# NOTES TO FINANCIAL STATEMENTS

#### 1. Information Concerning Parent, Subsidiaries, and Affiliates

During the first and second quarter of 2004, the First Unum Life Insurance Company (the Company) received \$10.0 million and \$15.0 million, respectively, in capital contributions from UnumProvident Corporation (UnumProvident).

#### 2. Contingencies

#### The Multidistrict Litigation - Policyholder Class Actions

On May 22, 2003, UnumProvident, several of its subsidiaries, including the Company, and some of their officers and directors filed a motion with the Judicial Panel on Multidistrict Litigation seeking to transfer a number of class action suits now pending against them in various federal district courts to a single district for coordinated or consolidated pre-trial proceedings. The action, discussed below, contends, among other things, that the defendants engaged in improper claims handling practices in violation of the Employee Retirement Income Security Act (ERISA) or various state laws. On September 2, 2003, the Judicial Panel on the Multidistrict Litigation entered an order transferring this case, described below, and a number of other class action suits to the U.S. District Court for the Eastern District of Tennessee for coordinated or consolidated pretrial proceedings. The lawsuits are in a very preliminary stage, the outcome is uncertain, and the Company is unable to estimate a range of reasonably possible losses. Reserves have not been established for these matters. An adverse outcome in one or more of these actions could, depending on the nature, scope, and amount of the ruling, materially adversely affect the Company's results of operations in a period.

On November 4, 2002 the case of <u>Keir et al. v. UnumProvident Corporation, et al.</u>, was filed in the United States District Court for the Southern District of New York. This case purports to be a class action on behalf of a putative class of group long-term disability participants insured under ERISA plans whose claims were denied or terminated on or after June 30, 1999. The amended complaint alleges that these claimants had their claims improperly challenged and allege that UnumProvident and its insurance subsidiaries, including the Company, breached certain fiduciary duties owed to these participants in ERISA plans in which the Company is the claims adjudicator. The Company maintains that the allegations are false and that the claims, as framed, are not permissible under ERISA's carefully structured avenues of relief. On April 29, 2003, the court denied the defendants' motion to dismiss the complaint. The Company denies the allegations in the complaint and will vigorously defend the litigation and any attempt to certify the putative class. This action was transferred to the Eastern District of Tennessee as part of the multidistrict litigation transfer order.

On February 11, 2003, the case of <u>Harris, et al. v. UnumProvident Corporation, et al.</u>, was filed in the Circuit Court of St. Clair County, Illinois. This case purports to be a class action. The complaint alleges that individuals were wrongfully denied benefits and alleges causes of action under breach of contract, breach of the covenant of good faith and fair dealing, violation of the Illinois Consumer Fraud Act, common law fraud, intentional misrepresentation, and breach of fiduciary duty. Alternatively, the complaint alleges violations of ERISA. The complaint seeks injunctive and declaratory relief as well as restitution and punitive damages. On April 4, 2003 the case was removed to the United States District Court for the Southern District of Illinois. The Company strongly denies the allegations in the complaint and will vigorously defend the litigation. This action was transferred to the Eastern District of Tennessee as part of the multidistrict litigation transfer order.

On April 30, 2003, the case of <u>Taylor</u>, on behalf of herself and all others similarly situated v. UnumProvident Corporation, et al., was filed in the Circuit Court for Shelby County, Tennessee in the Thirteenth Judicial District at Memphis. The plaintiff seeks to represent all individuals who were insured by long-term disability policies issued by subsidiaries of UnumProvident and who did not obtain their coverage through employer sponsored plans and who had a claim denied, terminated, or suspended by a UnumProvident subsidiary after January 1, 1995. Plaintiff alleges that UnumProvident and its subsidiaries, including the Company, employed various unfair claim practices in assessing entitlement to benefits by class members during this period and as a result wrongfully denied legitimate claims. The plaintiff and the class seek contractual, equitable and injunctive relief. On June 9, 2003, the defendants removed this action to the United States District Court for the Western District of Tennessee. The Company denies the allegations in the complaint and will vigorously defend the litigation and any attempt to certify the putative class. This action was transferred to the Eastern District of Tennessee as part of the multidistrict litigation transfer order.

On July 18, 2003, <u>Contreras v. UnumProvident Corporation, et al.</u>, was filed in the Southern District of New York. Plaintiffs allege claims on behalf of a putative class of ERISA plan participants, beneficiaries, third-party beneficiaries or assignees of group long-term disability insurance issued by the insuring subsidiaries of UnumProvident, including the Company, who have had a disability claim denied, terminated or suspended by UnumProvident on or after June 30, 1999. Plaintiffs assert bad faith claims practices by UnumProvident in violation of ERISA. Plaintiffs seek equitable and injunctive relief to require, among other things, that UnumProvident re-evaluate all previously denied, terminated, or suspended claims. The Company denies the allegations in the complaint and will vigorously defend the litigation and any attempt to certify the putative class. This action was transferred to the Eastern District of Tennessee as part of the multidistrict litigation transfer order.

On September 17, 2003, the case of <u>Rudrud et al. v. UnumProvident Corporation, et al.</u>, was filed in the United States District Court for the District of Massachusetts. The plaintiffs assert claims on behalf of a putative class of disability participants insured under ERISA plans. The complaint alleges that these claimants had their claims improperly denied or terminated and that the Company breached certain fiduciary duties owed to these participants in ERISA plans. The complaint alleges violations under the federal Racketeer Influenced and Corrupt Organizations Act (RICO) and Massachusetts state law. The complaint seeks payment of benefits, reversal of claim denials or contract rescissions and re-determination by an independent person of claims of the named plaintiffs and others similarly situated, appointment of a master to oversee certain claim handling matters, restitution and damages, and treble damages under RICO. The Company denies the allegations in the complaint and will vigorously defend the litigation and any attempt to certify the putative class. This action was transferred to the Eastern District of Tennessee as part of the multidistrict litigation transfer order.

On November 13, 2003, the case of <u>Dauphinee et al. v. UnumProvident, et al.</u>, was filed in the United States District Court for the Eastern District of Tennessee. This action is brought as a putative class action lawsuit on behalf of representative plaintiffs and all disabled individuals insured under a UnumProvident long-term disability plan. The complaint alleges that UnumProvident and its subsidiaries fraudulently and otherwise unlawfully denied and terminated long-term disability insurance benefits. Additionally, the complaint alleges

## NOTES TO FINANCIAL STATEMENTS

misuse of authority as an ERISA claims fiduciary. The complaint seeks injunctive and declaratory relief to require, among other things, that UnumProvident re-evaluate all previously denied, terminated, or suspended claims. The Company denies the allegations in the complaint and will vigorously defend the litigation and any attempt to certify the putative class.

On December 22, 2003, the Tennessee Federal District Court entered an order consolidating all of the above actions other than the <u>Taylor</u> action for all pretrial purposes under the caption <u>In re UnumProvident Corp. ERISA Benefit Denial Actions</u>. Among other things, the court in that order appointed a lead counsel in the actions and directed lead counsel to file a consolidated amended complaint in the <u>ERISA Benefit Denial Actions</u>, which was filed on February 20, 2004. On March 26, 2004, the defendants answered the complaints in these actions, and simultaneously filed a motion for judgment on the pleadings in the <u>ERISA Benefit Denial Actions</u>. The court has not yet ruled upon that motion.

The parties have engaged in certain limited discovery in connection with a court-ordered mediation to take place later this year, as well as certain discovery on the merits of the claims asserted in the actions.

On April 9, 2004, the plaintiffs in <u>Taylor</u> and in the <u>ERISA Benefit Denial Actions</u> separately filed motions seeking certification of a plaintiff class. The defendants opposed each of those motions. The court has not yet ruled upon the motions.

The court entered a schedule providing for the completion of all pretrial proceedings in these actions by December 2005. The Company denies the allegations in the complaints and will vigorously defend the litigation and any attempt to certify the putative class.

#### **Claim Litigation**

UnumProvident and its insurance company subsidiaries, including the Company, as part of their normal operations in managing disability claims are engaged in claim litigation where disputes arise as a result of a denial or termination of benefits. Most typically those lawsuits are filed on behalf of a single claimant or policyholder, and in some of these individual actions punitive damages are sought, such as claims alleging bad faith in the handling of insurance claims. For claim litigation, UnumProvident and its insurance company subsidiaries, including the Company, maintain reserves based on experience to satisfy judgments and settlements in the normal course. Management expects that the ultimate liability, if any, with respect to claim litigation, after consideration of the reserves maintained, will not be material to the financial condition of the Company. Nevertheless, given the inherent unpredictability of litigation, it is possible that an adverse outcome in certain claim litigation involving punitive damages could, from time to time, have a material adverse effect on the Company's results of operations in a period. The Company is unable to estimate a range of reasonably possible punitive losses.

On December 11, 2003, the case of <u>Jewel, et al. v. UnumProvident, et al.</u>, was filed in the Worcester County Superior Court, Commonwealth of Massachusetts. The Company received service of this matter on March 8, 2004. Plaintiffs seek to represent all individual long-term disability policyholders and all participants in group long-term disability plans which are not covered by ERISA who (a) had coverage issued by an insuring subsidiary and (b) whose claims for long-term disability benefits were denied, or whose payments of long-term disability benefits were terminated or suspended, on or after July 1, 1999. Plaintiffs allege that the defendants employed various unfair claim practices and seek declaratory, contractual, and injunctive relief. On April 20, 2004, the defendants answered the complaint by denying generally the allegations and asserting various defenses. On July 15, 2004, plaintiffs filed a motion seeking to certify a plaintiff class. The defendants have not yet responded to that motion. The Company denies the allegations in the complaint and will vigorously defend the litigation and any attempt to certify the putative class.

#### Examinations and Investigations

#### **Broker Compensation, Quoting Process, and Related Matters**

In June 2004, UnumProvident received a subpoena from the Office of the New York Attorney General (NYAG) requesting documents and information relating to compensation agreements between insurance brokers and UnumProvident and its subsidiaries. UnumProvident has received subpoenas for additional information, including information regarding its quoting process and the placement of reinsurance coverages. UnumProvident is reviewing its compensation policies and procedures for compliance with applicable legal requirements. As announced on October 19, 2004, UnumProvident and its subsidiaries will not enter into any new broker compensation agreements until this review is completed, and UnumProvident fully supports the complete and timely disclosure of compensation paid to the broker of a customer. UnumProvident is cooperating with the NYAG's requests and is in the process of gathering and providing information in response to these requests.

On October 26, 2004, UnumProvident received a subpoena from the Office of the Attorney General of the State of Connecticut. This subpoena also requested information regarding the quoting process and information regarding compensation agreements with brokers. UnumProvident will fully cooperate with this investigation.

On October 25, 2004, UnumProvident received a letter from the Massachusetts Division of Insurance announcing its intention to conduct a limited scope market conduct examination to determine whether the allegations raised in the NYAG's complaint against Marsh & McLennan are prevalent in the Commonwealth of Massachusetts. UnumProvident will fully cooperate with the Division's conduct of this examination.

### Claim Related

UnumProvident have experienced increased market conduct examinations by state insurance departments focused specifically on its disability claims handling policies and practices. On March 19, 2003, UnumProvident consented to the entry of an order by the Georgia Insurance Commissioner that, among other things, ordered four of UnumProvident's insurance subsidiaries to each pay a monetary penalty of \$250,000 and to adhere to certain claims handling practices. The order also placed these four companies on regulatory probation for two years, during which period certain Georgia claims and complaints will be reviewed on a quarterly basis by representatives of the Georgia Department of Insurance. The Georgia order did not cite any violations of Georgia law or regulations.

# NOTES TO FINANCIAL STATEMENTS

Because of the number of market conduct examinations initiated during 2002 and 2003, the insurance commissioners of Maine, Massachusetts, and Tennessee, the states of domicile of UnumProvident's principal insurance subsidiaries, initiated a multistate targeted market conduct examination in September 2003 that focused on the disability claims handling policies and practices of these subsidiaries and whether they reflected unfair claim settlement practices. These three insurance commissioners have acted as the lead state regulators in conducting the exam. The insurance departments of 47 other states, the District of Columbia, and American Samoa have joined as participants in the multistate exam.

While the multistate exam was in progress, other investigations of UnumProvident's claims handling practices were proceeding. UnumProvident received a letter in September 2003 from the NYAG indicating that it was reviewing the disability claims handling practices and related issues of UnumProvident and its insurance subsidiaries. UnumProvident received several subsequent requests for additional information relating to several claims handling related issues and has been providing information in response to those requests.

In a letter dated March 25, 2004, the U.S. Department of Labor (DOL) informed UnumProvident that it was conducting an examination pursuant to the Employee Retirement Income Security Act of 1974 (ERISA) of the benefit plans UnumProvident provides to its employees and the products and services provided to third party plans. UnumProvident has been in the process of gathering and providing information in response to several requests.

As a result of the multistate exam and the other claim-related investigations, UnumProvident has had extensive discussions beginning with the lead state regulators that were joined later by the DOL, the NYAG, and the insurance department of the State of New York, which joined because UnumProvident has two insurance companies writing disability insurance that are domesticated in New York. Discussions also included the insurance department of California, which had an examination and investigation relating in part to claims handling practices that raised issues similar to the issues raised in the multistate exam. UnumProvident's goal has been to have these regulators and agencies join a combined resolution of the claim handling issues that addresses the needs of the various constituents that have an interest in UnumProvident and affect its business. While UnumProvident acknowledges that this objective adds complexity to the process, it believes that substantial progress has been made. The discussions are ongoing, and no assurances can be given as to their outcome or the number of parties that may join a combined resolution.

While the multistate examination has been in progress, several states have chosen to pursue their own market conduct examinations and investigations, which include claim related as well as certain other state specific issues. These include California, Arizona, Minnesota and New Mexico. Although these states are also participants in the multistate examination, it is uncertain as to whether any of these states will join in any combined resolution of the claims handling matters, pursue their own examination to conclusion, or pursue a combination of joining a multistate resolution and resolving certain state specific issues separately.

These regulatory examinations and investigations could result in, among other things, changes in business practices, including broker compensation and related disclosure practices, changes in the Company's claims handling practices, increases in policy liabilities, reopening of closed or denied claims, changes in governance and other oversight procedures, fines, and other administrative action. Such results, singly or in combination, could injure the Company's reputation, cause negative publicity, adversely affect the Company's ratings, or impair the Company's ability to sell or retain insurance policies, thereby adversely affecting the Company's business, and potentially materially adversely affecting the consolidated results of operations in a period. Determination by regulatory authorities that UnumProvident or its insurance subsidiaries have engaged in improper conduct could also adversely affect the Company's defense of various lawsuits described herein.

### **Other Litigation**

On October 20, 2004, a purported class action complaint for violations of the Racketeer Influenced and Corrupt Organizations Act (RICO), <u>Ronald Scott Shirley v. Universal Life Resources</u>, et al., was filed in the United States District Court for the Southern District of California. The allegations are made against Universal Life Resources, a major broker, and several major insurers, including UnumProvident, claiming there was a conspiracy to fraudulently market, sell and administer insurance products to employee benefit plans by extracting undisclosed compensation and fees from the employers sponsoring the plans and from the participants of those plans. The Company will vigorously defend the litigation.
