Key Features

Lexmark X950de color MFP with optional 2,520-Sheet Tandem Tray, Booklet Finisher and 2,000-Sheet High Capacity Feeder

1. Intuitive color touch screen

The extra large 10.2-inch color touch screen allows you to operate your MFP with ease through intuitive navigation and easy access to workflow solutions and shortcuts.

2. Direct USB

The front USB port allows for convenient walk-up printing and is compatible with many printable image file formats.

3. Flexible input capacity

Choose the configuration that best fits your needs, up to a maximum of 5,140 sheets.

4. Exceptional media handling

Ultra-reliable paper feeding lets you load up to six different types of media, including sizes up to 12.6 x 48 inches and weights up to 300 gsm.

5. Advanced finishing options

Easily create professional output in-house with flexible finishing options, including multi-position stapling, hole punch, expanded output stacking, and booklet capability.

6. Lexmark solutions

Reduce unnecessary printing and simplify work processes through solutions applications preloaded on your device. Choose additional Lexmark solutions to fit your unique workflow needs.

*Average continuous black or composite CMY declared cartridge yield in accordance with ISO/IEC 19798.

Overview

Outstanding color output

Make a lasting impression on your customers and do more printing in-house with vibrant, professional-quality output on a wide variety of media. With the advanced technology of the Lexmark X950 Series, you'll get high-performance tabloid multifunction capability that produces consistent color from the first page to the last.

- 1200 x 1200 print resolution for rich vibrant colors and crisp black text.
- Match brand sensitive corporate colors on marketing collateral and within Microsoft Office with Lexmark Named Color Replacement and PANTONE® calibration
- Lexmark Color Care Technology to manage color use and control costs.
- Create professional collateral materials ranging from saddle stitch booklets to folded brochures on media up to 12.6 x 48 inches.

Productive and intuitive

The Lexmark X950 Series combines high-performance printing, copying, scanning and faxing with time-saving workflow applications designed to boost your productivity.

- Print and copy at speeds up to 55 ppm black and 50 ppm color, and scan at speeds up to 70 images per minute; time to first copy as quick as 5.8 seconds.
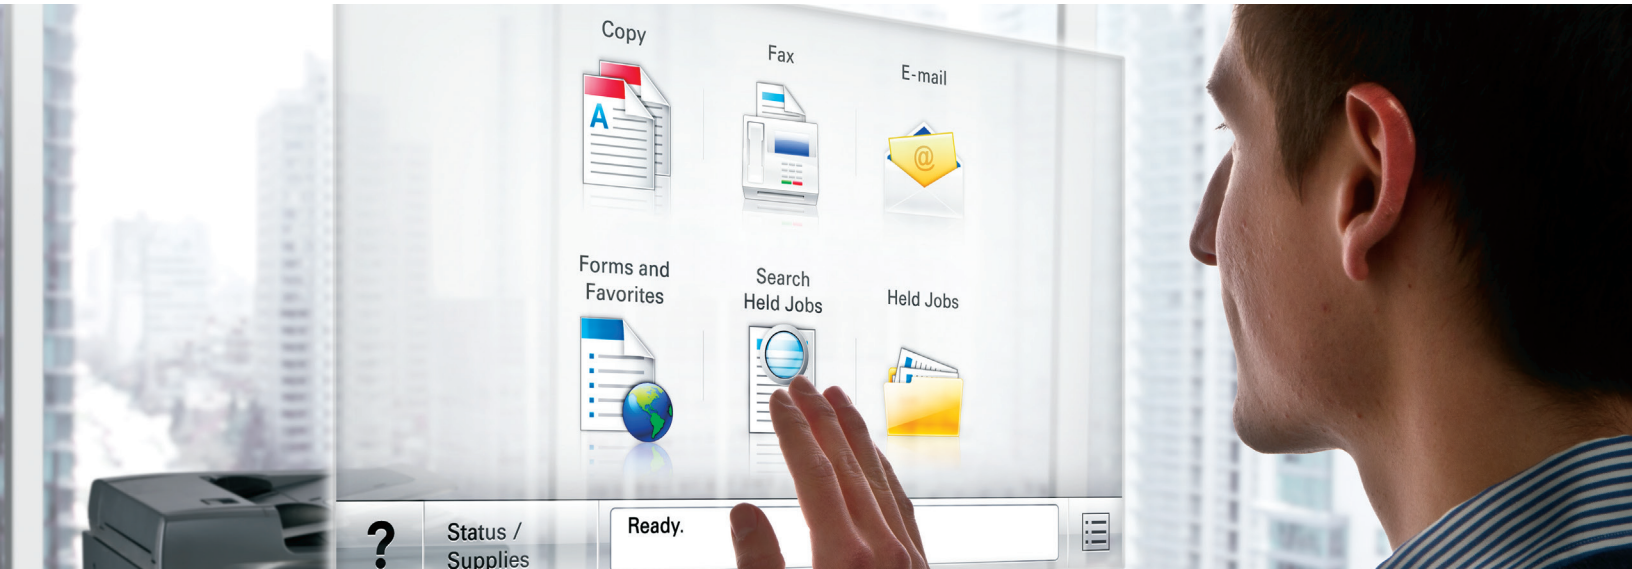

- Extra large, easy to navigate 10.2-inch color touch screen provides audible and tactile feedback to make completing tasks intuitive.
- Preloaded applications help you drive greater efficiency in your workflow.
- Scan to multiple destinations, including scan to e-mail, scan to FTP, scan to fax, scan to network, scan to USB drive, and more.

Built for Business

The Lexmark X950 Series features a robust print engine designed to handle the most demanding workloads with the advanced features and flexibility you need to run your business.

- Robust connectivity makes it easy to integrate into almost any network environment.
- Simplify device monitoring and administration through the embedded web server, Lexmark Universal Print Driver, and Lexmark Markvision Enterprise.
- High-capacity hard disk, 1.2 GHz processor, and up to 2GB RAM.
- Inner Tray 2 is standard, allowing you to separate print, copy or fax output into two bins.
- Choose from multiple input options to expand capacity up to 5,140 sheets.
- Easy-to-replace aftermarket cartridges provide yields of up to 32,000[1] pages black and up to 22,000[1] pages color.

Solutions

The right touch

The Lexmark e-Task color touch screen is a key access point to your MFP. The extra large customizable 10.2-inch interface gives you the ability to preview thumbnails of documents prior to printing, as well as to change print jobs at the device. You can even view, select and print specific pages within a document directly from the touch screen. Easy-to-use, intuitive navigation provides fast access to the functions, shortcuts and workflows you use most, and through the MyMFP feature, you can tailor your device with personal settings. New interactive sensory features provide both tactile and audible feedback, helping to guide you through each operation, confirming a touch has registered and indicating an action is transpiring.

Preloaded solutions* on the X950 series:

Forms and Favorites
Eliminate waste and inefficiencies associated with preprinted forms. Store frequently printed forms, marketing materials or other documents online, then print them on demand.

Scan to Network
Scan a hardcopy document and route the image to one of 30 predefined personal or public shared network folders.

Change Language**
Easily switch the language displayed on the touch screen—18 languages supported.

Examples of solutions available through Lexmark authorized partners and dealers, or through a Lexmark Professional Services engagement:

Scan to Network Premium
This enhanced version of Scan to Network offers advanced functionality to preview, modify, enhance and index scanned documents before routing them to a shared network folder.

Showroom
Display a customizable, scrolling slideshow on the color touch screen to promote your business or products, or to communicate important messages to your customers or employees.

Card Copy
Save time and effort in copying identification cards, licenses and insurance cards by automatically scanning, enlarging and printing both sides of a two-sided card onto one side of a sheet of paper.

* Additional solutions are available
** Opt-in to Change Language during installation

Highlights

Consistent color every time

Produce professional documents confidently in-house knowing that the named colors of your company's brand and logo will print accurately and consistently every time. Included standard with your device, users can match brand sensitive corporate colors on marketing collateral and within Microsoft Office with Lexmark Named Color Replacement and PANTONE® calibration.

Protecting your information

From the data traveling through your network to the pages being printed, multilayered security features and built-in capabilities help you protect your devices, documents, data and network.
- Supports a variety of user authentication and authorization controls.
- Card reader option allows users to authenticate with proximity or swipe cards.
- Advanced hard disk encryption protects sensitive data on the printer's disk drive.

- Automatic, scheduled or manual disk wiping removes latent data.
- IPSec, SNMPv3 and 802.1x network security are supported.
- Security-audit logging tracks and identifies security risks.

Easy device management

Manage your output environment effectively with Lexmark Markvision Enterprise. This free browser-based software gives you complete visibility into your entire fleet of network printers and MFPs regardless of manufacturer. Markvision Enterprise makes it easy for administrators to configure, track, view, troubleshoot and proactively manage devices throughout their lifecycle, from the moment you connect them to the network until the day you retire them.
