our laptop components, so we can be certain they are world class. Our vigorous quality assurance program and ISO standard manufacturing process, also ensure that only the best products make it through to the customer.

DESIGNED TO TURN HEADS

Through worldwide design centers and partnerships with product designers, we have created laptops with style that have won prestigious design awards such as the iF and IDEA Design awards and the Good Design 2009 "Gold Award".

WORRY-FREE SERVICE

We're committed to providing the best, most timely customer service in the industry and proud to be recognized as the leader in customer service satisfaction (ranked #1 for customer satisfaction in the notebook PC category by C'T Magazine Germany in May2010).

Works the way you want.

Windows® 7

SAMSUNG recommends Windows® 7.

Outstanding style & mobility

With its ultra portable and stylish design the 350U2B is always ready for any-time, anywhere ultra mobile computing.

Slim bezel display

An ultra portable design features a slim bezel that's as thin as a finger. It's much smaller and lighter, without compromising on screen size, so it's easy to take with you when you're out and about. And you'll always look good on the move with its elegant styling.

Vividly stylish design

Be a real style leader and stand out from the crowd with a truly individual color. The fashionable, modern design is accentuated with a stylish finish that's available in a choice of vivid colors (black, silver and pink) that simply demand attention.

1.4kg lightweight

Weighing 1.4kg*, the ultra compact design provides maximum portability, being almost the size of a netbook. But it still incorporates comprehensive functionality for optimum performance on the move. So you can carry less, but do more.

PowerPlus battery

Samsung's intelligent battery charging technology enables the battery to keep 80% of its original capacity for up to 1,000 recharges – that's up to 3x longer than a typical battery, which is normally just over 300 cycles. Making our batteries more economical and environmentally friendly as fewer batteries need to be replaced over the lifecycle.

Uncompromising performance

The 350U2B's high performance processor, extensive battery life and innovative Fast Start technology make it the ideal choice if you need to get things done fast.

Built for speed

Get things done fast with the blistering processing power of the latest 2nd generation Intel® Core™ i5/i3*2 processor technology, combined with the portability of a netbook. Enjoy faster web browsing, Microsoft Office tasks and music or video conversion, with much less waiting for a response even from the most demanding applications.

Fast Start

Instant on - get started within a few seconds of opening the display or pressing the power button. An innovative hybrid sleep mode combines the fast start-up of sleep with the stability of hibernation, so you don't have to wait 30-60 seconds for the notebook to boot-up.

Enhanced usability

The 350U2B is designed to help you get more done on the move with its effortless usability and outstanding reliability – no matter what life throws at you.

Anti-reflective display

The anti-reflective 12.5" HD LED display lets you enjoy images that are fine-tuned with the sharpest details and boldest colors, even when you're outdoors in sunlight. Its matt surface has less mirror effect, so you can use it for longer without your eyes getting tired. And it's more resistant to micro scratches from sand or small particles.

The key to easier use

A high quality, island-type keyboard makes typing easier, so you get more done and waste less time correcting errors. Its ergonomic and stylish design features isolated keys with optimized spacing for maximum comfort. It's also cleaner and much more hygienic as dirt cannot be trapped between the keys.

Scratch-resistant casing

Life on the move is challenging, so notebooks can easily become scratched even after a small amount of use. To protect against the risk of everyday bumps and knocks a robust Samsung Duracase casing, with a special scratch-resistant surface, will keep your notebook looking stylish and like new for longer.

Peace of mind

The 350U2B is the ideal choice if you like to play things safe, as it is designed to protect you and your data from the risks of everyday life.

Quality you can trust

Samsung manufactures up to 75% of our notebook components, using stringent quality control to ensure maximum performance and reliability. We've been voted "What Laptop" Best Laptop Manufacturer of the year, No.1 in "PC Pro" UK Customer Satisfaction (2007-2010), No.1 for Service Quality in Germany (2008-10) and Best Product of the year in China.

Specifications

Model	Model Name	350U
	Part Number	NP350U2B-A01UK
	EAN Barcode	8806071700496
Operating System		Genuine Windows® 7 Home Premium (64bit)
Processor		Intel® Core™ i3 Processor 2330M (2.20 GHz, 3 MB L3 Cache)
Main Chipset		Intel HM65
Memory	System Memory	4GB DDR3 System Memory at 1333MHz (4GB x 1)
	Memory Slot	1 DIMM Slots
Display	LCD	12.5" HD LED Display (1366 x 768), Anti-Reflective
Graphics	Graphic Processor	Intel HD Gfx. 3000
	Graphic Memory	Shared with System Memory
Storage	HDD	640GB S-ATAII Hard Drive (5400RPM)
	ODD	No
Communication	Modem	No
	Wired Ethernet LAN	10/100/1000 Gigabit Ethernet LAN
	Wireless LAN	Intel Centrino N130 b/g/n (1x1)
	Bluetooth	Bluetooth V3.0 High Speed / Bluetooth 3.0
Multimedia	Sound	HD Audio
	Sound Effect	Sound Alive™ / Mic Noise Suppression
	Speaker	3 W Stereo Speaker (1.5 W x 2)
	Integrated Camera	1.3 megapixel HD Webcam
Others	I/O Ports	VGA, HDMI, Headphone / Mic. Combo, Internal Mic, 2 x USB 2.0 (Sleep-and-Charge), Multi Card Slot (4-in-1 (SD, SDHC, SDXC, MMC)), RJ45 (LAN), DC-In (Power Port)
	Security	Norton Internet Security (60-day Trial)*, BIOS Boot Up Password, HDD Password, Strap Lock, Samsung Recovery Solution
	AC Adapter	60 Watt*
	Battery	6 Cell (6340mAh)
	Dimension (WxDxH)	298.9 x 197.8 x 26 mm (11.7" x 7.7" x 1.02")
	Weight	1.4 Kg (3.09 lbs)
	Warranty	International Warranty*
	S/W	[Safety] Samsung Recovery Solution, Samsung Support Center, Norton Internet Security (Free 60-day Trial), HDD Password [Utility] Samsung Fast Start, Easy Speedup Manager, Easy Network Manager, Battery Life Extender, Easy Display Manager Samsung Update Plus, Sleep-and-Charge USB, Easy File Share, Samsung Easy Migration

* Based on factory specifications. Product design specifications and colors are subject to change without notice and may vary from those shown. Errors and omissions excepted. Battery life based on BatteryMark test scores that will vary based on configuration. Warranty service availability and response times may vary from country to country and may also be subject to registration requirements in the country of purchase. OS reveals lower HDD capacity than the specification as the difference of the calculation way and recovery partition.
