Just look for the desktop icon or go to www.hp.com/go/essentials/marketsplash to learn more about available offers.
- **Extra security with built-in fingerprint reader.** Enjoy protected access to your PC and online accounts with the built-in fingerprint reader. To set up access, assign each fingerprint to a password through the Digital Persona software, then swipe it over the reader to logon.
- **Put a face to your name with the HP Webcam.** Turn your next instant message into a live video chat with the integrated webcam⁽¹⁵⁾, omni directional microphone and an IM solution. Optimized for low-light environments, it's great for capturing short videos to share with clients.
- **Protection from data loss with ProtectSmart.** HP ProtectSmart Hard Drive Protection locks your hard drive into place when it senses abrupt motion to help prevent data loss due to sudden movement and accidental drops. The built-in eSATA/USB Combo port enables fast backup to an external hard drive.
- **Personalized disc labels with LightScribe.** Create custom laser-etched disc labels right in the drive with LightScribe and preinstalled Cyberlink DVD Suite. - **Run fast at 7200RPM.** Run apps at the highest hard drive speed available to get more done.⁽⁷⁾
- **Your PC, simply more productive.** Windows 7 is the easiest, fastest, most secure and energy-efficient version of Windows yet. And great features like HomeGroup makes sharing files on home networks easy, while Snap lets you quickly resize and compare windows on your desktop. Faster and more reliable performance means your PC just works the way you want it to.
