

A good accountant lets you sleep really, really well at tax time.

Good design is worth paying for, and then some. **Consider building a home closer to the city.** A good attorney makes all conflict bearable — and usually shortens it. If you wouldn't refer your current professional to others, it's time to find someone new. **Refer your favorite providers to your friends.** Build cool homes. Work with great architects. Try to work locally. **Make Seattle a pro-business place.**

URBAN Architect

If you're thinking of remodeling or building a new home, starting a business, or moving shop, you're probably thinking about how to get your place fitted out just right. An architect might seem extravagant, but can actually save you money in the long run. Architects are specifically trained to look at the big picture when designing a project. Here's some items to think about to make your project successful:

- ▶ **Find compatible vision.** Working style: Interactive or not? Team or solo? What works for you? Find someone you can communicate with – No one but your family or maybe your therapist will know such intimate details about your personal life.
- ▶ **Look for relevant work.** Important, but also look for potential. You can miss out on the perfect teammate if you only look at candidates who have work in their portfolios that looks like what you want.
- ▶ **Compatible fee structure.** There's a variety of approaches, so make sure their approach fits for you. How do they handle contracts, fees, or parting ways in case of a conflict?

Make the process the best it can be. This means coming in with an open mind, and being honest about your goals and priorities. Remember the old two out of three rule: Budget, Scope, and Time. Do you want to draw the big idea and then adjust budget – or keep designs limited to what will work for a certain dollar amount?

Share your vision, in whatever way you can. Maybe you have a clip file that you've been working on since you were five... Or maybe you haven't given much thought at all to what the house or building would look like, but you know what you need functionally. Your architect will be able to guide you to a design using whatever you bring for start points – but the things you bring will be very important.

Customer Support

First, pour yourself a cup of coffee – then make sure you're on a speakerphone or headset – then (and only then) should you call for customer support. We've at least tried to save you the aggravation of trying to find the right number.

It's what's inside that counts.

At Bank of America Tower, there's more to your work day than just desk-time. As a "Vertical City," the building allows you to buy flowers, overnight a package, linger over lunch, drop off your dry-cleaning, attend a conference, and burn some calories, all without stepping outside.

Bank of America Tower is the tallest building in the Northwest, boasting 78 stories and more than 1.5 million square feet of office space. Along with the recent lobby renovation, Equity Office has re-energized one of Seattle's most prominent landmarks.

For information call: (206) 262-5400

Joining Kiwanis will make a difference in your life and others!

Kiwanis is a Global Organization. Kiwanis is a worldwide organization of women and men who share the challenge of community and world improvement. Since its founding in Detroit, Michigan in 1915, Kiwanis has grown to about 9,000 clubs in more than 80 nations. Nearly one-third of a million Kiwanians in every culture and on every continent are helping to improve people's lives.

What a New Member Can Expect From the Kiwanis

Kiwanis is an opportunity for you to share your experience, your knowledge, your time and your love in service to your community and your fellow man. Kiwanis provides a chance to belong to a group of similarly dedicated persons, and to share with them the fun and fellowship of meeting once a week and hearing interesting, stimulating programs and to work together for the good of the community. The opportunity to meet new people, create new business relationships and help the community at the same time is efficient use of your valuable time.

What is the Membership Like? We are a group of men and women of diverse ethnic, age and cultural backgrounds. What we share in common perhaps can be summarized in the Kiwanis motto: *Be Bold*. Kiwanis is a verb. It is something you do.

Join one of our local chapters below:

Kiwanis Club of Seattle: Meets Tuesdays noon at the College Club on 5th and Madison. www.kiwanisseattle.org PO Box 736 Seattle, WA 98111, Charter Harrison 206-493-1683
