**Why there is a need to classify different fits**

People are different shapes and sizes.  
Consumers want consistency of fit from brands and retailers.  
They want flattering fits and sizing.

**What Reebok is doing to address this**

We are introducing fits as follows;  
Compression / Fitted  
Slim  
Regular  
Relaxed  
Creating global alignment on fit  
types and classifications.  
Providing supporting information.  
(Both retail & consumer)

# Fit Types

## MEN

**FITTED and COMPRESSION**

Tight, sleek fit that contours to your body for maximum support. Perfect for high performance exercise.

**SLIM FIT**

This garment hugs the body but still leaves room for movement. Perfect for exercise of all types.

**REGULAR FIT**

This garment has a traditional design that's not too tight nor too loose in any one area. Perfect for light exercise and everyday activities.

**RELAXED FIT**

This garment hangs off the body for a comfortable, accommodating fit. Perfect for light exercise and everyday activities.

## REEBOK SUBLITE DUO SMOOTH

5--11

These lightweight, responsive running shoes make every run smooth.

Knit upper offers a sock-like barely there fit and feel

Dual injection Sublite midsole offers the ideal blend of cushioning and response.

Top layer of foam is softer for cushioning directly underfoot.

Bottom layer foam is slightly firmer for more responsive feel at ground contact.

Molded sock liner is lightweight, yet still offers plush cushioning.
