

## Lefranc & Bourgeois - a versatile world of artists materials

Lefranc & Bourgeois has been manufacturing artists' materials since 1720 and is proud to present an oil colour that was used and developed by the impressionists. L&B was also the first to produce colours using industrial techniques. Today's range comprises a large spectrum of products: the L&B Fine Art Artists' colours, the Louvre studio products, a rich selection of accessories within the L&B Hobby and children's paints within L&B Education, the former Color & Co.

For more information, go to [www.lefranc-bourgeois.com](http://www.lefranc-bourgeois.com)

Fine Gouache

## Oil Colour

### Lefranc Artists' Oil Colours

Lefranc Artists' Oil Colour really comes up to the expectations. This is an extremely permanent and mixable paint. All the colours are highly pigmented and will give your painting a pure and brilliant quality. The range comprises 119 colours in 40ml and whites in 60ml and 150ml.

There is a whole selection of mediums, additives and varnishes to go with the paint, giving you:

- Maximum pigment load
- Creamy consistency
- High lightfastness
- 119 colours

●●●● Absolutely permanent cobalt  
muds when lightened

●● Very permanent colours

● Lightest pigment used in a pure state

□ Transparent colours

● Cobalt cobalt

□ Semi-transparent, semi-eggshell colours

M Colours which can be safely intermixed  
with each other

## Lefranc & Bourgeois Mediums, Varnishes and Additives

### Quick Drying Petroleum

Essence de Petrol. Use sparingly when thinning oil colours and cleaning brushes. Dries when evaporating and has a less aggressive odour than turpentine.

Product	Moq	Ref No	Barcode
Quick drying petrol 75 ml	6*	571015	3013643000075

### White Courtrai Drier (white siccativ)

Colourless and lead-free medium that can be mixed with oil colours to speed up the drying process. Be careful not to mix more than 2% siccativ into the paint, which can otherwise crackle.

Product	Moq	Ref No	Barcode
Vitt sickativ 75 ml	6*	571020	3013643000518

### Colourless Painting Medium

Painting medium that can be mixed into the colours to increase transparency and depths. Will shorten the drying time. Does not yellow over time.

Product	Moq	Ref No	Barcode
Colourless paint medium 75 ml	6*	571035	3013643000266

### Flemish Medium

Mix with oil colours to achieve a supple consistency and make it easier to paint details. Will increase both transparency and brilliance. Lead-free formulation.

Product	Moq	Ref No	Barcode
Flemish medium blyfri 60 ml	3*	571103	3013643001522

### Venetian Medium

Oil colour medium that will add more body and a waxy consistency to the colours. The paint film will dry to a satin sheen.

Product	Moq	Ref No	Barcode
Venetian medium blyfri 60 ml	3*	571104	3013643001546

### Quick Drying Alkyd Medium

Alkyd resin based medium for oil colours. Will shorten the drying time. This medium increases transparency and fluidity and dries with a satin finish. Perfect for creating glazes. Please note that the medium's colour and viscosity can change over time. This does not affect the characteristics of the medium.

### Extra-Fine Retouching Varnish

Retouching Varnish that is used between the layers of an oil painting to add transparency and brilliance. It will protect the painting without being final. It will not yellow with age.

Product	Moq	Ref No	Barcode
Extra-fine retouch varnish 75 ml	6*	571023	3013643000624

### Extra-Fine Picture Varnish

Glossy picture varnish for oil paintings. Does not yellow with age and protects the painting against scratches, dust, mould and moisture.

Product	Moq	Ref No	Barcode
Extra-fine picture varnish 75 ml	6*	571025	3013643000709

**Ceronis Picture Varnish**

Matt picture varnish for oil paintings. Based on beeswax it will give a satin finish. Apply with a soft brush after allowing the painting to dry at least 48 hours, and then rub the surface with a soft, flat brush.

Product	Moq	Ref No	Barcode
Ceronis pict. varn. 60 ml	3*	571010	3013643001362

**Satin Picture Varnish**

A semimatt picture varnish for oil paintings. Should be warmed a little – carefully - before use to make the varnish more fluid.

Product	Moq	Ref No	Barcode
Satin pict.varnish 250 ml	1	571059	0301364300938

**Gloss Anti UV Picture Varnish**

A modern varnish for oil colours that will protect the painting from UV light and direct sunlight (which may otherwise make the colours fade over time). This varnish will build up a layer that will protect the pigments and the binder of the paint.

Product	Moq	Ref No	Barcode
Anti uv fernissa 75 ml	6*	500160	3013643001607

**Watercolour Varnish**

A varnish for the protection of watercolours. The light formulation makes it possible to apply several very thin layers of a protecting varnish.

Product	Moq	Ref No	Barcode
Varn. watercolour 75 ml	6*	571040	3013643001225

## Fine Gouache

### Gouache Set

Fine Gouache comprises opaque water based colours of the highest quality. The finish of the painting will be both opaque and matt. This paint is excellent for illustrations and graphic art.

**Contains:** Primary Yellow, Persian Yellow Medium, Magenta, Persian Violet Light, Cyan, Prussian Blue, Light Green Deep, Burnt Sienna, Ivory Black and Permanent White.

Product	Moq	Ref No	Barcode
Fine gouacheset 10x25 ml	6	535098	3013640350982

## Vinyl Colour

### Flashe super matt vinyl colour

Flashe is a vinyl colour for artists. It can be diluted with water but is totally water resistant when dry. It dries quickly (30 minutes, normally). The paint film will be matt and opaque. Flashe has a high pigment load and you only need a small amount of paint to cover a fairly large area. Flashe is strong and elastic and doesn't require varnishing. If you wish to varnish anyhow we recommend water based acrylic varnish for indoor use or alkyd based varnish for outdoor use. Take care to do a test first on some spare parts and note that the varnish can yellow with age. Flashe is well suited for both indoor and outdoor painting.

- Super matt
- Super opaque
- Highly pigmented
- Water resistant when dry
- For indoor and outdoor use
- 69 colours

## Louvre Mediums, Varnishes and Additives in Oil

### Essence de Petrole

Mineral turpentine which dries through evaporating without leaving any grease spots. Use sparingly to dilute oil colours or to clean brushes and equipment after use.

Product	Moq	Ref.no	Barcode
Essence de petrole 75 ml	5	545066	3013648060425

### Linseed Oil

The traditional medium for diluting oil colours. Will prolong drying time and at the same time thin consistency of the paint.

Product	Moq	Ref.no	Barcode
Linolja 75 ml	5	545067	3013648060432

### Painting Medium

Will add depth and lustre to oil colour. Suitable for supports when an even surface is required, without visible brush strokes. Can be thinned with Essence de Petrole.

Product	Moq	Ref.no	Barcode
Målarmedium 75 ml	5	545068	3013648060449

### Retouching Varnish

Varnish for protection of newly finished paintings that are not yet fully dry. This varnish can be removed with White Spirit before the application of a permanent varnish.

Product	Moq	Ref.no	Barcode
Mellanfermissa 75 ml	5	545070	3013648060463

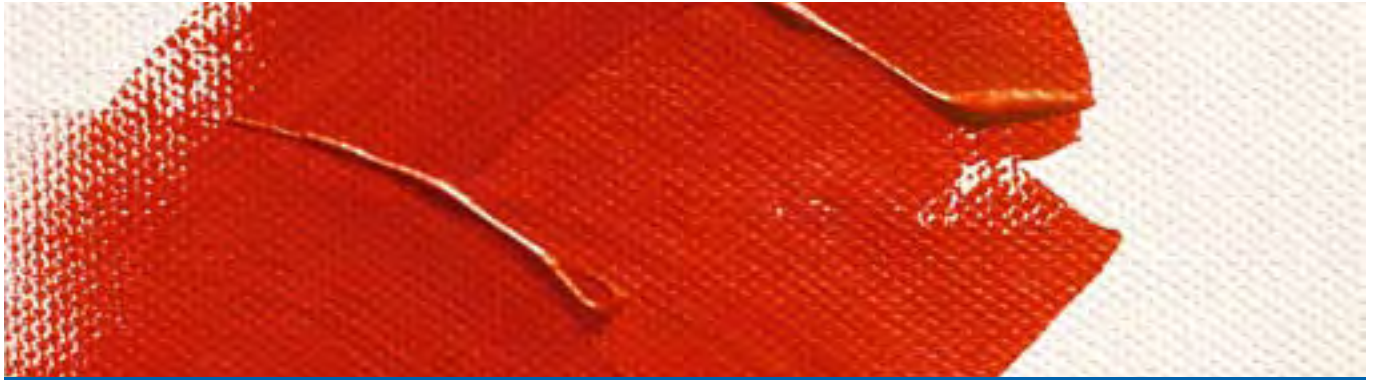

### Picture Varnish Gloss

Colourless picture varnish which will dry to a flexible film with a glossy surface.

Product	Moq	Ref.no	Barcode
Tavelfermissa blank 75 ml	5	545069	3013648060456

## Acrylics

### Louvre Acrylic Colour

Louvre Acrylic Colour is a range comprising studio colours of high quality. This is the perfect alternative for beginners, students and professional artists who want bigger quantities to an affordable price. The chosen colours in the assortment will give you maximum freedom to create your own mixtures. The colours have good covering ability and will dry to a satin finish. Clean brushes and painting equipment with water before the paint is dry.

- Creamy consistency
- Good coverage
- Big packages
- Affordable price
- 43 colours

# Louvre Mediums, Varnishes and Additives for Acrylics

Louvre Mediums, Varnishes and Additives for Acrylics

## Acrylic Gloss Varnish

Protective varnish to apply over completely dry acrylic paintings with a fine brush. Will give a glossy and tough surface. Let it dry and then, whenever you need, you can wipe off dust and dirt.

Product	Moq	Ref.no	Barcode
Akrylfermissa blank 75 ml	5	545071	3013648060470

## Watercolour

### Louvre Watercolour Sets and Boxes

Louvre Watercolour is a studio colour designed for beginners. The colours are of high quality with the characteristics of more expensive colours, although the price is a nice surprise. Therefore this is an assortment suitable for students and artists who want to try painting in watercolours.

#### Watercolour Box

Nice metal box with 12 watercolour whole pans and a brush. Suitable for those who want to paint on a bigger scale or go travelling with their painting box.

Product	Moq	Ref.no	Barcode
Akvarellfärglåda	5	545065	3013648060401

#### Watercolour Set 24 x 10ml

Set with a wider selection of watercolours in 10ml tubes. Suitable for those who prefer to work with a broad palette and large washes. **Comprises:** Lemon Yellow, Medium Yellow, Deep Yellow, Orange, Red Vermilion, Brilliant Red, Ruby Red, Crimson, Alizarin Crimson Hue, Prussian Blue, Phthalo Blue, Ultramarine, Mineral Blue, Azure Blue, Warm Green, Permanent Green Light, Viridian Hue, Terre Verte, Yellow Ochre, Burnt Sienna, Raw Umber, Grey, Ivory Black and Chinese White.

Product	Moq	Ref.no	Barcode
Akvarellfärgset 24x10 ml	1	545026	3013648063495

#### Watercolour Palette Box

Oval shaped watercolour box in white plastic with 12 half pans, brush, artists' sponge and instructions. **Comprises:** Lemon Yellow, Medium Yellow, Deep Yellow, Cadmium Pale Hue, Ultramarine, Intense Blue, Cadmium Orange Hue, Viridian Hue, Cadmium Red Hue, Hooker's Green, Alizarin Crimson Hue, Burnt Umber, Payne's Grey and Purple Lake.

# Brushes

## Louvre Brushes

A complete range with high quality brushes in price worthy hang packs. The assortment is designed for students and beginners who want a complete set and solution when painting in acrylics, oil, watercolours and gouache. In total there are 23 different sets with synthetic brushes, hog brushes and squirrel brushes.

### Hog Brushes Set

Brushes suitable for painting in oil and acrylics. Hog bristles are stiff and will retain their shape; they carry oil and acrylic paint in their natural hair and brush strokes will remain visible.

Brushes with long handles are practical for painting with broad sweeping strokes whereas short handled brushes are more suitable for painting small details close to the canvas.

## Lefranc & Bourgeois Hobby Assortment

Lefranc & Bourgeois hobby assortment comprises creative Deco paint for decoration and home styling. The Déco colours are of the same high quality as the fine artist assortment and offer a wide selection of colours and effects, e.g. Déco Matt and Déco Gloss acrylic paint, textile and silk paint and accessories.

For more information see [www.lefranc-bourgeois.com](http://www.lefranc-bourgeois.com)

## Acrylic

### Déco Matt Acrylic Cream

Déco is a modern range with matt and creamy acrylic paint in trendy colours, adapted for hobby painting, decoration and home styling. They can be used on all clean and dry surfaces like wood, plaster, cardboard, paper, wallpaper, salt dough, candles, baskets ... The paint has a high covering power and you will normally need only one cover for a successful result. It can be thinned with water. The colours are divided into four categories: Soft colours, Intensive colours, Warm colours and Nature colours.

- Matt finish
- Waterproof when dry
- Touch dry after 30 minutes
- Clean brushes and tools in water
- 120 ml will cover a surface of one square metre
- 64 colours
- Covering power, 1 tube 120ml = 1m<sup>2</sup>
- Acid free

## Colour chart Déco 3D

## Déco acrylic mediums and additives

### Gesso

Matt and opaque primer. Well suited for all materials and painting techniques. Use directly from the tube. Dries within 30 minutes when applied in thin layers.

Product	Moq	Ref No	Barcode
Déco gesso 120 ml	3*	510655	3013642112557

### Glue gel

Gel glue with three different areas of use:

**Glue function:** Adheres to and glues together all clean and dry supports like paper, wood, plaster, mosaic etc.

**Texture function:** Mix with sawdust, paper, coarse salt, sand etc. to create different textures and effects.

**Fixing of textiles:** Soak pieces of fabric in gel glue, then wipe away surplus glue and make your own shapes. Then let dry to a fixed form.

Product	Moq	Ref No	Barcode
Déco glue gel 120 ml	3*	510656	3013642112564

### Gloss gel

A glossy gel medium to mix with Déco acrylic cream to enhance transparency and gloss. Dries to a transparent surface when used on its own without mixing with paint.

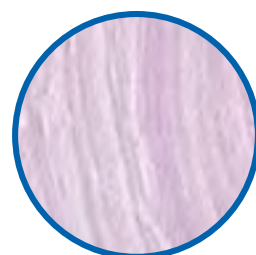

Product	Moq	Ref No	Barcode
Déco gloss gel 120 ml	3*	510657	3013642112571

### Granit effect gel

Medium that can be mixed with Déco colours to imitate sand and stone. For best result we recommend a mixture of 50% granit effect gel and 50% Déco acrylic cream.

Product	Moq	Ref No	Barcode
Déco granit effect gel 120 ml	3*	510658	3013642112588

### 3D matt gel

Thick structure gel to mix with Déco acrylic cream to achieve a thicker consistency and more volume.

Product	Moq	Ref No	Barcode
Déco 3D matt gel 120 ml	3*	510659	3013642112595

### Iridescent gel

A gel with mother-of-pearl effect, best applied over dark colours. Or mix directly in the paint to achieve an iridescent sheen.

Product	Moq	Ref No	Barcode
Déco skimrande gel 120 ml	3*	578473	3013642112977

### Glitter varnish

Transparent varnish with glitter. Apply over dry Déco acrylic cream to achieve a glitter effect.

Product	Moq	Ref No	Barcode
Déco glitterfernissa 120 ml	3*	578474	3013642112984

### Magnetic primer

Provides a surface for magnets to adhere to. Apply with a brush in 3 crosswise layers for best result. One tin will cover about 0.76 square metre. The primed surface can be over painted with Déco acrylic cream and still be magnetic.

Product	Moq	Ref No	Barcode
Magnetisk grund 230 ml burk	1	578471	3013642112953

### Blackboard paint

Matt blackboard paint. Apply two crosswise layers for a covering result. One tin will be enough for an area of 1.44 square metre. Write or draw with slate pencils when the blackboard paint is dry. Draw and wipe away, again and again.

Product	Moq	Ref No	Barcode
Skoltavelfärg 230 ml burk	1	578472	3013642112960

### Mosaic Effect Crackle Medium in two steps

Will create an effect of crackled mosaics. Requires the use of two different mediums. Begin by mixing 50 % Mosaic Crackle Medium Step 1 with 50 % Déco acrylic cream and paint directly on to the support. Then cover the dry surface with another (contrasting!) Déco acrylic cream colour. When the second layer is thoroughly dry, apply a final layer of Mosaic Crackle Medium Step 2. The crackle will appear instantly and continue during the whole drying period.

Product	Moq	Ref No	Barcode
Mosaikkrackelering 1, 120 ml	3*	578481	3013642112991
Mosaikkrackelering 2, 120 ml	3*	578482	3013642113004

Blackboard created with Déco Mosaic Crackle Medium and blackboard paint.

## Déco 3D stencils

Use the Déco 3D acrylic cream together with the 3D stencils and create wonderful 3D patterns. They stencils of flexible rubber are easy to clean and use over and over again. Each stencil is 1,5mm thick and can be used both on plain and on curved supports.

Place the stencil on the support and apply Déco 3D paint over the stencil with a painting knife. Fill out the pattern with paint. Remove the stencil while the paint is still wet.

## Déco Acrylic spray paint

Trendy spray paints, easy to use for creating perfectly uniform washes. Specially designed for objects and surfaces that can be difficult to paint with a brush. The spray paint allows you to experiment with colour fading away or blending together, or layer upon layer etc. Adheres to all clean and dry supports like metal, paper, cardboard, plastic, stone, ceramics and glass etc.

The range comprises six different effects : classic colours, glitter colours, metallic colours, pearl effects, cracking effects and mirror effects.

- Apply in thin layers
- Waterproof when dry
- Touch dry after 30 minutes
- Compatible with all Déco acrylic colours
- 41 colours and effects
- Replaceable nozzles for various spray effects
- Can be used outdoor
- Acid free

## Déco Matt

Déco matt acrylic cream is a classic water-soluble, quick drying and matt acrylic paint with excellent covering power. The range comprises both strong primary colours as well as more muted and traditional colours. Metallic colours like gold and silver are placed in the range Déco Gloss, that is a glossier alternative to Déco Matt. The paint will adhere to all clean and dry supports like wood, plaster, cardboard, wallpaper, salt dough, candles, baskets etc. Apply with a hog brush or a synthetic one. The colours are divided into four different colour groups: Soft colours, Intensive colours, Warm colours and Nature colours.

- Clean brushes and tools in water
- 50ml will be enough for 0,5 square metre
- Waterproof when dry
- Touch dry after 30 minutes
- The colours match the Déco acrylic range
- 65 colours
- Acid free

## Déco Gloss

Déco Gloss is a water-soluble, quick drying glossy acrylic paint, designed for decorating clean and dry supports like wood, plaster, paper, cardboard, ceramics etc. The colours have excellent covering power and they are weatherproof when dry.

- Clean brushes and tools in water
- 50ml will be enough for 0,5 square metre
- Waterproof when dry
- Touch dry after 30 minutes
- Compatible with all other Déco colours
- 35 colours
- Acid free

## Lefranc & Bourgeois effect varnishes and additives

### Ageing Varnish

Add an ancient patina to oil and acrylic paintings and to other objects with this varnish. Solvent based formula.

Product	Moq	Ref No	Barcode
Patineringsfernissa 75 ml	1	574936	3013642102770

### Cracking Varnish

Water based varnish that should be used with Lefranc & Bourgeois Patina Varnish. It will crackle after a chemical reaction with the patina varnish.

Product	Moq	Ref No	Barcode
Krackeleringsfernissa 75 ml	1	574937	3013642102817

### Transfer Medium

Water based transfer medium which enables transferring pictures printed on not glossy paper to objects and surfaces. Suitable also for découpage.

Product	Moq	Ref No	Barcode
Överföringsmedium 75 ml	1	555132	3013642102855

Plaster moon treated with Lefranc & Bourgeois Patina Varnish.

### Patina

Apply this transparent brown or black medium which will make the cracking appear more distinct on objects and paintings.

Product	Moq	Ref No	Barcode
Svart patina 20 ml	3*	574934	3013642105474
Brun patina 20 ml	3*	574935	3013642105481

### Varnish Glue

2-in-1 product that acts both as glue and a protecting varnish. Paper motives (preferable from napkins) can easily be pasted on supports, like wood, plaster, metal, cardboard, paper, glass and china etc. Then apply the varnish glue over your masterpiece to make it last. Decorations on glass, tiles and china should be hardened 30 minutes in the kitchen oven (150°C) and are thereafter dishwasher proof.

Limfernissa 118 ml blister	10	511248	3013642112482

## Déco Textil

Déco fabric paint is a water-soluble and opaque colour which you fix by ironing the fabric. All colours are intermixable and can be applied to supports like cotton, acrylic, polyester, linen, wool and flannel etc. Always wash the fabric before painting to remove the finishing. Apply the paint with synthetic brushes or with stamps. The colours are divided into four different colour themes and match the Déco Acrylic Cream and Déco Matt: Soft colours, Intensive colours, Warm colours and Nature colours.

- Clean brushes and tools in water
- Drying time 24 hours
- Fixing through ironing ( setting wool/silk) during 5 minutes
- Machine washable in 40°C
- 50 colours
- 16 effect colours

## Déco Mediums for fabric paint

### Medium Velvet (velvet effect)

Medium that will give you a velvet effect. Use on its own or in 50/50 mixture with Déco Textil. Protect the motive during the drying time; the swelling velvet effect will appear after 30 seconds. The total drying time is 24 hours. Fix the motive through ironing (setting wool/silk).

Product	Moq	Ref No	Barcode
755 Medium velvet 50 ml	4*	578367	3013642115169

### Water based Gutta

Apply with a brush to block off zones that are not to be painted. The gutta will disappear when the fabric is machine washed and leave a clean textile surface.

Product	Moq	Ref No	Barcode
010 Transparent gutta 50 ml	4*	578368	3013642115176

### Textile glue

An adhesive meant for gluing objects and decorations on to the fabric. Will survive hand wash or 40°C machine wash after the textile and glue have been fixed with an iron (setting wool/silk) for 5 minutes. Before that the glue shall be left to dry for at least 24 hours.

Product	Moq	Ref No	Barcode
Textillim 20 ml	1	578369	3013642115183

### Textile Printing Medium

Mix the textile printing medium with Déco fabric paint to give the paint a thicker consistency. Suitable for screen printing techniques. Mix 4/5 Déco fabric paint with 1/5 medium.

Product	Moq	Ref No	Barcode
Textiltryckmedium 50 ml	4*	576252	3013642107775

## Déco Silk

Déco silk is a semi transparent and water soluble colour that should be set with an iron. The paint is supple and will preserve the silk's smooth character. The colours are intermixable with each other and can be applied to silk, thin textiles of natural fiber (cotton, wool and linen) and synthetic fabrics. Always wash the support before painting to remove the finishing. Use brushes of natural hair.

- Clean brushes and tools with water and soap
- drying time 1 hour
- Fix while ironing (setting wool/silk), 3 minutes on each side
- Machine washable in 40°C
- 19 colours
- 10 Gutta outliner

## Colour chart Déco "Gutta" outliner

## Lefranc & Bourgeois Glass & Tile paint

Glass & Tile paint is a water-soluble colour for painting on glass, china, ceramics etc. It has good durability. It is important to degrease and clean the support thoroughly before applying the paint. Try Déco Surface Cleaner. Painted items that are not hardened can be hand washed without the paint being washed out. If you want your creations to endure machine wash, you have to let the paint dry for three days and then harden the item in kitchen oven at 150°C, for 30 minutes. The range comprises not only colours but also exciting mediums and outliners.

- Clean brushes and tools with water and soap
- Drying time 1 hour – 3 days
- Harden in kitchen oven at 150 °C
- Possible to wash in dishwasher
- 24 opaque colours
- 20 transparent colours
- 4 glitter colours
- 6 frosted colours

## Lefranc & Bourgeois - Education

L&B Education – former Color & Co – is an assortment with colours and accessories of high quality, all of them non toxic and well adapted for children. The gouache in tubes offer a unique possibility for children to express themselves with strong, highly pigmented colours and try impastos for the first time. The assortment comprises mediums, tempera discs, crayons, felt tip pens, modeling clay etc.

For more information, go to [www.lefranc-bourgeois.com](http://www.lefranc-bourgeois.com)

Redimix

## Redimix – liquid tempera

Redimix is a ready-to-use tempera supplied in bottles. The paint is water based and of high quality. It can be diluted up to six times without losing covering strength.

When used directly from the bottle the paint is opaque. Diluted with water it will be more transparent. You can mix mediums into the paint and thus alter the characteristics of the paint (see Textile Mix and PVA-medium).

- Opaque
- Liquid consistency
- Achieve a matt surface
- Clean tools and brushes in water
- 27 colours

## Gouache – creamy tempera

Water based colours with the same buttery consistency as oil colour. The tubes have tight fitting caps. Due to the high and concentrated amount of pigment the paint is opaque. Excellent on paper and other dry and clean surfaces. The finished painting can be protected with gouache varnish.

- Highly pigmented
- Opaque
- Buttery consistency
- Matt finish
- Goes a long way
- 14 colours

## Gouache Mediums and Varnish

### Gouache Varnish

Varnish specially developed for applying over children's painting or other items painted with gouache colours, Redimix or tempera. Provides a glossy and smooth finish. Brushes can be cleaned in water directly after use.

Product	Moq	Ref No	Barcode
Gouachefernisca 500 ml	1	545692	3013041883151

### Transform' PVA

PVA-medium mixed with tempera powder or Redimix will result in a supple acrylic paint which is water resistant when dry. Mix 1 part PVA with 1 part colour. PVA-medium can also be used straight from the bottle as a varnish or glue.

Product	Moq	Ref No	Barcode
PVA-medium 500 ml	6	545454	3013641883755

### Transform' Dyemix

Mix this additive (4 parts) with Redimix or tempera powder (1 part) and produce fabric paint which stays colourfast after ironing. Tempera powder will give the strongest colours.

Product	Moq	Ref No	Barcode
Textilmix 500 ml	6	545453	3013641882154

## Tempera Powder

Tempera as a powder. The powder consists of pigment and binder. With the addition of water you will have a nice liquid tempera. The mixture can be 2 measures of powder to 1 of water, but anything is possible. An economic and pedagogic solution.

- Powder
- Matt finish
- Highly pigmented
- Mix with water
- 9 colours

## Glossy – glossy acrylic paint

A glossy acrylic colour with good covering strength. The colours are intermixable and pure. Can be used on all dry and clean supports and will have a tough, flexible surface when dry. The colour can be used straight from the bottle or diluted with water if you require a more liquid consistency. Please note that the acrylic colour will be quite water resistant when dry. Therefore take care to clean brushes and tools with water and soap immediately after painting session.

- Covering
- High pigment load
- Liquid consistency
- Glossy surface
- 23 colours

## Glitter Paint

Glitter paint is liquid tempera composed of pigments enriched with glitter flakes in different colours. The colours are semi-transparent and will produce a light coloured surface with lots of luster. Use on different supports like paper, wood, plaster, cardboard etc. Clean tools and hands in water.

- Transparent tempera ground
- Coloured glitter
- Semitransparent when dry
- Available in 7 colours

## Glitter Gel

Glitter gel is water based transparent tempera gel with gold and silver glitter. Unlike glitter paint, glitter gel will be fully transparent when dry and the glittering flakes will be quite pronounced. Use separately or together with other water based colours to add a sparkling effect to the painting. Clean tools and hands in water.

- Transparent tempera ground
- Gold or silver glitter
- Transparent when dry
- Available in 2 colours

517353

517354

### Window Decorating Paint

Decorate the windows by applying the paint directly from the bottle's thin nozzle. Paint on matte plastic film and let dry.

Then remove the decorative stencil and put it on glass, tiles, and other glossy surfaces. The stencils have an adhesive surface which makes it possible to reposition and move them, again and again. Suitable for the somewhat older child (5+). Remove paint from hands with water and soap.

**Classic Set 4 x 35 ml** comprises: Blue, Red, Pink and Yellow. Stencils and a beige outliner.

**Glitter Set 4 x 35 ml** comprises: Blue, Green, Red and Yellow. Stencils and a black outliner.
