- (1) Including securities purchased under resale agreements.
- (2) Including negotiable debt instruments
- (3) Including undated subordinated capital notes.

As at December 31, 2001, total parent company assets stood at EUR 412.0 billion, up 12.2% on December 31, 2000.

- Growth in customer loans (+6.0%), which totaled EUR 113.0 billion at December 31, 2001, was essentially driven by the increase in loans to financial institutions (EUR +9.6 billion) and in mortgage loans (EUR +2.6 billion), coupled with the repayment of a short-term credit facility granted to ACOFA at the end of 2000 (EUR -5.2 billion). Loans to individual customers grew by 12.3%, driven essentially by the mortgage loan segment.
- The securities portfolio stood at EUR 156.5 billion at December 31, 2001, up 11.6% on December 31, 2000. This

change principally reflected the increase in securities purchased under resale agreements in the amount of EUR 8.5 billion and in fixed-income trading securities (EUR +5.0 billion).

- Option premiums rose in relation to December 31, 2000 (EUR +11.0 billion), following a significant increase in volumes issued.
- · Customer deposits, which amounted to EUR 111.6 billion at December 31, 2001, were up by EUR 17.3 billion (+18.3%) on end-December 2000, driven essentially by term deposits of financial institutions (EUR +13.4 billion).

Parent company results for the 2001 financial year include the retail banking activities of Sogénal, Société Générale's former retail operations in eastern France, which were spun off in May 2001 with retroactive effect from January 1. In view of the non significant impact of this transfer on the accounts of Société Générale, accounts for 2000 have not been restated.

Parent company net income stood at EUR 2,007 million in 2001, down 11.4% on the previous financial year. The breakdown of results between Société Générale in France and abroad is shown in the above table

The various items can be broken down as follows:

- Growth in gross operating income (+6.8%) was the result of both the rise in net banking income (+2.9%) and the more modest increase in operating expenses(+1.0%).
- The net allocation to provisions amounted to EUR 583 million in 2001 compared with EUR 210 million in 2000. This marked increase reflected the deterioration in both the domestic and international economic environments. The 2001 financial year was notably marked by a significant increase in American risk and by the Argentine crisis.
- -Net income from long-term investments totaled EUR -292 million in 2001. This result notably includes the depreciation expenses booked on the equity investments in

SG Americas, Fimatex and SG Argentina, which were offset in part by the capital gain realized on the sale of treasury stock to SG Asset Management (EUR +204 million). As a reminder, the 2000 figure included the capital gain realized on the sale of a 10% stake in Crédit du Nord to Crédit Communal de Belgique (Dexia group).

Extraordinary items totaled EUR -17 million in 2001 and principally comprised:

- costs related to the introduction of the European single currency that were not covered by provisions at December 31, 2000 (EUR -9 million),
- the increase in the contribution paid into the deposit guarantee fund (EUR -5 million) following a change in the calculation method.
- the adjustment to the contribution paid into the Compensation Fund and the Memorial Foundation for Victims of the Holocaust (EUR -3 million),

Income tax in 2001 represented a tax gain of EUR 119 million (compared with a tax charge of EUR 253 million in 2000).

Report of the statutory auditors on the annual accounts

(Free translation of the French original)

For the year ended december 31, 2001

To the Shareholders of Société Générale,

In our capacity as statutory auditors, we present below our report on:

- the accompanying annual accounts of Société Générale, presented in euros, in accordance with French accounting principles and
- the specific procedures and disclosures prescribed by law, for the year ended December 31, 2001.

These annual accounts are the responsibility of the Company's management. Our responsibility is to express an opinion on these annual accounts based on our audit.

I. Opinion on the annual accounts

We conducted our audit in accordance with French professional standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the annual accounts are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the annual accounts. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall annual account presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the annual accounts present fairly, in all material respects, the financial position of the Company at December 31, 2001 and the results of its operations for the year then ended, in accordance with French accounting principles.

II. Specific procedures and disclosures prescribed by law

We have also carried out, in accordance with French professional standards, the specific procedures prescribed by French law.

We have nothing to report with respect to the fairness of information contained the Board of Directors' report and its consistency with the annual accounts and other information presented to shareholders concerning the financial position and annual accounts.

In accordance with French law, we have ensured that the required information concerning the purchase of investments and controlling interests and the names and voting rights of the principal shareholders has been properly disclosed in the Board of Directors' report.

Under the authorization granted to it by the Extraordinary General Meetings of May 27, 1992 and May 13, 1997, the Board of Directors, during its meetings of March 15, 1995, June 19, 1996, June 25, 1997, June 24, 1998, and January 12, 2001 granted stock options to certain employees and officers. Moreover, following a recommendation by the Compensation Committee, the Board of Directors granted additional stock options on September 8, 1999 and August 2, 2000.

At December 31, 2001, there were 7,156,280 options outstanding, which could result in the issue of 7,156,280 new shares representing additional nominal common stock of EUR 8.9 million (see "Stock Options" on page 63).

The Joint General Meeting of May 13, 1997 authorized the Board of Directors to carry out capital increases reserved for:

• Those Société Générale employees, and former employees who are retired or on early retirement, who are members of the Company Savings Scheme.

• Those employees, and former employees, who are retired or on early retirement, of Société Générale and of other Group companies, and who are members of the Company or Group Savings Schemes, for a maximum nominal amount of FRF 400 million. The purpose of this authorization is to enable qualifying employees to subscribe, through a mutual fund, to Société Générale shares at a price that may not be higher than the average opening price of the share on the twenty trading days preceding the date of the Board's decision setting the opening date for the subscription, nor lower than such average reduced by the maximum discount permitted by law on the day of the Board's decision.

An initial operation had been carried out under this authorization in 1998 for a nominal amount of EUR 55.7 million, according to the decision taken by the Board of Directors on March 11, 1998, followed by a second operation in 1999, in the amount of EUR 8.5 million. A third operation was carried out in 2000, in the amount of EUR 6.7 million, followed by a fourth in 2001, in the amount of EUR 5.9 million.

Authorization to carry out stock exchange dealings in own shares

The Joint General Meeting of May 4, 2001 authorized the Company to buy or sell its own shares on the stock exchange with a view to canceling the shares, enabling the introduction of an employee incentive scheme or transactions reserved for employees, as well as allowing acquisitions of all types or the management of shareholders' equity to be carried out, under the conditions and limits set by article L225-209 of the French Company Code, and within the following limits:

- maximum purchase price: EUR 110;
- minimum selling price: EUR 37;
- maximum number of shares that may be purchased: 10% of total common stock.

The volume and average price of shares purchased and sold under this authorization during 2001 is indicated on page 62.

Duration of authorization

Eighteen months. The next Shareholders' Meeting will be asked to renew this authorization under the terms defined in the sixth resolution (see page 169).

Identification of holders of bearer shares (article 6 of the by-laws)

The Company may, at any time, in accordance with current laws and regulations, request the organization in charge of clearing transactions on its shares to provide it with any information regarding those shares and other securities which confer on their owners an immediate or deferred voting right at shareholders' meetings and the holders of such shares and securities.

Information on the portion of capital held by employees under the Company and Group Savings Schemes

In accordance with article L225-102 of the French Commercial Code, it is hereby declared that at December 31, 2001, employees of Société Générale and of Société Générale Alsacienne de Banque (Sogénal) and Crédit du Nord held a total of 33,560,437 of Société Générale's shares, representing 7.78% of common stock, through the mutual fund created under the Société Générale Company and Group Employee Savings Schemes.

Shareholder agreements

- 1. In the prospectus issued by Société Générale in April 1999 in response to that published by BNP in connection with its public exchange offer for Société Générale shares, Société Générale provided information on the contents of two agreements to which it was party.
- On March 1, 1996, Société Générale concluded an agreement with Peugeot SA relating to the management of their reciprocal cross-holdings. This agreement was rescinded in full on November 14, 2001. This information was published by the French Financial Markets Council (Conseil des Marchés Financiers, CMF) in Decision No. 201C1374 dated November 19, 2001.
- On June 27, 1997, an agreement was reached between the Pernod-Ricard Group and Société Générale. Under the terms of this agreement, Santa Lina (a company within the Pernod-Ricard Group) grants Société Générale a pre-emptive right to the Société Générale shares it holds in the event that it opts to sell all or part of its holding. The CMF was informed of this pre-emptive clause and published the same in Decision No. 201C1375 dated November 19, 2001. This agreement was still in place on December 31, 2001.

2. Law No. 2001-420 of May 15, 2001 enacting legislative provisions relating to new economic regulations (Loi "NRE") amended Article L 233-11 of the French Commercial Code. This article stipulates that any clause of an agreement that provides for preferential conditions with respect to the transfer or acquisition of shares traded on a regulated market and representing at least 0.5% of the capital or voting rights of the company that issued the said shares, must be transmitted to the CMF, which will then publish a notice to this effect.

Over and above the pre-emptive clause contained in the agreement concluded with Pernod-Ricard, Société Générale informed the CMF, in accordance with the aforementioned provisions, of the clauses of the agreement concluded on July 24, 2000 with Santander Central Hispano concerning the management of their reciprocal cross-holdings. Under the terms of this agreement, Société Générale and Santander Central Hispano each grant the other party a pre-emptive right to the shares held either directly or via a subsidiary by each of the parties in the capital of the other, with this right not applying in the event of a public offer made by a third party for the shares of one or other of the parties.

This pre-emptive clause was published by the CMF in Decision No. 201C1417 dated November 30, 2001. This agreement was still in place on December 31, 2001.
