

## 4-Channel 720P CCTV Surveillance Kit

The Conceptronic CCTV Surveillance Kit offers an ideal way to monitor several different areas of your house or business. Have one camera focused on the entry, one on the garage, another on the back of the property and a fourth on the driveway, then enjoy the ease of monitoring all four cameras from any PC, laptop, tablet or smartphone. Cameras all conform to Weatherproof standard IP66, and operate in temperatures from -10°C to 55°C. Built-in infrared LEDs support night monitoring for distances up to 20 metres, providing peace-of-mind twenty-four hours a day. The quality cameras also offer full-screen, high resolution recording and playback, and recording your data is made easy and efficient with a high compression rate and up to 6 TB of disk capacity. Everything you need for safe, secure surveillance of your home or business.

## Highlights

- > 4 x 1/3" CMOS 720P Day/Night Outdoor Cameras with a 4-CH Digital Video Recorder included
- > Compatible with HDTV, AHD and CVBS analog cameras
- > One 3.5" disk slot supports disk capacity of up to 6TB
- > Built-in infrared LEDs for night viewing of up to 20m
- > Weatherproof IP66-rated with wide operating temperature (-10°C to 55°C)
- > 720P real time, full screen, high resolution recording
- > H.264 compression for efficient data transfer and storage
- > Built-in USB port for backup, firmware upgrade and mouse
- > Supports iPhone/Android remote viewing over the Internet
