## 1976-2016

## 40 Years Therapy Dogs International (TDI)

## First TDI Visit in New Jersey in 1976.

Dear Associate Members,

### 40 years of Therapy Dogs International (TDI)

Where has the time gone? I think I know; since time goes very fast! It seems like a long time but really 40 years are nothing if you look at the whole picture. Yet we have made tremendous progress in this short amount of time. I think what has helped is also the age of "Social Media" and before that the ease of transmitting letters by typing them in computers. All over sudden the time of the typewriter is almost passé! Making copies, and many short cuts versus the way we used to do things. The time of Bob Cratchit has long since passed.

We also have changed our way of thinking as to how we look at animals. In our case how we look at dogs and our understanding of them. Some of us always knew there was a lot more about dogs than what was written about them and what people thought they knew. The interaction between dogs and humans has existed for a very long time whether as a utility animal or as a pet.

Ever since our first visit in NJ we have gained more knowledge about the tremendous accomplishments of Therapy Dogs. The capacity of a dog to love and understand humans is what we have learned to understand. By understanding the basis of therapy dog work we know that some of the terminology used by some people is totally incorrect when it is supposed to describe therapy dog work. For example AAT. Animal Assisted Therapy. We at TDI don't have the dogs assist us the handler it is the other way around. The dogs are the Therapists. This would apply for most people since for the terminology to be correct one would have to be a therapist.

Dogs have their own unique ways to help human beings. We have been humbled many times by their superiority in understanding human beings. They know what is needed and who needs their help most, meaning they pick their people.

The HDI is what we try to achieve with our work. I have written about this many times before. A therapy dog is born, not trained. Not meaning that we don't have to train our dogs for good behavior far from it. This is the reason why TDI has a test and oh so many rules and regulations! Yes, it takes work on part of the handler, but it is also so much fun!

Train your sweet dog to become the best therapy dog possible. It is very rewarding to see some of our dogs work. The joy and happiness they bring to those we visit is incredible. This is why we so long ago started to share our wonderful dogs with those who needed them!

Regards,

## 40 Years Therapy Dogs International (TDI)

There is so much to write about Therapy Dogs but in this letter it will be just about the people and the dogs who participated on the FIRST THERAPY DOG VISIT IN NEW JERSEY in 1976. Little did we know at the time that what we had started in NJ would eventually spread all over the world! For myself I am proud to have been there! I believe everyone in this life has a mission to fulfill even, if we don't want to sometimes!

We were just a group of people with our dogs. What did we have in common? We all had German Shepherd Dogs even though there was one Collie but at the same time there also was a GSD in the same family. We all knew each other through competing in the obedience ring at AKC shows.

Elaine Smith, a registered nurse, had seen animals in nursing homes while she worked in England for one year. One day she had the idea to visit with the dogs in a nursing home. She was very familiar with this environment since she worked off and on in many nursing homes.

So off we went to a nursing home with our dogs. Each and every one of our dogs had an outstanding temperament and all of them were also very well trained. The titles listed were their life time achievements and not all earned yet at the time of the first visit. The fifth person Ron Loos with Holli (GSD, UDTX), joined us on subsequent visits.

Elaine Smith and Phila (GSD, CDX)  
Maeline Loos and Jodi (Collie, OTCH)  
John Miktus and Ebony (GSD, UD)  
Ursula Kempe and Sam (GSD, UDT, SchIII, FH) and Tippy (GSD, UD)

How was the very first visit conducted? Since this was new to all of us and also to the nursing home we visited, what we did, we improvised! The able clients were gathered in their wheel chairs and chairs on both sides of a large room. We started out giving some obedience demonstrations. Afterwards, we were visiting with each individual person going down the line. Our dogs were great. They knew what to do even though we did not! So we used our way of interacting by talking and our dogs used their way by being there for each individual. They worked their own very special Magic by giving affection where it was so much needed! Subsequently we visited with clients who had not been able to be present for the visit in the common room, in their individual rooms.

The way our first visit was conducted is still the basis of how we work today. The THERAPY DOGS are what this is all about. Their kindness and unconditional love has helped millions upon millions of people. They help people forget even for some brief moments their troubles, stress and pain. We the handlers, the Therapy Dogs and those we visit, we all benefit, we benefit from the love of our dogs!

Formally establishing of the TDI Evaluator Committee (now called TDI Membership Task Force).

TDI Evaluators started administering the CGC test with our additions to the Test at AKC Dog Shows. Approved by Jim Dearing, the creator of the CGC test.

**ADDITIONAL RULES FOR TDI TESTING**

1. Dogs must be tested on a plain buckle collar or harness. Training collars, training harnesses, halties, or any other corrective training devices are not permitted during testing or visiting as a TDI-registered Therapy Dog.
2. Dogs must be a minimum of one year old to be tested.
3. Handlers under 18 years of age must have a parent/legal guardian present.
4. Greyhounds are not required to sit for TDI Testing.

Note: Potential applicants are not required to take any Therapy Dog classes which are not sanctioned by TDI.

**TDI ADDITIONS TO THE AKC'S CGC TEST**

*TDI registration is a natural extension of the AKC-CGC for dogs who are particularly sensitive and attentive to people. Canine membership includes all breed and mixed-breed dogs. All dogs are tested and evaluated for Therapy Dog work by Certified TDI Evaluators. While many dogs provide love and companionship in the home, not all dogs are qualified or have the temperament suited to be a Therapy Dog.*

**A. Before a visit.**

(Any claim against TDI® is subject to the jurisdiction of the New Jersey Courts.)

- 1. Dog(s) with each applicant must have passed the TDI® Test given by one of our certified Evaluators (Does not apply for dog(s) already registered).
Alternative: If there is no TDI® evaluator within a 4-hour drive an associate member may be accepted for limited registration. A temperament test must be given by a qualified instructor. Additional requirements include written invitations on letterhead from any facility where you wish to visit. Applicants for limited registration should request from TDI® a procedure form, which explains how to register.
2. Dogs must be a minimum of one year-old to be tested and registered with TDI®.
3. No minimum age for handlers if the handler is able to pass the test without assistance, but handlers under 18 must be accompanied by an adult on visitations. The Registration form must be signed by a parent or legal guardian.
4. You may be an associate member without a dog. Limited to associate members with previously registered dogs. Only associate members who have a deceased or retired dog are eligible.
5. TDI®s Annual Health Records form, which must be completed and signed by a Veterinarian, is mandatory for Registration and annual Renewal. All TDI required health procedures must be current at all times in order for you to keep making TDI visits. If any required health procedure expires, the dog is not allowed to visit as a therapy dog until the health record is updated.
6. All applicants who wish to visit with more than one dog at the same time must be tested by a TDI® Evaluator with all those dogs together (Maximum of 2 dogs).
7. Paid professionals who use their therapy dogs while working cannot be covered under TDI®s Volunteer Insurance program. With a current valid registration you will be covered under TDI®s Volunteer Insurance programs while in service as a volunteer (Our Insurance coverage applies only within the U.S. and Canada).
8. All TDI® Associate Members must be accompanied by a hospital representative when visiting with toddlers or babies.
9. TDI® dog/handler teams are prohibited from visiting any individuals who have been affected by a natural or man-made disaster without approval from TDI®.
10. Associate Members cannot form groups and subsequently schedule visits for the group without being an officially sanctioned TDI Chapter. All TDI Associate Members are free to make appointments for themselves at a facility. However, in order to make arrangements for other TDI Associate Members or to visit as a group, you must form a Chapter.

**B. During a visit.**

- 1. TDI® Associate Members and their dogs cannot visit, be registered by, or be active under the auspices of another Therapy Dog-related visitation program, organization, or group other than TDI®.
2. Female dogs must not be in estrus when participating in therapy work. TDI® member dogs are not required to be spayed or neutered.
3. Dogs must be clean and well groomed when visiting.
4. Dogs must be kept on leash at all times when visiting, except when warranted (during a demonstration). The handler must pay attention to the dog at all times.
5. Each TDI® Dog must be readily identified by wearing a flat buckle collar or harness, TDI® Tag, and TDI® Bandana on all visits and on all public appearances when acting as a TDI therapy dog team. (Training collars, training harnesses, halties or any other corrective training devices are not permitted.) Vests or other paraphernalia are not permissible unless a conflict occurs with a facility’s rules and regulations and TDI® gives advance written consent to that particular exception. Dogs are permitted to wear costumes for special occasions.
6. A current TDI® ID card with the member dog’s photo and name of handler and dog is mandatory when visiting under the auspices of TDI®.
7. During pet therapy visits, member dogs are to be used solely for emotional therapy. Our dogs are not to be used for physical therapy of any sort, i.e., pulling patients on gurneys or wheeled vehicles. Our purpose is to provide comfort and companionship. Any physical interaction, other than petting and general affectionate contact, is not permitted.
8. The use of food or treats is prohibited while visiting (exception – during a demonstration, the handler can treat the dog).
9. Anything learned about any individuals while visiting under the auspices of TDI is privileged information and may not be discussed or disclosed to anyone at all. Many facilities have a confidentiality policy that they will ask you to sign.
10. Associate Members who are participating in therapy dog work in the legal or criminal justice system should not be present during any attorney client/witness interactions.

**C. After a visit.**

- 1. I agree to inform TDI® immediately in writing if my dog(s) shows any form of aggressive behavior toward other dogs or persons or any change of temperament and to stop visiting with my dog(s) in a Therapy Dog capacity until the matter has been resolved.

**D. General conduct.**

- 1. I understand that neither my dog’s certification, nor my voluntary participation in TDI®, is to be used by myself, my club, or Chapter for any personal or financial benefit including, but not limited to, the misuse of the TDI® certification: to gain access to public accommodations (other than therapy facilities) which are not generally accessible to dogs; for the sale of dogs; or the unauthorized use of TDI®s name or logo in conjunction with any dog club or organization.
2. Public relations appearances, websites and other publications or uses of the TDI® name or logo, by Associates or their clubs, must be authorized in advance by TDI®. In therapy visitations, public appearances and dealings with the media, Associate Members must identify themselves as members of TDI®, and TDI®s telephone number and/or address should be given to the media.
3. I will conduct myself with the utmost courtesy and professionalism in any and all dealings with TDI®. I will present myself and my dog(s) as courteous, caring, and well-prepared volunteers who project the good will, which TDI® has fostered in its members. Any slanderous behavior toward another organization is not acceptable and will be reported to that organization.
4. My primary objective in wishing to become an Associate Member of TDI is to share the companionship of my dog with those whom we encounter in our therapy visits.
5. I understand that the Volunteer Insurance coverage provided by TDI® is strictly limited to accidental injury and/or damages. Said insurance will not cover injuries and/or damages if I violate TDI®s Rules and Regulations while visiting. Further, I agree to indemnify and hold harmless TDI® for such injuries and/or damages.
6. My signature indicates that I have been provided a copy of TDI®s Rules and Regulations and have read and understand my responsibilities and obligations under them. I agree to abide by all of these Rules and upon renewal as an Associate to abide by the Rules applicable to all Associates as amended from time to time. I have answered all questions on this form truthfully and to the best of my knowledge. I acknowledge that my violation of these Rules could result in a review of my TDI® status by the TDI®s Board of Directors, and may result in the possible imposition of any of the following sanctions: review of the applicant’s suitability to become/or remain an Associate; a probationary period imposed; a temporary suspension of my TDI® privileges; a requirement that my dog(s) be re-tested by an independent Evaluator; or expulsion from the program and relinquishment of TDI® certification.
7. If membership is not renewed by April 1, registration will not be possible without retesting.

TDI is an independent organization and its members shall not work for another organization utilizing or piggybacking on the TDI member’s certification. The TDI certification can only be used for TDI activities following TDI rules for visits and participation.

TDI is a self-perpetuating organization and its members may develop contacts with facilities to visit. TDI members must maintain their TDI identity independent of any other group or organization. If a TDI member is solicited by another group or organization to participate as a member of that group or organization using their TDI certification the TDI member must report this solicitation to TDI.

# Saying Good Bye

All of us together, whether we know or have known each other personally or not, are and have been part of something which is good, is alive and growing. TDI has been perpetuating itself since the beginnings in 1976 so many are and have been part of this "Building". The message of Therapy Dogs has spread. Through the dedication of people with their dogs, we are learning and understanding that there is so much more to be done for the good of all, whether it is for humans or for dogs. By contributing our work with the help of our dogs, all of us in our unique way, have and are making a difference for the good of all Mankind.

Thank you and Good Bye to you who have completed your work here on earth. You have left behind something which has made it worthwhile to have been part of in this world. You will be missed and remembered as having been part of something which is greater than any work of each individual alone!

---

## **Sal Mansell, TDI Evaluator**

Edon, Ohio

Sal Mansell was one of TDI's first Evaluators. She worked tirelessly with her husband Pete, also a TDI Evaluator, by testing potential therapy dog teams. The dedication and generous spirit of Evaluators like Sal Mansell has helped our organization help so many others. It has helped TDI to grow. There are thousands of Therapy Dogs from the beginning to the present who have helped and are helping people. Sal has been part of this through her dedication and work being one of the pioneers who never gave up even though the work was not always easy. Sal, you made a difference! You are missed!

---

## **Teresa Faucette, TDI Evaluator and Field Representative**

Mint Hill, North Carolina

Teresa, you are missed so much at TDI! Having had the pleasure of working with you personally a few times, meeting your beloved DSR dog Max while working in Tuscaloosa and at a Seminar at the TDI office. Max has gone to the Rainbow bridge. You then responded again with your new pup Lexi. You dedicated your life to helping other dog handlers through teaching and evaluating and always were willing to help when you were called. You loved to work with the children sharing your dogs. Your fight against large dog food companies was fearless. You shared your knowledge about dog food on social media to help others. You always were ready to help when you were needed for special assignments. A life well lived, you made a difference!

# THE RAINBOW BRIDGE

*There is a bridge connecting Heaven and Earth. It is called the Rainbow Bridge because of its many colors. Just this side of the Rainbow Bridge there is a land of meadows, hills, and valleys with lush green grass. When a beloved pet dies, the pet goes to this place. There is always food and water and warm spring weather. The old and frail animals are young again. They play all day with each other. There is only one thing missing. They are not with their special person who loves them on Earth. So, each day they run and play until the day comes when one suddenly stops playing and looks up! The nose twitches! The ears are up! The eyes are staring! And this one suddenly runs from the group! You have been seen, and when you and your special friend meet, you take him or her in your arms and embrace. Your face is kissed again and again and again, and you look once more into the eyes of your trusting pet. Then you cross the Rainbow Bridge together never to be separated.*

# In Memory . . .

*We are saying good-bye to the following TDI dogs. We will always be grateful for the contributions these dogs have made to the lives of others. A very special thank you to their owners for sharing these remarkable creatures with us and for representing TDI so well.*
