Welcome to the title page of our new yearbook. You can bask in the simplicity of finding what page you are looking for by glancing at the itemized list of pages. I guess I should say something about our theme. This year we decided to adapt the theme "On the Edge". This is used in several different ways in our book, one of which is that we are "on the edge" of the millennium. It's almost over, as pointed out on the cover, this being the last year in the 1900's. We also point out how some of our students like to live on the edge. They tamper with danger associated with their interesting but sometimes dangerous hobbies. They tempt deadlines to sneak up on them by procrastinating and then have to rush at the last minute to do things. Our school is almost up to the cutting edge of technology with our new networking capabilities. It may not even be close to the best but it's really impressive for our school. I'm sure you could think of other things that put you or someone you know on the edge. Take a look and see if we covered it. We hope you relate to what's in here. Have a good read.

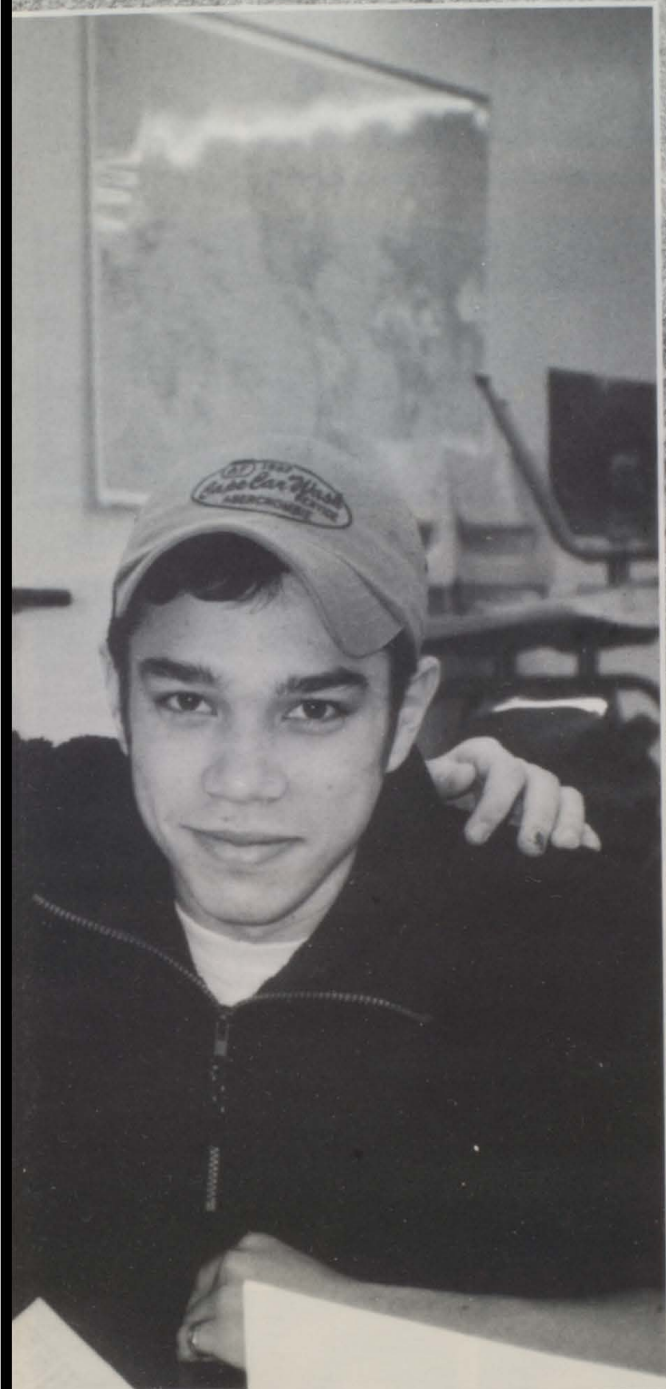

PEOPLE

ON THE EDGE

I feel so happy to know people who are very nice, friendly, patient, understanding and funny here in Oxford. I am very grateful for the incomparable help that the people gave me in this very difficult time and for the hospitality that they gave me.

Because of my experience, I can say that the people in Oxford are very social and relaxed. To my way of thinking, I think that Oxford is an excellent place to live, without the many social problems which occur in a big city.

New opportunities and new things to learn

This year as the freshman class we have been introduced to new opportunities, events, and responsibilities. We held our first fund-raiser this year and are currently in the process of planning another. We also created a float for Homecoming as well as attending the dance. A great number of us took part in the "White Out Day" that was made possible by SADD. This activity was a symbol of the number of people whose lives are taken daily due to drunk driving accidents. These are the main things our freshman class has participated in so far this year.

Fun, Friends, and Memories

This is our second year in the high school and we all are having lots of fun in the midst of all the hard work. In the last two years we have made many new friends in our grade and in others. The class of 2001 had lots of fun with our Homecoming float, "Lost in the 60's", and Spirit Week our first year. We had a slight mix up with our poster, but it was the best. I look forward to the next two years in the high school and becoming closer to my classmates..

Together we work on Prom

The Class of 2000 has grown a lot through the years. Even though there are many different "cliques" our class has pulled together to begin working on prom. REFLECTING ON OUR HISTORY

I remember always thinking, "Wow, seniors. We have forever until then!" Now here we are, the "big" seniors and it is our turn to leave and go on with our lives.

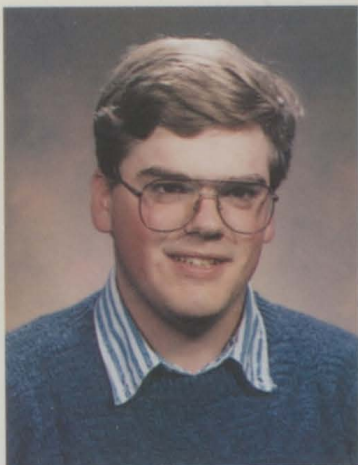

Our class has always been a close class with no real problems. Everyone knows each other. Now, we've all realized that this is our last year together and want to make those important, long-lasting memories. We all want to spend as much time as possible together because we know that after this year, it'll never be the same.

As that anticipated day quickly approaches, we're savoring our time together. When the time comes for us to go our separate ways, we hope to leave with those everlasting memories and bonds that were made throughout the years, and will always be treasured.

"We've Got Tonight"

The 1998 Junior Prom was an evening that the senior class will never forget. It was a night full of stars, not just those hanging from the ceiling but those walking down the runway. It was such an amazing sight to see everyone together, looking their best. After the many hours spent looking for that perfect dress, fitting for tuxedos and finding the right time for a hair appointment, it definitely paid off. All the hard work that was put into making this prom the most unique Oxford's ever seen was very obvious as spectators walked in to see the high school gym transformed into our version of a night with no limits. Hopefully we will all remember and treasure that special night as the class of 1999 came together for an unforgettable experience.

Establishing Foreign Relations!

Dear Oxford,

I am having a great time in Belgium. It's been very fun. I think that anybody who has even the least amount of interest in French, or people, or beer (in Europe, primarily), or expanding their horizons should strongly consider becoming an exchange student. It's not even necessary to like all of those things. I have a friend, for example who is, in fact sitting here now with me, as it is, who didn't know a word of French, when he came. However, he has had little trouble fitting in, and is rapidly learning to speak. Most of the Belgian people know much more English than the average American's French. It is not difficult to communicate if one puts any effort at all in it. I also find it more enjoyable to learn French in this setting, a happy café with a slightly buzzing atmosphere, if you will.

Also, the independence that an exchange student gains even from a couple months is indispensable. You will go to college more prepared to succeed, in more than one way. You will be able to travel, around your Brussels, Bruges and all beautiful cities. Anyway, go for it. You won't regret it. Later!

Love Cal

Groetijes iedereen!

My year here in Holland as a Rotary Exchange Student has been the best year of my life. I know everyone writes the same thing every year, but until you do something like this, you will never fully understand. Being part of a whole different culture really changes your whole perspective on life. You learn a lot about other people, but you also learn a lot about yourself. You have to do a lot of growing up because not only are you here to have fun, you also have to be an ambassador for your country. The influences that the people of Holland get from America are not very positive and it's up to you to abolish their misconceptions. Sometimes it can be very trying.

If you've always wanted to do something like this, don't be afraid. You'll love it! The time here has flown by and with it, it has brought great memories and wonderful friends! Not only that, but the places I've seen are incredible as well. All those things that we learned in Mr. Carey's and Ms. Schaefer's classes really

do exist and don't seem irrelevant anymore. I wouldn't have traded this for the world! I hope that you all had a great year and I'll see you when I get back!

Tot ziens! Sarah Williams:)

¿Qué onda amigos?

My name is Karina Rivera Garcia, I'm an exchange student from San Buenaventura, Coahuila, Mexico. Before coming here I tried to learn about how my life in the U.S.A. would be but neither the movies, nor the experiences of other exchange students compares with the reality, because everyone has his or her own experiences. When they told me that my host family lived in N.Y., I was afraid because I'm not accustomed to the big cities, but I give thanks to P.E.A.C.E. for accomodating me in a nice family and in a small town, similar to mine, where the people are very nice. In this time, I have lived one of the hardest moments of my life, but there are many more happy moments. The first words that come to mind to thank all the people who have helped me is, "thank you." First thank you to my family in México, for allowing me to realize the dream that I had for two years and also for giving me the support and love that I need. Thank you to my host family (the Sylstra's) for the affection that they give me without receiving anything in exchange. Thank you to all personnel of the school for accepting me like one more student and for offering the attention that I need to move forward. Thank you to my friends for sharing with me some moments of their time... to all of Oxford, a thousand thanks!!! I wish much luck to all future exchange students and remember:

Hi to all my friends from Oxford! I'm Lisbeth, exchange student from Venezuela. I want to thank the Rotary for the opportunity to come to Oxford. I'm very lucky to have come here because all of the people are very nice. I have made many friends in only two months. All of my host families, the Monacos, the Lockes, and the Strattons are the best. Thank you to all of my host families. Here I have had very new experiences such as playing field hockey, which I liked so much. I will remember all the people whom I have met here and everything that I did here forever! Good luck to the future exchange students! I will miss you and I will visit here again sometime. I would like to thank all of you cool people at Oxford for a really wonderful time. Thanks a lot.

Mr. Darryl Lanning will be retiring this year after giving 33 years of service to Oxford Academy. He began his career here in September of 1966 when Mr. Fred Tinker was the superintendent and Mr. Larry Paser was the principal. Mr. Lanning is originally from Pennsylvania where he attended Bloomsburg State University. It was a toss-up between two teaching positions. He also interviewed at Deposit, but decided to take the Oxford position because he was impressed with Miss Ruth Bull, the head of the business department, so much.

It was difficult for him to decide on one specific fondest memory, but it touches him when older graduates still call him Mr. Lanning because it shows that respect still remains. He has thoroughly enjoyed working with and teasing his students, most of whom know that he's teasing.

One of his worst memories was the time the flasher exposed himself to School Store workers.

After retiring Mr. Lanning plans on keeping his accounting business, which he has owned for 35 years and possibly teaching at SUNY Morrisville. Besides business endeavors, he will also

enjoy several hobbies. He has bowled many games in his life, with several 300 games. He has been the pitcher for his softball team and for the last six years his record is 64-5. He will also tend his yard and play golf, the more tournaments the better. But the best thing he's looking forward to is spending more time being a grandparent with his wife, Mabel.

Mr. Lanning really will miss teaching and teasing his students each day. Here he helps Jessica Eldred and Nicole Towndrow.

"HE'S GOT THE HANG TIME OF A HOT AIR BALLOON!" Dustin Warburton is in the middle of a very impressive jump in the woods on a homemade snowboarding course.

Living on the Edge from Day to Day

School is a hectic time for all. We all have deadlines and sometimes more than one at a time. We work every second and make every one count.

With this kind of school life it's good to have hobbies and recreational time out of school. But some of our classmates choose to live on the edge with their hobbies too. Like Ron Smith and Dustin Warburton who both have dangerous hobbies.

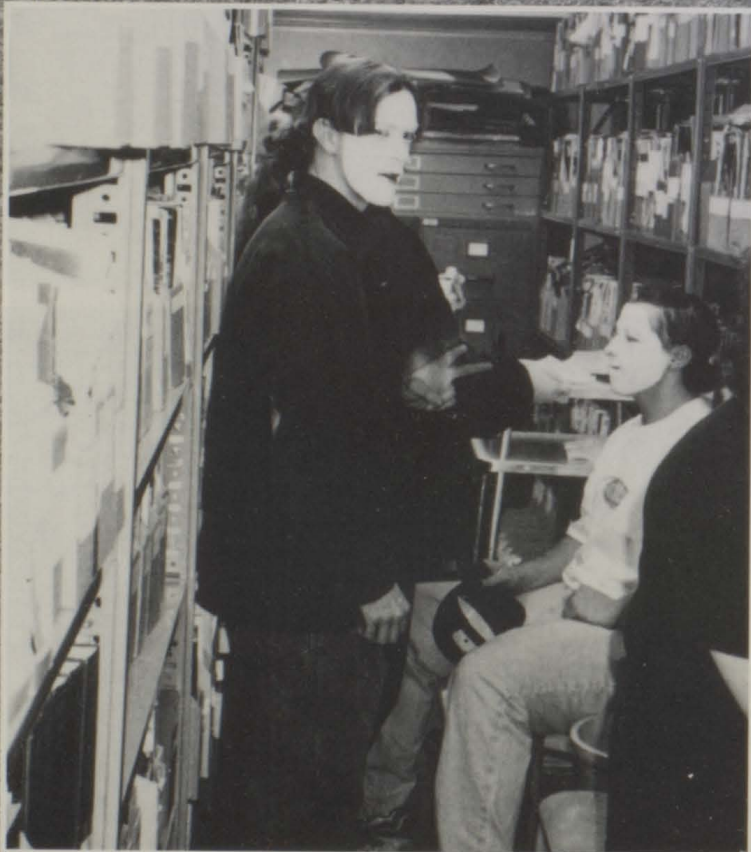

There's also the work element. Some of our students go to school every day and leave only to work until closing time and then go home to do homework and finally go to bed in order to start over the next day and still maintain good grades.

We all do something that makes our lives close to toppling over the edge. We all try not to think about how hectic our lives are. But I thought about it for you. Here's a look at some students and examples of their lives on the edge. Have fun comparing their lives to yours.

"THEY SHOULD JUST TYPE MY NAME IN PERMANENTLY ON THESE SHEETS." Kim Potter is signing in late at the nurse's office as she does almost every morning because of before school obligations.

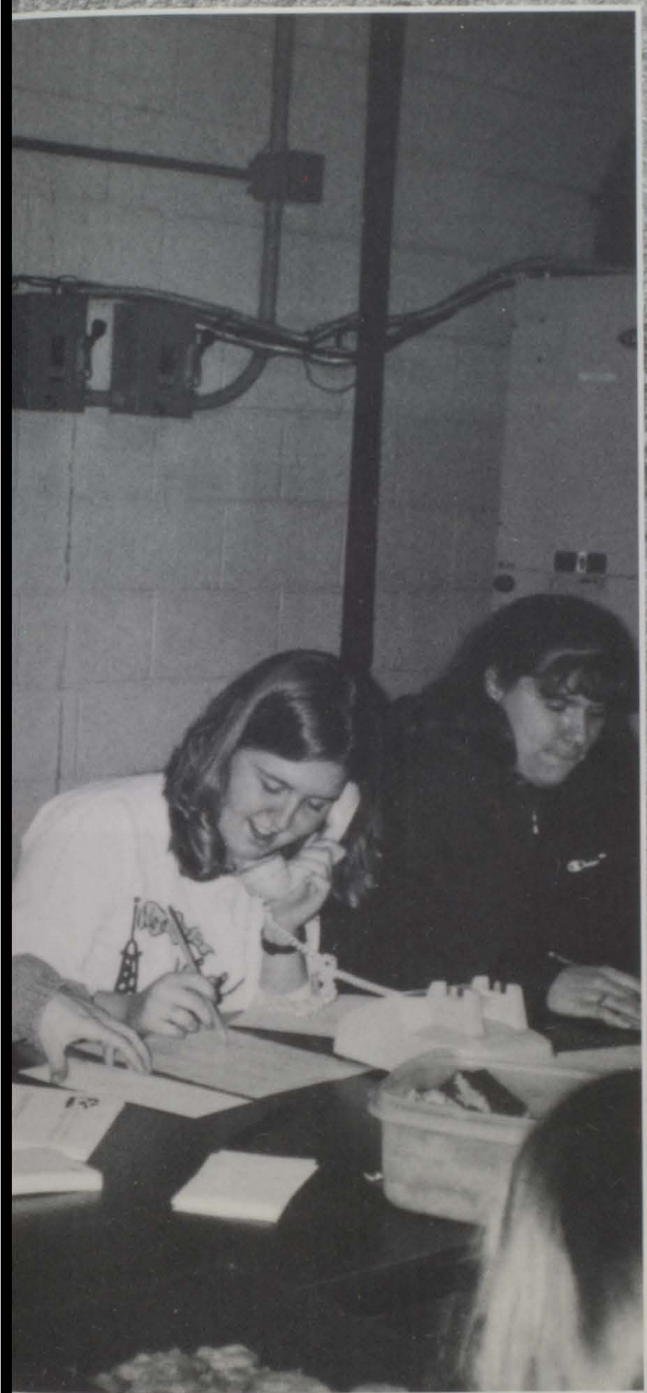

ORGANIZATIONS

ON THE EDGE

I have always felt that it is important to get involved or help out in some way. Organizations in our school help get us out of our everyday rut and bring the school back to life. Whether its going to see a play with the Multi-Cultural Club or calling strangers for the Honor Society phone-athon, we're doing something together besides going to class. And those are the times you are going to remember.

Andrea Race

Band's been fun....

1 AND 2 AND 3 AND 4 AND- Jenn and Melissa practice before our big concert.

CAN YOU FEEL THE BEAT- Jeff keeps the beat for the band as they warm up in class.

I KNOW WE ARE A LITTLE SQUISHED - The band fills in the seats of the band room and starts another day of band in our little room.

TOOT YOUR OWN HORN- Aaron Baier plays his Euphonium at the Santa Claus assembly.

ROCK ON!! Nate plays the guitar at the awards assembly this fall

though it's been hard work!!

Band may not be the most fun class, but for most of the students who take the time to actually work in the class, it is one of the most rewarding.

This year is bound to be a good year. We've already had one great concert-one more and a competition or two, and we'll be done!

Everyone in band is excited about the Cleveland Trip to visit the Rock 'n Roll Hall of Fame this May. And of course, the marching band's parades on Memorial Day are always fun.

As much as I hate to admit it, I'm going to miss not having band next year. Good luck to the band in the future - and may the program grow!

Student Government

A great year for projects and community involvement

The 1998-199 Student Government has already been very successful this year. The effort that went into making Homecoming a success, really paid off. We have many events planned for this year. One of our big projects is of course Spirit Week. The students who make up the Student Government this year are an enthusiastic and creative group and also are very community minded. The group is working on bringing the school and the community closer so we plan on volunteering when and where there is a need in the community. Some examples

of this volunteer spirit is our helping to put up the Christmas decorations in the village and the collecting of food from the homerooms for the community food bank.

The members of the Student Government have been very open-minded and aggressive in planning this year's projects. The concession stands have been successful this year. I am looking forward to the rest of the year, and I believe that the Student Government feels the same way.

GETTING TO KNOW NEW CULTURES

This fall the French IV and V students went to the primary school to teach the second and third graders basic French. This was a very worthwhile experience for both the students and us, the teachers. It also gave us a sense of how hard it is to hold a groups' attention and try to teach them new skills. All of the kids were very eager to learn which made our job a lot easier. I think we all had fun.

ACADEMICS

ON THE EDGE

Academics has always been a priority at Oxford High School. Oxford offers a variety of courses to fit each student's personal goals. Whether your future is in the agricultural or medical field, there are courses available to help you obtain this dream. Students have always been encouraged to "shoot for the stars." Teachers and students are willing to work together to obtain academic excellence. Oxford may be small, but it provides a close knit environment and prepares us for the "real world."

Ann-Marie Hoenninger

"I DO SWEAR..."-The new members take their oath to become inducted into the National Honor Society.

A Successful Year

This year's Honor Society has been very successful. We again played an active role as the link between our school and the community. We were very successful in our Christmas baskets and our visitations to the senior citizens. We also participated in our annual phone-a-thon for Oxford Dollars for Scholars and raised a large sum of money. The children at the Primary School this year were excited to find the jelly beans scattered around their classrooms, which was a result of the Honor Society's dedication to this event. The numbers of the Honor Society keep growing each year. And because of its reputation the Honor Society at Oxford High School will continue to be a huge success

Odyssey of the Mind team places first in Division III Regional Competition

This year's Odyssey of the Mind team made a great showing at the regional competition at Oneonta in February taking first place. This qualified them for entry into the state competition at Binghamton University in March.

For their long-term problem they had to choose one scene from a Shakespeare play and move it to a different time period. They chose a scene from *Macbeth* and moved it to Woodstock.

In the spontaneous competition they really strutted their stuff - they scored 1100 points when the closest competitor had only 100 points. Congratulations on a job well done.

Academic Challenges

The American Legion Oratorical Contest, Odyssey of the Mind and Academic Challenge team drew out the talents of Oxford High School this year.

American Legion Oratorical Contest

This year Oxford had three entries in this annual competition. On December 10, 1998, each of the speakers presented an eight to ten minute speech on an aspect of the Constitution. Courtney Potts spoke about the importance of exercising our right to vote. Scott Franco delivered a piece on diversity and Elaina Lazarus' entry dealt with the first five amendments.

Scott Franco went on to represent Chenango County at the district level competition in January and placed first. At the zone competition in February at Oneida High School, Scott was awarded a \$1500 savings bond for placing second in that competition. Congratulations to all the participants.

Academic Challenge Team Plays Another Round

At the end of February, this year's team began meeting after school with Mr. Godfrey. On March 16 they compete at TC3 and if they're successful, they'll continue competing on March 23 and 26. On April 10 they compete in the Leatherstocking Tournament at Unatego.

DURING THE COURSE OF THE YEAR, THE HIGH SCHOOL HAS GOTTEN THE INTERNET IN MOST ALL OF THE CLASSROOMS. MORE AND MORE PEOPLE HAVE BECOME INTERESTED IN E-MAILING OTHERS AS WELL AS LOOKING UP INFORMATION FOR REPORTS. HOTMAIL IS JUST ONE OF THE E-MAIL PROVIDERS, HOWEVER IT IS THE MOST POPULAR, IN OUR SCHOOL AT LEAST.

WITH THE RING OF THE BELL, AFTER FIRST PERIOD, AND AT LUNCH TIME, MANY STUDENTS GO TO THE LIBRARY OR LEARNING CENTER COMPUTERS, TO CHECK, SEND, AND FORWARD E-MAIL TO AND FROM THEIR FRIENDS. SOME PEOPLE JUST SEND AN E-MAIL HERE AND THERE TO SAY, "Hi!" OTHERS SEND EMAIL "GREETINGS", THESE ARE PERSONALIZED GREETING CARDS. STILL OTHERS USE E-MAIL TO CONTACT PEOPLE WHO LIVE FAR AWAY OR THOSE THEY HAVEN'T SEEN IN A WHILE. THIS IS MUCH A CHEAPER WAY OF COMMUNICATION THAN PHONE CALLS, WHICH PRETTY MUCH EXPLAINS WHY E-MAILING IS SO POPULAR. ALL IN ALL THE INTERNET WILL DEFINITELY NOT GO UNUSED.

SPORTS

ON THE EDGE

Sports are a large part of life in Oxford. Whether it is going to a game, playing in one or having a fund raiser at a game, many people are involved. Being a part of sports can be one of the best parts of high school. Along with many physical benefits, we make many great friendships and memories. Your team becomes your family and there is a mutual dependency among everyone, even after the season ends.

Purple pants

& a brown trench coat

Pre-season was two weeks too long and every minute we ran with Joanne made us want to jump on her back and beat her down. We couldn't have finished the season without her, though. Thanks Joanne. Our accomplishments this year were due to our coach Mr. Rogers. With our winning season and second year division title, our hard work showed. We also had fun; it was not all serious. Mr. Rogers made up for all the

setbacks throughout the season with his smart remarks and great sense of fashion. In his purple sweatpants and his long trench coat he stood like a statue giving orders to deaf pigeons. Our inability to listen earned us more laps. By the time the season was over we could outrun the National Cambodian Track Team. All in all the season was one of the best ever.

FANCY FOOT WORK! Sarah S. maneuvers the ball to trick #13.

Little successes add up!

Although we did not win as many games as we would have liked, there were many little successes throughout this year's season; keeping Oneonta from scoring 10 goals again and beating Greene in the crossover game are only a couple. This year the soccer program introduced a girls junior high team. Hopefully this will help the girls program grow and become more successful. We are losing many prominent people this year. All the seniors contributed a great deal and will be missed! We are also losing our coach, Mr. T. I am sure I speak for the team when I say that he will be missed greatly. I would like to wish all the seniors good luck in the future.

Of all my memories of high school, field hockey has given me many to smile about. This year, as we went through the hard physical work together, we became a mentally close team. We had some great wins and some hard losses, but our coach never let us give up or let down. With rather low attendance at our games, it could sometimes feel as if no one cared. But I am very proud of our team this year and will hold the members very close to my heart. Thank you to Mrs. Smith. We couldn't have asked for a better coach or a better role model. I know that I will never lose what I've learned from the sport and I hope none of you will either.

The Oxford Winterguard

"Searching for a Hero"

"WHERE'S MY HERO?" Jessica Luyster sits and ponders where and when her hero will appear.

Winterguard! What is it? Winterguard is a sport that is full of sweat, tears, happiness, and hard work. Winterguard exercises your physical, mental and social being.

When in Winterguard, you practice two to three nights a week, for a total of about six to nine hours.

Also you memorize about four hundred counts, and thirty-six different formations to a song. We have to concentrate as hard as we can, so that we get all the moves, twirls, and tosses down, to get the highest score that we can possibly get for the performance.

Winterguard is like a big family. We hang out with the guard members so much that we all know just about everything about each other (good and bad). But no matter what, we all have to get along in order to perform our best.

-- Debbie Barrows

PRACTICE MAKES PERFECT, Kelly Lin knows what it takes to be good, as well as the rest of the guard. That's why they are so good at what they do.

TWIRL, TWIST, BEND...
Learning the moves, and managing a silk for the routine takes time, and patience. However, it's all worth it in the end!

"I NEED A HERO"
Kelly, Diana, Sheena, and Kim show the crowd their need for a hero, at the Oxford Winterguard Eyes Right competition.

RIGHT: "AHHHH" SIGH, MY HERO WAS TAKEN, DOESN'T ANYTHING LAST? A hero can be anyone. It can be you, me, or even your sister or brother. It depends on what you want to believe in.

Our team showed spirt and worked and played together throughout the season !!

Although we never got our banner for the wall, we reached success in many other ways. Everyone on the team is more confident and better able to work together with others. When we look back on this year's team, it is not the record we will

remember. We will think of the singing on the bus, the brunches & dinners and most importantly, the way we worked as a team. We all put in tremendous effort, as did our coach, Ms. Weston. I know I speak for everyone , especially the seniors when I say thank you to her for everything. I will miss this team. Good Luck next year!! Jaimie Carhart

WRESTLING

New coach, good year, two Sus champs

The Oxford High School wrestling team had a good season this year considering we had new coaches. Josh Potter was the varsity coach and Keith Evans was the J.V. coach. We got closer this year than last year to taking a league championship by taking second behind Walton, only losing by a few matches.

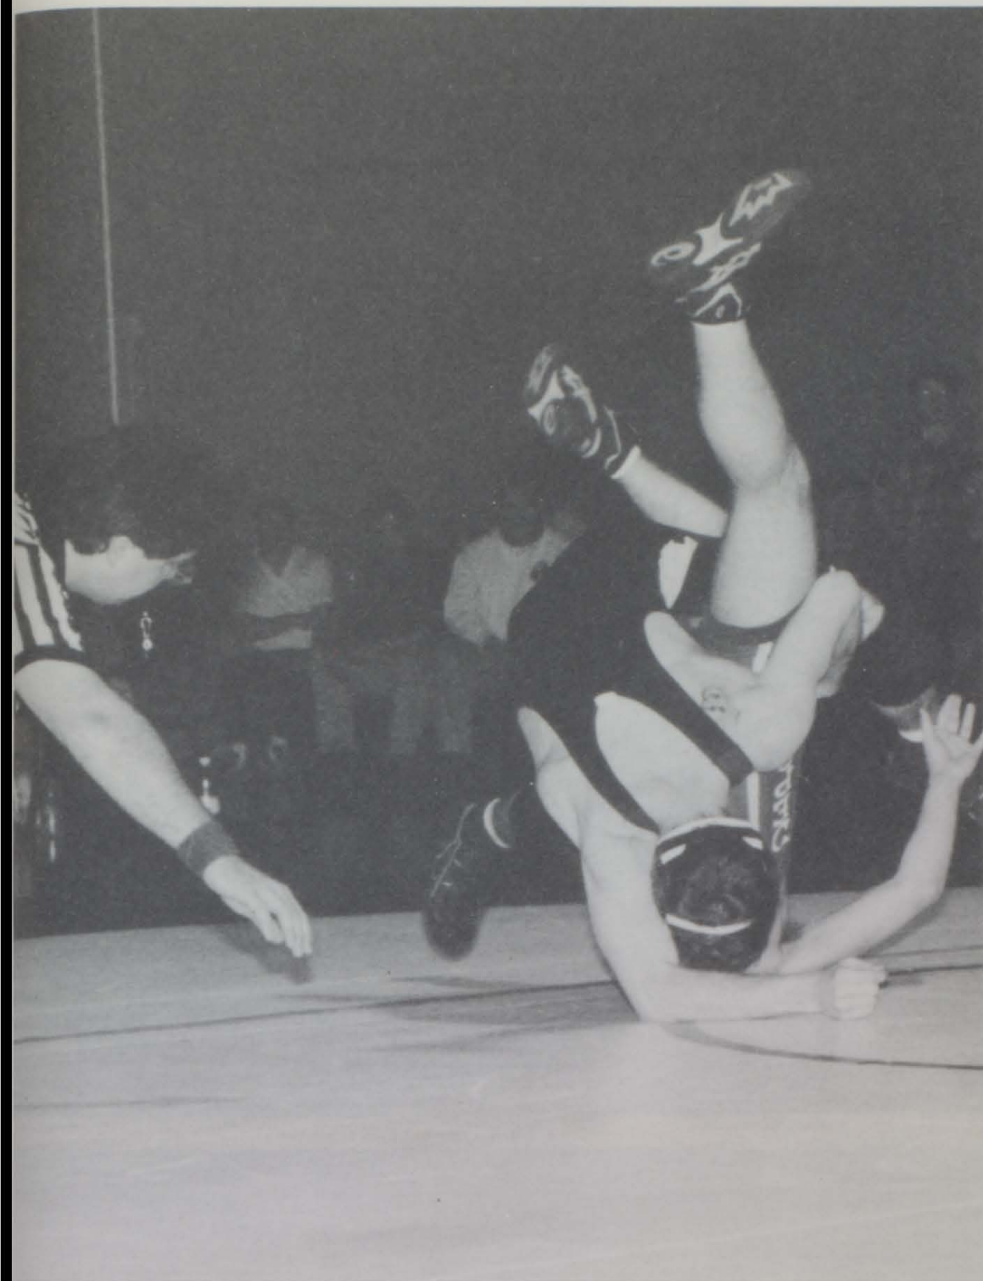

The Blackhawks took a team trophy by placing third in the Sherburne-Earlville Tournament. We had two Sus champions this year, Chris Weiss and Nate Mumbulo. Nate placed second at the Sectionals, missing a trip to States by that one match.

Everyone wishes the Blackhawk wrestling team good luck next year!

Willie Weiss

At the beginning of the season no one knew what to expect. With new coaches the guys didn't know if we were going to be worked as hard as Mr. Gallagher worked us. Some were hoping for an easy year of practice. But this year was far from easy. Coach Potter pushed us and made us earn every win. The coach made us work hard so the matches were easier. Our team had a pretty good year, it could have been better, but the team is young. They have a bright future. For myself, the year did not turn out the best. I would have liked to have made it to sectionals, but I missed out by losing at classes. The year was fun and put me in good shape. I wish the team good luck in the future!

Don Rogers

UP AND OVER Don Rogers appears to cartwheel his opponent into a pin.

EVER FEEL LIKE A PRETZEL? Willie Weiss puts a half Nelson on this Deposit wrestler. It wasn't long before he secured the win.

FUNNY HOW SCIENCE COMES IN HANDY Chris Weiss tries to get leverage by using the challenger's ankle.

KEEP THAT CENTER OF GRAVITY LOW Jeff Golden grimaces as he strains to gain the upper hand.

YEEAAHH!!! Tom Toomer reacts intensely after pinning his Deposit opponent.

Go Lady Blackhawks

Have you ever heard the saying, "It's not whether you win or lose, it's how you play the game?" That saying pretty much sums up our '98 Softball season. Although we didn't always triumph and our record will

not be posted in any hall of fame, we came together despite many injuries and had fun. Congratulations on a great season, ladies- it's truly one that will never be forgotten!!

"GIFT"

On that day there was a newborn child-
God bent down
and touched her tiny head
with loving fingers. He thought:
"I will not only make her lovely of
face but I will give her beauty
in a thousand ways,
She shall see fairies in jewelled grass,
feel the earth stirring in rain,
and fly on wind-wings."
"She shall know tenderness, exaltation...
passion, yearning, heartbreak...
the healing of tears and laughter.
She shall strive for the unattainable,
But never will I let her forget
the sound of waves breaking,
The glory of dawn upon mountain tops;
and in quiet solitude of night
she shall hear the stars sing"
And God smiled.
