The dedicated teachers and staff at Almondale Academy take pride in a high-quality education, that meets the individual needs of every student.

The Almondale Approach

Our educational vision and mission is the belief that children are natural learners. With support and guidance, our students mature into academically-enriched, community-minded, and socially responsible young people who retain that youthful exuberance of life that will serve them well beyond their time at Almondale Academy.

Almondale's serene country-side setting supports an exceptional experiential, project-based education: outdoor and environmental learning, real world problem-solving through cooperative learning in multi-age classrooms.

Our virtue-based curriculum ensures a full development of the intellectual, moral, and social capacities. Service-learning deeply inculcates these virtues through ministering to others.

Small class sizes of 8-15 students afford **individually tailored academic programs in conjunction with group collaboration on projects.**

An individualized academic program encourages each student to excel at his or her individual rate while cooperative learning fosters community and creativity. On-going assessments help to document academic growth at a pace consistent with or state

Instructional Standards

Almondale Academy upholds but is not bound by the California state mandates, standards and guidelines established for all students from Transitional Kindergarten through 12th grade.

Almondale Academy instruction includes:

The Language Arts (Literature, writing composition, phonics, grammar, vocabulary, spelling), **Mathematics through Pre-calculus, History, Government, Science, Spanish, the Arts, and Physical Education.**

The Arts consist of: **the Fine Arts, Drama, Dance and Music.**

Almondale education proceeds through teacher guided discourses, hands-on, project-based learning, reflections, tutorial-styled learning, peer teaching, and service learning. The Almondale approach offers two highly successful outcomes:

- **Students have time to master materials before moving forward.**
- **Exploration and problem solving of real-world issues through project-based and service-oriented learning.**

Almondale Academy classrooms are situated on a serene, country-style campus at the corner of Greenback Lane and Almond Avenue in Orangevale.

Almondale offers a safe and nurturing atmosphere. Our small, family-friendly campus further encourages self-assurance, social growth, and academic excellence in all of our students. Parent participation is always welcomed.

Electives include: service learning, foreign language, drama, art, music, computers, P.E., and Home Economics

We offer a very active before and afterschool program which opens and closes at 6:30 both A.M. and P.M respectively.

Activity Days / Field Trips / Special Events

With our smaller campus and class sizes, our students are able to take advantage of many unique field trips.

Mother's Tea

Activity Days are held for virtue activities and special occasions. These includes games, sports, and creative activities.

Family members are welcome at many of our annual special events; Mother's Tea, Father's Tee, Easter Egg Hunt, Family Dinner Night, Christmas Show & Raffle, End-of-School-Year Trip and many more.
