CHAPTER I

LEGAL FRAMEWORK

CHAPTER 1

LEGAL FRAMEWORK

1. POLICY AND LAWS CONCERNING CITES IN INDIA

International trade in all wild fauna and flora in general, and the species covered under CITES in particular, is regulated jointly through the provisions of the Wildlife (Protection) Act 1972, the Foreign Trade (Development Regulation) Act 1992, the Foreign Trade Policy of Government of India and Customs Act, 1962. The Director of Wildlife Preservation, Government of India is the Management Authority for CITES in India.

1.1 WildLife (Protection) Act, 1972

Hunting of wild animals has been prohibited under Sec. 9 of the WildLife (Protection) Act, 1972. No person is allowed to hunt any wild animal specified in Schedule I, II, III and IV except as provided under sections 11 and 12 of the Act. The Act also prohibits under section 17A, the collection or the trade in specified plants (whether alive or dead or part or derivative) i.e. those listed in Schedule VI of the Act, from any forest land and any area specified by notification by the Central Government. The Schedule VI of the Act lists all the six plants of Indian origin included in CITES appendices. Trade in Scheduled animals / animal article i.e. animals/animal articles covered under Schedule I and Part II of Schedule II which also include some invertebrate such as insects, corals, molluscs and sea cucumber are prohibited under the said Act. Similarly, the Act disallows trade in all kinds of imported ivory, including that of African elephant. Export or import of wild animals and their parts and products is, however, allowed for the purpose of scientific research and exchange of animals between Zoos and is subject to licensing by the Director General of Foreign Trade (DGFT), Government of India. The Act has been amended in 2006 leading to the establishment of the National Tiger Conservation Authority and the Wild Life Crime Control Bureau (WCCB) with a statutory backing. Import of exotic wild animal hunting trophies which are look-alike with the fauna protected under the WildLife(Protection)Act 1972 are also prohibited for import.

1.2 Foreign trade (Development and Regulation) Act 1992

This Act replaces the earlier Imports and Exports (Control) Act, 1947. The Foreign Trade Policy incorporating the export and import policy is formulated and announced by the Central Govt. under section 5 of this Act. As per section 8 (1) no export or import shall be made except in accordance with the provisions of this Act, the rules and orders made there under. As per section 3(1) the Central Govt. makes provisions for the development and regulation of foreign trade by facilitating imports and exports. As per section 3(2) the Central Govt. may also by order published in the official gazette, make provision for prohibiting, restricting or otherwise regulating in all cases or in specified classes of cases and subject to such exceptions, if any, as may be made by or under the order the import or export of goods. As per section 3(3) all goods to which any order under subsection (2) applies shall be deemed to be goods the import or export of which has been prohibited under section 11 of the Customs Act, 1962 and all the provisions of that Act shall have effect accordingly.

1.3 Foreign Trade Policy (2009-2014)

Foreign Trade Policy announced periodically by the Ministry of Commerce contains, inter alia, information regarding the wildlife and wildlife products which are either prohibited or permitted for the purpose of import or export. It also contains the conditions (which include compliance with CITES) governing import and export of permissible species of wildlife and wildlife products. The policy is decided in consultation with the Management Authority of CITES in India as far as matter relating to wild fauna and flora are concerned and is enforced through the Customs Act, 1962. The Foreign Trade Policy is brought out under the provisions of the Foreign Trade (Development & Regulation) Act 1992 and it regulates the import and export of all goods including wildlife. The Foreign Trade Policy of Ministry of Commerce and Industry is on Website : <http://dgft.delhi.nic.in>

1.3.1 Import policy

Import of animals and their parts and products for zoological parks and circuses or for research purpose may be permitted subject to the provisions of CITES and on recommendations of the Chief Wildlife Warden of the States and Union Territories under license from DGFT. Import of plants is also subject to the provisions of CITES. The current policy does not permit commercial import of African ivory in view of the ban imposed by CITES. Import of other derivatives of wildlife is restricted and can be made only with prior permission of DGFT, subject to the conditions prescribed. Import of wild animals as pets in the personal baggage of a passenger is also subject to the provisions of CITES in accordance with the Ministry of Commerce's Public Notice No. 27ITC (PN) 180. dated 15.7.80.

1.3.2 Export Policy

The Export Policy permits re-export of commodities except to the extent such exports are regulated by any other provisions of this Policy or any other law for the time being in force. Items prohibited for export are not permitted to be carried in the personal baggage also. Extracts of the Policy and ITC (HS) classification have been reproduced in Chapter II & III respectively of this report. It is worth mentioning that all forms of wildlife including their parts and products are prohibited for export except in cases where it is specifically allowed under different parts of ITC (HS) classification of Export & Import items. Peacock tail feathers which were earlier allowed for Export under a limited ceiling are now prohibited for export. Export of exotic birds except 6 species listed under Table 'B' of Schedule 2 is also prohibited at present. Further the Ministry of Commerce vide public notice no. 47 (PN) 92-97 dt. 30-3-94 had prohibited the exports of a number of plants, plant portions and their derivatives if obtained, from wild. This list has been amended from time to time, A list of 29 prohibited plant taxa from wild is given in Chapter III.

1.3.3 Conditions for Import & Export of Flora & Fauna and their derivatives:

Two essential conditions governing the import and export of Flora & Fauna and the derivatives are:

1. Compliance with the provisions of CITES and the WildLife (Protection) Act 1972

CITES is an International Convention for regulating the International Trade in endangered species of wild flora and fauna. The convention was signed at Washington D.C. on 3rd March 1973. India is a signatory to the convention and in India the provision of the CITES is enforced through the Custom Act 1962 at different exit/entry points like airport, seaport etc. The Regional Deputy Directors of the Wildlife Crime Control Bureau located at Mumbai, Chennai, Kolkata & New Delhi have been designated as CITES Assistant Management Authorities and have been empowered to issue CITES export, import & re-export permits to regulate the international trade of the species which are included in the CITES. The Regional Deputy Directors also assist the Custom Department in pre/post shipment examination of the consignments proposed to be exported / imported to/from India.

The species of flora and fauna which are included in the CITES have been categorized into Appendix-I, Appendix-II and Appendix-III having different regulatory requirements for their import and export into and from India. The details of the text of the convention, the regulatory requirements, the notifications issued by the CITES secretariat to different parties, decision taken by the parties, notification regarding trade regulations including trade suspensions etc. are available in the CITES web-sites www.cites.org which may please be referred to.

The trade of the wild animals as defined in the WildLife (Protection) Act 1972 is generally prohibited except as provided in the Act itself. Necessary stipulations have accordingly been inserted in the export & import policy of the Govt. of India to regulate/prohibit the trade of such wild animals. The Ministry of Environment Forest & Climate Change also issues notifications/guidelines from time to time to regulate the trade of flora & fauna. Policy Circulars are available on WCCB website under heading of advisories and circulars.

As already stated above CITES permits are required to import, export, re-export of the consignments of wild flora & fauna and their derivatives for the species which are included in the CITES. Such CITES permits are issued by the Regional Deputy Directors of Wildlife Crime Control Bureau located at Chennai, Mumbai, Delhi & Kolkata. The application format for obtaining CITES Permit, contact details of the concerned Regional Deputy Directors, CITES F.A.Q., Advisory and Circular are available in the WCCB web-site <http://wccb.gov.in> which may please be referred to.

2. Pre/Post shipment inspection of export/ import consignment by CITES Assistant Management Authority.

The Custom Department refers certain consignments of flora & fauna to the Assistant Management Authorities for inspection and verification of the species which are proposed to be exported or imported. Such consignments are inspected by the official of WCCB Regional Offices either by visiting the Customs ports or by examining the sealed samples sent by Customs Department to the Regional offices of the Wildlife Crime Control Bureau. If after inspection it is found that the species which is proposed to be traded is not included in the Wildlife Protection Act 1972 and/or in the CITES, then the Regional office of the Wildlife Crime Control Bureau issues No Objection Certificate in favor of the concerned importer/exporter. The application format for obtaining No Objection Certificate is available in the WCCB web-site <http://wccb.gov.in> under the heading CITES which may please be referred to.

1.4. Customs Act, 1962

Section 3(3) of the Foreign Trade (Development and Regulation) Act 1992 provides that all items (including wild Fauna & Flora) covered in the Import & Export policy will be deemed to be covered under Section 11 of the Customs Act, 1962. As a consequence, all cases of violation of the Import-Export Policy in general and CITES in particular, constitute an offence under the Customs Act and are dealt with by the Customs officials.

2. QUARANTINE REGULATIONS

The Livestock importation Act 1898 empowers the Central Government to regulate, restrict or prohibit the import into India or any specified place therein, of any livestock which may be liable to be affected by infectious or contagious disorders. The Central Government has notified poultry, parrots, pigeons, canaries and finches as livestock for the purpose of the said Act. The Foreign Trade (Development and Regulations) Act 1992 also empowers the Central Government to regulate import and export of birds and animals with a view to control the spread of communicable diseases. The Ministry of Agriculture has appointed Animal Quarantine officers at Delhi, Mumbai Chennai and Kolkata to verify the health of animals and birds before export and after import and to issue Quarantine Clearance Certificates. The Animal Quarantine Officer may, if needed, cause for the detention of any animal or bird to be imported at a quarantine station for observation and prevent the entry of such birds and animals as are diseased. The import of plants is also regulated under the provisions of the Destructive Insects and Pests Act, 1914 and the notifications issued there under i.e. the Plant Quarantine (Regulation of Import into India) Order 2003. All imported plant consignments should be accompanied by :

- i. The import permit issued by the Issuing Authority is listed in schedule X of the Plant Quarantine (Regulation of Import into India) Order-2003 for the Jurisdiction specified.
- ii. The official Phyto-Sanitary Certificate from the country of origin with an additional declaration, wherever specified. All imported materials are inspected and, if necessary, fumigated or otherwise disinfected at the port of entry by the Plant Quarantine Officer.

As per section 3(14) of the aforesaid order, all consignment of seeds and plants for propagation and regulated articles such as live insects, microbial cultures, bio-control agents and soil shall only be imported into India through regional plant quarantine stations of Amritsar, Chennai, Kolkata, Mumbai or New Delhi or through any other points of entry as may be notified from time to time for this purpose, provided that no import of germplasm/transgenic plant material and genetically modified organisms shall be permitted through New Delhi Airport.

As per section 6(1) No consignment of germplasm/transgenics/Genetically Modified Organisms(GMOs) shall be imported into India for research/experimental purpose without valid permit issued by the Director, National Bureau of Plant Genetic Resources, New Delhi-110012.

3. MANAGEMENT AUTHORITIES-CITES:

India is a signatory to CITES since 1976. The Additional Director General (Wildlife) cum Director, Wildlife Preservation, MoEF&CC, Govt. of India is the Management Authority, CITES in India. There are 4 functional Assistant Management Authorities of CITES (AMA-CITES) working on behalf of MA-CITES at Delhi, Kolkata, Chennai and Mumbai.

3.1 Scientific Authorities

Following are the Scientific Authorities to deal with the CITES related matter in the country.

1. Director, Zoological Survey of India, Kolkata (West Bengal)
2. Director, Botanical Survey of India, Kolkata (West Bengal)
3. Director, Central Marine Fisheries Research Institute, Cochin (Kerala)
4. Director, Wildlife Institute of India, Dehradun (Uttarakhand)
5. Director, Institute of Forest Genetics and Tree Breeding (IFGTB), Coimbatore.

3.2 ENFORCEMENT

3.2.1 Considering the seriousness of organised Wildlife Crime having the inter-state and International ramification and illegal trade of Wildlife parts and products, the Wildlife Crime Control Bureau was created in 2007 under the provisions of the WildLife (Protection) Act 1972. The Wildlife Crime Control Bureau, Head Quarter is situated at New Delhi and erstwhile Wildlife Preservation Regional offices have been designated as regional Wildlife Crime Control Bureau offices. These offices are located at New Delhi, Kolkata, Mumbai and Chennai. In addition there is a Wildlife Crime Control Bureau Office in Jabalpur, Madhya Pradesh. The Bureau is a multidisciplinary organisation with the following mandate given under 38 Z of the WildLife (Protection) Act 1972. Wildlife Crime Control Bureau is designated nodal agency for CITES related enforcement.

38Z: Powers and functions of the Wildlife Crime Control Bureau- (1) Subject to the provisions of this Act, the Wildlife Crime Control Bureau shall take measures with respect to –

- (i) Collect and collate intelligence related to organized wildlife crime activities and to disseminate the same to State and other enforcement agencies for immediate action so as to apprehend the criminals and to establish a centralized wildlife crime databank;
- (ii) Co-ordination of actions by various officers, State Governments and other authorities in connection with the enforcement of the provisions of this Act, either or through regional and border units set up by the Bureau;
- (iii) Implementation of obligations under the various International Conventions and protocols that are in force at present or which may be ratified or acceded to by India in future;
- (iv) Assistance to concerned authorities in foreign countries and concerned International organizations to facilitate co-ordination and universal action for wildlife crime control;
- (v) Develop infrastructure and capacity building for scientific and professional investigation into wildlife crimes and assists State Government to ensure success in prosecutions related to wildlife crimes;
- (vi) Advise the Government of India on issues relating to wildlife crimes having national and international ramifications, and suggest changes required in relevant policies and laws from time to time;

(2)The Wildlife Crime Control Bureau shall exercise –

- (i) Such powers as may be delegated to it under sub-section (1) of section 5, sub-section (1) & (8) of section 50 and section 55 of this Act ; and
- (ii) Such other powers as may be prescribed.

3.2.2 The enforcement of CITES provisions is presently being carried out by the Customs officials and Regional Deputy Directors, Wildlife Crime Control Bureau through the Customs Act, 1962 at the point of Import/Export and by the State/UTs Wildlife Departments headed by Chief Wildlife Wardens under the WildLife (Protection) Act, 1972 elsewhere. The Chief Wildlife Wardens of concerned State/UTs also issue licences to the dealers and manufacturers of wildlife items and legal procurement certificate to the exporters of wild fauna and flora to establish the legality of the consignment in question. The Directorate of Revenue Intelligence (DRI), the Central Bureau of Investigation (CBI), the Police, the State Forest Departments and various other Central/State agencies also provide assistance in controlling illegal trade in wildlife.

CHAPTER 4

DAIRY PRODUCE; BIRD'S EGGS; NATURAL HONEY; EDIBLE PRODUCTS OF ANIMAL ORIGIN, NOT ELSEWHERE SPECIFIED OR INCLUDED

NOTES:

1. The expression "milk" means full cream milk or partially or completely skimmed milk.
2. For the purposes of heading 0405:
 - (a) The term "butter" means natural butter, whey butter or recombined butter (fresh, salted or rancid, including canned butter) derived exclusively from milk, with a milk fat content of 80% or more but not more than 95% by weight and a maximum milk solids-not-fat content of 2% by weight and a maximum water content of 16% by weight. Butter does not contain added emulsifiers, but may contain sodium chloride, food colours, neutralising salts and cultures of harmless lactic-acid-producing bacteria.
 - (b) The expression "dairy spreads" means a spreadable emulsion of the water-in-oil type, containing milkfat as the only fat in the product, with a milkfat content of 39% or more but less than 80% by weight.
3. Products obtained by the concentration of whey and with the addition of milk or milkfat are to be classified as cheese in heading 0406 provided that they have the three following characteristics:
 - (a) A milkfat content, by weight of the dry matter, of 5% or more;
 - (b) A dry matter content, by weight, of at least 70% but not exceeding 85%;
and
 - (c) They are moulded or capable of being moulded.
4. This Chapter does not cover:
 - (a) Products obtained from whey, containing by weight more than 95% lactose, expressed as anhydrous lactose calculated on the dry matter (heading 1702); or
 - (b) Albumins (including concentrates of two or more whey proteins, containing by weight more than 80% whey proteins, calculated on the dry matter) (heading 3502) or globulins (heading 3504).

SUB-HEADING NOTES:

1. For the purposes of sub-heading 0404 10, the expression "modified whey" means products consisting of whey constituents, that is, whey from which all or part of the lactose, proteins or minerals have been removed, whey to which

CHAPTER 15

ANIMAL OR VEGETABLE FATS AND OILS AND THEIR CLEAVAGE
PRODUCTS; PREPARED EDIBLE FATS; ANIMAL OR VEGETABLE
WAXES

NOTES:

1. This Chapter does not cover:
 - (a) Pig fat or poultry fat of heading 0209;
 - (b) Cocoa butter, fat or oil (heading 1804);
 - (c) Edible preparations containing by weight more than 15 % of the products of heading 0405 (generally Chapter 21);
 - (d) Greaves (heading 2301) or residues of headings 2304 to 2306;
 - (e) Fatty acids, prepared waxes, medicaments, paints, varnishes, soap, perfumery, cosmetic or toilet preparations, sulphonated oils or other goods of Section VI; or
 - (f) Factice derived from oils (heading 4002).
2. Heading 1509 does not apply to oils obtained from olives by solvent extraction (heading 1510).
3. Heading 1518 does not cover fats or oils or their fractions, merely denatured, which are to be classified in the heading appropriate to the corresponding undenatured fats and oils and their fractions.
4. Soap-stocks, oil foots and dregs, stearin pitch, glycerol pitch and wool grease residues fall in heading 1522.

SUB-HEADING NOTE:

For the purpose of sub-headings 1514 11 and 1514 19, the expression “low erucic acid rape or colza oil” means the fixed oil which has an erucic acid content of less than 2% by weight.

SUPPLEMENTARY NOTES:

1. In this Chapter, “edible grade”, in respect of goods (i.e. edible oil) specified Food Safety & Standards Act, 2006, means the standard of quality specified for such goods in that Act/Rules thereunder/ in an Appendix thereunder.

2. In this Chapter “fixed Vegetable Oil” means oils which cannot easily be distilled without decomposition, which are not volatile and which cannot be carried off by superheated steam (which decomposes and saponifies them).

Policy Conditions of this Chapter:

1. The Exim entry under ITC (HS) Code No. 4416 00 10 in this Chapter shall also include used casks and barrels. Imports of all items falling in this entry shall be free.
2. Import of Sandal wood (Exim Code No. 4403 99 22) will be 'Restricted' and subject to a ceiling in each licensing year (*Present ceiling is 4795 MT, subject to modification, if any, to be notified from time to time*). Imports will be permitted only against an Import Authorisation issued in consultation with the Ministry of Environment and Forest (see Procedure is (I) below). The ceiling of Sandal wood for each financial year will be monitored by the Ministry of Environment, Forest and Climate Change to ensure that it is not exceeded. The license will be valid for a period of one year from the date of issue. No further revalidation of such authorisation shall be allowed.
 - (I) The following procedure will be followed for obtaining an Import Authorisation for Sandal wood:
 - (a) Applicant will submit the application in the Aayaat Niryaat Form 2B to the DGFT (Headquarters office), Udyog Bhawan, New Delhi – 110 011.
 - (b) The applicant will be required to declare the quantity of sandal wood and their specifications to be imported species-wise, quantity-wise and the country from which it is to be imported.
 - (c) The purpose of import must be specified. If the importer is having sandal wood based unit, it must be legally established and registered with the concerned State / UT Forest Department.
 - (d) In case the importer is a trader not having his own sandal wood based unit, the past performance and antecedents must be given for necessary verification.
 - (e) Utilisation Certificate specifying the details and necessary 'Transit Permit' regarding the earlier import must be specified

by the applicant, for seeking permission for import of sandal wood second time.

- (II) All import consignments of sandal wood must be accompanied with the following documents:
- (i) The 'Certificate of Origin' from the country of export; (ii) The necessary phytosanitary certificate; and
 - (iii) A certificate from the Government authorities of country of export stating that export of sandalwood is legally permitted from the concerned country.

Before clearance of the import consignment, the customs authorities are required to verify the above documents.

- (III) Applications for issuance of Import Authorisation would be considered by the Exim Facilitation Committee on merits and shall be subject to such conditions which the Committee may specify.

[Policy Condition 2 incorporates: Policy Circular No. 23 (RE2007) dated 31.12.2007, read with Policy Circular No. 32 (RE2007) dated 13.3.2008 and Policy Circular No. 8 (RE2008) dated 4.6.2008]

SCHEDULE- 2

EXPORT POLICY

General Notes to Export Policy – Goods under Restrictions

2. Free Exportability

All goods other than the entries in the export licensing schedule along with its appendices are freely exportable. The free exportability is however subject to any other law for the time being in force. Goods not listed in the Schedule are deemed to be freely exportable without conditions under the Foreign Trade (Development and Regulations) Act, 1992 and the rules, notifications and other public notices and circulars issued there under from time to time. The export licensing policy in the schedule and its appendices does not preclude control by way of a Public Notice Notification under the Foreign Trade (Development and Regulations) Act, 1992.

Goods listed as “Free” in the Export Licensing Schedule may also be exported without an export licence as such but they are subject to conditions laid out against the respective entry. The fulfillment of these conditions can be checked by authorized officers in the course of export.

2. Code does not limit the item description

The export policy of a specific item will be determined mainly by the description and nature of restriction in the schedule. The code number is illustrative of classification but does not limit the description by virtue of the standard description of the item against the code in the import part of the ITC(HS) classification.

3. Classes of Export Trade Control

A. Prohibited Goods

The prohibited items are not permitted to be exported. An export licence will not be given in the normal course for goods in the prohibited category. No export of rough diamond shall be permitted unless accompanied by Kimberly Process (KP) Certificate as specified by Gem & Jewellery EPC (GJEPC).

B. Restricted Goods

The restricted items can be permitted for export under licence. The procedures / conditionalities wherever specified against the restricted items may be required to be complied with, in addition to the general requirement of licence in all cases of restricted items.

C. State Trading Enterprises

Export through STE(s) is permitted without an Export Licence through designated STEs only as mentioned against an item and is subject to conditions in para 2.11 of Foreign Trade Policy 2009-14.

D. Restrictions on Countries of Export

- (i) Export of Arms and related material to Iraq shall be prohibited.
- (ii) Direct or indirect export of all items, materials, equipments, goods and technology which could contribute to Iran's enrichment related, reprocessing or heavy water related activities, or to development of nuclear weapon delivery systems including those listed in INFCIRC/254/Rev.9/Part 1 and INFCIRC/254/Rev.7/Part 2 (IAEA Documents) and items listed in S/2010/263 (UN Security Council Document) or any items related to nuclear and missile development programmes is prohibited. All the UN Security Council Resolutions/Documents and IAEA Documents referred to above are available on the UN Security Council website (www.un.org/Docs/sc) and IAEA website (www.iaea.org).
- (iii) Direct or indirect export of following items, whether or not originating in Democratic People's Republic of Korea (DPRK), to DPRK is prohibited:
All items, materials equipment, goods and technology including as set out in lists in documents S/2006/814, S/2006/815 (including S/2009/205), S/2009/364 and S/2006/853 (United Nations Security Council Documents) INFCIRC/254/Rev.9/Part 1a and INFCIRC/254/Rev.7/Part 2a (IAEA documents) which could contribute to DPRK's nuclear-related, ballistic missile-related or other weapons of mass destruction-related programmes.

- (iv) Export of rough diamonds to Cote d'Ivoire is prohibited in compliance to Paragraph 6 of UN Security Council Resolution(UNSCR) 1643 (2005).
- (v) Export of rough diamond [ITC (HS) Code 710210, 710221 or 710231) to Venezuela shall be Prohibited in view of voluntary separation of Venezuela from the Kimberley Process Certification Scheme (KPCS). No Kimberley Process Certificate shall be accepted / endorsed / issued for export of rough diamond to Venezuela.
- (vi) In addition to above, export to other countries will be subject to conditions as specified in Para 2.1 of the Foreign Trade Policy 2009-14 and Para 2.2 of the Handbook of Procedures 2009-2014 (Vol. I) and other conditions which may be listed in the title ITC (HS) Classification of Export and Import items.

Schedule 2 - Export Policy

Notes

1. The schedule below has six columns. The column name and the description are:

Column No.	Column Name	Description						
1.	Entry No.	Gives the order of the main entry in the schedule. The column is designed for easy reference and gives the identity of the raw covering the set consisting of Tariff Item Code, Unit Item description export policy and Nature of restriction along with the connected Licensing Note and Appendix.						
2.	Tariff Item (HS) Code	This is an eight digit code followed in the import policy in the earlier part of the book, customs and the DGCIS code. The first two digits give the chapter number, the heading number. The last two digits signify the subheading. The six digit code and product description corresponds exactly with the six digit WCO (World Customs Organisation). The last digits are developed in India under the common classification system for tariff item.						
3.	Unit	The second column gives the unit of measurement or weight in the tariff item, which is to be used in shipping bill and other documents. In most cases, the unit is given as "u" denoting number of pieces.						
4.	Item Description	The item description against each code gives the specific description of goods, which are subject to export control. This description does not generally correspond with the standard description against the code. In most cases, the description will cover only a part of standard description.						
5.	Export Policy	<p>This column is for the general policy regime applicable on the item. Generally, the Export Policy is one of the following.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 30%; text-align: center;">Prohibited</td> <td>Not permitted for Export Licence will not be given in the normal course</td> </tr> <tr> <td style="text-align: center;">Restricted</td> <td>Export is permitted under a licence granted by the DGFT</td> </tr> <tr> <td style="text-align: center;">STE</td> <td>Export allowed only through specified State Trading Enterprises (STEs) subject to specific conditions laid out in the FTP and also Para 2.11 of the Import and Export Policy</td> </tr> </table>	Prohibited	Not permitted for Export Licence will not be given in the normal course	Restricted	Export is permitted under a licence granted by the DGFT	STE	Export allowed only through specified State Trading Enterprises (STEs) subject to specific conditions laid out in the FTP and also Para 2.11 of the Import and Export Policy
Prohibited	Not permitted for Export Licence will not be given in the normal course							
Restricted	Export is permitted under a licence granted by the DGFT							
STE	Export allowed only through specified State Trading Enterprises (STEs) subject to specific conditions laid out in the FTP and also Para 2.11 of the Import and Export Policy							
6.	Nature of Restriction	This column specifies the special conditions, which must be met for the export of goods in the item description column. The column may also give the nature of restriction under the broad category in the Export Policy column.

Orchidaceae spp.	orchids	II	7#4 The entire family is listed. This means that all species, subspecies, varieties and forms within the genera in this family are subject to the Convention. Please see below for species included in Appendix I. Unless otherwise stated below, all species, subspecies, varieties and forms within the genera in this family in Appendix II are subject to the general interpretations outlined in the Plantae listing. All parts and derivatives are subject to the Convention, except : a) seeds, spores and pollen (including pollinia); b) seedling or tissue cultures obtained <i>in vitro</i> , in solid or liquid media, transported in sterile containers; c) cut flowers of artificially propagated plants; and d) fruits and parts and derivatives thereof of artificially propagated plants of the genus <i>Vanilla</i> . Artificially propagated hybrids of the following genera are not subject to the provisions of the Convention, if conditions, as indicated under a) and b) below, are met: <i>Cymbidium</i> , <i>Dendrobium</i> , <i>Phalaenopsis</i> , and <i>Vanda</i> : a) Specimens are readily recognizable as artificially propagated and do not show any signs of having been collected in the wild such as mechanical damage or strong dehydration resulting from collection, irregular growth and heterogeneous size and shape within a taxon and shipment, algae or other epiphyllous organisms adhering to leaves, or damage by insects or other pests; and b) i) when shipped in non-flowering state, the specimens must be traded in shipments consisting of individual containers (such as cartons, boxes, crates or individual shelves of CC-containers) each containing 20 or more plants of the same hybrid; the plants within each container must exhibit a high degree of uniformity and healthiness; and the shipment must be accompanied by documentation, such as an invoice, which clearly states the number of plants of each hybrid; or ii) when shipped in flowering state, with at least one fully open flower per specimen, no minimum number of specimens per shipment is required but specimens must be professionally processed for commercial retail sale, e.g. labelled with printed labels or packaged with printed packages indicating the name of the hybrid and the country of final processing. This should be clearly visible and allow easy verification. Plants not clearly qualifying for the exemption must be accompanied by appropriate CITES documents.	1 Jul 1975
