The HP EliteBook 6930p sets a new standard for on-the-move productivity with all-day battery life[19] and rugged HP DuraCase design. With a starting weight of only 2.1kg, this highly innovative notebook also meets the military standard MIL-STD 810F for resistance against vibration, dust, humidity, altitude, and high temperature.[17]

It's tough
The Elitebook was designed to meet MIL-STD 810F requirements. These include a series of tough, military reliability tests that measure resistance to shock, moisture, dust, vibration and exposure to temperatures of up to 60°/140° and below -29°C/-20°F.

Intel® Centrino® 2 with vPRO technology
Delivers active security features with remote PC repair over the network and intelligent energy saving features.

More networking options
Integrated HP un2400 EV-DO/HSPA Mobile Broadband Module and Wi-Fi CERTIFIED™ WLAN help your business stay in touch.

All day battery life
With the optional Ultra-capacity battery, you can enjoy up to 24 hours of battery life for maximum productivity on the road.

Bright, efficient 14.1-inch screen
HP Illumi-Lite LED widescreen display is thinner, lighter and more energy-efficient.

Powerful 3D graphics
With ATI Mobility Radeon™ HD 3450 Graphics with up to 256MB of dedicated video memory.

Primary battery life*
6-cell (55 WHr) Lithium-Ion battery .... up to 8h 00m
+ HP 8-cell (52 WHr) Extended Life battery .... up to 12h 30m
+ HP 12-cell (95 WHr) Ultra-Capacity battery ...... up to 24h 00m

* Battery life will vary depending on the product configuration, product model, applications loaded on the product, power management settings of the product, and the product features used by the customer. As with all batteries, the maximum capacity of this battery will decrease with time and usage.

Notebook PC

Enjoy
HP PROFESSIONAL INNOVATIONS
with the HP Elitebook 6930p Notebook PC

Outstanding reliability with HP DuraCase

Inspired by aircraft construction, **HP DuraCase** utilises a honey-comb patterned magnesium shell within the display case that is thermally bonded to aluminium for supreme durability in a lightweight package.

And for maximum durability and protection for your notebook from wear and tear, this EliteBook is enhanced with **HP DuraFinish** on its surfaces. You can also enjoy data backup with RAID 1 Mirroring and higher performance with RAID 0 stripping. And with **HP 3D DriveGuard**, you reduce the risk of corruption or loss of data and protect your notebook from system failures caused by operational shock.

So easy to use with HP QuickLook 2

HP QuickLook 2 allows you to quickly access email, calendar, contacts and task information with the touch-of-a-button. Getting your information takes as little as 10 seconds from sleep mode.
Also includes integrated webcam and **Business Card Reader software** for easy scanning of business cards into your contacts database, and, **HP Universal Accessories** for easy sharing of accessories for more flexibility and value from IT investment.

Enhanced security with HP Spare Key

In the event that you have forgotten your password, **HP SpareKey** will identify you by asking 3 personal questions. That makes secure access simple yet convenient.

Other security features include, **HP File Sanitizer** that permanently destroys selected files and folders, so that it cannot be easily recovered and New Drive Encryption for **HP ProtectTools**, that encodes all your information on the hard drive volume making it unreadable to an unauthorised person.

Notebook docking solutions – Turn your notebook into a desktop

HP 2008 Docking Station Part No: KP080AA	• HP Docking Stations provide port replication and cable management, plus expandability through an integrated SATA upgrade bay* and ExpressCard slot*.	
HP 2008 Advanced Docking Station Part No: KP081AA	• Additional USB ports allow you to connect more peripherals to make you more productive. The optional integrated HP/Kensington Cable Lock allows you to secure your docking station, notebook and integrated SATA drive* with one lock. *Only for HP 2008 Advanced Docking Station	
HP Mobile Port Replicator Part No: AK155AA	• The HP Mobile Port Replicator provides you with access to additional ports on your HP Business Notebook while giving you mobility. It can be used simultaneously with the HP Extended Life Battery.	
HP Adjustable Notebook Stand Part No: PA508A	• Turn your HP Business Notebook into a desktop solution supporting up to two displays (notebook display plus monitor or two external displays) or completely eliminate the external display by raising your computer screen to a comfortable level.	
HP Monitor Stand Part No: PA507A	• This space-saving monitor stand can support up to 45kg while its open-sided design allows easy access to frequently used bays, slots and ports on the docking station.	

Memory – Extract maximum performance from your notebook

HP Memory DDR2 800 MHz Part No: KT292AA	• Certified HP Memory maximises system performance and creates faster startup times with less delay during routine operations.

Storage solutions – Expand your business storage capability

HP Upgrade Bay DL DVD+/-RW ODD Part No: AK869AA **HP Upgrade Bay 250-GB 5400rpm HDD** Part No: AK868AA	• HP Upgrade Bay Optical Disk Drive or Hard Disk Drives provide an convenient and easy way for you to expand your storage.
HP 250GB Pocket Media Drive Part No: FE477AA	• HP 250GB Pocket Media Drive provides convenient access to additional storage through your notebook USB port.

Adapter solutions – Power and charge your battery simultaneously.

HP 90W Smart AC Adapter Part No: ED495AA	• HP Smart AC power adapters power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road.

Power solutions – The stamina to stay in the field longer

HP 6700b/6500b Series 6-cell Battery Part No: KU531AA	• These primary batteries allow you to power your notebook on the go.
HP 8-Cell Extended Life Battery Part No: AJ359AA **HP 12-Cell Ultra-Capacity Battery** Part No: EJ092AA	• HP 8-Cell Extended Life Battery and HP 12-Cell Ultra-Capacity Battery extend your notebook battery by two to three times.

Security options – Keeping your data and notebook safe.

HP/Kensington Security Cable Lock Part No: PC766A	• Made from high grade steel and Kevlar brand fibre, you can have peace of mind that your notebook and docking station are safely secured.
HP 14.1" Privacy Filter Part No: AJ357AA	• Protect your notebook screen from prying eyes. HP Privacy Filters are designed to fit HP Business Notebooks without stick-on holders. You can attach and remove the privacy filter in seconds, and you can even leave it in place when your notebook computer is closed.

HP UNIVERSAL ACCESSORIES

HP offers you a comprehensive range of accessories to enhance and enrich your computing experience.
