

CATALOGUE 2013

Dear sports fans,

Have you ever tried "hockering"? – Probably not, as this urban sports trend has only recently emerged on the scene. It's energetic, it's stylish and it stretches its fans to their physical limit. So, why am I telling you this? That's simple: STABILO captures the hearts of its customers in the same energetic, lively and sporty way. That's why 2013 will be all about the orange and white hocker. Orange and white? Correct – these are the world-famous colors of our million-selling STABILO point 88 fineliner and its relatives who have discovered "hockering" for themselves. With a major TV and online campaign – but most importantly with you on the shop floor – the orange and white family are celebrating the arrival of five new neon colors which will create a huge boost in sales! A competition will send hoards of young people rushing your way ahead of our orange and white product placement – tearing them away from their hockers!

And while we're on the subject of celebrating: guess who turns 10 this year? That's right! Our STABILO EASYoriginal has been helping school children with their writing for a whole decade. With this pen you benefit from our reputation as a leader in innovation – a reputation we have since strengthened by continuously conducting new research into the fields of fine motor skills and writing didactics. This year, with two new color combinations and limited edition trendy ink colors, STABILO EASYoriginal is throwing a real party. And, of course, you'll get the biggest slice of the cake!

STABILO has been delighting its eco-conscious customers for years with sustainable, resource-friendly products. We are now offering ballpoint pen fans a "green" alternative with STABILO quality: the STABILO pointball is made from almost 80% recycled raw materials. Whether it's in the office, at uni or at school – everyone can make a contribution to help ensure that our children grow up on a clean planet.

We have confidence in your expertise and responsibility as dealers to increase this crucial contribution each day, bit by bit. For this very reason, you'll always be able to rely on our full support in your attempts to do so.

Because we want to keep on saying: take it easy – keep on hockering!

Best wishes,

Sebastian Schwanhäuber

Happy Birthday

STABILO® EASYoriginal 10th birthday

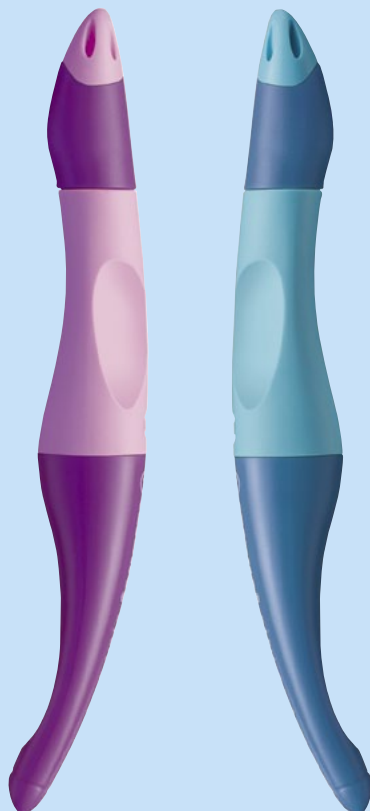

HAPPY BIRTHDAY – 10 YEARS OF NEAT WRITING AT SCHOOL.

THE PIONEER OF WRITING ERGONOMICS.

10 years ago STABILO revolutionised the market for writing instruments – and classrooms. For the first time, the STABILO EASYoriginal offered an alternative to the traditional fountain pen. And what an alternative: ergonomic design, variants for left- and right-handers, grip zones and a clean, legible script. Quite simply it looks different, cooler and more modern. Just easy. No wonder students want to have it and even teachers and parents are behind it.

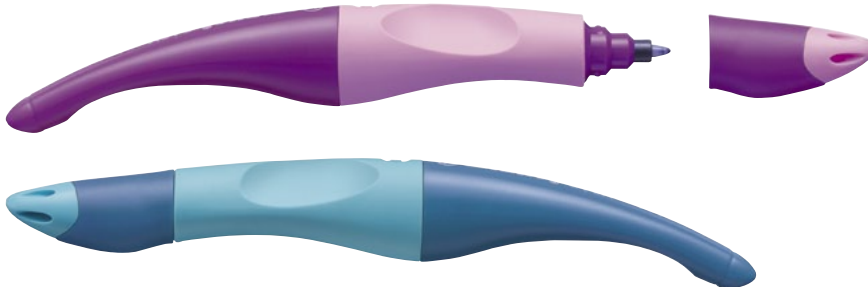

THE GUARANTOR FOR HIGH DEMAND.

The STABILO EASYoriginal has been highly sought after ever since it was invented. Even after 10 years, that hasn't changed. But you will see that there is yet more to come in its anniversary year. An anniversary edition with 2 new shaft color combinations, the appropriate ink colors and unusual promotion displays will further increase your sales and put you in the party mood. We'd like to say: thank you very much for making the STABILO EASYoriginal a top-selling, dependable major player on the market – the original, and so easy it almost sells itself.
