Skip-free digital audio

- > With no moving parts, the *iPAQ* PA-2 delivers skip-free audio, virtually anywhere.
- > Solid aluminum face plate and high-impact plastic construction is ultra-durable. Drop the *iPAQ* PA-2 and never miss a beat.

Digital music anywhere

- > Small and lightweight. Travels anywhere, for music without bulky cassettes or CDs.
- > Compact, snug-fitting earphones deliver high-fidelity sound.
- > Belt clip lets you fasten the *iPAQ* PA-2 to your belt or backpack.
- > Features the smallest and most rugged 64 MB memory card available. Ready to expand with your audio collection.

Customize your music collection

- > Popular MusicMatch Jukebox 6.0 and Windows Media™ Player 7 software let you easily manage your music.
- > Easily create, organize and manage playlists on your PC and transfer them to the *iPAQ* PA-2. No more fumbling with LPs, cassettes and CDs.
- > Add songs to your library in three different ways: record from a CD; download digital tracks from the Web; or add song files stored on your hard drive.
- > Create your own musical categories and easily locate specific songs, albums or playlists.

Included digital formats deliver CD-quality sound

- > Compressed CD-quality sound is delivered with a >85db signal-to-noise ratio.
- > Holds two hours of digital-quality tracks. Choice of compression ratio makes for longer listening time with little sacrifice in sound quality.
- > Supports MP3 and WMA audio files – the most popular online formats.

System Requirements

- > Microsoft® Windows® 98, minimum
- > 233 MHz processor or higher
- > 100 MB free hard disk space
- > Internet connection for downloading Web content
