## ACANTHOPANAX

### **Acanthopanax sieboldianus**

*Five Leaf Aralia*

[ht-2m spr-2m] Zones 5-9 ○▶

A dense, thorny shrub with light green divided leaves, does well in shady and dry areas.

50 cm C3

60 cm C3

80 cm C3

## ACER

### **Acer ginnala**

*Amur Maple*

[ht-7m spr-5m] Zones 2-9 ○

A dense growing shrub with small green maple shaped leaves, brilliant red fall colour.

### **Acer ginnala ‘Flame’**

*Amur Maple Flame*

[ht-6m spr-6m] Zones 2-9 ○▶

A selection of the Amur Maple, dense growing outstanding fiery red fall colour, good for hedging and city conditions.

250 cm WB Multi-stem.

### **Acer japonicum ‘Aconitifolium’**

*Fern Leaf Japanese Maple*

[ht-5m spr-5m] Zones 5-9 ○▶

Multi-divided leaves gives this specimen a lacy appearance. Leaves tinged with red persist throughout the season. The colour intensifies during the fall, one of it's most striking features.

150 cm C15 - Specimen

175 cm C15 - Specimen

200 cm C20 - Specimen

### **Acer japonicum ‘Green Cascade’**

*Weeping Fern-Leaf Japanese Maple*

[ht -6m spr-6m] Zones 5-9 ○▶

This weeping japonicum has more substantial leaves and more intense color than a Viridis. Medium green summer foliage changes to a yellowish gold to crimson in the fall.

C15

### **Acer palmatum**

*Japanese Maple*

[ht-5m spr-5m] Zones 5-9 ○▶

Upright spreading habit, green foliage turning to scarlet in the fall.

175 cm C15

200 cm C15

### **Acer palmatum ‘Beni hime’**

*Beni hime Japanese Maple*

[ht-1.25m spr-1.25m] Zones 5-9 ○▶

Very dwarf, shrubby habit with small, rounded star shaped leaves. Pinkish-red new growth matures to red margins on a green background. Leaves remain both red and green during the summer, becoming more intensely red and purple in the fall. Very slow growing.

C2

### **Acer palmatum ‘Bloodgood’**

*Bloodgood Japanese Maple*

[ht-6m spr-5m] Zones 5-9 ○▶

One of the hardiest with deep purple-red foliage.

## Acer palmatum 'Coonara Pygmy'

*Coonara Pygmy Japanese Maple*

[ht-1.5m spr-1.5m] Zones 5-9 ○▶

Very dwarf, rounded dense habit. Showy pink new growth. Small, serrated bright green leaves turn orange to pastel red late in the season. Slow growing.

C2

## Acer palmatum 'Emperor'

*Emperor Japanese Maple*

[ht-6m spr-5m] Zones 5-9 ○▶

Dark red leaves, slightly darker than the Bloodgood, holds deep red colour well in sun or shade.

Leaves turn deep crimson in the fall.

Vigorous growth.

175 cm C15 - Specimen.

200 cm C15 - Specimen.

## Acer palmatum 'Fireglow'

*Fireglow Japanese Maple*

[ht-5m spr-5m] Zones 5-9 ○▶

Brilliant reddish-purple foliage and compact shape allows this specimen to stand out in the garden.

C10

150 cm C15 - Specimen

175 cm C15 - Specimen

## Acer palmatum 'Kamagata'

*Eagle Claw Japanese Maple*

[ht-3m spr-1.5m] Zones 5-9 ○▶

Small leaves with long angular lobes emerge with a red margin on a light green leaf. Mid-summer color is bright green before turning intense orange and red in the fall. Slow growing with a soft appearance.

150 cm C15

○ Full Sun ▶ Part Shade

● Full Shade

## Acer palmatum 'Kiyo hime'

*Kiyo hime Japanese Maple*

[ht-1.75m spr-1.75m] Zones 5-9 ○▶

Small star shaped leaves on a vigorous but dense, compact grower. Rich green leaves emerge with bright red-orange margins around yellow centers. Fall colour is yellow-orange.

C10

## Acer palmatum

### 'Mikawa yatsubusa'

*Mikawa yatsubusa Japanese Maple*

[ht-1.75m spr-1.75m] Zones 5-9 ○▶

Large, overlapping leaves make this maple unusual. Bright yellow new growth matures to rich green. Very striking, slow growing dwarf Japanese Maple.

C5

## Acer palmatum 'Orange Dream'

*Orange Dream Japanese Maple*

[ht-7m spr-5m] Zones 5-9 ▶●

A nicely branched upright tree, large leaves begin coral orange changing to bright yellow with red undertones, eventually maturing to a soft green. Fall colour is bright gold and coral. This maple does well in the shade.

C7

## Acer palmatum 'Osakazuki'

*Osakazuki Japanese Maple*

[ht-7.5m spr-7.5m] Zones 5-9 ○▶

Deciduous upright, arching tree with green foliage that emerges with an orange tint. In summer leaves change to bright green then change to shades of red and scarlet in the fall.

C10

## Acer palmatum 'Red Pygmy'

*Red Pygmy Japanese Maple*

[ht-1.75m spr-1.75m] Zones 5-9 ○▶

Very narrow lobes give the red leaves a strap-like look. Leaves are more gold as the season ends. Round topped, vase shaped small tree.

C3

## **Acer palmatum 'Sango Kaku'**

*Coral Bark Japanese Maple*

[ht-6m spr-5m] Zones 6-9 ○▶

Foliage is bright green edged with red in the spring. Fall colour is gold. The bright coral-red bark on young branches is an outstanding feature.

150 cm C15 - Specimen

175 cm C15 - Specimen

200 cm C20 - Specimen

## **Acer palmatum 'Shaina'**

*Shaina Japanese Maple*

[ht-2.5m spr-2.5m] Zones 5-9 ○▶

A popular compact tree with small, deeply cut leaves that remain close to the branches. Leaves begin a bright red and mature to deep-reddish purple and magenta in the fall. Upright and densely branched Japanese Maple.

C5

## **Acer palmatum 'Sharp's Pygmy'**

*Sharp's Pygmy Japanese Maple*

[ht-1m spr-1m] Zones 5-9 ○▶

A dwarf tree with very compact growth. Small serrated, green leaves turn brilliant yellow and scarlet-orange in the fall.

C5

## **Acer palmatum 'Shishigashira'**

*Lions Head Japanese Maple*

[ht-4.5m spr-3m] Zones 5-9 ○▶

This Japanese maple has small bright green leaves that curl tightly against the branches. Densely packed leaves create a striking appearance on the dwarf, upright tree which turns brilliant gold with some red and pink shades in the fall. Slow growing.

C5

All container grown Japanese Maples are grown in our pot-in-pot field for a minimum of one year.

## **Acer palmatum 'Tsuma-gaki'**

*Tsuma-gaki Japanese Maple*

[ht-2.5m spr-2.5m] Zones 5-9 ○▶

The new growth on this tree is fantastic. Large leaves begin with deep red margins and lobe tips surrounding a pale cream or soft yellow green center. As they age the leaves become a chartreuse-green with reddish-purple tips. Fall colour is crimson.

CG

## **Acer palmatum 'Twombly's Red'**

*Twombly's Red Japanese Maple*

[ht-3m spr-1.5m] Zones 5-9 ○

Upright columnar habit, will widen some with age. New leaves appear crimson red then quickly darken to burgundy. Fall color is a spectacular red and the dark red stems of the last new growth even add interest to the winter landscape.

C5.

## **Acer palmatum dissectum 'Baby Lace'**

*Baby Lace Japanese Maple*

[ht-1.25m spr-1.25m] Zones 5-9 ○▶

Small very finely dissected leaves emerge a pinkish red fading to a bronze-green. Fall colour is more reddish with hints of pink and orange. A delicate looking maple as leaves have an airy, spider-like appearance. Remain quite dwarf in size.

C5

## **Acer palmatum dissectum 'Crimson Queen'**

*Cutleaf Crimson Queen Japanese Maple*

[ht-3m spr-2m] Zones 6-9 ○▶

Weeping shrub like form, bright red leaves on cascading branches with graceful habit, considered the ultimate garden specimen.

100 cm CG - Specimen

125 cm CG - Specimen

150 cm CG - Specimen

## Acer palmatum dissectum 'Garnet'

*Cutleaf Garnet Japanese Maple*

[ht-3m spr-2m] Zones 5-9 ○▶

Leaves are dark wine-red. Withstands drought well. Vigorous grower. Spreading to 4' in 10 years.

125 cm CG - Specimen

150 cm CG - Specimen

## Acer palmatum dissectum 'Inabe Shidare'

*Cutleaf Inabe Shidare Japanese Maple*

[ht-2.5m spr-2m] Zones 5-9 ○▶

Fast growing, weeping form, which hold its purple foliage well into the summer.

C10

125 cm CG - Specimen

150 cm CG - Specimen

## Acer palmatum dissectum 'Orangeola'

*Orangeola Cutleaf Japanese Maple*

[ht-2.5m spr-2.5m) Zones 5-9 ○▶

Leaves emerge an orange-red then fade to a dark red. Heavy shade encourages a deeper green cast. It is a beautiful effect enhanced by leaves that are a bit more glossy than most of the reddish-purple varieties. Bright red-orange in the fall in a long lasting vibrant display.

C15

## Acer palmatum dissectum 'Red Dragon'

*Red Dragon Cutleaf Japanese Maple*

[ht-1.5m spr-1.5m] Zones 5-9 ○▶

Beautiful purple leaves are deeply dissected for an attractive lacy texture. Fall foliage is bright apple red. Stunning focal point or accent for lightly shaded locations. Grows slowly and gracefully.

125 cm CG

○ Full Sun ▶ Part Shade

● Full Shade

## Acer palmatum dissectum 'Seiryu'

*Seiryu Cutleaf Japanese Maple*

[ht-7.5m spr-4.5m] Zones 5-9 ○▶

A very attractive upright growing form with small, lacy green leaves until fall when leaves turn red and gold with tones of purple.

C15

## Acer palmatum dissectum 'Tamukeyama'

*Tamukeyama Cutleaf Japanese Maple*

[ht-3m spr-3.5m] Zones 5-9 ▶

This Japanese Maple has a mounding habit with waxy deep red bark and graceful cascading branches. Deeply cut and dissected purple-red foliage during the summer, changing to a bright red in the fall.

C3

## Acer palmatum dissectum 'Waterfall'

*Cutleaf Waterfall Japanese Maple*

[ht-4m spr-4m] Zones 6-9 ○▶

Weeping form, foliage is bright green turning to brilliant gold with crimson streaks in the fall.

## Acer shirasawanum 'Aureum'

*Golden Full Moon Maple*

[ht-7.5m spr-4.5m] Zones 5-9 ○▶

Beautiful tree with bright yellow leaves.

With many more lobes than a palmatum, the leaves have a rounded appearance. In shade, they will be more chartreuse, then orange-red in the fall. Upright bushy growing habit.

C15

Don't have a tarp?  
You can purchase one  
at the nursery

## AESCULUS

### **Aesculus parviflora**

*Bottlebrush Buckeye*

[ht-3m spr-8m] Zones 5-9 ○▶

An excellent lawn specimen with large spiked white flowers. Suitable for a variety of soils. Good drought tolerance.

60 cm C3

80 cm C3

## AMELANCHIER

FOR TREE FORM PLEASE SEE PAGE 33

### **Amelanchier alnifolia**

*Saskatoon Serviceberry*

[ht-4.5m spr-2m] Zones 5-9 ○▶

Native, masses of white flowers in the spring, fall colouring of the leaves can be a striking orange red sunset colour in the fall which makes it extremely attractive for ornamental uses. The fruit is attractive to songbirds. Great for shaded stream banks and pond sites.

### **Amelanchier alnifolia 'Obelisk'**

*Obelisk Saskatoon Serviceberry*

[ht-4.5m spr-2m] Zones 5-9 ○▶

Slender upright shape, masses of white flowers in the spring, dark green summer foliage, fall colour is yellow. Has an abundance of deep purple berries in late spring. Berries are good for fresh eating, making jams and jellies.

### **Amelanchier canadensis**

*Shadblow Serviceberry*

[ht-7m spr-3m] Zones 4-9 ○▶

Covered with masses of white flowers in early spring, red-purple edible fruit, fall foliage can be either flaming red, orange or yellow.

### **Amelanchier grandiflora**

*Apple Serviceberry*

[ht-7m spr-5m] Zones 4-9 ○▶

Small white flowers from pink buds in spring, sweet berries turn magenta to purple, fall colour is yellow to orange.

### **Amelanchier grandiflora 'Princess Diana'**

*Princess Diana Serviceberry*

[ht-7m spr-5m] Zones 4-9 ○▶

Masses of white flowers in spring, edible purple blue fruit, excellent red fall colour.

## ARONIA

### *Aronia arbutifolia* 'Brilliantissima'

#### *Brilliant Red Chokeberry*

[ht-2m spr-2m] Zone 2-9 ○▶

Spring blooms are clear white and produced in clusters, summer foliage is glossy green, fall colour is brilliant red coupled with large, glossy red berries in the winter, best in full sun, will grow in part shade with limited fruit.

### *Aronia melanocarpa*

#### *Black Chokeberry*

[ht-1.75m spr-1.75m] Zones 2b-9 ○▶

Native, mid size shrub with glossy green foliage, flowers white in May followed by black fruit that persist into the winter months.

### *Aronia melanocarpa elata*

#### *Glossy Black Chokeberry*

[ht-2m spr-3m] Zones 2b-9 ○▶

Excellent ornamental features. Group or mass in shrub borders, small gardens or open woodland areas. Ability to withstand wet conditions makes it suitable for growing on the margins of ponds or streams.

Excellent addition to naturalized areas. Can be used as a screen or hedge.

### *Aronia melanocarpa* 'Viking'

#### *Viking Chokeberry*

[ht-2m spr-2m] Zones 2-9 ○▶

A large fruiting variety, with white flowers followed by black fruit, that persist into the winter months.

## BERBERIS

### *Berberis thunbergii* 'Cherry Bomb'

#### *Cherry Bomb Barberry*

[ht-1m spr-1m] Zones 5-9 ○

Compact crimson branches make this slow growing shrub an attractive variety for accents or hedging. Bright red berries add fall and winter colour. Deciduous.

C3

### *Berberis thunbergii* 'Concorde'

#### *Concorde Barberry*

[ht-50cm spr-50cm] Zones 4-9 ○

Dwarf form with rich, deep purple foliage. Yellow flowers and bright red fruit appear on this rust free variety.

C3

### *Berberis thunbergii* 'Crimson Pygmy'

#### *Crimson Pygmy Barberry*

[ht-80cm spr-125cm] Zones 5-9 ○

The shrub is characterized by dark red leaves tinged with bronze, spiny stems, and waxy, yellowish, orange or red flowers that give way to red berries in the summer.

C3

### *Berberis thunbergii* 'Golden Nugget'

#### *Golden Nugget Barberry*

[ht-30cm spr-30cm] Zones 5-9 ○

A rare golden form of the barberry species. The dwarf habit lends itself well for use in borders. Deciduous.

C3

### *Berberis thunbergii* 'Rose Glow'

#### *Rose Glow Barberry*

[ht-1.5m spr-1m] Zones 5-9 ○

Distinctive leaf colouration for this plant is deep rose-red over mottled white and green in spring. Slow growing. Deciduous.

C3

## **Berberis thunbergii** **'Royal Burgundy'**

*Royal Burgundy Barberry*

[ht-60cm spr-1m] Zones 5-9 ○

This dwarf plant has a superior purple-leaf colour and a rounded form with a feathery texture.

C3

## **Berberis thunbergii** **'Royal Cloak'**

*Royal Cloak Barberry*

[ht-1.25m spr-1.25m] Zones 5-9 ○

'Royal Cloak' is a barberry cultivar that is noted for its upright, arching growth habit and large reddish-purple leaves. Tiny, yellowish flowers appear from late April to early May, glossy, bright red berries form in the fall and often last into the winter well after leaf drop.

C3

## **Berberis thunbergii** **'Ruby Carousel'**

*Ruby Carousel Barberry*

[ht-1m spr-1m] Zones 3-9 ○

Has attractive brick red foliage throughout the season. The small oval leaves turn an outstanding red in the fall. It has clusters of yellow flowers in mid spring, the fruits are showy red from early to late fall.

C3

## **Berberis thunbergii** **'Sunsation'**

*Sunsation Barberry*

[ht-1.5m spr-1m] Zones 4 ○

A golden barberry in a compact form. Golden foliage with an orange cast most the season.

C3

We carry many more varieties not listed in our catalogue. Call to check our availability.

## **BUDDLEIA**

### **Buddleia davidii**

*Butterfly Bush*

[ht-1.5m spr-1.5m] Zones 5-9 ○

Semi-herbaceous shrub with long spikes of flowers in August that attract butterflies. Butterfly bush should be cut back each spring.

- **'Empire Blue'**

Blue

- **'Fascination'**

Lilac-pink, fragrant

- **'Ile de France'**

Dark purplish-blue

- **'Royal Red'**

Violet-red

- **'White Profusion'**

Pure white

C3

### **Buddleia Flutterby Petite**

*Flutterby Petite Butterfly Bush*

[ht-60cm spr-60cm] Zones 5-9 ○

A dwarf series of butterfly bushes.

- **'Blue Heaven'**

Blue

- **'Snow White'**

White

- **'Tutti Frutti'**

Pink

C3.

### **Buddleia x 'Miss Ruby'**

*Miss Ruby Butterfly Bush*

[ht-1.25m spr-1.25m] Zones ○

This new butterfly bush is noted for its compact habit and remarkably vivid, rich pink blooms. The distinctive magenta flowers are more vibrant than that of any other buddleia variety. Excellent for use in perennial beds, wildlife gardens and mixed borders.

C3

## CALYCANTHUS

### **Calycanthus floridus**

*Carolina Allspice*

[ht-2.5m spr-2m] Zones 5-9 ○

Has a neat rounded habit, dark green foliage, flowers in late spring, flower colour is reddish-brown and has an unusual strawberry scent.

40 cm C3

50 cm C3

60 cm C3

## CARAGANA

FOR TREE FORM PLEASE SEE PAGE 34

### **Caragana arborescens**

*Siberian Peashrub*

[ht-3m spr-2.5m] Zones 2-9 ○▶

Hardy large shrub, bearing yellow pea-like flower, highly tolerant of poor soils and drought.

60 cm C3

80 cm C3

### **Caragana aurantiaca**

*Pygmy Peashrub*

[ht-1m spr-1m] Zones 2-9 ○

A small shrub with fine foliage and small yellow flowers, extremely drought resistant.

40 cm C3

50 cm C3

## CARYOPTERIS

### **Caryopteris clandonensis** 'Blue Mist'

*Blue Mist Spirea*

[ht-1m spr-1m] Zones 6-9 ○

A summer flowering shrub with clusters of deep blue flowers set against silvery-green foliage. Prune back young growth in spring.

○ Full Sun   ▶ Part Shade

● Full Shade

### **Caryopteris clandonensis** 'Dark Knight'

*Dark Knight Blue Mist Spirea*

[ht-60cm spr-60cm] Zones 6-9 ○

Attractive, compact, mounding grower with deep purplish-blue, fragrant blooms. Long blooming season. Creates a wonderful border for perennial beds, or use along walks and entryways.

### **Caryopteris clandonensis** 'Worcester Gold'

*Worcester Gold Blue Mist Spirea*

[ht-1m spr-1m] Zones 6-9 ○

Similar to Blue Mist, but has soft golden foliage set off with clusters of pale blue flowers in summer.

40 cm C3

50 cm C3

## CEPHALANTHUS

### **Cephalanthus occidentalis**

*Button Bush*

[ht-2m spr-2m] Zones 4-9 ○

Native, loose rounded head, glossy bright green foliage with creamy-white flowers.

Likes moist conditions.

50 cm C3

60 cm C3

80 cm C3

## CERCIDIPHYLLUM

FOR TREE FORM PLEASE SEE PAGE 36

### **Cercidiphyllum japonicum** Clump

*Katsura Tree Clump Form*

[ht-12m spr-12m] Zones 5-9 ○

Heart shaped foliage, new foliage is a beautiful reddish-purple, maturing to bluish-green, turning yellow-red in the fall. No serious pest or disease problems. Has an upright and pyramidal shape when young, becomes rounded with age.

C15

## CERCIS

---

FOR TREE FORM PLEASE SEE PAGE 36

### Cercis Canadensis

*Eastern Redbud*

200 cm CG

## CHAENOMELES

---

### Chaenomeles japonica

*Japanese Quince*

[ht-1m spr-1m] Zones 5b-9 ○

Has a low spreading habit, bears masses of orange-red flowers in early spring.

### Chaenomeles 'Pink Lady'

*Pink Lady Quince*

[ht-1m spr-1m] Zones 5b-9 ○

Spreading habit, striking saucer shaped clear rose-pink flowers.

### Chaenomeles speciosa 'Toyo Nishiski'

*Toyo-Nishiski Flowering Quince*

[ht-1.2m spr-1m] Zones 5b-9 ○

Bears white, pinkish-white and red flowers all on the same branches.

### Chaenomeles superba 'Crimson & Gold'

*Crimson & Gold Flowering Quince*

[ht-1m spr-1m] Zones 5b-9 ○

Crimson red flowers with conspicuous golden-yellow anthers followed by yellow fruit.

40 cm C3

50 cm C3

## CLETHRA

---

### Clethra alnifolia paniculata

*Summersweet*

[ht-1.5m spr-1.2m] Zones 3-9 ○▶

Profusion or white flower spikes, compact rounded habit, grows well in wet areas, attracts butterflies.

### Clethra alnifolia 'Hummingbird'

*Hummingbird Summersweet*

[ht-80cm spr-1m] Zones 5-9 ○▶

Compact, mounded shrub with shiny green foliage that turns yellow-orange in October. Has spikes of fragrant white flowers in August.

### Clethra alnifolia 'Ruby Spice'

*Ruby Spice Summersweet*

[ht-1.5m spr-1m] Zones 5-9 ○▶

Specimen shrub with deep red-pink fragrant flowers late in July. Grows best in acidic soils.

### Clethra 'Fern Valley Pink'

*Fern Valley Pink Summersweet*

[ht-1.5m spr-1.2m] Zones 3-9 ○▶

An improved form of Clethra 'Rosea', compact branching, mounding habit, very fragrant, 6-8" light pink flowers, dark green foliage.

40 cm C3

50 cm C3

60 cm C3

## CORNUS

### **Cornus alba 'Elegantissima'**

*Silverleaf Dogwood*

[ht-2m spr-1.5m] Zones 2-9 ○▶

Has variegated silver and green foliage, fragrant flowers, fall colouring is apricot, gold and rosy red, bright red stems for winter interest.

### **Cornus alba 'Gouchaultii'**

*Mottled Tatarian Dogwood*

[ht-2m spr-2m] Zones 3-9 ○

Colourful foliage with mottled yellow, pink, red and yellowish-white, red stems add winter interest.

### **Cornus alba 'Little Rebel'**

*Little Rebel Dogwood*

[ht-1m spr-1m] Zones 3-9 ○▶

This extremely hardy dogwood offers crisp green foliage all season on a naturally compact, rounded form. Vibrant burgundy fall colours, striking red stems all winter long. Improved winter hardiness and multi-season interest.

### **Cornus alba Spaethi**

*Spaeth tatarian Dogwood*

[ht-2m spr-2m] Zones 3-9 ○▶

This dogwood has dark green leaves with golden-yellow margins, red bark adds fantastic ornamental value in winter time.

### **Cornus alba 'Sibirica'**

*Siberian Dogwood*

[ht-2.5m spr-1.5m] Zones 2-9 ○▶

Bright coral-red bark, good for shade, winter interest. Grows in a wide range of soil types.

### **Cornus alba**

#### **'Strawberry Daquiri'**

*Strawberry Daquiri Dogwood*

[ht-1.75m spr-1.75m] Zones 3-9 ○▶

Strawberry Daquiri Dogwood has attractive green foliage edged in creamy white throughout the season. The pointy leaves are ornamentally significant and turn an outstanding red in the fall. It has clusters of buttery yellow flowers at the ends of the branches in late spring. It produces powder blue berries in mid summer. The red branches are extremely showy and add significant winter interest.

### **Cornus alba 'Ivory Halo'**

*Ivory Halo Dogwood*

[ht-1.5m spr-1m] Zones 3-9 ○▶

A compact selection of the Silverleaf Dogwood, has variegated foliage, red stems for winter interest.

40 cm C3

50 cm C3

60 cm C3

## **Cornus amomum**

### *Silky Dogwood*

[ht-2.5m spr-2m] Zones 5-9 ○

Native, wine-red branches, green at the bases turning light grey with age, white spring flowers, berries turn from white to blue in fall, excellent for hedge-rows, pond edges or naturalizations.

60 cm C3

125 cm C5

## **Cornus contraversa** **'June Snow'**

### *June Snow Dogwood*

[ht-9m spr-12m] Zones 5-9 ○

Fast growing and wide spreading, with branches developing a horizontally tiered appearance. Flat topped clusters of white flowers often exceed 6" in diameter. Outstanding fall color; mottled orange-yellow, red, and purple-red.

C15

## **Cornus florida**

### *White Flowering Dogwood*

[ht-7m spr-7m] Zones 6b-9 ○

Native, this dogwood has white flowers in May, brilliant red fruit and brilliant red fall foliage.

175 cm CG

## **Cornus florida 'Cherokee Chief'**

### *Cherokee Chief Dogwood*

[ht-4m spr-3m] Zones 6-9 ○

Foliage is scarlet red in both spring and autumn, bronzy green in summer.

## **Cornus florida**

### **'Cherokee Princess'**

#### *Cherokee Princess Dogwood*

[ht-4m spr-3m] Zones 6-9 ○

Flowers are creamy-white, fall colour orange-apricot with red tones.

175 cm CG

## **Cornus florida 'Cloud Nine'**

### *Cloud Nine Flowering Dogwood*

[ht-4.5 spr-4.5] Zones 5-9 ○▶

This flowering dogwood has a pyramidal but somewhat flat topped habit, 3-4" 4-petaled snowy white flowers, oval dark green summer foliage changing to shades of burgundy in the fall. Flowering time is early spring shortly after, but usually overlapping the bloom period of the redbud. Flowering dogwoods are popular as a specimen or small grouping on residential properties, also effective in woodland, bird or native plant gardens.

C15

## **Cornus florida rubra**

### *Pink Flowering Dogwood*

[ht-7m spr-7m] Zones 5-9 ○

Young leaves are reddish, covered with a mass of rosy-pink bracts.

150 cm CG .

## Cornus Venus

*Venus Dogwood*

[ht-4.5m spr-4.5m] Zones 5-9 ○▶

This spectacular, fast growing hybrid Dogwood is distinguished by exceptionally large, white flowers - as large as your hand! Summer flowers yield attractive strawberry-like fall fruit. Glossy green leaves will show wonderful fall color. good tolerance of drought conditions and is highly resistant to disease.

200 cm CG

## CORYLUS

### Corylus americana

*American Hazelnut*

[ht-4.75m spr-2.5m] Zones 4-9 ○

Native, deciduous, rounded, multi-stemmed shrub. Best grown informally in naturalized areas, open woodland gardens where it can be allowed to spread. May also be used as a screen or as a planting for the rear of a shrub border. Fall color is quite variable, ranging from attractive combinations of orange, rose, purplish red, yellow and green.

80 cm C3

### Corylus avellana 'Contorta'

*Corkscrew Hazel*

[ht-2.5m spr-2.5m] Zones 5-9 ○▶

Slow growing, interesting gnarled and twisted branches, yellow fall foliage, greenish yellow catkins add winter interest.

Please call for availability and or price.

## **Corylus avellana 'Red Majestic'**

*Red Majestic Hazel*

[ht-5m spr-5m] Zones 5-9 ○

Red leaves with branches curled and twisted. Leaves are comparable in shape and colour to the Purple Filbert with the young shoots distinctly light red. An all season garden feature.

Please call for availability and or price

## **Corylus cornuta**

*Beaked Hazel*

[ht-3m spr2.5m] Zones 4-9 ○●

Native, this plant requires moist but well-drained soil. Some removal of root suckers may be necessary to prevent thicket growth. Tolerant of adverse conditions, including soils with high pH. Best grown informally in naturalized areas, open woodland gardens where it can be allowed to spread.

60 cm C3

## **COTINUS**

### **Cotinus coggygria**

*Smoketree*

[ht-4m spr-3m] Zones 4-9 ○

Large shrub, has feathery clouds of green blooms, brilliant, yellow-orange fall foliage.

50 cm C3

60 cm C3

### **Cotinus coggygria 'Royal Purple'**

*Royal Purple Smoketree*

[ht-3m spr-2.5m] Zones 5-9 ○

Purple leaves crowned by "puffs" of feathery smoky pink blooms, drought tolerant ornamental shrub to small tree, best colour is in full sun.

## HYDRANGEA

FOR TREE FORM PLEASE SEE PAGE 41

### Hydrangea arborescens

**'Abetwo'**

*Incrediball Smooth Hydrangea*

[ht-1.5m spr-1.25m] Zones 3-9 ○◐

An improved version of Annabelle, produces large full flower heads from summer until frost. Very strong stems hold the blooms upright even if soaked with rain.

C3

### Hydrangea arborescens

**'Annabelle'**

*Annabelle Hydrangea*

[ht-1.5m spr-1.5m] Zones 2b-9 ○●

Pure white blooms up to 12" across, strong straight stems hold the blooms well, blooms from mid summer until frost.

C3

### Hydrangea arborescens

**'Invincibelle Spirit'**

*Invincibelle Spirit Hydrangea*

[ht-1m spr-1m] Zones 4-9 ○◐

Rich pink flowers bloom from early summer to frost. Dark pink buds open to hot pink flowers which then turn soft pink as they mature, finally changing to green at the end of their life cycle. Very hardy. Reliable bloomer.

C3

## Hydrangea macrophylla

### *Macrophylla Hydrangea*

[ht-1.5m spr-1.5m] Zones 6-9 ▶

Superb shrub for accent, specimen or border use, large globular blooms during the summer.

## Hydrangea macrophylla 'City Line' Series

Smaller sized everblooming hydrangeas, with long lasting flowers. Mildew resistant and compact. Soil Ph affects the bloom colour.

**PROVEN WINNERS**

## Hydrangea macrophylla

### *Mars*

[ht-1m spr-1m] Zones 5-9 ○

Distinctive variegated mophead flowers range from deep indigo-blue to magenta-pink. The long-lasting blooms age to an attractive green as they age. Like other Cityline hydrangeas, Mars is a dwarf plant that does not need pruning to stay nice and compact. Use it as a foundation plant, or as a show-stopping specimen in a container garden. The glossy green foliage is very mildew-resistant.

C3

## Hydrangea macrophylla

### *Rio*

[ht-1m spr-1m] Zones 5-9 ○

A small to medium, early blooming selection with large flowers that range from strong blue to purple depending on the soil; add aluminum sulfate to the soil to encourage blue flower color. The blooms are large and long lasting. This plant has excellent mildew resistance, and makes a great container plant. Like the other Cityline hydrangeas, Rio is compact so it does not need pruning. It's perfect for foundation plantings.

C3

## Hydrangea paniculata 'Bobo'

### *Bobo Hydrangea*

[ht-1m spr-1m] Zones 3-9 ○▶

Loads of large white flowers on this small plant. In the fall flowers turn pinkish. An asset to any garden with limited space. This small hydrangea is also a great for container plantings.

**PROVEN WINNERS**

C3

## Hydrangea paniculata 'Bombshell'

### *Bombshell Hydrangea*

[ht-1m spr-1.25m] Zones 3-9 ○

A dwarf form that is well branched producing an abundance of white flowers from Summer to Fall. Little if any pruning is required to maintain its shape.

C3

## Hydrangea paniculata 'Grandiflora'

### *Peegee Hydrangea*

[ht-3m spr-3m] Zones 4-9 ▶

Large arching shrubs, flower in August with white blooms, bronzy-pink later in the season.

40 cm C3

50 cm C3

60 cm C3

80 cm C3

## Hydrangea paniculata 'Quick Fire'

*Quick Fire Hydrangea*

[ht-2m spr-2m] Zones 3-9 ▶

Large white pyramidal flowers that change to pink and mature to red as the season progresses.

C3

## Hydrangea paniculata 'Little Quick Fire'

*Little Quick Fire Hydrangea*

[ht-1.25m spr-1.25m] Zones 3-9 ▶

Like Quick Fire, it is early blooming, flowering about a month before other hydrangeas. White flowers transform to pink-red as summer progresses. This dwarf plant fits easily into any landscape, including container gardens.

C3

## PROVEN WINNERS AND OTHER SPECIALITY HYDRANGEAS

## Hydrangea macrophylla 'Bailmer'

*Endless Summer macrophylla Hydrangea*

[ht-1.5m spr 1.5m] Zones 6-9 ▶●

Clear blue mop head blooms turn pink in alkaline soils, foliage is mildew resistant.

PROVEN WINNERS

C3

## Hydrangea macrophylla 'Blushing Bride'

*Endless Summer Blushing Bride Hydrangea*

[ht-1.5m spr-1.5m] Zones 6-9 ▶●

spent flowers for repeat blooms.

C3

○ Full Sun ▶ Part Shade  
● Full Shade

## Hydrangea macrophylla 'Double Delights Star Gazer'

*Star Gazer Hydrangea*

[ht-1m spr-1m] Zones 5-9 ▶

This reblooming lacecap hybrid has large flowers with mauve-blue or pink centers and white picotee edges. Compact habit requires less pruning, making this a low-maintenance selection. Suitable for the shade garden or as a container plant; mildew-resistant.

C3

## Hydrangea macrophylla 'Double Delights Wedding Gown'

*Wedding Gown Hydrangea*

[ht-1m spr-1m] Zones 5-9 ▶

Beautiful white double blooms against dark green foliage. Strong stems hold flowers upright. Lacecap hydrangea with a compact habit; requires less pruning, very low-maintenance. Suitable for the shade garden or as a container plant. Suitable for the shade garden or as a container plant.

C3

## Hydrangea macrophylla 'Horwack'

*Pistachio Hydrangea*

[ht-1m spr-1.5] Zones 5-9 ▶●

This hydrangea blooms on both old and new wood, large blooms of mop head flowers open green tinged with chartreuse but as they mature the center of each flower turns scarlet red to violet with a small blue eye.

C3

## Hydrangea macrophylla 'Snow Storm'

*Snow Storm Hydrangea*

[ht-1.25m spr-1.5m] Zones 5-9 ▶●

Early flowering variety that reblooms until frost. This hydrangea has mop head pure white flowers set against dark green foliage. Group or mass planting will make this hydrangea a show stopper.

C3

## **Hydrangea paniculata 'Jane'**

*Little Lime Hydrangea*

[ht-1m spr-1m] Zones 3-9 ▶

Dwarf form of Limelight, beautiful lime green flowers that fade to white with hues of pink during late Summer/Early Fall. Grows to about one third the size of Limelight. Great for smaller size gardens.

**PROVEN WINNERS**

C2

C3

## **Hydrangea paniculata 'Limelight'**

*Limelight Hydrangea*

[ht-2m spr-2m] Zones 3-9 ▶

Beautiful lime green flowers that fade to white with hues of pink as the season progresses.

**PROVEN WINNERS**

C2

C3

## **Hydrangea paniculata 'Renhy'**

*Vanilla Strawberry Hydrangea*

[ht-2m spr-1.5m] Zones 4-9 ▶

Habit is upright in early summer changing to cascading as summer progresses due to the added weight of the flowers. In late summer flowers open white, change to pink and finally mature to pinkish-red. This strawberry red flower colour will typically be retained for 3-4 weeks.

C3

## **Hydrangea paniculata 'Wim's Red'**

*Fire and Ice Hydrangea*

[ht-1.25m spr-1.25m] Zones 3-8 ▶

A compact, early blooming, heat tolerant selection with attractive greenish-red foliage all season. Blooms open creamy white in early summer, turn pink in mid-summer, becoming deep red in fall. A beautiful accent, foundation or border shrub for the garden.

C3

## **Hydrangea quercifolia**

*Oakleaf Hydrangea*

[ht-3m spr-3m] Zones 5-9 ▶●

A spectacular large shrub, oak leaf shaped foliage, erect white blooms.

## **Hydrangea quercifolia 'Munchkin'**

*Munchkin Oakleaf Hydrangea*

[ht-1m spr-1m] Zones 5-9 ▶●

Munchkin Hydrangea features bold fragrant conical white flowers with pink overtones at the ends of the branches from late spring to mid summer. The flowers are excellent for cutting. It has dark green foliage which emerges grayish green in spring. The large lobed leaves turn an outstanding brick red in the fall.

## **Hydrangea quercifolia 'Pee Wee'**

*Pee Wee Oakleaf Hydrangea*

[ht-1.25m spr-1m] Zones 5-9 ▶●

Very similar to hydrangea quercifolia but smaller and more compact growing. Good specimen or accent plant for foundation or other locations near homes or patios. Group or mass in shrub borders or open woodland areas. Good informal hedge.

## **Hydrangea quercifolia 'Ruby Slippers'**

*Ruby Slippers Oak Leaf Hydrangea*

[ht-1.25m spr-1.5m] Zones 5-9 ▶●

Ruby Slippers is cross between Pee Wee and Snow Queen Hydrangea, compact growing, flowers emerge white, but quickly fade to pink finally maturing to a ruby-red colour. Good specimen or accent plant for foundation or other locations near homes or patios. areas. Good informal hedge. Group or mass in shrub borders or open woodland.

### **Physocarpus opulifolius** **'Burgundy Candy'**

*Burgundy Candy Ninebark*

[ht-1m spr-1m] Zones 3-9 ○▶

Rich burgundy foliage is persistent from spring until fall. White blooms in spring. Compact habit is excellent for foundation and shrub border use. A low-water needs variety, thrives in nearly every condition. Tolerant of mildew.

C3

## **Physocarpus opulifolius** **'Coppertina'**

*Coppertina Ninebark*

[ht-2m spr-2m] Zones 3-9 ○▶

A new cross between Dart's Gold and Diabolo that flushes an attractive copper in spring and transforms to a rich red in summer. Soft pink flowers line the gently arching branches in early summer. This durable, cold-hardy plant does well in exposed sites. Good in groupings and mass planting, perennial and shrub borders.

C3

### **Physocarpus opulifolius** **'Dart's Gold'**

*Dwarf Golden Ninebark*

[ht-1m spr-1m] Zones 3-9 ○

A dwarf form of the golden ninebark, yellow foliage provides contrast, small white flowers are followed by red fruit. Tolerates heat, drought and alkaline soil.

### **Physocarpus opulifolius** **'Luteus'**

*Golden Ninebark*

[ht-2m spr-2m] Zones 2b-9 ○

Bright yellow foliage changes to golden-brown in summer with white flowers followed by red seed pods.

50 cm C3

60 cm C3

80 cm C3

### **Physocarpus opulifolius** **'Monlo'**

*Diabolo Ninebark*

[ht-2.5m spr-2.5m] Zones 5-9 ○

Intense reddish-purple foliage on upright arching branches, provides excellent colour contrast when used as border, hedge or screen, has clusters of creamy-white flowers in summer.

40 cm C3

50 cm C3

60 cm C3

80 cm C3

## **Physocarpus opulifolius 'Seward'**

*Summer Wine Ninebark*

[ht1.5m spr-1.25m] Zones 4-9 ○

Upright and compact in shape, dark purple foliage spring to fall, pink-white flowers in mid-summer contrast against the dark purple foliage.

C3

## **Physocarpus opulifolius 'Tiny Wine'**

*Tiny Wine Ninebark*

[ht-1m spr-1m] Zones 3-9, ○

This ninebark is extra bushy, with small, refined leaves. Foliage is dark bronze-maroon all season, contrasts very nice with the white flowers in late spring. Spring flower show is excellent with dainty flowers up and down the stems.

C3

## **POTENTILLA**

### **Potentilla fruticosa 'Abbotswood'**

*Abbotswood Cinquefoil*

[ht-80cm spr-1m] Zones 3-9 ○

Excellent shrub with masses of bright white summer flowers, use for borders, massing or as an accent plant.

### **Potentilla fruticosa 'Annette'**

*Annette Cinquefoil*

[ht-1m spr-1m] Zones 3-9 ○

Large orange-yellow flowers in the summer, use for border or accent.

### **Potentilla fruticosa 'Goldfinger'**

*Goldfinger Cinquefoil*

[ht-1m spr-1m] Zones 2-9 ○

A versatile small shrub, large rich yellow butter-cup like flowers in the summer, mounding form, use for colourful accent in shrub borders.

○ Full Sun    ► Part Shade

● Full Shade

## **Potentilla fruticosa 'Pink Beauty'**

*Pink Beauty Cinquefoil*

[ht-1m spr-1m] Zones 2-9 ○

Has semi-double bright pink flowers with continuous bloom, fine textured dark green foliage, use for perennial and shrub borders.

## **Potentilla parvifolia 'Farreri'**

*Gold Drop Cinquefoil*

[ht-60cm spr-60cm] Zones 2-9 ○

Small shrub, lemon yellow flowers in the summer, dark green foliage, use for borders or foundation plantings.

40 cm C3

50 cm C3

60 cm C3

## **Potentilla parviflora 'Red Ace'**

*Red Ace Cinquefoil*

[ht-80cm spr-1m] Zones 3-9 ○

Showy shrub with orange-red flowers, changing to yellow in the heat of the summer, useful for a colourful accent or border. C.O.P.F.

30 cm C3

40 cm C3

## **PRUNUS**

### **Prunus cistena**

*Purple Leaf Sandcherry*

[ht-2.5m spr-2m] Zones 3-9 ○

Prized for its masses of fragrant light pink flowers and deep purple foliage, small black fruit follows its flowers, excellent accent plant.

50 cm C3

60 cm C3

80 cm C3

80 cm C5

100 cm C5

### **Prunus virginiana**

*Choke Cherry*

[ht-7.5m spr-6.5m] Zones 3-9 ○►

Native, shrub produces white flowers and red fruit, purple fall foliage.

60 cm C3

80 cm C3

100 cm C3

## RHUS

### Rhus aromatica

#### *Fragrant Sumac*

[ht-1.5m spr-2m] Zones 3-9 ○▶

Native, low growing shrub, green aromatic foliage, small yellow flowers in the spring, brilliant scarlet fall colouring, ideal for slopes or bank holding.

40 cm C3

50 cm C3

60 cm C3

### Rhus aromatica 'Grow Low'

#### *Grow-Low Fragrant Sumac*

[ht-1m spr-2.5m] Zones 3-9 ○▶

Excellent plant for bank control or mass planting, small, aromatic yellow flowers in spring followed by red hairy fruit, foliage display an excellent red fall colour.

40 cm C3

50 cm C3

60 cm C3

### Rhus typhina 'Laciniata'

#### *Cutleaf Staghorn Sumac*

[ht-2.5m spr-4m] Zones 2-9 ○●

Medium green cutleaf leaves turn to bright red in the autumn, branches are hairy and mounded in shape, green fruit turns to scarlet-red in the fall. Does well in poor soils.

Please call for availability and or price

### Rhus typhina

#### *Staghorn Sumac*

[ht-4m spr-5m] Zones 3-9 ○▶

Native, bright green foliage turns a vivid orange-red in the fall, clusters of crimson fruit with fine velvet hair on branches, can be used as a specimen, excellent for screening and naturalizing. Tolerates dry or moist soils.

## RIBES

### Ribes alpinum

#### *Alpine Currant*

[ht-1.5m spr 1.5m] Zones 2-9 ○●

Uniform shrub for a low hedge or borders, first hedge to leaf out in the spring, glossy green foliage, small white flowers in spring.

40 cm C3

50 cm C3

60 cm C3

### Ribes aureum

#### *Golden Currant*

[ht-1.5m spr-1.5m] Zones 2-9 ○●

Native, upright growing, dark green foliage, the clusters of bright, fragrant, golden yellow flowers in spring will attract hummingbirds, produces black berries in the summer.

50 cm C3

60 cm C3

80 cm C3

## ROSA

### Easy Elegans Series Rose

[ht-80cm to 1.25m] Zones 4-9 ○

A unique rose series that offers hardiness, many colours and is disease resistant.

- 'Grandma's Blessing'

Pink

- 'Fiesta'

Pink blend

- 'My Hero'

Bright red, fades to pink

- 'Tahitian Moon'

Double moon light yellow

C3

## Explorer Series Rose

[ht-1.25m to 2.5m] Zones 3-9 ○

Named for Canadian Explorers, these roses offer fragrant blooms June to frost, very hardy vigorous growth and are disease resistant.

- **'Henry Kelsey'**  
Deep red
- **'Jens Munk'**  
Double pink
- **'John Cabot'**  
Semi double pink
- **'John Franklin'**  
Deep red
- **'William Baffin'**  
Deep pink  
C3

## Flower Carpet Series Rose

[ht-80cm spr-1.25m] Zones 4-9 ○▶

Excellent ground cover roses, very floriferous, flowers well in partial shade, minimal pruning is needed to maintain growth habit, very disease resistant.

- Amber
- Appleblossom, pink/white
- Pink
- Scarlet
- White
- Yellow
- Coral, pink

C2

## Ground Cover Rose

[ht-60cm spr-1.25m] Zones 4-9 ○

Low growing, wide spreading roses, useful groundcover.

- **'White Creeper'**  
White  
C3

## Meadow Rose

[ht-1.5m] Zones 2-9 ○

Native, single pink fragrant blooms, attractive red bark with blue-green foliage.

- **'Blanda'**  
C3

## Pasture Rose

[ht-1m spr-1m] Zones 4-9 ○

Native, these upright growing roses form dense thickets, use for native plantings, light to deep pink, 2" blooms, small scarlet hips.

- **'Carolina'**  
Pink  
C3

## Red Leaf Rose

[ht-2m spr-2m] Zones 2-9 ○

Very hardy, foliage stays purplish red throughout the summer, has single red-pink flowers.

- **'Rubrifolia'**  
Red  
C3

## Rugosa Rose

[ht-1.75m spr-1m] Zones 3-9 ○

Upright growing shrub roses, extremely vigorous and hardy, flowers sizes up to 3", large red rose hips, excellent hedge or mass planting.

- **'Blanc de Coubert'**  
White
- **'Grootendorst'**  
Pink
- **'Frau Dagmar Hastrup'**

- 'Candy Rose'  
Pink
- 'Monte Casino'  
Red  
C3

## Swamp Rose

[ht-2m spr-2m] Zones 3-9 ○▶

Native, summer blooms are pink and fragrant, arching habit, likes moist acid soil.

- 'Palustris'  
C3

## RUBUS

### Rubus allegheniensis

*Sow-Teat Blackberry*

[ht-30cm spr-60cm] Zones 4-9 ○▶

Native, erect growing to somewhat arching, dark green foliage, white flowers in early summer, produces blackberries that are sweet and somewhat aromatic.

C2

### Rubus odoratus

*Flowering Raspberry*

[ht-2.5m spr-2.5m] Zones 3-9 ○▶

Native, upright shrub, purple fragrant, showy flowers in June and July, shade tolerant, bears red raspberry shaped fruit, useful for screening.

50 cm C3

60 cm C3

80 cm C3

## SALIX

### Salix bebbiana

*Beaked Willow*

[ht-5m spr-10m] Zone 2-9 ○

Native, foliage is silvery-grey to green with cone-like fruit and attracts birds.

### Salix candida

*Sage-Leaf Willow*

[ht-2m] Zones 1-9 ○

Native, erect growing shrub, foliage is dark green, glossy red-brown stems, suited for moist, sandy, peaty or marshy ground

### Salix caprea

*Goat Willow*

[ht-4m spr-4m] Zones 4b-9 ○

Likes wet soils, produces large catkins followed by golden-yellow stamens.

### Salix cordata

*Heart Leaf Willow*

[ht-2m] Zones 2-9 ○

Native, stems are white and silky when young, green finely serrated leaves have paler undersides.

### Salix discolor

*Pussy Willow*

[ht-6m spr-1.5m] Zones 2-9 ○

Native, hardiest of the pussy willows, silvery catkins appear before leaves.

### Salix eriocephala

*Heartleaf, Diamond Willow*

[ht-5m] Zones 5-9 ○

Native, shrubby multi-stem willow, green foliage, orange to yellow catkins, excellent for erosion control.

### Salix exiqua

*Sandbar Willow, Coyote Willow*

[ht-3m] Zone 2-9 ○

Native, spreading by underground stolons, suitable for around ponds, riverbanks and sand beaches.

### Salix fragilis

*Crack, Brittle Willow*

[ht-25m] Zones 5-9 ○

Native, dark green foliage, branches are brittle at the base, catkins appear in May-June, likes moist soil and low areas, i.e. streams, rivers and edges of lakes.

**Salix lucida***Shining Willow***[ht-6m] Zones 3-9** ○

Native, foliage is dark green, yellow to red-brown shiny stems, young leaves are tinged red, likes wet areas.

**Salix melanostachys***Black Pussy Willow***[ht-2m spr-2.5m] Zones 5-9** ○

Rich purple-black catkins stems in winter, in spring male catkins open to deep purple-black with brick red anthers and finally show yellow.

**Salix nigra***Black Willow***[ht-20m spr-5m] Zones 3-9** ○

Native, multi-stem shrub, slender branches, dark brown fissured bark.

**Salix petiolaris***Slender, Meadow Willow***[ht-3m] Zones 2-9** ○▶

Native, large multi-stem shrub, young branches are purplish, foliage is dark green with grayish undersides, likes moist soils.

**Salix purpurea 'Gracilis'***Arctic Willow***[ht-1.25m spr-1.5m] Zones 2-9** ○

Dwarf rounded willow noted for its steely blue foliage on supple purple stems, popular screening plant, use for clipped hedge or specimen.

**Salix repens***Creeping Willow***[ht-80cm spr-1m] Zones 2b-9** ○

Silky grey catkins become yellow in mid to late spring, attractive ground cover with good colour contrast.

**SAMBUCUS****Sambucus canadensis***American Elder***[ht-3m spr-2.5m] Zones 3-9** ○▶

**Native**, fast growing shrub, medium green foliage, large yellow-white flowers in early summer, produces purple-black fruit used for jams, jellies and wines.

**Sambucus canadensis 'Aurea'***Golden American Elder***[ht-2.5m spr-2.5m] Zones 3-9** ○

Very similar to American Elder but has golden foliage and red fruit.

60 cm C3

80 cm C3

100 cm C3

**Sambucus nigra 'Gerda'***Black Beauty Elder***[ht-2.5m spr-2.5m] Zones 5-9** ○▶

A nice addition to the landscape, brilliant black foliage when planted in full sun, large lemon scented pink flowers in the summer months add contrast to black foliage.

50 cm C3

60 cm C3

80 cm C3

**Sambucus pubens***Red Berried Elder***[ht-3m spr-2m] Zones 3-9** ○▶

**Native**, Dark green foliage, upright irregular habit, yellowish-white flowers followed by scarlet-red fruit in June, use for borders or background planting.

50 cm C3

60 cm C3

**SORBARIA****Sorbaria sorbifolia***False Spirea***[ht-2m spr-1.5m] Zones 3-9** ○●

Noted for its long panicles of "Astilbe like" white flowers July and August, foliage is dark green prefers moist well drained organic soil.

50 cm C3

60 cm C3

## Sorbaria sorbifolia ‘Sem’

*Sem False Spiraea*

[ht-1m spr-1m] Zones 3-9 ▶

Compact habit, low growing, attractive orange-red foliage in the spring, plumes of white flowers in the summer, use for borders or as a specimen.

40 cm C3

50 cm C3

## SPIRAEA

### Spiraea alba

*Meadowsweet*

[ht-1.5m spr-1.5m] Zones 5 ○

Native, branches are erect to spreading and flowers are white, rarely pink.

### Spiraea arguta ‘Graciosa’

*Garland Spirea*

[ht-1m spr-1.25m] Zones 3-9 ○▶

Beautiful weeping shrub with fine leaved foliage and cascades of white flowers in early summer, useful for shrub border or specimen plant.

### Spiraea bumalda ‘Anthony Waterer’

*Anthony Waterer Spirea*

[ht-1.25m spr-1.25m] Zones 2-9 ○▶

Flat-topped heads of rosy-pink flowers cover the top of this shrub in early summer, foliage is bright green, new foliage growth is reddish purple, useful in the foreground of shrub borders.

### Spiraea bumalda ‘Crispa’

*Crisp Leaf Spirea*

[ht-1m spr-1m] Zones 3-9 ○▶

Similar to Anthony Waterer but has twisted, strongly serrated leaves, 3” rose pink flower clusters in early summer, more compact than Anthony Waterer.

### Spiraea bumalda ‘Frobelle’

*Frobelle’s Spirea*

[ht-1.25m spr-1.25] Zone 2b-9 ○

Naturally rounded form, new growth is purplish green, bright pink flowers in flat clusters in late spring.

### Spiraea bumalda ‘Goldflame’

*Goldflame Spirea*

[ht-1m spr-1.25m] Zones 2b-9 ○

Bronzy new growth in the spring matures to soft yellow green in summer accenting the crimson flowers, fall colour is coppery-orange.

### Spiraea bumalda ‘Goldmound’

*Goldmound Spirea*

[ht-1m spr-1.25m] Zones 4-9 ○

Compact shrub, bright yellow foliage through the summer, light pink flowers in late summer. For a formal appearance shear annually after flowering.

### Spiraea japonica alpina ‘Nana’

*Dwarf Alpine Spirea*

[ht-25cm spr-80cm] Zones 4-9 ○

Dwarf, spreading mounds of finely textured blue-green foliage on slender branches holding masses of showy pink flowers, can be used as ground cover.

### Spiraea japonica ‘Little Princess’

*Little Princess Spirea*

[ht-60cm spr-1m] Zones 4-9 ○

In summer, dainty clusters of rose pink flowers create pleasing contrast against mint green foliage. Has a neat compact form and fits nicely into shrub borders.

### Spiraea japonica ‘Macrophylla’

*Japanese Spirea*

[ht-1.5m spr-1.5m] Zones 4-9 ○

Small flowers but large leathery green foliage turning to a mix of yellow, orange and red colours in the fall.

○ Full Sun ▶ Part Shade

● Full Shade

## **Spiraea japonica 'Flaming Mound'**

*Flaming Mound Spirea*

[ht-80cm spr-1m] Zones 4-9 ○

Foliage is green to red burgundy with long lasting showy pink flowers. Dwarf version of Goldflame Spirea.

## **Spiraea japonica 'Neon Flash'**

*Neon Flash Spirea*

[ht-1m spr-1m] Zones 4-9 ○

Large variety with carmine red flowers, bright new growth is shaded with purple that turns deep green, flowers early to late summer.

## **Spiraea japonica 'Shirobana'**

*Shirobana Spirea*

[ht-80cm spr-1m] Zones 3-9 ○

Small shrub with bright green leaves on slender stems, from red buds white and pink bloom clusters cover this dwarf dense mounded Spirea, use for border accent or specimen.

## **Spiraea japonica 'Walbuma'**

*Magic Carpet Spirea*

[ht-50cm spr-80cm] Zones 3-9 ○

Dwarf, bright gold foliage accented by red leaf tips which change to russet tones in the fall, spring flowers are deep pink purple, this low spreader is ideal filler or groundcover.

## **Spiraea nipponica 'Halward Silver'**

*Halward's Silver Spirea*

[ht-1m spr-1m] Zones 4-9 ○

Compact rounded shrub, cover with cascading white flowers in the spring has dark green foliage and dense branching, use for mixed shrub/perennial plantings.

## **Spiraea nipponica 'Snowmound'**

*Snowmound Spirea*

[ht-1.25 spr-1.25m] Zones 3-9 ○

Compact mounded shrub with graceful spreading arching branches of deep green foliage, displays a profusion of small clusters of white flowers in the spring, use for borders or specimen. Tolerates dry conditions.

## **Spiraea trilobata**

*Dwarf Bridalwreath Spirea*

[ht-1.25m spr-1m] Zones 4-9 ○

Profuse blooming shrub, masses of white flowers.

## **Spiraea vanhouttei 'Renaissance'**

*Renaissance Bridalwreath Spirea*

[ht-2m spr-2m] Zones 4-9 ○

This graceful shrub features masses of pure white flowers on arching branches in late spring, fall colour is vivid orange-red, use for specimen or mass planting.

80 cm C3

## **STEPHANANDRA**

### **Stephanandra incisa 'Crispa'**

*Cut-leaf Stephanandra*

[ht-60cm spr-1m] Zones 5-9 ○▶

Low spreading shrub, arching stems which re-root, bright green fern-like leaves, turning reddish-purple in the fall.

40 cm C3

50 cm C3

## SYMPHORICARPOS

### Symphoricarpos albus

#### Snowberry

[ht-1.5m spr-1.25m] Zones 2-9 ○●

Native, flowers pink and bears clusters of snow white fruit in the fall, bluish green foliage, good in partial shade and moist locations, excellent erosion control.

### Symphoricarpos albus 'Ovatus'

#### Large Leaf Snowberry

[ht-1m spr-1m] Zones 2-9 ○▶

Similar to Snowberry, but broader leaves and more compact.

### Symphoricarpos chenaultii 'Hancock'

#### Hancock Coralberry

[ht-1m spr-2m] Zones 5-9 ○●

Prostrate growing, has bluish-green foliage, tiny pink flowers, in the fall small pink berries, ideal for bank holding, groundcover and erosion control.

### Symphoricarpos orbiculatus

#### Coralberry / Indian Currant

[ht-1m spr1.5m] Zones 2b-9 ○●

Native, branches arch under the weight of clusters of purplish red coral like berries, berries last well in the winter months, yellowish white flowers with rose blush in early summer excellent for bank stabilization.
