

HMX-S10

Share your memories

The Full HD S10 allows you to take stunning clear crisp video with an impressive 3.5 inch display. It also includes 18x optical zoom and optical image stabiliser for blur-free video.

Key Features

Full HD 1080p

Full-HD recording mode (1920 x 1080p) guarantees you get the clearest images on your HDTV, computer and other playback devices.

3.5 WVGA LCD Screen

The touch screen located on the back of the camera displays sharp and clear images.

Dual Image Stabilisation

DIS gives you sharper images, even when shooting without flash in low light conditions.
