

**DURACELL**

## Alkaline - Bulk Packaged

**DURACELL PROCELL** Alkaline batteries provide the same performance and quality as DURACELL COPPERTOP batteries and deliver outstanding performance and reliability. Some major advantages are:

- Long service life at high drain discharges
- Operates reliably in temperature extremes of -20 C to 54 C
- Date coded to ensure freshness
- Economical bulk packaging

### Custom Battery Packs

**We specialize in battery pack assembly.** Our state of the art spot welding equipment enables us to assemble battery packs using almost any type of battery. Alkaline battery packs are a non-rechargeable source of power for many applications including door locks and instruments. Please contact us for a quotation on all of your battery pack needs. Our quality and pricing is sure to impress you.

**The items displayed above are only a small portion of our product availability. Should you require a product that is not seen here, please call us for full details. We will be more than happy to assist you.**

\*MOQ - Minimum Order Quantity. To be sold in multiples of this quantity only.

## Heavy Duty Batteries

### DURACELL

#### Heavy Duty - Bulk Packaged

Duracell Mallory Super Heavy Duty (Carbon Zinc) batteries:

- Are appropriate for low drain, intermittent and infrequent usage applications
- Are free of any added mercury and require no special method of disposal
- Are economically priced and bulk packaged

| CR23500SE | 3     | 23 mm diameter x 50.0 mm high   | 1 each |

**Please Note:** These are only some of the lithium batteries offered by Sanyo. Please call for pricing and availability on products not listed above

**Please Note:** All Electrochem batteries are special order items. Please call for pricing and availability.

\*MOQ - Minimum Order Quantity. To be sold in multiples of this quantity only.

# Panasonic®

## Cylindrical Lithium

Panasonic Cylindrical Lithium batteries are notable for their high voltage, energy density, durability, and stable operation.

Some features include:

- Stable operation at a high rate of discharge
- Wide operating temperatures (-40°C~85°C)
- Strong leakage resistance and excellent durability

## Custom Battery Packs

**We specialize in battery pack assembly.** Our state of the art spot welding equipment enables us to assemble battery packs using almost any type of battery. Lithium battery packs are a non-rechargeable source of power for a large variety of applications. Please contact us for a quotation on all of your battery pack needs. Our quality and pricing is sure to impress you.

## Lithium-Ion Batteries

&

### Camcorder Batteries

**Again & Again and Empire Scientific Camcorder** batteries offer maximum power and quality. Again & Again and Empire Scientific continue to be leaders in the camcorder market by providing longer run times and faster charge times.

| PART # | FITS         | VOLTS | CAPACITY | *MOQ   |
|--------|--------------|-------|----------|--------|
| CL530  | Sony NP-F550 | 7.2   | 1850 mah | 1 each |
| CL730  | Sony NP-F750 | 7.2   | 3700 mah | 1 each |

### Cellular Phone Batteries

We offer a wide variety of cellular phone batteries. Please note that all cell phone batteries are special order items. Please call for pricing and availability.

### Laptop Batteries

We offer a wide variety of laptop batteries compatible with the many models of laptops available on the market. Please note that all laptop computer batteries are special order items. Please call for pricing and availability.

\*MOQ - Minimum Order Quantity. To be sold in multiples of this quantity only.

## Panasonic®

### Rechargeable - Bulk

**Panasonic Rechargeable Nickel Cadmium** batteries feature the performance, high-power, and reliability needed for today's high-technology equipment. This ranges from audio visual and communications equipment to motorized devices and hobby equipment.

#### Features By Product Type:

##### Standard "N" Type

- Low internal resistance and excellent discharge performance
- Reliability over a wide range of operating temperatures

##### High Capacity "S" Type

- Higher capacity - compared to standard type
- Compact dimensions and faster recharge time

##### Rapid Charge "R" Type

- 1-hour rapid charge

##### High Rate Discharge & Rapid Charge "P" Type

- Super high rate discharge

| PART #       | SIZE  | TYPE | VOLTS | CAPACITY | DIAMETER (mm) | HEIGHT (mm) |

## Nickel Cadmium Batteries

### Rechargeable - Bulk

**Saft Rechargeable Nickel Cadmium** batteries are known for their superior performance. Saft offers a variety of batteries to meet modern day requirements. Saft batteries offer;

- Constant voltage during discharge
- Extremely high reliability
- Long cycle life (over 500 charge discharge cycles)

The **VRE Series** is well-adapted for applications requiring a permanent charge at temperatures of up to +35°C. The **VSE Series** is an "ultra-high energy" battery, fully recommended for the wide range of portable electronic applications.

| PART #     | SIZE  | VOLTS | CAPACITY | DIAMETER | HEIGHT  |
|------------|-------|-------|----------|----------|---------|
| VRE AA 700 | AA    | 1.2   | 700 mah  | 14.0 mm  | 49.2 mm |
| VRE CS     | SUB C | 1.2   | 1600 mah | 22.2 mm  | 42.2 mm |
| VRE 1/2 D  | 1/2 D | 1.2   | 2400 mah | 32.3 mm  | 36.8 mm |
| VRE D      | D     | 1.2   | 4500 mah | 32.3 mm  | 58.6 mm |
| VSE AA     | AA    | 1.2   | 940 mah  | 14.0 mm  | 49.2 mm |
| VSE 4/5A   | 4/5A  | 1.2   | 1300 mah | 16.7 mm  | 42.3 mm |
| VT F       | F     | 1.2   | 7500 mah | 32.15 mm | 91.1 mm |

**Please note:** These are only a few types of the Saft cells available. Please call for pricing and availability.

### Rechargeable - Bulk

**Sanyo Rechargeable Nickel Cadmium** batteries have earned high acclaim for their inventive technology and superior quality. Features include;

- Discharge voltage remains stable even in conditions of high-rate discharge current
- Wide operating temperature range (-20°C to 60°C)
- Performance doesn't deteriorate even after long-term storage
- Designed to withstand overcharge and over discharge

| PART #     | SIZE  | VOLTS | CAPACITY | DIAMETER | HEIGHT  |
|------------|-------|-------|----------|----------|---------|
| KR-600AE   | 2/3A  | 1.2   | 600 mah  | 17.0 mm  | 28.5 mm |
| KR-800AAE  | AA    | 1.2   | 800 mah  | 14.3 mm  | 50.3 mm |
| KR-1800SCE | SUB C | 1.2   | 1800 mah | 23.0 mm  | 43 mm   |
| KR-5000DEL | D     | 1.2   | 5400 mah | 33.2 mm  | 59.5 mm |

**Please note:** These are only a few types of the Sanyo cells available. Please call for pricing and availability.

## Nickel Cadmium Batteries

### Flashlight Battery Packs

These battery packs are custom built to fit the most popular types of Streamlight and Maglite flashlights. We specialize in battery pack assembly. Please contact us for pricing and availability on all battery packs.

| PICTURE   | DESCRIPTION                         | FITS FLASHLIGHT MODELS  |
|---|-------------------------------------|---|
|    | 3.6 Volts, 1,600 mAh<br>NiCad Stick | <b>Stinger, Stinger HP, Stinger XT,<br/>and the PolyStinger</b><br>Also fits: 25170 and 75175   |
|    | 6 Volts, 1,600 mAh<br>NiCad Stick   | <b>Super Stinger and the Ultra Stinger</b><br>Also fits: 77175 and 9926J  |

| CPH-496  | Empire Scientific | NiMh  | 3.6   | 850 mAh  |
| CPH-515D | Empire Scientific | NiMh  | 2.4   | 700 mAh  |

### Custom Battery Packs

**We specialize in battery pack assembly.** Our state of the art spot welding equipment enables us to assemble battery packs using almost any type of battery. Nickel Cadmium battery packs are a rechargeable source of power for a large variety of applications. Please contact us for a quotation on all of your battery pack needs. Our quality and pricing is sure to impress you.

## Nickel Metal Hydride Batteries

# Panasonic®

### Rechargeable - Bulk

**Panasonic Rechargeable Nickel Metal Hydride** batteries were developed to meet the requirement for increasingly higher levels of energy demanded by today's electronic products. These Nickel Metal Hydride batteries can offer up to three times the capacity of the same size standard Nickel Cadmium batteries. Due to their increased capacity and energy density features, users can expect a longer time between charges and longer running time.

| PART #               | SIZE            | VOLTS | CAPACITY | DIAMETER (mm) | HEIGHT (mm) |

7/8H

**Please note:** These are only a few types of the Saft, Sanyo and Varta cells available. Please call for pricing and availability on all Nickel Metal Hydride batteries.

## Nickel Metal Hydride Batteries

### Charger Kits

**Duracell, Empire and Ultralast** Rechargeable batteries offer an economic alternate to one-time-use disposable batteries. These rechargeable batteries are ideal for modern day, high drain electronics such as digital cameras.

#### DURACELL

3 hr. Quick Charger Combo  
This combo includes a **Nimh/Nicad** AA/AAA size battery charger with a 4/pack of AA 2050 mah Nimh batteries.

#### EMPIRE For All Your Battery Needs:

3 hr. Quick Charger Kit  
This combo includes a travel wall charger and car charger, making it convenient and affordable for the end user.

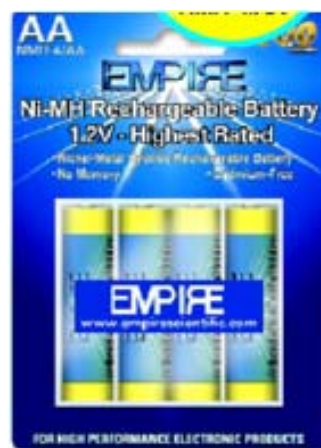

#### ULTRALAST

90 min. Rapid Smart Charger Kit  
This Rapid Smart Charger Kit includes a **Nimh/Nicad** AA/AAA battery charger with 4 AA 2300mah Nimh batteries and a **DC car adapter** for convenient on-the-go charging.

### Rechargeable Batteries - Carded

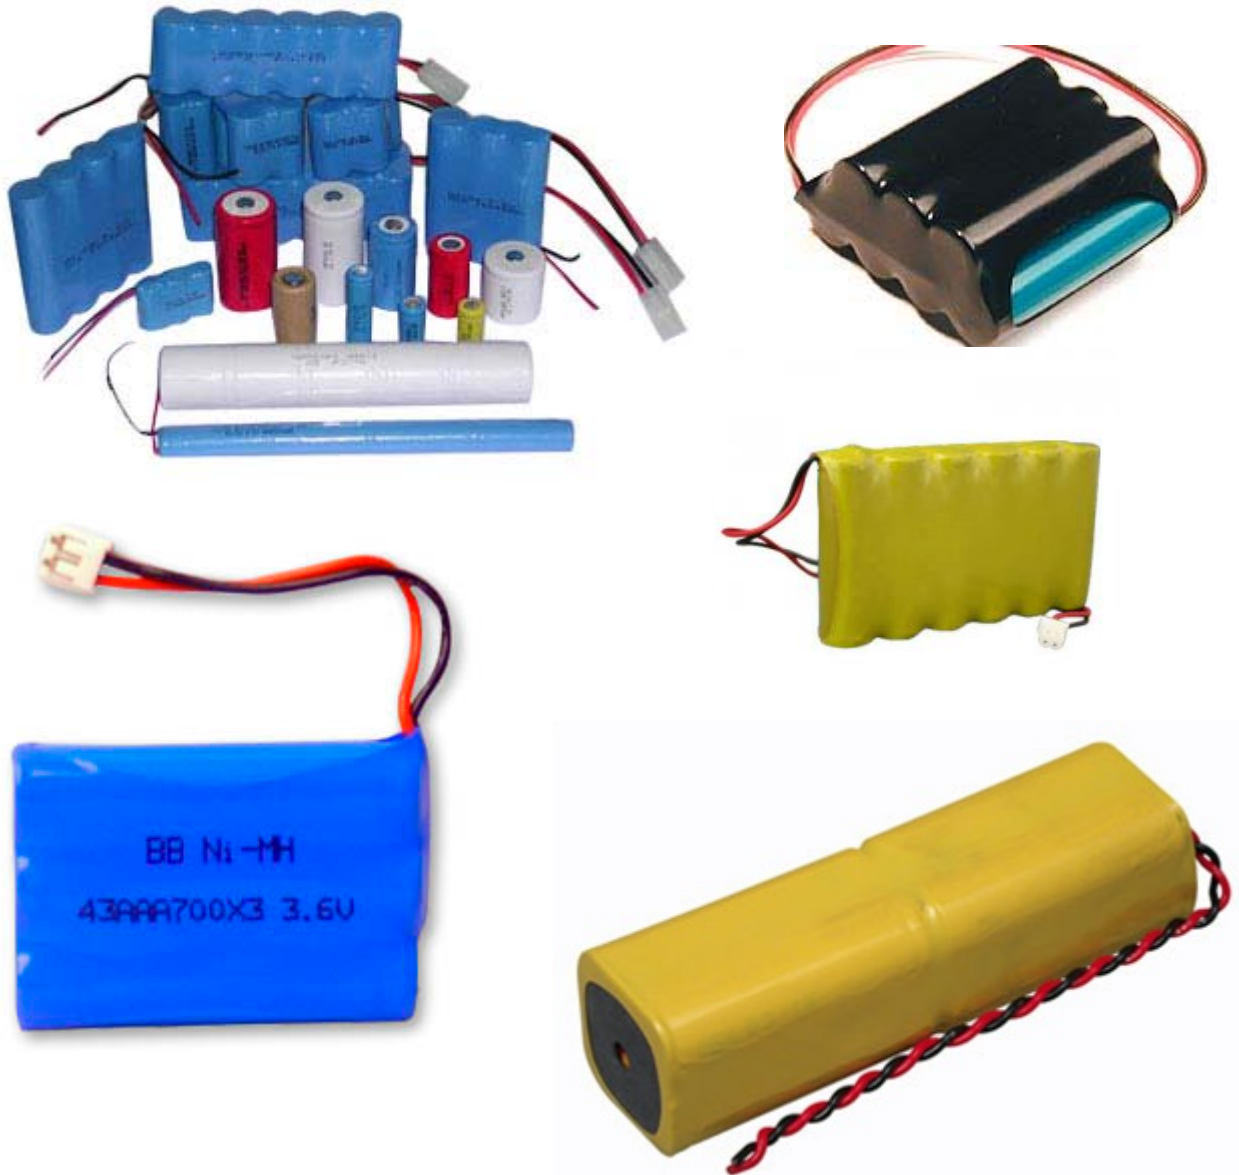

**Duracell, Empire and Ultralast** offer Rechargeable Nickel Metal Hydride batteries. These batteries are ideal for use in high drain electronics. Please call for current pricing and availability on all rechargeable batteries and chargers.

## Sealed Lead Acid Batteries

# Panasonic®

**Panasonic Sealed Lead Acid Rechargeable** batteries are designed to provide outstanding performance in withstanding overcharge, overdischarge, and resisting vibration and shock. Compact, these batteries save installation space, while providing full and reliable power. The use of special sealing epoxies, tongue and groove case and cover construction, and long-sealing paths for posts and connectors, assures that the Valve Regulated Lead Acid battery will offer exceptional leak resistance, and allows them to be used in any position.

## Sealed Lead Acid Batteries

**Ritar Sealed Lead Acid** batteries offer an affordable power source for many of your rechargeable battery requirements. With the combination of AGM and Multiple Gel in all their batteries, they have proven to be a long lasting power solution. As well, Ritar batteries are beneficial to environmental protection, as all their batteries use recycled tin and lead in their plates and are free of the dangerous toxin, Cadmium.

### Camcorder Batteries

**Sealed Lead Acid Camcorder** batteries are offered in a variety of sizes to meet your camcorder requirements. Please call for pricing and availability on all camcorder batteries.

## Sealed Lead Acid Batteries

### Cylindrical Cells

Hawker Energy Cyclon Rechargeable Sealed Lead Acid cylindrical batteries offer outstanding performance and reliability. Please call for pricing and availability on all Hawker batteries.

| PART #    | SIZE     | VOLTS | CAPACITY |
|-----------|----------|-------|----------|
| 0800-0004 | "X" cell | 2     | 5 Ah     |
| 0810-0004 | D cell   | 2     | 2.5 Ah   |

### Monoblocks (Exit Sign Lighting)

Hawker Energy Sealed Lead Acid Monoblocks are most commonly used in exit lighting applications. Please call for pricing and availability on all of your Monoblock requirements.

| PART #    | TYPE      | VOLTS | CAPACITY |
|-----------|-----------|-------|----------|
| 0809-0010 | MONOBLOCK | 4     | 5 Ah     |
| 0809-0012 | MONOBLOCK | 6     | 5 Ah     |
| 0819-0010 | MONOBLOCK | 4     | 2.5 Ah   |
| 0819-0012 | MONOBLOCK | 6     | 2.5 Ah   |

**0809-0012**

**0819-0012**

**Please Note:** These are only some of the Hawker Sealed Lead Acid cylindrical cells and monoblocks offered. Please call for pricing and availability for all of your Sealed Lead Acid battery requirements.

## Custom Battery Packs

**We specialize in battery pack assembly.** Our state of the art spot welding equipment enables us to assemble battery packs using almost any type of battery. Sealed Lead Acid battery packs are a rechargeable source of power for a large variety of applications. Please contact us for a quotation on all of your battery pack needs. Our quality and pricing is sure to impress you.

The items displayed above are only a small portion of our product availability. Should you require a product that is not seen here, please call us for full details. We will be more than happy to assist you.

**Panasonic®**

Uninterruptible Power Supply Battery Back-Up Kits

These RBC Kits are assembled on site using Panasonic brand Sealed Lead Acid batteries. Please note that all APC models are not listed here, so please call for more information. Please call for pricing and availability on all RBC Kits.
