EXAMINER'S NOTES

The Treasurer's cash balance is accounted for with the official receipts and disbursements for the period and the funds on deposit are amply protected with legal securities and Federal Deposit Insurance.

Fund balances in the office of the County Treasurer are in agreement with similar accounts as kept by the County Clerk.

Delinquent payments on the first installment of the 1941 taxes were received for on current receipt forms in December, 1941, April, May and June, 1942. For accounting purposes and reconciliation of current taxes receivable accounts, only delinquent receipt forms should be used when collecting delinquent tax payments.

In September, 1942 the Treasurer made refunds for overpayment of personal property taxes. We know of no authority allowing the Treasurer to make such refunds or disbursements, and in the future, such refunds must be made by claim and warrant.

The Unfinished Business Account has not been properly reconciled. This account should be closed out not later than December 1st each year by collecting all balances due, refunding by claim and warrant all amounts in excess of the total amount due and transfer all surplus cash to the General Fund of the county.

Claims for the period were generally well itemized and approved by the Chairman of the Board of County Commissioners. General Fund Claims Nos. 2713-2983-3224-2700-2969-2735-2997 and 3259 for expenses of Deputy Assessors include items for car repair, recapped tires, new parts and labor costs. Section 2038, R. C. M. 1935, provides that the Assessor and his deputies shall be paid the actual and necessary travelling expense by them incurred. All future claims by these officers should show dates, miles travelled and for what purpose, together with subsistence items, not to exceed fifty dollars each, in any one month.

Sub-totals and totals in the Clerk's fee book are entered in pencil. This is a permanent record and all such totals must be entered in ink.

Respectfully submitted,

L. W. MILLER, Deputy State Examiner.

RULES AND REGULATIONS GOVERNING THE BOARD OF EQUALIZATION

I.

The Board of County Commissioners is the County Board of Equalization and shall meet on the third Monday of July in each year to examine the assessment of property in the County. It must continue in session from time to time until the business of equalization is disposed of on the second Monday in August.

II.

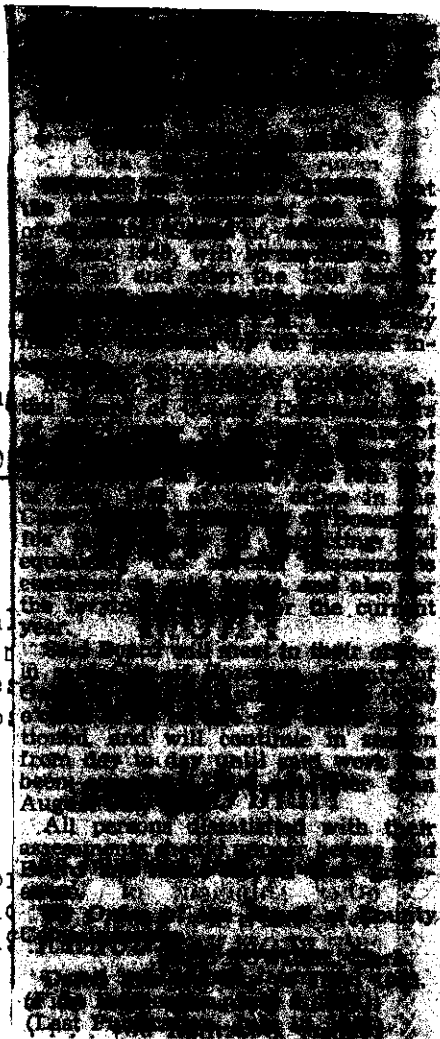

No assessment as returned by the Assessor shall be lowered, or additions thereto or changes therein made, except as provided in Section 2121, inclusive, of the Political Revised Codes of Montana, 1943.

No assessment shall be lowered or reduced unless the party affected thereby, or his agent makes and files with the Board a written application therefor verified by his oath, stating the particular items sought to be lowered or reduced and the facts upon which it is claimed such reduction should be made.

IV.

No assessment shall be lowered or reduction granted unless the person or the agent making the application attend and answer all questions pertinent to the inquiry relative thereto and the Board has authority to subpoena such witness as it may deem in its discretion proper and necessary.

The Board of County Commissioners must use the abstract and all other information it may gain from the records of the County Clerk or elsewhere in equalizing the assessment of the property of the County and may require the Assessor to enter upon the assessment books any property which has not been assessed; and any assessment made as prescribed in this section has the same force and effect as if made by the Assessor before the delivery of the assessment book to the County Clerk.

VII.

During the session of the Board of County Commissioners it may direct the Assessor to assess any taxable property that has escaped assessment, or to add to the amount, number or quantity of property, when a false or incomplete list has been rendered, and to make and enter new assessments (at the same time cancelling previous entries) when any assessment made by him is deemed by the Board so incomplete as to render doubtful the collection of the tax; but the Clerk must notify all persons interested by letter deposited in the postoffice, postpaid, and addressed to the person interested, at least ten days before action is taken of the day fixed when the matter will be investigated.

GENERAL COMMENTS:

Claims for the period were in very good form being well itemized and approved prior to payment; however, we find a good many such as Nos. 1149, 1152 and 1400 on which charges have been made for meals. The mileage allowed under the section of law covering these claims is in full for all expense. Claim No. 2289 covers expense while attending a convention at Helena. This claim was not supported by receipts for expense claimed.

All meetings of the Commissioners should be attended by the County Clerk or deputy who should take and write the minutes of the proceedings.

The records of all officers are exceptionally well kept.

Respectfully submitted,

C. H. LOWE,
Deputy State Examiner.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

County Welfare Supervisor Sivalon reported that Frank House, an OAA case, is to be taken to the Page Sanitarium at Three Forks today. Mr. Sivalon states Mr. House is without funds at this time. The Board agreed to take care of his hospital bill for the balance of April and also to increase his OAA grant from \$30.00 to \$40.00 effective May 1, 1944. Beginning with the month of May he is to turn the \$40.00 to the Page Sanitarium and the County is to pay \$5.00 per month.

Dean Chaffin, John Buttelman and Don Bennett, members of the Gallatin Airport Board, called on the Board and discussed postwar plans for the Gallatin field.

The Board granted permission to the Sheriff's office to have the Cass Mattress and Furniture Co. repair a chair in that office, the cost not to exceed \$10.00.

Wednesday THE 3rd DAY OF May 1944

County Commissioners' Office,
Bozeman, Montana.

The Board of County Commissioners met at the above named office in regular session on Wednesday, the 3rd day of May, A. D., 1944, at nine o'clock A. M.

Those present were R. L. Frank, Chairman, W. M. Alberda, and E. J. Parkin, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

The Board of Weed Supervisors, consisting of A. Parker Stone, A. J. Hanks, and J. E. Norton, with Geo. Woolley, County Agent, Joe Anderson, Acting County Agent, and Lloyd Fletcher, Weed Superintendent, met with the Board and discussed several matters pertaining to this year's weed program.

The Board sold at private sale under contract to Helen M. Landoe a strip of ground 60 ft. x 276 ft. west of Lots 13 and 14, Block G, Story's Addition to the City of Bozeman, at the appraised price of \$180.00. She made a down-payment of 20%, or \$36.00, the balance to be paid in four equal installments of \$36.00 each, with interest at 4% per annum. The County Attorney was ordered to draw a contract.

Attorney Landoe, husband of the purchaser, represented her in this transaction and stated that he was aware there were clouds to the title to this property, but that he would assume the responsibility of clearing all defects in the title. County Attorney Bunker was therefore instructed to insert a paragraph to that effect in the contract.

The Board entered into a written agreement with W. A. Albro of Willow Creek for the placing of a culvert under the Willow Creek-Three Forks County road. Mr. Albro agrees to pay the entire expense thereof including pipe or culvert, together with the labor and expense of constructing and placing same and to save the County from all damages if any should arise as a result of the water coming through the culvert and passing over any of the land. The work is to be done under the supervision of Surveyor Weldorf. The agreement was ordered filed in the County Clerk's office.

At the regular session of the Board, May 1st, 2nd & 3rd, 1944, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

WHEREAS, said Gallatin Airport serves all of the people of Gallatin County by reason of being located about nine miles west from the City of Bozeman and about one mile east of the Town of Belgrade on the U. S. Highway No. 10, and approximately in the center of population of the said County of Gallatin, and it is represented to this Board that there is substantial reason to believe that such service will be greatly increased when the war in which our country is now engaged is brought to an end if the facilities of said Airport are adequate to accommodate such increased service, and this Board believes such representations to be well founded in fact; and

WHEREAS, said airport as it at present exists is wholly owned by the City of Bozeman and represents an investment of City and Federal Government funds in a sum approximating \$400,000.00, but for the people of Gallatin County to get from it the best and most advantageous use, further substantial capital investment to be financed by a bond issue authorized by a vote of all of the registered taxpayers as are residents of Gallatin County, including those of such taxpayers as are residents of the City of Bozeman, probably will be necessary, and to legalize such bond issue it will be necessary that the County of Gallatin be owner of said Gallatin Airport to the extent of an undivided one-half ($\frac{1}{2}$) interest therein, and the Board of County Commissioners is of the opinion that it would be for the general good of all of the people of Gallatin County that there be such ownership; therefore, in consideration of the premises,

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF GALLATIN, STATE OF MONTANA:

Section 1

That the County of Gallatin subject to the conditions precedent hereinafter stated, will purchase from the City of Bozeman, an undivided one-half ($\frac{1}{2}$) interest in and to the real property known as Gallatin Field, in Gallatin County, Montana, and specifically described as follows:

feet, to a point on the north boundary line of U. S. Highway No. 10; thence North 53 degrees 37 minutes West 5,332 feet to a point on the West line of said Section Seven (7); thence north 1,174.4 feet to the Northwest corner of said Section Seven (7); thence east on the line between Sections Six (6) and Seven (7) 5,055 feet to the point of beginning;

being in all 1,114.81 acres, more or less, for the total sum of \$7,332.27, said sum being one-half ($\frac{1}{2}$) of the said City's actual cash investment and outlay in acquiring title to said real property, exclusive of the improvements made on said property by the United States Government to the value of approximately \$385,000.00 and transferred to the City of Bozeman on or about October 14th, 1942, and now owned by said City, and which transfer and conveyance to Gallatin County shall include an undivided one-half ($\frac{1}{2}$) interest in said improvements as well as in the land as above described, upon which said improvements are situated and located, subject, however, and only, to existing agreements and undertakings of the City with the United States Government relating to operation and maintenance of said Airport, Radio Range Site and Aeronautics Communication Station, and each and all thereof and the use thereof, and of each thereof, by the United States Government and its armed forces, all the originals of which agreements and undertakings have been produced to and examined by this Board and certified copies thereof made and filed with this Board.

Section 2.

That there has been delivered to this Board a duly authenticated copy of a Resolution of the Commission of the City of Bozeman for the purpose of making the sale herein referred to, which provides that,

"upon receipt by the City Commission of a duly adopted and certified copy of a resolution of said Board of County Commissioners providing for the submission to the qualified electors of Gallatin County, qualified to vote thereon, at the general election to be held in November, 1944, the question if this offer shall be accepted and the bonds of Gallatin County in an amount agreed upon by said City and County Commissioners and said Airport Board as sufficient to finance such purchase and adequately equip said Gallatin Field, as authorized by the laws of the State of Montana, then the City will make and execute a good and sufficient conveyance of said one-half ($\frac{1}{2}$) interest in said property to Gallatin County and place the same in escrow with a Bozeman bank, with instructions to said escrow holder to deliver said deed to Gallatin County, upon payment to said bank escrow holder for the account of the City of Bozeman, of the sum of \$7,332.27;"

and the said City Commission Resolution which is numbered 542, further provides that this Board shall certify to said City Commission that such bond issue so to be voted has been duly approved by the qualified electors as aforesaid, and that this Board will issue and sell such bonds within a reasonable time and use and apply the proceeds of such sale as may be necessary or advisable in the judgment of the County and City Airport Commission for the uses and purposes stated in said City Resolution for the purchase of the land and permanent improvements of said Gallatin Field, and in addition thereto make an annual levy for its upkeep and operation as may be necessary and advisable and as authorized by law.

Section 3.

That this Board will issue and sell such bonds as may be voted within a reasonable time, and use and apply the proceeds of such sale as may be necessary and advisable in the judgment of this Board, and the City Commission of the City of Bozeman, and the City-County Airport Board, for the purchase price of said field and for the permanent improvement of said field as an airport upon the following conditions:

(a) That there is delivered to this Board from the City and County Airport Commission or their agents, petitions as provided for in Chapter 356 of the Political Code of the State of Montana, Sections 4630.7 and 4630.8 R. C. M., 1935, in proper form containing the requisite number of qualified signers as provided by law, at which time this Board will pass and adopt a resolution as provided for in Section 4630.9, R.C.M.1935, and will proceed with the election as provided for in Sections 4630.10, 4630.11, 4630.12 as amended, 4630.13, and 4630.14;

(b) That if official returns on said election so held shall show the issue of such bonds approved as by law required, this board will proceed with the sale of said bonds as provided in Section 4630.15 to 4630.19, both inclusive, R. C. M., 1935.

(c) That this Board does not agree to make an annual levy for the up-keep of said Gallatin Field for the reason that the Board does not have continuing power under the law so to do, but that it is the intention of this resolution that being the owner of a one-half ($\frac{1}{2}$) interest in said Gallatin Field, if and when the conditions hereinbefore set forth are complied with, the succeeding Boards of County Commissioners should make such levy.

Section 4.

That it is the intention of this Board that the offer of the City of Bozeman as contained in said Commission Resolution Number 542, with the provisions herein indicated, be and the same is hereby accepted and that a certified copy of this resolution be delivered to the City of Bozeman, and if acceptable to them, be placed in escrow, together with a deed from the City of Bozeman, to be delivered to the County of Gallatin upon the payment herein provided for of \$7,332.27 from the monies derived from the bond

Wednesday THE 8th DAY OF November 19 44

County Commissioners' Office,
Bozeman, Montana.

The Board of County Commissioners met at the above named office in regular session on Wednesday, the 8th day of November, A. D., 1944, at nine o'clock A. M.

Those present were R. L. Frank, Chairman, W. M. Alberda, and E. J. Parkin, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

The Board received from Charles Hansen a petition for the abandonment of County Road No. 223. Same will be considered later.

Owing to the fact that there have been differences of weights reported between the County scales and the scales at the stock yards in Bozeman, the Board decided to make a check on the County scale. Commissioner Alberda's car was weighed over the scale at the Gallatin Lumber Company, also at the Kenyon-Noble Lumber Company, and then at the County scale. It was found that the weights on these three scales were almost the same, one scale showing the weight of the car to be 4320 lbs. and the other two 4325 lbs. It was therefore the opinion of the Board that the County scale is weighing accurately. The County scale was repaired about a year ago and at the time inspection was made by the State Inspector on May 8th, 1944 he reported the scale to be O. K.

At the regular session of the Board, November 6th & 8th, 1944, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:
