# PORTÉGÉ Z10t-A-102

## ADAPTS AS OFTEN AS YOU DO

With a powerful laptop and high-performance tablet in one device, the 29.5 cm (11.6") Portégé Z10t-A Ultrabook™ from Toshiba adapts to any professional's changing needs. It's made for business, so you can use it as a laptop to type emails on the way to a meeting, and then click into tablet mode to make notes when you get there. The latest Intel Core processors for Ultrabook™ will give you all the power you need to cut through your workload, in or out of the office. And because it runs Windows 8 Pro, you can rely on an intuitive experience, whether you're using the touchscreen, touchpad or keyboard. All of these flexible functions can be found in one travel friendly device, which comes with Accupoint navigation and the optional pen to help you work more precisely. And as the Z10t-A also has the latest high-performance components and a full set of ports, it can adapt as often as you do.

\* Spill-resistant keyboards help protect your data from accidental spills up to 30 ml, allowing you 3 minutes shut down time to save your data.  
\*\* Pen included with selected models only.

## TECRA R950-1C1

### GET DOWN TO BUSINESS.

Get down to business with the Tecra R950. It's the perfect 39.6cm (15.6") laptop for businesses demanding long-lasting performance. Built to last, it delivers up to 10 hours battery life\* for a full day out of the office and is extremely thin and light with a new design using high-strength composite materials. The non-reflective screen and dedicated docking make it a comfortable and versatile companion. Featuring the latest technologies for built-in manageability and security, it is ideal for fleet deployment.

# ➤ SATELLITE PRO C50-A-15T

**NEW  
MODEL**

## READY FOR BUSINESS

Every Satellite Pro C50-A comes with quality, reliability and value built in. With a wide choice of configurations, it can be built around your specific working needs too. Simply open it up and you're ready for business. It's all you need to take care of your everyday essentials and stay productive, in the office or on the go. The latest Intel processors and optional NVIDIA graphics deliver an impressive performance from the start. Plus there's a full set of ports for faster, easier connections to your network and other devices. And whether you're working in bright conditions or spending long periods of time at your screen, the non-reflective 39.6 cm (15.6") HD display gives you a clear view, so you can work more comfortably. With all-round functionality from a brand you can rely on, this affordable Satellite Pro is always ready to do business.

# ▶ SATELLITE U840t-101

## SLIM AND TOUCHABLE

Enjoy power and style with the new 35.6cm (14.0") Toshiba Satellite U840t's Ultrabook™ blend of low weight, high performance and a touchscreen like on a tablet. You'll be on a high with stunning premium brushed ultra-silver design that's a slim style statement, with a weight starting at 1.7kg\*. A battery life of up to 5.6 hours\*\* lets you relax and surf the web or watch movies all evening without worrying about charging up. The whole Satellite U840t experience is uplifting, because we've packed this beautiful travelling companion with premium processor and graphics performance. 3rd generation Intel® Core™ processors for Ultrabook™ handle both work and fun with ease. Combined with a 256GB SSD or up to 500 GB HDD with 32GB SSD module this means superfast response and boot up but with low electricity consumption. There's high quality sound and vision too, with sound enhanced by SRS Premium Sound 3D™, and Intel® HD 4000 graphics. Better still, all that power is easy to command, thanks to a touch screen that handles all your Windows 8 commands.

# ➤ SATELLITE U920t-100

## HAVE IT BOTH WAYS

With the new Satellite U920t, you can have it both ways. One minute it's an ultra-slim (19.9mm thin) Ultrabook™ for keyboard tasks. The next minute it's a 31.8cm (12.5") tablet for easy touch control of your media. Get your typing done -- even in the dark -- on the full-size illuminated keyboard and then slide into enjoyment mode on the tablet. The solid slider joint is engineered with typical Toshiba quality, so you can switch back quickly and safely time and time again.

The Satellite U920t is a winner of the prestigious iF product design award 2013.

## > SATELLITE U920t-10G

### HAVE IT BOTH WAYS

With the new Satellite U920t, you can have it both ways. One minute it's an ultra-slim (19.9mm thin) Ultrabook™ for keyboard tasks. The next minute it's a 31.8cm (12.5") tablet for easy touch control of your media. Get your typing done -- even in the dark -- on the full-size illuminated keyboard and then slide into enjoyment mode on the tablet. The solid slider joint is engineered with typical Toshiba quality, so you can switch back quickly and safely time and time again.

The Satellite U920t is a winner of the prestigious iF product design award 2013.

# ▶ SATELLITE C55t-A-104

## ALL PURPOSE AND STYLE

The Satellite C55-A series. With the versatility to meet your everyday needs and a stunning design you will want to take everywhere, this smart laptop is all purpose and style. Whether you're at home or on the go, watching a movie or e-mailing a friend, the latest Intel® and AMD processors give you all the power you need. Your games will look amazing and be more responsive, thanks to the latest AMD and NVIDIA graphics solutions\*. And everything comes to life in beautiful detail on the stunning 15.6" HD widescreen display, while DTS Sound™ brings real depth to your audio. Some silver models are available with a 10-point touchscreen\*, making them instinctively simple to use. Every C55-A laptop is ready to perform when you're mobile and multi-tasking too. Toshiba Split Screen Utility software helps you make the most of the wider screen. And as you're fully connected, it's easy to get faster data transfers with a super speedy USB 3.0 port. You can even enjoy your favourite multimedia on a HD TV, with HDMI. And with four glossy colours to choose from, you can always find a Satellite C55-A to suit your style.

**NEW  
MODEL**

## STYLE MEETS STRENGTH

Why choose between elegant design and extreme power? Satellite P50-A 39.6cm (15.6") laptops offer the ultimate in both - head-turning style with the strength to meet the highest demands. Beneath its sleek, modern finish, the latest Intel® Core™ processors with Quad Core support easily take the strain of heavy loads. NVIDIA® highest performance graphics deliver high quality at speed too, so you get a smooth, fast performance - whether you're juggling different tasks, playing a graphics-rich PC game or editing large video files. With Ultra HD\* support via HDMI, you can enjoy your video content in super high definition on your Ultra HD capable TV. And if you're a movie or music fan, you can immerse yourself in every detail, with DTS® Studio Sound™ and the stunning quality of harman kardon® speakers. It's all of your favourite entertainment, at your command. You can even stream and share it to your Wi-Fi Certified devices without the need for a network connection. All with the strength of a laptop that's beautifully styled. Some models also come with a 10-point touchscreen\*, which puts instinctive touch control at your fingertips.

## STYLE MEETS STRENGTH

Why choose between elegant design and extreme power? Satellite P50-A 39.6cm (15.6") laptops offer the ultimate in both - head-turning style with the strength to meet the highest demands. Beneath its sleek, modern finish, the latest Intel® Core™ processors with Quad Core support easily take the strain of heavy loads. NVIDIA® highest performance graphics deliver high quality at speed too, so you get a smooth, fast performance - whether you're juggling different tasks, playing a graphics-rich PC game or editing large video files. With Ultra HD\* support via HDMI, you can enjoy your video content in super high definition on your Ultra HD capable TV. And if you're a movie or music fan, you can immerse yourself in every detail, with DTS® Studio Sound™ and the stunning quality of harman kardon® speakers. It's all of your favourite entertainment, at your command. You can even stream and share it to your Wi-Fi Certified devices without the need for a network connection. All with the strength of a laptop that's beautifully styled. Some models also come with a 10-point touchscreen\*, which puts instinctive touch control at your fingertips.

# ➤ SATELLITE P70-A-10E

**NEW  
MODEL**

## BIG, BEAUTIFUL PERFORMANCE

Who says you have to choose between big-screen power and beautiful design? The Satellite P70-A series has it all. Beneath its smart, modern finish, the brilliantly clear 17.3" Full HD\* or HD+\* widescreen display brings the cinema screen to you, so you can enjoy your movies in stunning detail. The latest Intel® Core™ processors with Quad Core support easily meet the highest computing demands. NVIDIA® highest performance graphics deliver high quality at speed too, so you get a smooth, fast performance - whether you're juggling tasks, playing a graphics-rich PC game or editing large video files. You can even enjoy your video content in super high definition on a bigger screen, with Ultra HD support via HDMI for your Ultra HD capable TV. And if you're a movie or music fan, you can immerse yourself in every rich detail through DTS Studio Sound™ and the stunning quality of Harman Kardon® speakers. Or stream and share your favourite content to your Wi-Fi Certified devices without the need for a network connection. All from a big-screen laptop that performs beautifully.

# QOSMIO X70-A-112

## SERIOUS GAMER

The 43.9cm (17.3") Qosmio X70 packs the power to satisfy the most hardcore gamers. Rip through the levels with effortless ease, propelled by the latest Intel® Core™ processors with Quad Core CPU support. Catch every millisecond of the frantic action as the NVIDIA® GeForce® GTX 770M enthusiast graphics with 256-bit broadband and 3GB GDDR5 of display memory churns out mind-bending graphics performance. Keep playing longer, with NVIDIA® Optimus™ Technology that stretches out battery life to the max. You'll be looking coolest in the tournament with the Qosmio X70's sleek dark silver design and red backlit keyboard. And when the game's done, kick back and chill out with sensational sound and video performance. Sharp, super-real images come courtesy of a LED backlit Full HD display, while the harman kardon® 4-speaker built-in sound system wraps the soundscape of 6W music output around you. Or put your movies up on the big screen in high-def with the Qosmio X70's HDMI out and Blu-ray RE (with BD-XL support) will let put up to 128GB on a single disc.

# ➤ EXCITE WRITE AT10PE-A-104

## EXPLORE YOUR CREATIVITY

When is a tablet more than a tablet? When it's a fully-featured creative pad that offers all the inspiration you need to excite your senses. It's the power of a Quad Core NVIDIA® Tegra® 4 mobile processor, combined with the quality of a super high resolution PixelPure display and special Toshiba Digitizer Pen. So you can write by hand - at speed and with complete accuracy - on the 10" capacitive touchscreen. Just like you do with a pen and paper. Or take a quick snapshot to capture your whiteboard notes. And once you have your digital content, add it to an office document for editing, sharing or saving using ThinkFree Office 6.0. It's perfect for your productivity too. So you can shoot and edit your photos, sync your data, or create documents and presentations with ease. The optional Toshiba Keyboard Cover\* offers full keyboard functionality and system protection in one, so you can always be more efficient - wherever you are. And with the speed of Android 4.2, Jelly Bean, plus a longer battery life and hard-wearing Corning® Gorilla® Glass display, you can rely on an incredible performance all day, every day. Explore your creativity with Excite Write.
