

# WAI'ANAЕ MOUNTAINS WATERSHED PARTNERSHIP

## VISION

Working together to protect, restore, and enhance the Wai'anae Mountains watersheds while incorporating traditional, cultural and community values for future generations.

## MISSION

The overall goal of the Wai'anae Mountains Watershed Partnership (WMWP) is to cooperatively develop and implement management strategies for the Wai'anae Mountains Watershed, mauka to makai. The partnership will bring people together to responsibly manage watershed areas, native species and their habitats, and historical, cultural and socio-economic resources for all who benefit from the continued health of all of the Wai'anae Mountains ahupua'a.

## NATURAL RESOURCES
