

JOIDES ADVISORY GROUPS*

Executive Committee (EXCOM)

James C. Briden
University of Oxford

Arthur Nowell
University of Washington

Helmut Beiersdorf
Bundesanstalt für Geowissenschaften und Rohstoffe

Brent Dalrymple
Oregon State University

Robert A. Duce
Texas A&M University

Gordon P. Eaton
Columbia University

Edward A. Frieman
University of California, San Diego

Robert B. Gagosian
Woods Hole Oceanographic Institution

David Goldberg (WLS liaison)
Columbia University

Donald F. Heinrichs (NSF liaison)
National Science Foundation (U.S.A.)

Charles E. Helsley
University of Hawaii

Tetsuya Hirano
University of Tokyo

Robert B. Kidd (PCOM liaison)
University of Wales

Yves P. Lancelot
Faculté des Sciences de Luminy

Margaret S. Leinen
University of Rhode Island

Brian T.R. Lewis (PCOM liaison)
University of Washington

Bruce Malfait (NSF liaison)
National Science Foundation (U.S.A.)

John Malpas
Memorial University

Arthur E. Maxwell
University of Texas at Austin

John C. Mutter
Columbia University

Philip D. Rabinowitz (Science Operator liaison)
Texas A&M University

C. Barry Raleigh
University of Hawaii

Bruce R. Rosendahl
University of Miami

Renzo Sartori
Università degli Studi di Bologna

Lawrence F. Small
Oregon State University

Paul L. Stoffa
University of Texas at Austin

James D. Watkins (JOI liaison)
Joint Oceanographic Institutions, Inc.

Planning Committee (PCOM)

Robert B. Kidd
University of Wales

Brian T.R. Lewis
University of Washington

Richard J. Arculus
Australian National University

James A. Austin, Jr.
University of Texas at Austin

Keir Becker
University of Miami

Wolfgang H. Berger
University of California, San Diego

J. Paul Dauphin (NSF liaison)
National Science Foundation (U.S.A.)

Henry J.B. Dick
Woods Hole Oceanographic Institution

Paul Jeff Fox
University of Rhode Island

Timothy J.G. Francis (Science Operator liaison)
Texas A&M University

David Goldberg (WLS liaison)
Columbia University

Hermann R. Kudrass
Bundesanstalt für Geowissenschaften und Rohstoffe

Marcus G. Langseth
Columbia University

Hans-Christian Larsen
Grønlands Geologiske Undersøgelse

Bruce Malfait (NSF liaison)
National Science Foundation (U.S.A.)

Catherine Mével
Université Pierre et Marie Curie

Alan C. Mix
Oregon State University

John C. Mutter
Columbia University

James H. Natland
University of Miami

Thomas E. Pyle (JOI liaison)
Joint Oceanographic Institutions, Inc.

William W. Sager
Texas A&M University

Thomas H. Shipley
University of Texas at Austin

Kiyoshi Suyehiro
University of Tokyo

Brian Taylor
University of Hawaii

Budget Committee (BCOM)

James C. Briden
University of Oxford

Bruce R. Rosendahl
University of Miami

James A. Austin, Jr.
University of Texas at Austin

Robert B. Kidd
University of Wales

Yves P. Lancelot
Faculté des Sciences de Luminy

Brian T.R. Lewis
University of Washington

Arthur E. Maxwell
University of Texas at Austin

Downhole Measurements Panel (DMP)

Peter Lysne
Sandia National Laboratories (U.S.A.)

Susan M. Agar (TECP liaison)
Northwestern University

Jean M. Bahr (SGPP liaison)
University of Wisconsin, Madison

Keir Becker (PCOM liaison)
University of Miami

Millard F. Coffin (LITHP liaison)
University of Texas at Austin

Robert Desbrandes
Louisiana State University

Johann K. Draxler
Niedersächs. Landesamt für Bodenforschung

Gilles J. Dubuisson
Ecole Normale Supérieure

Frank Filice (WLS liaison)
Columbia University

Andrew T. Fisher (LITHP liaison)
Indiana University

Gerard J. Fryer
University of Hawaii

Andrew S.P. Green
CSM Associates Ltd.

Stephen H. Hickman
U.S. Geological Survey

Mark W. Hutchinson
Eastman Teleco

Richard D. Jarrard
University of Utah

Adam Klaus (Science Operator liaison)
Texas A&M University

Brian T.R. Lewis (PCOM liaison)
University of Washington

Roger H. Morin
U.S. Geological Survey

Philip H. Nelson
U.S. Geological Survey

*Membership for period October 1993–September 1994; Legs 152–157.

- Laust B. Pedersen
Uppsala University
- Henry Salisch
University of New South Wales
- Kiyoshi Suyehiro (PCOM liaison)
University of Tokyo
- Karen L. Von Damm
University of New Hampshire
- D. Michael Williams
Mobil Oil Company, Inc.
- Jürgen Wohlenberg
RW Technische Hochschule (F.R.G.)
- Paul F. Worthington
Reservoir Evaluation (U.K.)
- Makoto Yamano
University of Tokyo
- Information Handling Panel (IHP)**
- Patricia Fryer
University of Hawaii
- Warner Brückmann
GEOMAR (F.R.G.)
- Deborah Barnes (WLS liaison)
Columbia University
- John Coyne (Science Operator liaison)
Texas A&M University
- Ian L. Gibson
University of Waterloo
- Brian T. Huber
Smithsonian Institution
- Teruaki Ishii
University of Tokyo
- Christopher J. Jenkins
University of Sydney
- Hermann R. Kudrass (PCOM liaison)
Bundesanstalt für Geowissenschaften und Rohstoffe
- Michael S. Loughridge
National Geophysical Data Center (U.S.A.)
- Gilbert Maudire
IFREMER (France)
- Russell B. Merrill (Science Operator liaison)
Texas A&M University
- Carla Moore
National Geophysical Data Center (U.S.A.)
- Yujiro Ogawa
University of Tsukuba
- Adrian F. Richards
Delft University of Technology
- William R. Riedel
University of California, San Diego
- Katherine Rodway (WLS liaison)
Columbia University
- William W. Sager (PCOM liaison)
Texas A&M University
- Tsunemasa Saito
Tohoku University
- Henry Spall
U.S. Geological Survey
- Volkhard Spiess
Universität Bremen
- Joann M. Stock (TECP liaison)
California Institute of Technology
- Ellen Thomas (SMP liaison)
Yale University
- Geoffrey Wadge
University of Reading
- W. Lynn Watney
University of Kansas
- Roy H. Wilkens
University of Hawaii
- Lithosphere Panel (LITHP)**
- Sherman H. Bloomer
Boston University
- Jeffrey C. Alt (SGPP liaison)
University of Michigan
- Shoji Arai
Kanazawa University
- John F. Bender
University of North Carolina, Charlotte
- Wolfgang H. Berger (PCOM liaison)
University of California, San Diego
- Mathilde Cannat
Université Pierre et Marie Curie
- Dave Caress
Columbia University
- Paterno R. Castillo
University of California, San Diego
- Millard F. Coffin
University of Texas at Austin
- Andrew T. Fisher
Indiana University
- Kathryn M. Gillis
Woods Hole Oceanographic Institution
- Jacques Girardeau
Université de Nantes
- David Goldberg (WLS liaison)
Columbia University
- Peter M. Herzig
Technische Universität Bergakademie Freiberg
- Jeffrey A. Karson (TECP liaison)
Duke University
- Pamela D. Kempton
British Geological Survey
- Yngve Kristoffersen
Universitetet i Bergen
- Jian Lin (TECP liaison)
Woods Hole Oceanographic Institution
- John N. Ludden
CNRS, Ecole de Géologie
- Catherine Mével (PCOM liaison)
Université Pierre et Marie Curie
- D. Jay Miller (Science Operator liaison)
Texas A&M University
- John C. Mutter (PCOM liaison)
Columbia University
- James H. Natland (PCOM liaison)
University of Miami
- Anne F. Sheehan
University of Colorado at Boulder
- John A. Tarduno
University of Rochester
- Yoshiyuki Tatsumi
Kyoto University
- Douglas S. Wilson
University of California, Santa Barbara
- Robert A. Zierenberg
U.S. Geological Survey
- North Atlantic Rifted Margins Detailed Planning Group (NARM-DPG)**
- William A. Berggren (OHP liaison)
Woods Hole Oceanographic Institution
- Peter Blum (Science Operator liaison)
Texas A&M University
- Gilbert Boillot
IFREMER (France)
- Roger Buck
Columbia University
- Nicholas Christie-Blick (SGPP liaison)
Columbia University
- Sierd Cloetingh (LITHP liaison)
Vrije Universiteit
- Millard F. Coffin
University of Texas at Austin
- María Carmen Comas
Universidad de Granada, CSIC
- Olav Eldholm
University of Oslo
- John G. Fitton
University of Edinburgh
- Jeremy Hall
Memorial University
- Jan Hertogen
Katholieke Universiteit Leuven
- Karl Hinz
Bundesanstalt für Geowissenschaften und Rohstoffe
- Richard N. Hiscott (SGPP liaison)
Memorial University
- Deborah R. Hutchinson
U.S. Geological Survey
- Emily M. Klein
Duke University
- Hans-Christian Larsen
Grønlands Geologiske Undersøgelse
- Kenneth G. Miller
Rutgers University
- Andrew C. Morton
British Geological Survey
- Andrew D. Saunders
University of Leicester
- Dale S. Sawyer
Rice University
- Surat P. Srivastava
Geological Survey of Canada
- Brian E. Tucholke (PCOM liaison)
Woods Hole Oceanographic Institution

Robert B. Whitmarsh
Institute of Oceanographic Sciences (U.K.)

ODP Council (ODPC)

E.A. Babcock
Geological Survey of Canada

Axel Björnsson
Icelandic Council of Science

Björn Brandt
Swedish Natural Science Research Council

Susanne Egelund
*Natural Science Research Council
(Denmark)*

Carl Ehlers
Åbo Akademi (Finland)

Michele Fratta
European Science Foundation

Donald F. Heinrichs
National Science Foundation (U.S.A.)

Jan Hertogen
Katholieke Universiteit Leuven

Tetsuya Hirano
University of Tokyo

John L. Knill
*Natural Environment Research Council
(U.K.)*

J. Krebbs
*Natural Environment Research Council
(U.K.)*

N. Lalechos
Public Petroleum Corporation of Greece

P. Liberopoulos
Public Petroleum Corporation of Greece

François Madelain
IFREMER (France)

Dietrich Maronde
Deutsche Forschungsgemeinschaft

Namil Kemal Pak
*Scientific & Technical Research Council
(Turkey)*

Torstein Pedersen
Research Council of Norway

Andrés Pérez-Estaún
Universidad de Oviedo

Roye Rutland
Australian Geological Survey Organisation

Renzo Sartori
Università degli Studi di Bologna

Jan H. Stel
Stichting Onderzoek der Zee

Jean-Bernard Weber
Swiss National Science Foundation

Leif Westgaard
Research Council of Norway

Ocean History Panel (OHP)

Margaret Lois Delaney
University of California, Santa Cruz

Richard J. Arculus (PCOM liaison)
Australian National University

Jan Backman
Stockholm University

Paul A. Baker (SGPP liaison)
Duke University

John A. Barron
U.S. Geological Survey

Gregory H. Blake
Unocal

Robert M. Carter
James Cook University

James E.T. Channell
University of Florida

Bradford M. Clement
Florida International University

Peter deMenocal (WLS liaison)
Columbia University

Kay-Christian Emeis (SGPP liaison)
Ostseeforschung Warnemünde

John V. Firth (Science Operator liaison)
Texas A&M University

Rainer Erich Gersonde
Universität Bremen

Timothy D. Herbert
University of California, San Diego

Albert C. Hine
University of South Florida

David A. Hodell
University of Florida

Brian T. Huber (IHP liaison)
Smithsonian Institution

Anne-Marie Karpoff
Université Louis Pasteur

Hermann R. Kudrass (PCOM liaison)
*Bundesanstalt für Geowissenschaften und
Rohstoffe*

Robert Mark Leckie
University of Massachusetts

Tom S. Loutit
Australian Geological Survey Organisation

Alan C. Mix (PCOM liaison)
Oregon State University

Theodore C. Moore
University of Michigan

Kate Moran (SMP liaison)
Bedford Institute of Oceanography

Hisatake Okada
Yamagata University

Delia Oppo
Woods Hole Oceanographic Institution

Lisa M. Pratt
Indiana University

Warren L. Prell
Oregon State University

Maureen E. Raymo
Massachusetts Institute of Technology

Peter K. Swart (SGPP liaison)
University of Miami

Kozo Takahashi
Hokkaido Tokai University

John A. Tarduno (LITHP liaison)
University of Rochester

Philip P.E. Weaver
Institute of Oceanographic Sciences (U.K.)

Gerold Wefer
Universität Bremen

James C. Zachos
University of California, Santa Cruz

**Pollution Prevention and Safety Panel
(PPSP)**

Mahlon M. Ball
U.S. Geological Survey

Yutaka Aoki
Japex Geoscience Institute, Inc.

George E. Claypool
Mobil Oil Company, Inc.

Bruno Darde
Total Exploration Production

Claude Delas
Total Compagnie Française des Pétroles

Mimi Fortier
Northern Oil and Gas Directorate (Canada)

Timothy J.G. Francis (Science Operator
liaison)
Texas A&M University

Louis E. Garrison
College Station, Texas, U.S.A.

Arthur R. Green
Exxon Exploration Company

Paul Haseldonckx
DEMINEX (F.R.G.)

Dietrich Horn
DEMINEX (F.R.G.)

Martin Hovland
STATOIL (Norway)

Barry J. Katz
Texaco, Inc.

Robert B. Kidd (PCOM liaison)
University of Wales

Brian T.R. Lewis (PCOM liaison)
University of Washington

David B. MacKenzie
Littleton, Colorado, U.S.A.

Yoshihisa Okuda
Geological Survey of Japan

Ed G. Purdy
PetroQuest International, Inc. (U.K.)

Daniel Quoidbach (SSDB liaison)
Columbia University

Joel Watkins
Texas A&M University

**Sedimentary and Geochemical Processes
Panel (SGPP)**

William W. Hay
GEOMAR (F.R.G.)

Judith A. McKenzie
*Eidgenössische Technische Hochschule
(Switzerland)*

Jeffrey C. Alt
University of Michigan

Richard J. Arculus (PCOM liaison)
Australian National University

Jean M. Bahr
University of Wisconsin, Madison

- James A. Austin, Jr. (PCOM liaison)
University of Texas at Austin
- John Beswick
Kenting Drilling Services, Ltd.
- Hiromi Fujimoto
University of Tokyo
- Stephen D. Hurst (TECP liaison)
Duke University
- Yngve Kristoffersen (LITHP liaison)
Universitetet i Bergen
- Marcus G. Langseth (PCOM liaison)
Columbia University

Ralf B. Luy
*Institut für Tiefbohrkunde und
Erdölgewinnung (F.R.G.)*

Gary L. Marsh
Reeds Spring, Missouri, U.S.A.

Keith Millheim
Amoco Production Company

Gregory F. Moore (TECP liaison)
University of Hawaii

Heinrich Rischmüller
Niedersächs. Landesamt für Bodenforschung

Frank J. Schuh
Drilling Technology, Inc.

F. Earl Shanks
Mobil Oil Company, Inc.

Howard L. Shatto
Houston, Texas, U.S.A.

Thomas H. Shipley (PCOM liaison)
University of Texas at Austin

Alister C. Skinner
British Geological Survey

Michael A. Storms (Science Operator
liaison)
Texas A&M University

Alex Summerour
Chevron Services Company

Walter W. Svendsen
New Brighton, Minnesota, U.S.A.

Shinichi Takagawa
*Japan Marine Science and Technology
Center*

Sverrir Thorhallsson
Orkustofnum (Iceland)

Adrian Williams
CSIRO (Australia)

Paul F. Worthington (DMP liaison)
Reservoir Evaluation (U.K.)

Duke Zinkgraf
Bellaire, Texas, U.S.A.

Tectonics Panel (TECP)

Eldridge M. Moores
University of California, Davis

Alastair H.F. Robertson
University of Edinburgh

Susan M. Agar
Northwestern University

Juichiro Ashi
University of Tokyo

Kevin M. Brown
University of California, San Diego

Steven C. Cande
University of California, San Diego

Mathilde Cannat (LITHP liaison)
Université Pierre et Marie Curie

Peter D. Clift (Science Operator liaison)
Texas A&M University

Carlo Doglioni
Campus Universitario (Italy)

Kathryn M. Gillis (LITHP liaison)
Woods Hole Oceanographic Institution

Stephen D. Hurst
Duke University

Jeffrey A. Karson
Duke University

Yves Lagabriele
Université de Bretagne Occidentale

Hans-Christian Larsen (PCOM liaison)
Grønlands Geologiske Undersøgelse

Jian Lin
Woods Hole Oceanographic Institution

Gregory F. Moore
University of Hawaii

Yujiro Ogawa
University of Tsukuba

Philippe A. Pezard (WLS liaison)
Institut Méditerranéen de Technologie

Karen R. Schmitt (JOIDES Office liaison)
University of Washington

Wonn Soh (SGPP liaison)
Kyushu University

Michael Steckler
Columbia University

Joann M. Stock
California Institute of Technology

Philip A. Symonds
Australian Geological Survey Organisation

Brian Taylor (PCOM liaison)
University of Hawaii

Uri Ten Brink
U.S. Geological Survey

Michael B. Underwood (SGPP liaison)
University of Missouri, Columbia

Roland von Huene
GEOMAR (F.R.G.)

Douglas Wilson (LITHP liaison)
University of California, Santa Barbara

An Yin
University of Southern California

Mark Zoback
Stanford University

Wireline Logging Services (WLS)

Deborah Barnes
Columbia University

Peter deMenocal
Columbia University

Frank Filice
Columbia University

David Goldberg
Columbia University

Peter Harvey
University of Leicester

Philippe Pezard
Institut Méditerranéen de Technologie

Katherine Rodway
Columbia University

Lawrence Sullivan
Columbia University
