HOUSE NUMBERS

Only a few numbers are confused now, —as on High, Stockton, Voorhees, James, and Kentnar. Fix these, and there will be no further complaint.

Now, in general, houses number east and west from Main Street, —or from south to north. No better plan could be devised! Just change the few that are not consecutive—NOT THE WHOLE TOWN!

Many numbers are missing, broken, painted over, hidden by shrubbery or screens. How about yours?

Committee on House Numbers. L. H. (BILL) HART, Sec.

CAN YOUR HOUSE NUMBER BE SEEN FROM THE STREET?

"HOUSE NUMBERS SHOULD BE LEGIBLE FROM THE STREET, AND IN PROPER ORDER, SO THEY CAN BE FOUND."

WRONG NUMBER MISSING NUMBER PAINTED OVER TOO SMALL BROKEN FAR FROM LIGHT AROUND CORNER BEHIND DOOR BEHIND SCREEN BEHIND SHRUBS

THIS IS YOUR JOB!

Please give your house number to the phone company! Callers remind us that many residents and even prominent business concerns are listed simply as "Amboy Avenue" or "Middlesex Avenue" etc. This is true not only in outlying areas like the Barton Section, but in the Boro as well. This causes annoyance and delay to visitors, delivery men, doctors, etc.

Be careful too, to be correct as to "Street, Avenue, Court, Road" etc. Maple Street is NOT the same as Maple Avenue; Walnut Street is far from Walnut Place. There are five Roosevelts, four Henrys, 4 Johns, etc. in this phone book.

If you have no number, we will help you find out what it should be.

If you know any numbers that are wrong, perhaps we can help on that too.

TO HELP YOU PRONOUNCE "METUCHEN."

By L.H.Hart.

It always was my fond ambition,
 To live and die in dear Metition;
 But parlor, bedroom, bath and kitchen
 For rent or sale? Not in Metitchen!
 Every housewife in Metooken
 Loves her Kinder, Kirche, and Kuchen.
 All the belles in fair Metooshin
 Deck with ribbons, lace, and ruchin'.
 Hist'ry carves on our escutcheon
 "Brainy Boro of Metuchen!"
 Famous men,- I am not Jochen,
 Men of note, live in Metochen.
 Soon ol' mammy will be tuckin'
 Me in bed, in ol' Metucken.

Welcome to Metuchen

We hope you like METUCHEN and we would like to help you get acquainted. You will find your own kind of people here, if you are willing to go more than half-way to be neighborly. Don't wait! Make the first friendly gesture yourself.

Metuchen has fine shade trees, lovely gardens, pools, outdoor fireplaces, broad lawns; no ugly factories, industrial smells or noises, thanks to the foresight of our Councilmen, through the years.

To these assets we can add the friendly "small-town" atmosphere—close and enduring friendships, wholesome contacts for young folks, hobbies and neighborhood activities, art, music, drama, educational and religious projects—but ONLY IF we support our churches and organizations.

Visit our fine churches and Y.M.C.A. Ask us about the various churches, clubs, lodges; musical, dramatic, athletic, civic, and political groups; offer to do some committee work. Attend the meetings of the Boro Council and the Chamber of Commerce. Tell us what activity you were in, back home, and we will put you in touch with the right people.

Choose an organization—attend, support it—serve on committees, and you will be richly rewarded!

Shop here. Patronize our good doctors, dentists, attorneys, and insurance men; our merchants and service stations. Take an interest in your town. Read your local paper. VOTE!

Is your house number correct? Can it be seen clearly from the street?

History of Metuchen

Metuchen was first settled in 1670, by 66 Dutch and English families, from Newbury, Mass.

The name is Indian, and means "Rolling Land."

In 1777, during the Revolution, there was a skirmish with the British, which is commemorated by the marker opposite the Postoffice.

The oldest families represented here now, are Ayers, Bloomfield, Kelly, and Mundy.

The term "Brainy Borough" arose from the fact that so many famous people have lived here; artists, ceramic experts, chemists, executives, editors, writers, etc.—the most noted being Mary Wilkins Freeman, the novelist. Two Metuchen men are listed in "Who's Who in America."

These fine people came here because of the unusually fine "Main Line" train service; and because we do not have the noise, fumes, and ugliness of heavy industries. On the other hand, we miss their tax money!

The Edgar family developed the fine clay found here. To them we owe the YMCA and Edgar Park. The Edgar Company now mines chiefly in Georgia, where the clay is better suited for coating the paper in magazines, such as TIME and LIFE.

Population, 1940 census, 6557. 1948 estimate, 10,000.

The elevation at the railroad station is 112 feet above sealevel; and is the highest point on the Pennsylvania Railroad between New York and Washington.

There are 35 trains a day to New York, the fastest of which arrives in 34 minutes. 360 trains pass through Metuchen each day.

ADVERTISING

Is A Public Service!

Advertising is of immense value to the public, IF it tells the truth.

Much advertising conveys valuable information, expert advice, and stimulates us to better living, education, health, or appearance; and so, is a great public service.

Advertising which leads to an unwise purchase, later regretted, of goods which could not be sold without exaggeration, misrepresentation, or pressure, - or which diverts business from a better product, is a bloodsucker.

A salesman who lies about his goods, undermines the "American Way" as truly as any other traitor or "fifth columnist!" He creates suspicion of honest business, destroys confidence in private enterprise, and causes enormous waste of hard-earned money.

A salesman, however, is really an asset to the community, IF he courteously gives honest information, valuable expert advice, useful instruction, and lasting stimulus.

If he does NOT, give the details to your Better Business Bureau, Chamber of Commerce, librarian, — AND to his employer. Most publishers try to be fair, and will correct real grievances, IF NOTIFIED.
