

**BROAD SUCCESS OF SANOFI-SYNTHELABO'S OFFER FOR AVENTIS
BEFORE ANY SUBSEQUENT OFFERING PERIOD, SANOFI-SYNTHELABO
HOLDS 95.47% OF AVENTIS SHARE CAPITAL**

Paris, France — August 12, 2004 — Sanofi-Synthelabo (PARIS: SAN, NYSE: SNY) announces that the French *Autorité des marchés financiers* (AMF) today published the definitive results of Sanofi-Synthelabo's offers for Aventis. These results confirm that, as previously announced on August 9, 2004, as of the expiration of the offers on July 30, 2004, in aggregate 769,920,773 Aventis ordinary shares had been tendered into the French, German and U.S. offers (including 24,137,576 Aventis ordinary shares underlying the Aventis ADSs tendered into the U.S. offer). In addition, 92,692 warrants issued by Aventis in 2002 and 164,556 warrants issued by Aventis in 2003 were tendered into the French offer.

These results indicate that 769,920,773 Aventis shares representing 95.47% of the share capital and 95.52% of the voting rights of Aventis, on an issued and outstanding basis as of July 31, 2004, have been tendered into the offers. After giving effect to the offers, on a fully-diluted basis, Sanofi-Synthelabo will hold 89.84% of the share capital and 89.88% of the voting rights of Aventis. The AMF has therefore determined that the minimum tender condition to the offers has been satisfied and that the offers have been successful. Accordingly, Sanofi-Synthelabo will accept all the Aventis ordinary shares and warrants tendered in the offers and expects that the settlement of the offers and the delivery of the offer consideration in accordance with the terms of the offers will occur in respect of tendered Aventis ordinary shares on Friday, August 20, 2004 and in respect of Aventis ADSs tendered in the U.S. offer no later than Thursday, August 26, 2004 (to allow for necessary foreign exchange conversions). Euronext Paris will publish the timetable for the settlement and delivery.

Effect of Proration and Allocation.

According to the AMF's announcement, in aggregate 157,233,058 Aventis ordinary shares were tendered for the standard entitlement, 75,690,733 Aventis ordinary shares were tendered pursuant to an all stock election and 536,996,982 Aventis ordinary shares were tendered pursuant to an all cash election. Because the aggregate number of Aventis ordinary shares tendered pursuant to an all stock election was less than 2.5512 times the aggregate number of Aventis ordinary shares tendered pursuant to an all cash election, the all cash election was oversubscribed. After applying the proration and allocation procedures in the manner described in the offer documentation, 507,328,303 of the Aventis ordinary shares tendered pursuant to all cash elections were deemed to have been tendered for the standard entitlement, with the result that Sanofi-Synthelabo is acquiring the Aventis ordinary shares tendered in the offers according to the following distribution:

- 664,561,361 for the standard entitlement;
- 75,690,733 pursuant to the all stock election; and
- 29,668,679 pursuant to the all cash election.

As a result of this allocation and proration, holders that tendered Aventis ordinary shares (or Aventis ADSs) pursuant to an all cash election will receive approximately €21.89 in cash and 0.7872 of a Sanofi-Synthelabo share in exchange for each Aventis ordinary share that they tendered (or an amount in U.S. dollars equal to €21.89 in cash and 1.5744 Sanofi-Synthelabo ADSs in exchange for each Aventis ADS they tendered). However, it is important to note that these per share figures do not take into account the effect of fractional shares and may reflect the effect of rounding. The consideration that holders will receive in exchange for Aventis ordinary shares (or Aventis ADSs) that they tendered for the standard entitlement or pursuant to an all stock election will not be subject to any adjustment and will be paid in the amounts described in the offer documentation.

Subsequent Offering Period from August 13, 2004 to September 6, 2004

Having obtained greater than two-thirds of the total share capital and voting rights of Aventis, Sanofi-Synthelabo today announces that it will provide a subsequent offering period in each of the French, German and U.S. offers of 17 French trading days. The terms and amount of the consideration offered in these subsequent offering periods are identical to those offered during the initial offering periods. The subsequent offering periods will commence on August 13, 2004 and expire on September 6, 2004, at 23:00 hr (Central European Summer Time) for the French and German offers and simultaneously at 5:00 p.m. (Eastern Daylight Time) for the U.S. offer.

Sanofi-Synthelabo currently expects that the AMF will publish the results of the subsequent offering periods on or about September 16, 2004. Sanofi-Synthelabo currently expects that the settlement date of the subsequent offering periods will occur on or about September 24, 2004.

The proration and allocation adjustments described in the offer documentation will continue to apply to elections made with respect to Aventis ordinary shares tendered in the subsequent offering period. However, as disclosed in the offer documentation, the results of the application of these proration and allocation adjustments to tenders in the subsequent offering period may differ from the results of their application to tenders in the initial offering period ended July 30, 2004 that are described in this press release.
