**“He’s one big reason I never compromise on safety.”**

Rob Andersen  
**Control Room Supervisor**

Safety is much more than a job for our engineers. Rob Andersen is a Navy veteran, control room supervisor at Indian Point, and father of three. The U.S. Nuclear Regulatory Commission just gave Rob and our entire team at Indian Point its highest safety rating — for the fifth year in a row. Today, after a \$1 billion investment that added layers upon layers of safety and security throughout the plant, Rob is helping to run one of the safest nuclear power facilities in the U.S.

The Book of Business Lists is a compilation of 79 lists published in the Fairfield and Westchester County Business Journals between Jan. 1, 2014 and Dec. 31, 2014. The lists have all been updated since their original publication dates in the journals. All of the information was collected from survey questionnaires, phone interviews, email responses, company websites, annual reports, proxy statements and/or government websites, including the Federal Deposit Insurance Corp. (fdic.gov) and the National Credit Union Administration (ncua.gov). Only these sources were used throughout to ensure the accuracy in information published. Many of the lists were assembled using a combination of the sources cited above.

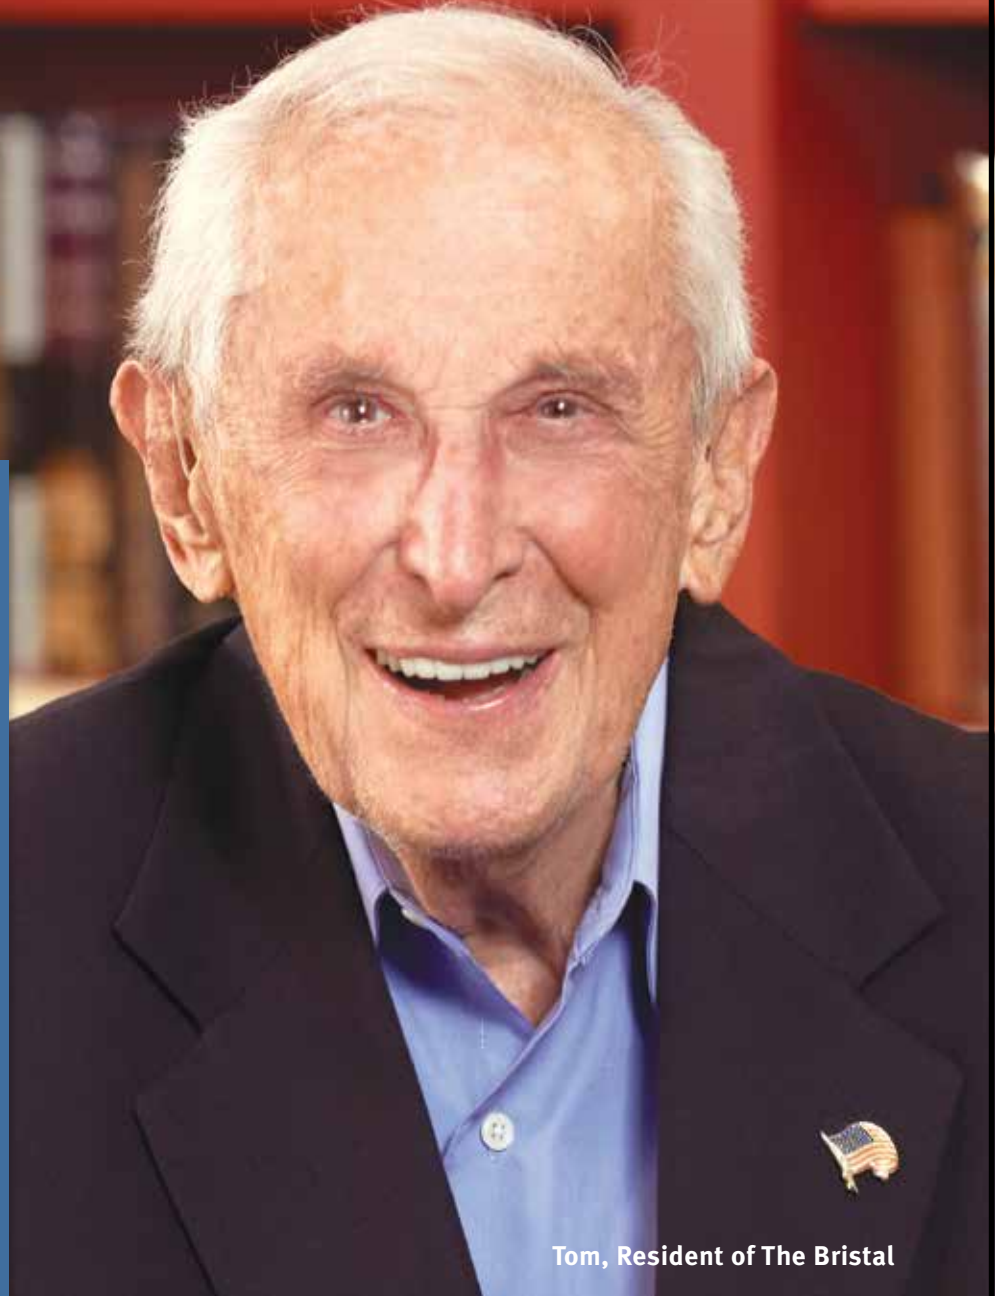

If you wish your company to be included in a future listing or to change existing information, please contact Danielle Renda at [drenda@westfairinc.com](mailto:drenda@westfairinc.com).

## I am living a new chapter in my LifeStory

“I retired from Liberty Mutual in 1991 after decades working as a trial attorney. It was an interesting profession and a tough business. I’m still pretty tough. I have a lot of opinions, and love politics. Currently, I am on the Food Committee here at The Bristal. Our culinary staff cares about what the residents think and they honor our requests and recommendations. That’s great, because our opinions matter. And that’s how I’ve always run my life. I can be myself at The Bristal.”

# DEAR READERS

---

**L**ike the guide dog on our cover guiding Randy Pierce, founder of 2020 Vision Quest, up Mount Monroe in New Hampshire, the Book of Business Lists is a book of guides and leads.

It is chockfull of information right at your fingertips. No need to go to the Internet and hope you can find what you need.

We have it all here.

The lists are indispensable resources that provide a wealth of information about large and small businesses, professions and nonprofit organizations based in our influential and prestigious region – Westchester County and the Hudson Valley in New York state and Fairfield County in Connecticut. Our research team makes every effort to ensure that the information is up to date. And we rely on you to notify us if you spot something amiss.

Free to our Westchester County Business Journal, Fairfield County Business Journal and HVBiz subscribers, the 2015 Book of Business Lists (BOL) is one way of saying thank you for your continued support.

A special thank you is extended to a most loyal supporter, **ENTERGY CORP.**, a BOL publication sponsor for the ninth consecutive year. Based in New Orleans, Entergy's generosity can be spotted at many charitable events in the region and as a cooperative corporate citizen its response to the needs and concerns of residents and government officials is indisputable. Entergy is the second-largest nuclear power operator in the United States, the largest in the Northeast and as the owner of Indian Point Energy Center in Buchanan, it is one of Westchester's largest employers.

Thank you, ENTERGY!

This year, we welcome and thank our cover sponsor **GUIDING EYES FOR THE BLIND**. Its headquarters and training center are located in Yorktown Heights, N.Y., and its Canine

Development Center is in Patterson, NY. Dependent upon contributions to fulfill its mission, Guiding Eyes provides all services free of charge. Entergy Nuclear Northeast has been one of its supporters since 2008, with a primary focus on the organization's robust volunteer programs.

A nonprofit that provides guide dogs to people with vision loss as well as service dogs to children with autism, Guiding Eyes is passionate about connecting exceptional dogs with individuals and families for greater independence.

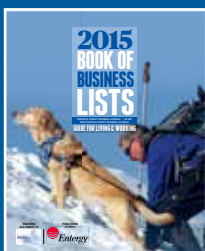

Thank you GUIDING EYES FOR THE BLIND!

We also thank our section sponsors: **WEBSTER BANK**, a leading regional bank serving businesses and consumers from metro New York to Boston, Mass.; **WESTCHESTER MEDICAL CENTER**, a major referral medical center serving three million people in seven counties; **RUBY MEDIA GROUP**, a leading public relations agency in Westchester and the New York metropolitan area; and **PRICEWATERHOUSECOOPERS**, the world's largest professional services firm, formed in 1998 in a merger between Price Waterhouse and Coopers and Lybrand.

Together we are bringing an important resource to the business community.

Regards,

**Dee DelBello**

**we can see the end  
of cancer from here.**

These people are a new generation of blood cancer patients. Many are living normal lives thanks to discoveries funded in part by The Leukemia & Lymphoma Society (LLS). Since 2000, almost 40% of the new anti-cancer therapies approved by the FDA were first approved for blood cancer patients, and many of these were developed with research supported by LLS. Forget someday. We're making cures happen today. Are you aware of how close we are to many new life-saving breakthroughs? Or how you can help?

## Turning Type One into Type None

JDRF's vision is to create a world without type 1 diabetes (T1D), an autoimmune disease that strikes children and adults suddenly and lasts a lifetime. It requires constant carbohydrate counting, blood-glucose testing, and lifelong dependence on injected insulin. With T1D there are no days off, and there is no cure.
