Catalogue Creative Colours

"We want to

inspire
unique creativity.

With ideas, passion and a desire for beautiful things."

York Boeder, C.E.O.

Albert Martz opens his painting and art materials business in Stuttgart.

Martz starts producing watercolour paints. The first geometry instruments build the foundations for technical drawing.

Martz becomes Marabu: 50 years after establishing the business the brand name 'Marabu' is registered at the imperial patent office.

Eberhard and Dr. Eduard Martz found Marabuwerke GmbH in Tamm on 10th June 1920.

Quality – Made in Germany

For over 150 years Marabu has stood for high quality specialist colour products with the quality mark "Made in Germany". Our development and production of around 20,000 products is constantly focussed on the customer and the market. With expertise, authority and an eye for detail.

In both areas of our business we are successful and we place great importance on user-friendly products. Whether ink for special printing processes or paints for hobby and leisure – Marabu is number 1 in both worlds of colour.

Marabuwerke introduces poster colour to the market, the first specially developed paint for designers and graphic artists. Poster paints become an important part of the business.

Marabu produces the first paintbox. With this Marabu lays the foundations for an educational product range for schools.

Introduction of the first Marabu screen printing ink, Marapid, which was developed in their own screen printing test facility and laboratory.

In their 100th anniversary year Marabu introduces the flexible mounting glue "Fixogum" – an innovation, which becomes a classic.

Variety – for every need

Marabu creative colours offer an exceptional variety of ways to create fresh, appealing designs.

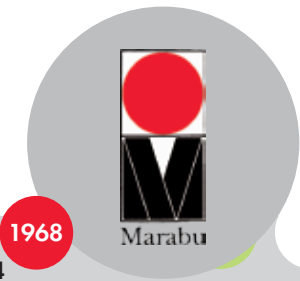

We develop easy to use products and attractive inspirational ideas, which will give every home uniquely beautiful and original features. With our extensive range of inspiring paints, convenient stencils, practical stamps and corresponding tools, Marabu guarantees successful results. The range is rounded off by the Marabu Starter Sets.

The Marabu Logo gets a new look. The M stands for the brand name, the circle and the square for drawing instruments and the red dot for colours.

The first steps into the hobby and leisure sector, which will be of long-term significance for the business. One of the first products is the fabric painting and printing colour "Hobbytex".

Introduction of Do-it: Marabu Color spray for spraying on paper, wood, canvas, polystyrene, glass, stone, metal, clay, wickerwork and dry natural materials.

A boom year for window colour: Marabu fun & fancy Window Color is the most successful product in the history of creative colours and dominates the market for many years.

Sustainability – through responsibility

Environmentally responsible manufacturing and a responsible approach towards nature and resources are basic components of Marabu’s philosophy. Today virtually all of the creative products we manufacture are water-based.

Next to government environmental guidelines, which are firmly embodied in law, businesses can sign up to numerous certificates and awards towards long term improvement. In 2010 Marabu carried out an extensive environmental audit.

Marabu is accredited ISO 9001 in 1995 and ISO 14001 in 2003. Marabu has undertaken a Responsible Care® Initiative since 1998 and in 2011 received the SGIA sustainability award.

1995
2011

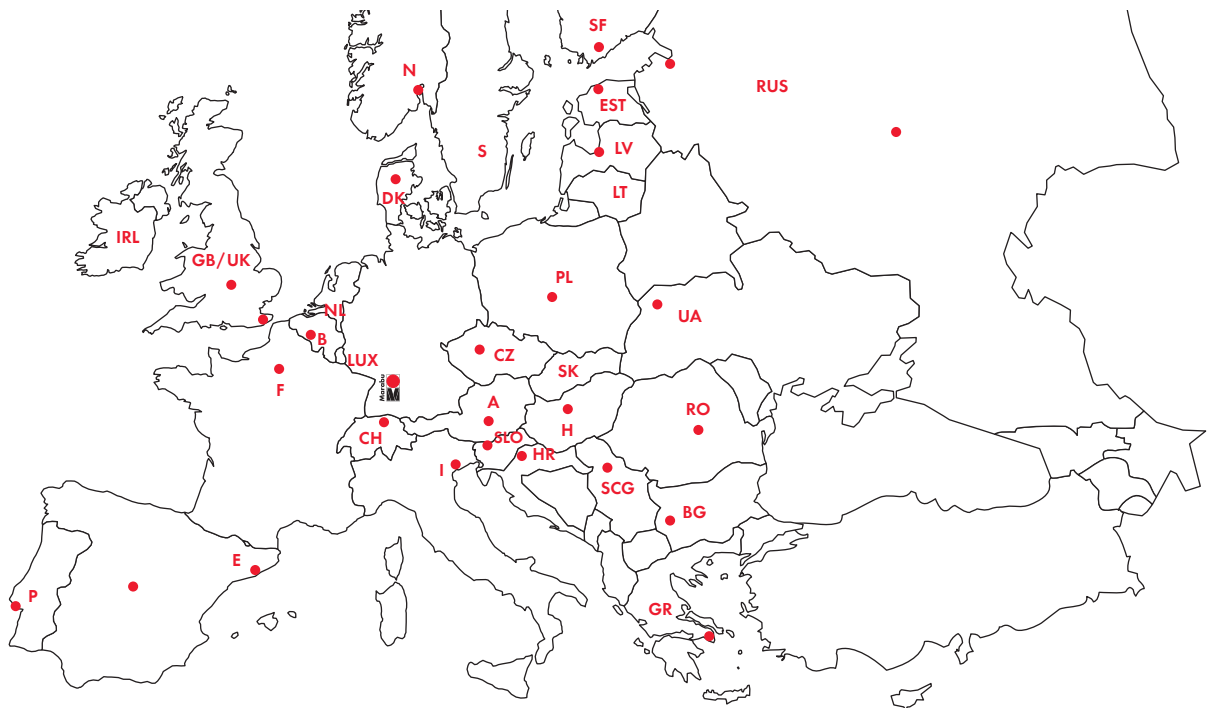

"Marabu colours are international. Our creative

design ideas inspire our customers

throughout Europe."

York Boeder, C.E.O.

Building of the new creative colours factory in Bietigheim-Bissingen following the newest environmental, technical and employee-friendly standards.

The successful Marabu Painter range is brought onto the market and catches on in a flash throughout Europe.

Marabu celebrates its 150th anniversary.

Development of non-oven curing ceramic and glass paints. Marabu Glas Painter and Porcelain Painter Sets are awarded "Product of the Year".

Marabu Crackle Medium

Colourless waterbased medium for a crackled (antique) effect.

- 1140 05 840 50 ml jar
- 1140 13 840 250 ml plastic bottle

Stamping with Decormatt

1 Spread some paint on a flat surface, so that the stamp can pick the paint up evenly. Dab the stamp in the paint and try out on scrap paper.

2 Once the stamp has taken up a good amount of paint and gives a consistent image, you can get stamping!

3

Tip:
Extra large stencils
available from the
Marabu range!

"Use your wall
for cheery notes
or as a memo
board!"

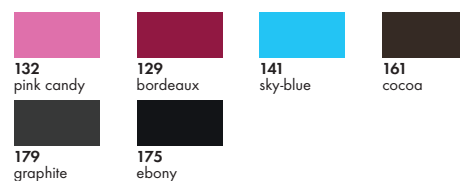

Marabu Tafel Blackboard Paint

Waterbased. Once dry can be written on with chalk and washed off with water. Suitable on wood, MDF, metal, board, canvas, ceramic, polystyrene.

0259 25 225 ml container

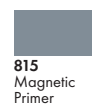

Marabu Magnet

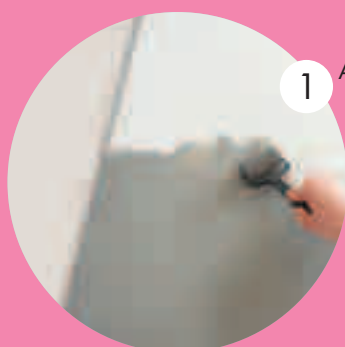

Waterbased. Once dry (about 24 hours) becomes a magnetic surface. Ideal for application on wood, MDF, metal, board, canvas, glass, ceramic, polystyrene. Can be overpainted with all Marabu acrylic paints once dry.

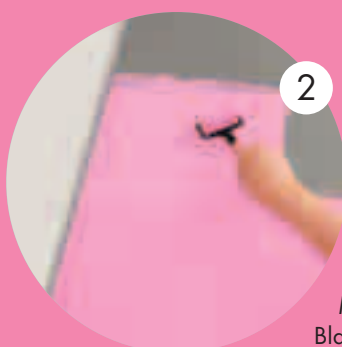

0260 25 225 ml container
0260 43 475 ml container

Magnetic boards with Magnet and Tafel

1 Apply magnetic primer in several cross-wise coats. Allow to dry for 24 hours.

2 Paint over with acrylic paint e.g. BasicAcryl, then add decoration. To use the magnetic surface as a chalkboard, overpaint with Marabu Tafel Blackboard paint.

3

Universal paints, varnishes & glues

Marabu easy marble

Marbling easy as anything: Drip, dip, ready! Fast drying. Especially suitable for dip marbling on plastic, glass, acrylic, wood, papier mâché, blown eggs, metal, polystyrene as well as flat marbling on paper.

1305 39 15 ml jar

Marabu Fixogum Thinner

Using Thinner, the bonding strength and viscosity of Fixogum can be varied accordingly to suit the intended application. Organic solvent-based.

- 2903 96 000 500 ml can

Marabu Fixogum Dispenser

Mixing jar with brush for variable bonding strength. By mixing glue with thinner viscosity and bonding strength can be adjusted. Larger surfaces or small areas can be glued precisely.

- 2929 00 000 empty dispenser, 250 ml

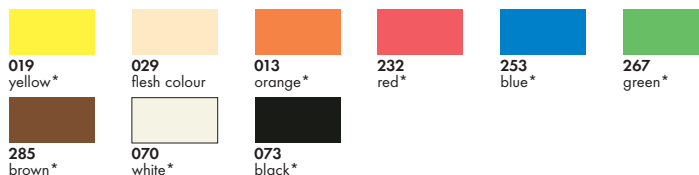

Universal paints, varnishes & glues

Marabu Finger Paint

Paste-like water-based paint. For painting with the fingers, hands, sponge, spatula and paintbrush on paper, card, wood, glass or film etc. Marabu Finger Paint does not drip, has very good coverage and dries quickly. Easily washes off hands and all smooth surfaces with cold water and soap and washes out of most fabrics. Only cosmetic standard preserving agents and pigments are used. Adding a bitter constituent prevents unintentional consumption of the paint. Marabu Finger Paint conforms to European safety standard EN 71.

- 0302 50 100 ml plastic pot
- 0302 72 1000 ml plastic bottle

in 1000 ml * also in 100 ml

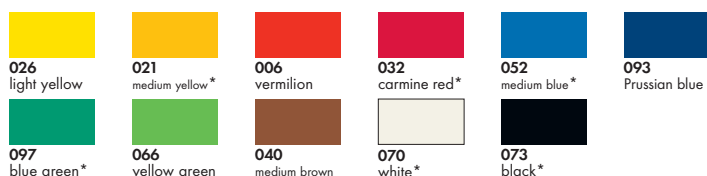

Marabu

Aqua Lino Printing Colour

Water-based viscous paint for all raised printing techniques. Ideal for school, hobby, graphic, art and therapeutic use. Extremely well suited to printing on different substrates such as Japan paper, card, fabric, felt etc. Lino, wood, polystyrene, cork, plastic and natural materials make good printing plates. Marabu Aqua Lino Printing Colour conforms to European safety standard EN 71.

- 1510 13 250 ml plastic bottle
- 1510 75 500 ml plastic bottle

in 250 ml * also in 500 ml

- 0302 00 080 Fingerpaint Set: 4 x 100 ml (019, 232, 253, 267)

- 0302 00 081 Fingerpaint Set: 6 x 100 ml (019, 232, 253, 267, 070, 073)

Acrylic Paints

Acrylic Paints

Creative impulse: First class Marabu acrylic paints give ambitious hobby artists a world of possibilities to paint individual and imaginative art works on canvas or card. Pure inspiration.

Marabu Basic Acryl

High quality satin matt acrylic paint. Creamy, easily applied, good coverage, quick drying. Rich colours, lightfast, weatherproof. Ideal for painting on canvas, artboard, wood, card etc. but also for creating designs on traditional craft substrates and for use in art education. Also for stencilling and stamping.

Glass and Porcelain Paint

Tip:
 Choose a stencil design from the Marabu range

 → Page 74

Marabu Paint Knife

Professional quality with flexible blade and natural wood handle for working with paste-like paints like Marabu GlasTattoo.

0172 00 001 9.5 cm

Marabu Glas Tattoo

The window stencilling paint. Easy to stencil, easily removable. Attractive colours, transparent and satin, specially developed for Marabu GlasTattoo. Exclusive stencil motifs. Waterbased and lightfast.

0408 50 100 ml plastic bottle

Transparent

-  220 sunshine yellow
-  125 cherry
-  131 raspberry
-  296 lilac
-  057 gentian
-  092 petrol
-  155 kiwi

Satin

-  472 satin cream
-  423 satin mango
-  433 satin rose pink
-  454 satin aqua blue
-  462 satin apple
-  471 satin white

Opaque

-  219 opaque yellow
-  204 opaque red
-  254 opaque blue
-  215 opaque green
-  240 opaque brown
-  273 opaque black
-  275 opaque white
-  082 silver
-  084 gold

Effect

-  590 glitter-opal

Sparkling effects on glass

1 Spray a stencil with stencil fixing spray and allow to dry a little. Stick the stencil to the glass. Apply paint with the paint knife and spread over the motif.

2 After stencilling remove the stencil from the top down so that it does not dry with the paint.

3

Tip:
For stencilling
with Relief Paste.

Standard Stretching Technique

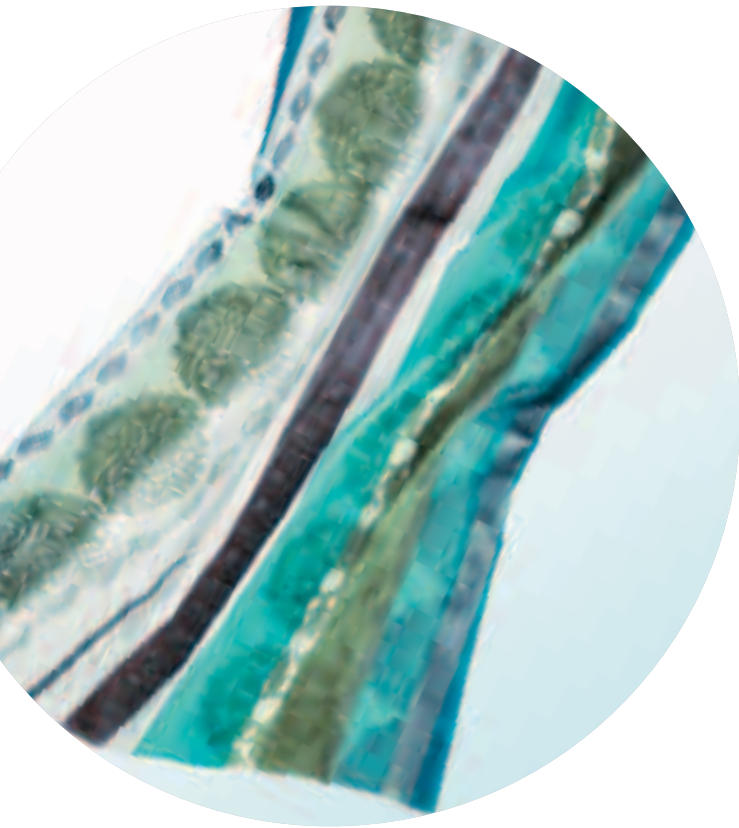

1 Using stretching hooks or pins, stretch the silk over a frame. Then the silk is ready to paint.

2 Next paint the outlines using Contours & Effects and allow to dry thoroughly, then paint in with Marabu Silk. Once dry, fix according to instructions.

3

Marabu Contours & Effects

Waterbased outlining medium for painting outlines and decorations on silk in combination with Silk paint.

The coloured Contours & Effects are wash and dry clean resistant after fixing. The colourless outliner washes out once fixed. Use straight from the liner, with a brush, foam roller, stencil brush or stamp. Ideal for stencilling and stamping.

1782 09 25 ml liner

How to activate Marabu valve system Painters – Deco, Brilliant, Porcelain, Textil plus and Glitter

1 Shake the painter with the cap on for 1 minute, so that the pigment is well distributed through the ink. Carefully try the painter on scrap paper and press on the tip until the ink becomes visible.

2 Start writing; to maintain an even paint flow occasionally press briefly on the tip after shaking again with the cap on.

Puff-up effect on T-Shirts with 3D-Liners

1 Trace the motif onto the T-Shirt. Put a sheet of card in the T-Shirt so that the paint does not bleed through. Paint in the motif with Textil paint and decorate with 3D-Liners. Leave to dry for at least 8 hours.

2 Fixing/to puff-up: iron the painted areas for 2 – 3 minutes on the reverse at cotton temperature setting on a soft underlay. Or fix/puff up in a pre-heated oven (150 °C) for 8 minutes.

3

Painters and Liners

Freehand painting

Paint or write directly onto the candle. Once dry the liquid wax colour sticks to the candle. Candle-Liner can also of course be painted on using a brush.

Stencil technique

Use one of our self-adhesive stencils and a small sponge. This is a really easy way to create lovely patterns on your candle.

Window Color Method

Any pattern is possible! Simply place your chosen design under film and trace over it using the Candle-Liner. Allow the outlines to dry a while before painting in. After about 4-5 hours drying time the motif can be lifted off the film and glued on to the candle using the special Candle-Liner glue.

Wax wrappers using stencils

Choose any stencil you like and lay it on clear film, ideally fixed with masking tape or stencil fixing spray from Marabu. Spread Candle-Liner over the stencil using a spatula. Remove the stencil and allow the design to dry. Once dry completely cover the motif with a second colour to create a coloured background to the pattern. After further drying, lift the painted sheet to reveal the other side! Now the homemade wax sheet can be cut to size. Attention: the side which was stuck to the film becomes the front when finished.

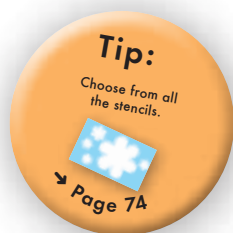

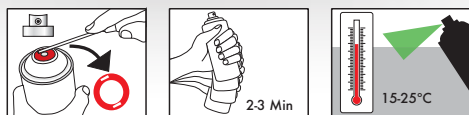

**Spray paints,
varnishes and
glues**

Spray paints, varnishes and glues

Sheer delight in colour: whether delicate natural materials or polystyrene, with Marabu sprays everything can be painted and varnished in the shortest time and without further equipment. A whole range of colourful applications – absolutely safe and easy to spray. Creativity in no time.

Marabu Do-it

The Marabu classic! Synthetic resin based paint spray for crafts and DIY. For card, natural materials, metal, glass and solvent-resistant plastics. Also good for stencilling. Very good application.

Make original cards quickly and confidently – with Deco Painter

1 Prime the Deco Painter: Shake the painter with the cap on, press the tip several times on a sheet of paper until the ink becomes visible. Thoroughly cover the stamp motif with paint.

2 Stamp the motif, then wash the Mini-Stamp straight away. Make cards really original with additional lettering and drawing.

3

Ideal for
uneven surfaces
such as natural fibres
and plaster.

Tip:
Design Stamps are also
good with:
Acrylic paints
Fabric paints
Colour Your Dreams
Silk paints (thickened)
Contours & Effects

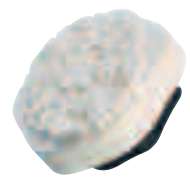

Combines with many
Marabu products

Marabu Design Stamps

Marabu Design Stamps are of a first-class, fine pored quality of foam. The durable plastic handle ensures an even stamp print on walls, fabrics, and furniture. The removable handle allows easy cleaning of the stamp, making Design Stamps durable and reusable over and over again. The smaller stamp (included) can be used as a complementary motif in between. Suitable for all Marabu fabric and acrylic paints.

Diameter 16 cm

0270 00 001 Leaf Ornament

0270 00 002 Leaves

0270 00 003 Baroque

0270 00 004 Ice Flower

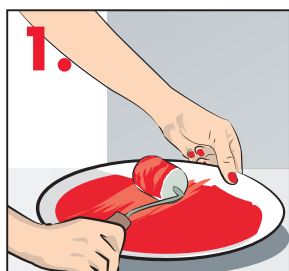

0270 00 005 Art Nouveau

0270 00 006 Sunflower

Stamps and stencils

Apply some paint onto an even surface (e.g. paper plate, foil dish or paint tray) and roll it out smoothly with a paint roller. Do not use too much paint or the small areas between the motif will get blocked with paint.

Press the Marabu Design Stamp motif-side down into the paint. Check that the motif is completely covered with paint. If necessary, carefully add more with the paint roller.

You can now stamp with the selected colour. Press lightly and evenly on to the object (wall, fabric, furniture).

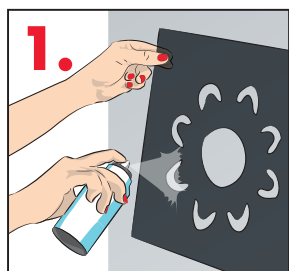

Stamps

Suitable for:

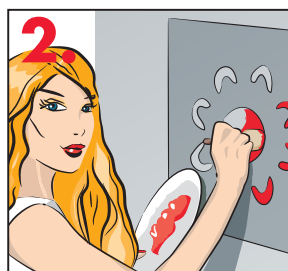

Acrylic paints, fabric paints, Colour Your Dreams, silk paints (thickened), Contours & Effects

Tips:

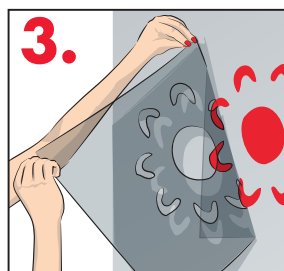

- It is advisable to try the first stamp print on a test surface and pick up more paint if necessary.
- Wash stamp immediately after use. Simply take off the removable handle and rinse the stamp in lukewarm water. If necessary soak for a while in water and gently squeeze out.

Spray stencils with Marabu Fix-it or Stencil Fixing Spray, place in the chosen position and firmly press down the sprayed side. Fix with masking tape as well if necessary.

When taking up the paint on a stencilling brush, be sure to dab off any surplus paint onto a test surface first. This prevents excess paint getting underneath the stencil.

Carefully remove stencils straight away and wash in cold water.

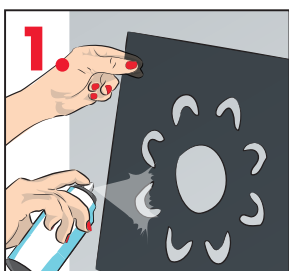

Stencilling

Suitable for:

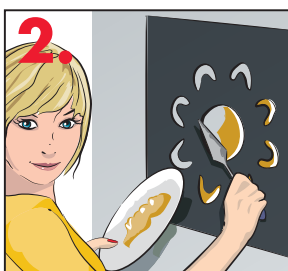

Acrylic paints, fabric paints, Colour your Dreams, Glas Tattoo etc.

Tips:

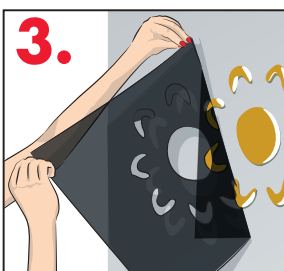

- If you only wish to use part of the stencil, simply cover the rest with masking tape.
- In general it is advisable to tape the edges of the stencil with masking tape, so that the brush does not touch the background colour by mistake.
- Smooth walls and wallpapers without raised surfaces are the most suitable for stencilling.

Spray stencils (regular or 3D) with Marabu Fix-it or Stencil Fixing Spray, place in the chosen position and firmly press down the sprayed side. Fix with masking tape as well if necessary.

Take up an appropriate quantity of Relief paste with the paint knife and smooth over the motif.

Carefully remove 3D stencil and wash in cold water immediately.

3D Stencils

Suitable for:

Structure pastes, structure gels, modelling pastes, relief pastes

Tips:

- If you only wish to use part of the stencil, simply cover the rest with masking tape.
- In general it is advisable to tape the edges of the stencil with masking tape, so that the brush does not touch the background colour by mistake.
- Smooth walls and wallpapers without raised surfaces are the most suitable for stencilling.

Tip:

Tips for cleaning and care

Rinse water-soluble paints out of the brush.

Wash out acrylic and other water based paints immediately while they are still wet.

Carefully wipe off oil paints first with a cloth and then clean with solvent (turpentine). Then wash out with natural soap (for a longer lifespan).

Make sure that no paint residues remain in the hairs and around the ferrule after cleaning.

Bring the hairs back into shape after cleaning.

Allow the brush to dry slowly, preferably hanging upside down. Drying takes time, never put the brush near a heat source or dry it with a hairdryer.

Stencilling with the stencil brush

1 Spray stencils with Marabu Fix-it or Stencil Fixing Spray, allow to flash off and fix in place. Take up some paint (e.g. Textil) with the stencilling brush and begin dabbing.

2 Allow the paint to dry and then fix it. Iron the painted area through a thin cloth for about 3 minutes.

3

Marabu Universal

Universal basic synthetic hair brush for laying down colour, e.g. gouache, fabric, acrylic, craft paints and serviette technique, as well as for watercolour, silk, glass and porcelain painting.

0172 00 003 6.5 cm

0172 00 002 7.5 cm

0172 00 001 9.5 cm

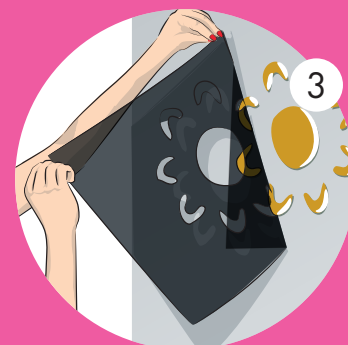

3D stencils – designing in the third dimension

1 The painting substrate must be clean, grease-free and dry. Spray the 3D stencil with Marabu Stencil Fixing Spray, place in the chosen position and firmly press down. Fix with masking tape as well if necessary.

2 Take up an appropriate quantity of gel or paste with the paint knife and smooth over the motif. Carefully remove the stencil and wash in cold water immediately.

COLOUR YOUR
dreams
Decorative paints for interiors

Decorative paints for interiors

Colourful alterations: Marabu Colour Your Dreams provides endless ways to create original ideas and give more character to your own four walls. Really simple, really quick, really stylish.

Tip:

Stencilling works best on smooth walls and wallpapers.

For uneven surfaces such as woodchip or rough plaster I recommend Marabu Design Stamps.

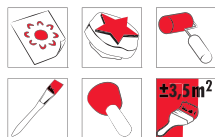

"With accent paints every room is transformed into another world."

"Here you'll find just the right paint for your own home decor."

EDELMATT

Acrylic paint for stencils and stamps – opaque

Formulation & appearance: creamy, non-drip, opaque, quick drying, waterproof, lightfast

Substrates: Walls, paper, wood, MDF, metal, canvas

Application: stencilling, stamping, painting

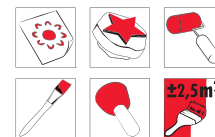

Apply with: roller, paintbrush, stencilling brush, stencil, stamp

Marabu Plus Point:

Easily mixed to create a unique colour – match the sofa or curtains. You can't get more original than that.

0250 25 225 ml container

METALLIC

Acrylic paint with metallic pigments for stencils & stamps – opaque

Formulation & appearance: with metallic pigments, creamy, non-drip, opaque, quick drying, waterproof, lightfast

Substrates: Walls, paper, wood, MDF, metal, canvas

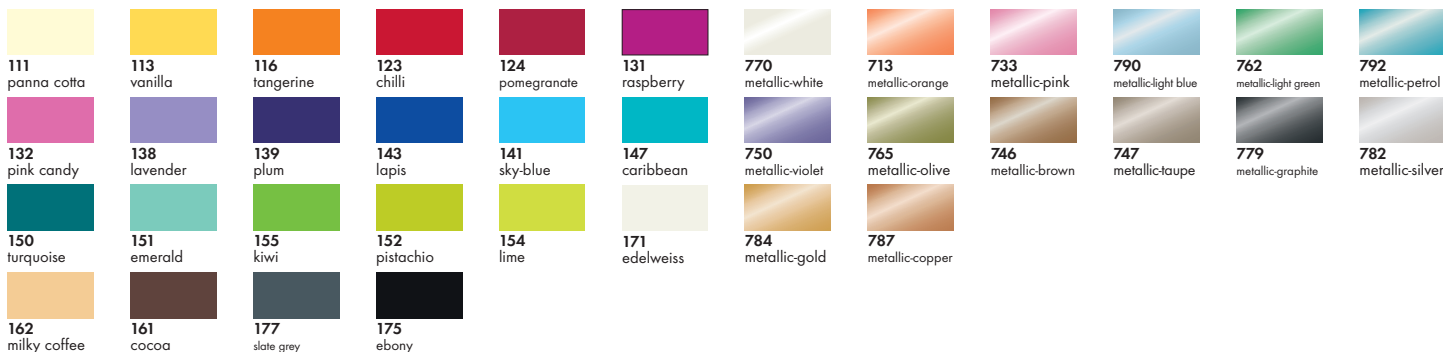

Application: stencilling, stamping, painting

Apply with: roller, paintbrush, stencilling brush, stencil, stamp

Marabu Plus Point:

Marabu paints are specifically developed for stencilling and stamping and can be directly applied, without tiresome mixing or thinning.

0253 25 225 ml container

Stencilled with: EdelMatt kiwi 155, sky blue 141, chilli 123, ebony 175, Stencil 10 x 15 cm "Pirate", Wood stained with EdelMatt kiwi, sky blue

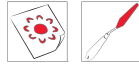

Stencilled with: Metallic-Gold 784, stencil 40 x 66 cm "Buddha"

"Raised contours can produce an amazing look."

RELIEF

3D-acrylic paste for stencils – high opacity

Formulation & appearance: for relief effects, creamy, non-drip, spatula application, good opacity, waterproof, lightfast
Substrates: Walls, paper, wood, MDF, metal, canvas
Application: stencilling, spatula
Apply with: paint knife, stencil

Marabu Plus Point:

The ultimate starry night sky in a child's room:
 Relief glow-in-the-dark yellow – luminous in the dark.

Tip:
 With Relief pastes I always use a paint knife. It spreads the paste perfectly, on regular or 3-D stencils.

"Conjure up something special on your walls with shimmering glass pearls or luxurious gold reliefs."

Stencilled with: Relief Gold 184, stencil 33 x 33 cm "Classic Frame", small picture frames painted with Edelmatt plum 139

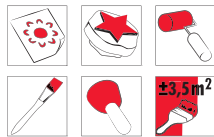

stencilled with: Relief slate 174, stencil 40 x 66 cm "Zebra"

"The rich Glitter accent colour transforms everyday walls into real gems and recreates the look of an old palace."

GLITTER

Acrylic paint with glitter for stencils and stamps – opaque

Formulation & appearance: creamy, non-drip, opaque, quick drying, waterproof, lightfast

Substrates: Walls, paper, wood, MDF, metal, canvas

Application: stencilling, stamping, painting

Apply with: roller, paintbrush, stencilling brush, stencil, stamp

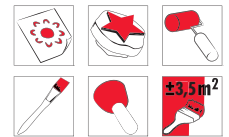

Marabu Plus Point:

Dramatic paints with extra glitter, for even more effective decorative features.

0251 25 225 ml container

GLITTER

Acrylic varnish with glitter for stencils and stamps – transparent

Formulation & appearance: transparent, colourless, quick drying, waterproof, lightfast

Substrates: Walls, paper, wood, MDF, metal, canvas

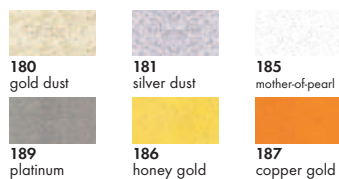

Application: stencilling, stamping, painting

Apply with: roller, paintbrush, stencilling brush, stencil, stamp

Marabu Plus Point:

Using Glitter creates transparent and particularly soft effects, while the background still shines through.

0252 25 225 ml container

Tip:

To achieve a stronger glitter effect apply the paint thickly or in multiple coats. You can also add some sparkle to other home accessories using Glitter to add accents.

Stencilled with: Glitter ruby 538, stencil 10 x 33 cm "Fountain"

Stencilled with: Glitter copper gold 187, stencil 40 x 66 cm "Peacock Feather"

"Use your wall for cheery notes or as a memo board!"

TAFEL

Acrylic paint, write on with chalk –opaque

Formulation & appearance: once dry can be written on with chalk and washed off with water, good opacity, waterproof, lightfast

Substrates: Walls, paper, wood, MDF, metal, canvas

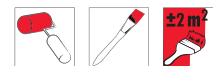

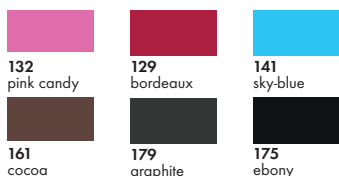

Application: painting – without thinning

Apply with: roller, paintbrush

Marabu Plus Point:

Chalkboards don't always have to be black – have you ever seen chalkboards in such lovely colours?

0259 25 225 ml container

MAGNET

Acrylic primer for magnetic surfaces –opaque

Formulation & appearance: once dry develops a magnetic surface for magnets, waterproof, lightfast.

Substrates: Walls, paper, wood, MDF, metal, canvas

Application: painting – stir well before use, apply without thinning, more coats (3 – 4) increase magnetic strength

Apply with: roller, paintbrush

Marabu Plus Point:

Once dry you can overpaint the primer with any colour EdelMatt and the magnetic surface becomes a real focal point in the room.

0260 25 225 ml container
0260 43 475 ml container

Tip:
By combining two colours, the wall becomes a multi-functional memo board.

Cupboards, pigeon holes, doors can also become chalkboards.

Painted with Tafel Bordeaux 129

Painted with Magnet 815

STENCILS suitable for:

Stencil motifs for wonderful walls

The exclusive stencil motifs from Marabu conjure up oriental style, wild jungles, fun children's characters and much more on your wall. It's so easy: pick your favourite design, select your favourite colour and get started. Be inspired!

Marabu Plus Point:

Stencils are reversible, are ideal for creating borders, are easy to clean and reusable.

"Marabu Design Stencils are available in lots of different sizes and in an amazing choice of designs."

Stencilled with: Edelmatt caribbean 147, stencil 15 x 33 cm "Chinese Dragon"

Stencilled with: Relief Glitter-Gold 584, stencil 33 x 33 cm "Cosmos"

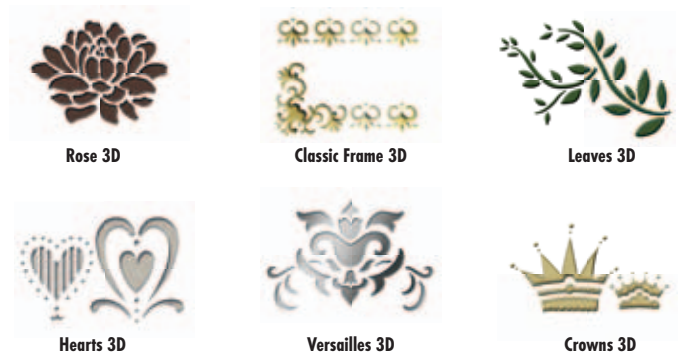

RELIEF STENCILS Suitable for:

3D-Stencils for stylish raised effects

Paint should be used more thickly on the special 3D-Stencils, so that the relief effect is more pronounced.

Marabu Plus Point:
3D-Stencils are reversible, durable, easy to clean and reusable.

"By combining 3D-Stencils and Relief Pastes walls and home accessories become things of beauty."

DESIGN STAMP Suitable for:

Stamps for original designs

Stamp your mark on your home – whether it's a border, unique over-sized wallpaper patterns or single highlights, whether delicate and discreet or strong and colourful... Ideal for uneven surfaces such as wood chip and rough plaster.

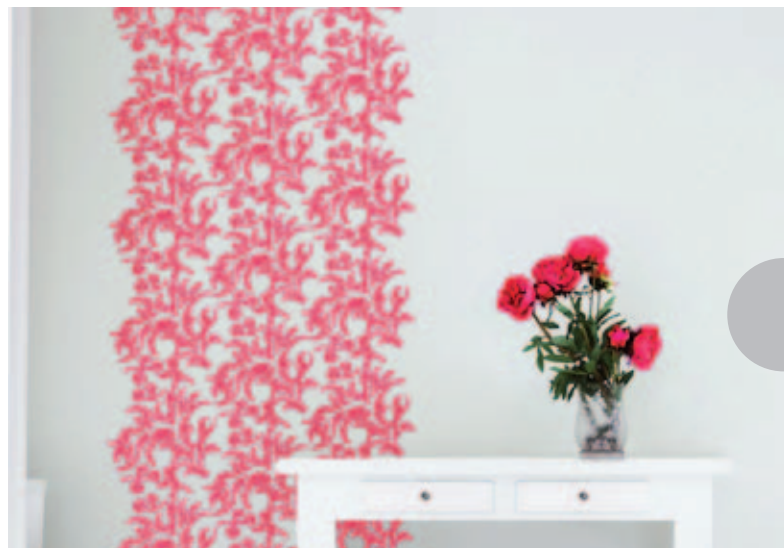

Marabu Plus Point:
The stamp is easily rinsed clean in water. They are durable and reusable.

"Stamp designs lend the walls a totally unique look."

Stencilled with: Relief Glitter-Silver 582, 3D-Stencil 15 x 20 cm "Hearts"

Stamped with Glitter-Ruby 538, Design Stamp "Leaf Ornaments"
