- USB Charger+ technology recharges your mobile faster (even with the notebook turned off)
- Fast connection WLAN 802.11 b/g/n and latest Bluetooth™ V4.0
- Webcam with Digital Array Mic for noise reduction
- Amazing audio with Bang & Olufsen ICEpower[®] and ASUS SonicMaster
- Small and light power adapter
- Bundled with Exclusive sleeve, VGA adapter and LAN adapter
- Thin aluminum design, only 17mm with a weight of 1.1kg
- Up to 5 hours of battery life

Pure Design

The ASUS ZENBOOK™ is a first class design notebook made entirely out of aluminum with a thin 3 mm to 18 mm profile. The lid cover features a hairline spun metal finish that embodies the tranquility and infinite potential of this notebook. All this combined with the latest technology and the attention to detail makes the ASUS ZENBOOK™ a milestone in the PC industry.

Unrivalled Performance

The ZENBOOK™ is designed with an instant-on feature that resumes the system in about 2 seconds even if it has been turned off for days with a standby time of up to 1 week. Although svelte and sleek, the ZENBOOK™ packs an impressive and uncompromising list of technological breakthroughs. It uses the latest Intel[®] 2nd generation Core™ processors (optimized for mobile use), SATA Revision 3.0 solid state storage (SSD), Bluetooth™ V4.0 and USB 3.0.

Transcending Audio

As the market-leading company for notebook audio, ASUS doesn't allow the sound to be limited by the computer's physical dimensions. With a combination of Bang & Olufsen ICEpower[®] and ASUS SonicMaster technology, ASUS ZENBOOK™ succeeds in presenting a spacious and clean sound with wide frequency range for an incredible audio experience.

Genuine Windows[®] 7 Home Premium

Powered by 2nd gen Intel[®] Core[™]
i5-2467M Processor
