Visiting on Memorial Day

*Heidi Birchfield-Axel
(WI)*

Dear TDI Volunteers:

Please read the following and save this message.

Why must TDI VOLUNTEERS abide by our Rules and Regulations?

There are important reasons: As an organization we have a tremendous responsibility when regulating, testing and registering potential Therapy Dogs and their handlers. Registered TDI Therapy Dog Teams are invited to all types of facilities to visit under the auspices of TDI. Wherever TDI Therapy Dog Teams are visiting there are certain standards to be met. To uphold these standards all volunteers are bound by TDI's Rules and Regulations. This is very simple and straightforward!

Where are these Rules and Regulations?

In TDI's Membership Guide given to each TDI volunteer. A separate copy of these rules and regulations are given to each new associate member with their original paperwork.

A separate copy of these rules and regulations are given each associate member with their annual renewal paperwork.

Signed and agreed upon by each volunteer prior to acceptance as a potential current TDI Dog/Handler Team as a contract between TDI and a Dog/Handler to become an associate member of TDI.

Signed and agreed upon by each Volunteer as a condition for annual TDI associate membership renewal.

What happens if a TDI associate members violates TDI's Rules and Regulations?

The volunteer will be subject to sanctions and will be barred from participating in our program until sanctions with conditions imposed which must be met in a timely manner. Otherwise, a volunteer will be dropped from our program as an associate member.

Examples of breaking our Rules and Regulations:

New associate members

Not completing all required steps of registration for associate membership with TDI. After warning, with a time restriction, if conditions are not met candidate will be dropped as a potential associate member.

Associate members

Lapsed HRF not updated during the year when any of the required applications on the form have expired. Four weeks prior to expiration the handler receives a reminder. If the TDI office does not receive an update in a timely manner the handler will be contacted and advised to update the form given a timeframe. If no update is received at the deadline of this new time frame the team will be dropped as an associate membership team from TDI's membership list.

Visiting without a current HRF jeopardizes our program. **There is zero tolerance for this type of violation.**

THANK YOU TO ALL OF OUR WONDERFUL, DEDICATED VOLUNTEERS WHO HAVE BROUGHT HOPE, JOY AND COMPANIONSHIP TO SO MANY! YOU ARE MAKING A TREMENDOUS DIFFERENCE IN THIS WORLD!

Ursula Kempe
President

Rules for 2018, subject to change. All associate members will receive a copy if any changes occur during any current year.

Rules for Associate Members This is a legal contract between you and TDI. Please read, sign, and date.

- A. Before a visit.** (Any claim against TDI® is subject to the jurisdiction of the New Jersey Courts.)
- No TDI Associate Member is permitted to visit at any facility that has not signed our MOU. If a TDI Associate Member visits without an MOU, they are acting as their own agent and will jeopardize their membership with TDI. If visits occur in facilities with no MOUs, a review will be completed by the TDI Membership Committee Task Force with one of the following outcomes: An MOU will be secured, Associate Member must be placed on suspension.
 - Dog(s) with each applicant must have passed the **TDI® Test** given by one of our certified Evaluators (Does not apply for dog(s) already registered).
Alternative: If there is no TDI® evaluator within a 4-hour drive an associate member may be accepted for limited registration. A temperament test must be given by a qualified instructor. Additional requirements include written invitations on letterhead from any facility where you wish to visit. Applicants for limited registration should request from TDI® a procedure form, which explains how to register.
 - Dogs must be a minimum of one year-old to be tested and registered with TDI®.
 - No minimum age for handlers if the handler is able to pass the test without assistance, but handlers under 18 must be accompanied by an adult on visitations. The Registration form must be signed by a parent or legal guardian.
 - You may be an associate member without a dog. Limited to associate members with previously registered dogs. Only associate members who have a deceased or retired dog are eligible.
 - TDI®'s Annual Health Records form, which must be completed and signed by a Veterinarian, is **mandatory** for Registration and annual Renewal. All TDI required health procedures must be current at all times in order for you to keep making TDI visits. If any required health procedure expires, the dog is not allowed to visit as a therapy dog until the health record is updated.
 - All applicants who wish to visit with more than one dog at the same time must be tested by a TDI® Evaluator with all those dogs together (Maximum of 2 dogs).
 - Paid professionals who use their therapy dogs while working cannot be covered under TDI®'s Volunteer Insurance program. With a current valid registration you will be covered under TDI®'s Volunteer Insurance programs while in service as a volunteer (Our Insurance coverage applies only within the U.S. and Canada).
 - All TDI® Associate Members must be accompanied by a hospital representative when visiting with toddlers or babies.
 - TDI® dog/handler teams are prohibited from visiting any individuals who have been affected by a natural or man-made disaster without approval from TDI®.
 - Associate Members cannot form groups and subsequently schedule visits for the group without being an officially sanctioned TDI Chapter. All TDI Associate Members are free to make appointments for themselves at a facility. However, in order to make arrangements for other TDI Associate Members or to visit as a group, you must form a Chapter.

B. During a visit.

- TDI® Associate Members and their dogs cannot visit, be registered by, or be active under the auspices of another Therapy Dog-related visitation program, organization, or group other than TDI®.
- Female dogs must not be in estrus when participating in therapy work. TDI® member dogs are **not required** to be spayed or neutered.
- Dogs must be clean and well groomed when visiting.
- Dogs must be kept on leash at all times when visiting, except when warranted (during a demonstration). The handler must pay attention to the dog at all times.
- Each TDI® Dog must be readily identified by wearing a flat buckle collar or harness, TDI® Tag, and TDI® Bandana on all visits. (Training collars, training harnesses, halties or any other corrective training devices are not permitted.) Vests or other paraphernalia are not permissible unless a conflict occurs with a facility's rules and regulations and TDI® gives advance written consent to that particular exception. Dogs are permitted to wear costumes for special occasions.
- A current TDI® ID card with the member dog's photo and name of handler and dog is mandatory when visiting under the auspices of TDI®.
- During pet therapy visits, member dogs are to be used solely for emotional therapy. Our dogs are not to be used for physical therapy of any sort, i.e., pulling patients on gurneys or wheeled vehicles. Our purpose is to provide comfort and companionship. Any physical interaction, other than petting and general affectionate contact, is not permitted.
- The use of food or treats is prohibited while visiting (exception – during a demonstration, the handler can treat the dog).
- Anything learned about any individuals while visiting under the auspices of TDI is privileged information and may not be discussed or disclosed to anyone at all. Many facilities have a confidentiality policy that they will ask you to sign.
- Associate Members who are participating in therapy dog work in the legal or criminal justice system should not be present during any attorney client/witness interactions.

C. After a visit.

- I agree to inform TDI® immediately in writing if my dog(s) shows any form of aggressive behavior toward other dogs or persons or any change of temperament and to stop visiting with my dog(s) in a Therapy Dog capacity until the matter has been resolved.

D. General conduct.

- I understand that neither my dog's certification, nor my voluntary participation in TDI®, is to be used by myself, my club, or Chapter for any personal or financial benefit including, but not limited to, the misuse of the TDI® certification: to gain access to public accommodations (other than therapy facilities) which are not generally accessible to dogs; for the sale of dogs; or the unauthorized use of TDI®'s name or logo in conjunction with any dog club or organization.
- Public relations appearances, websites and other publications or uses of the TDI® name or logo, by Associates or their clubs, must be authorized in advance by TDI®. In therapy visitations, public appearances and dealings with the media, Associate Members must identify themselves as members of TDI®, and TDI®'s telephone number and/or address should be given to the media.
- I will conduct myself with the utmost courtesy and professionalism in any and all dealings with TDI®. I will present myself and my dog(s) as courteous, caring, and well-prepared volunteers who project the good will, which TDI® has fostered in its members. Any slanderous behavior toward another TDI Associate Member is not acceptable. Any slanderous behavior toward another organization is not acceptable and will be reported to that organization.
- My primary objective in wishing to become an Associate Member of TDI is to share the companionship of my dog with those whom we encounter in our therapy visits.
- I understand that the Volunteer Insurance coverage provided by TDI® is strictly limited to accidental injury and/or damages. Said insurance will not cover injuries and/or damages if I violate TDI®'s Rules and Regulations while visiting. Further, I agree to indemnify and hold harmless TDI® for such injuries and/or damages.
- My signature indicates that I have been provided a copy of TDI®'s Rules and Regulations and have read and understand my responsibilities and obligations under them. I agree to abide by all of these Rules and upon renewal as an Associate to abide by the Rules applicable to all Associates as amended from time to time. I have answered all questions on this form truthfully and to the best of my knowledge. I acknowledge that my violation of these Rules could result in a review of my TDI® status by the TDI®'s Board of Directors, and may result in the possible imposition of any of the following sanctions: review of the applicant's suitability to become/or remain an Associate; a probationary period imposed; a long-term suspension of my TDI® privileges; or a requirement that my dog(s) be re-tested by an independent Evaluator.
- If membership is not renewed by February 1, registration will not be possible without retesting.

TDI is an independent organization and its members shall not volunteer for another organization utilizing or piggybacking on the TDI member's certification. The TDI certification can only be used for TDI activities following TDI rules for visits and participation.

If a TDI member is solicited by another group or organization to participate as a member of that group or organization using their TDI certification the TDI member must report this solicitation to TDI.

Another Casper Story By Mary Lee Berger

I must tell you another Casper story.

We went into the room of our first patient of the day. I stopped at his bedside, but Casper did not. In a heartbeat, he jumped over the bed rail and was curled up next to the patient.

He has never, never, jumped over the bed rail before. I was shocked, but immediately asked the patient if he were hurt, did Casper jump on your body and hurt you? To my relief, the patient said Casper did not touch him until he curled up next to him. He said dogs love him.

After our visit the nurse came in and lowered the bed rail so Casper could get down, I am not allowed to touch the bed rail. With the rail down, Casper would not get off of the bed. It took the nurse and I to pull him off.

When we got out of the room, the nurse turned to me and said well Casper did it again. I asked what he did? The nurse said that in a few minutes the patient was going to be moved to Hospice and Casper just knew.

Good Job Trouble By Barbara Novak

I have a great story from a recent TDI visit that I want to share with you.

Trouble and I have been visiting the Providence Center in Millersville, Maryland for almost 2 years and are nearing our 50th visit. This is a day program for developmentally disabled adults and 99% of the clients adore Trouble. His pictures hang in all the rooms and almost everyone is incredibly excited to see him.

However, there is a client in one of the rooms who jumps up and runs into a corner whenever we visit because she is terrified of all animals. We always give her a wide berth as we visit the other clients in the room. On Friday she stayed in her seat for the first time ever as Trouble visited with everyone else. As we were visiting with another individual, Trouble's rear end was about 2 feet from the previously terrified woman. She actually reached out and stroked his back near his tail! I got chills and quietly told her "Good job".

Trouble is a very talented performance show dog with numerous titles, ribbons and awards, but none of them mean as much as moments like this. Thank you for allowing us to be a part of your incredible program!

Maggie's Special Visit by Deborah Cook

Maggie and I visited a "special needs" preschool in Gahanna, Ohio, a few weeks ago.

We visited classes in the morning and in the afternoon. One of the classes we visited, three of the teachers silently gave me a "Wow" expression.

I asked what it was about and they all said it was because the kids who usually only said one or two words were actually speaking in sentences to Maggie. It made my heart melt to hear that.

As we were leaving for the day, the students were outside in their playground which was surrounded by an iron fence.

All of the kids came running over to the fence to say goodbye to Maggie. Maggie being Maggie, stuck her paw between the bars and shook hands

with these wonderful kids. Again, my heart melted. Before we left the preschool on Friday, my contact asked if Maggie and I could come back again before the school year ended and of course I told her we would. I told her what our weekday commitments were and to let me know a date.

By Monday morning, she was inviting us to come back every Friday until the school year ended for "Story Time with Maggie".

Chance Encounter By Patricia Norgren

My Norwegian Elkhound and I visit North Memorial Hospital and Cancer Center.

One evening, we were waiting for an elevator to go sign in on another level. There are six elevators there. One opened and several people got out.

Torstein and I entered to find a young man and woman left on the elevator. She was crying and as we entered, the young man grabbed Torstein. He went on to tell me his mother was on hospice dying of cancer. She had undergone treatment at the cancer center, but it didn't work.

She told them about a dog who had come to visit her and made her feel better. I told him it was us and he hugged Torstein until the elevator door opened and we had to exit.

What are the chances that out of six elevators, we got on that one?

That's one of the reasons I enjoy dog therapy so much.

PAWS UP!!!

Cathy Cozier's dog Isaac loves reading with the students at the elementary school. Recently he was presented with an Honorary Service Award from the school PTA! Isaac has been registered with TDI since September of 2017. In his short time as a therapy dog, he has obviously made a significant impact in the lives of the students of the school where he is visiting.

Judy Shackel's dog Olivia TDIA recently earned her OGM (Obedience Grand Master) title. She's the first Yorkie in history to get that title and she's the only living Yorkie OTCH (Obedience Trial Champion). Olivia has been registered with TDI since 2011 and visits a number of different assisted living and nursing home facilities in the community.

Melodee Slaughter and her dog Toby TDIG have just received the Illinois Health Care Association 2018 Volunteer Of The Year award. The award was presented on behalf of the residents at Alpine Fireside Health Center, which is a nursing home they visit. Toby and Melodee have been registered with TDI since 2013. In that time, the team have made over 500 visits and brought joy into countless numbers of lives.

Joanne McDonald's dog Preston TDIA was recently named "Pet Volunteer of the Year" by LMC Extended Care in Lexington, South Carolina. Joanne says that it is very rewarding to see how he interacts with the different patients and staff. He can bring many smiles and happy tears to patients who have pets at home or patients who have loved animals all their life. Preston always has a smile for everyone!

Saying Good Bye

All of us together, whether we know or have known each other personally or not, are and have been part of something which is good, is alive and growing. TDI has been perpetuating itself since the beginnings in 1976 so many are and have been part of this by adding to this "Building". The message of Therapy Dogs has spread. Through the dedication of people with their dogs, we are learning and understanding that there is so much more to be done for the good of all, whether it is for humans or for dogs. By contributing our work with the help of our dogs, all of us in our unique way, have and are making a difference for the good of all Mankind.

Thank you and Good Bye to you who have completed your work here on earth. You have left behind something which has made it worthwhile to have been part of in this world. You will be missed and remembered as having been part of something which is greater than any work of each individual alone!

THE RAINBOW BRIDGE

There is a bridge connecting Heaven and Earth. It is called the Rainbow Bridge because of its many colors. Just this side of the Rainbow Bridge there is a land of meadows, hills, and valleys with lush green grass. When a beloved pet dies, the pet goes to this place. There is always food and water and warm spring weather. The old and frail animals are young again. They play all day with each other. There is only one thing missing. They are not with their special person who loves them on Earth. So, each day they run and play until the day comes when one suddenly stops playing and looks up! The nose twitches! The ears are up! The eyes are staring! And this one suddenly runs from the group! You have been seen, and when you and your special friend meet, you take him or her in your arms and embrace. Your face is kissed again and again and again, and you look once more into the eyes of your trusting pet. Then you cross the Rainbow Bridge together never to be separated.

In Memory . . .

We are saying good-bye to the following TDI dogs. We will always be grateful for the contributions these dogs have made to the lives of others. A very special thank you to their owners for sharing these remarkable creatures with us and for representing TDI so well.
