Company Profile

Micucci Grocery Co. was started by Leo Micucci, Sr. in 1952 on Middle Street in Portland. The small warehouse of less than 1,000 square feet catered mostly to the Italian section of what was Portland's "Little Italy". Mr. Micucci was one of the first to supply Maine's pizza shops, which included Angelone's in Portland, Luiggi's in Lewiston and Pat's Pizza in Orono.

Over six decades later, Micucci Grocery Co. has grown to become Micucci Wholesale Foods, thanks in part to Leo Micucci's insatiable desire to succeed and many hours of hard work and sacrifice. Today his sons, Leo, Bruce and John oversee Micucci's operations from a state-of-the-art Warehouse & Corporate Headquarters located on Riverside Street in Portland. Micucci's is a family oriented company and all staff members are made to feel part of the Micucci Family.

With our knowledgeable employees and a fleet of multi-temperature trucks, Micucci Wholesale Foods has made a name for itself as the finest distributor of tomatoes, cheeses, pastas, oils, and meats to the best restaurants, delis, and pizza shops in the Maine/New Hampshire/ Vermont areas. Our Micucci®, Bellissimo®, Cento® & Stanislaus® food products are of the highest quality which gives us and our customers the edge needed to serve the best food possible. Our vast inventory insures that customers have outstanding quality products at the best possible price and service.

Over the years, our product line and area of doing business has increased dramatically. We are authorized distributors for all the major manufacturers of food service products as well as our own quality brands. We not only carry Italian - American food products, but also many other international foods, as well as paper goods, light restaurant equipment and utensils.
