

# Playing Cards for Sale

**K. Frank Jensen**

**List #5 - 2010**

After a regrettable delay, you can now take a look at my fifth list of playing cards for sale. As usual, the descriptions of the decks are based upon the information I noted on my file cards at the time, I acquired the decks. To use as little time as possible, I have not attempted to correct this information nor to add later information; thus details may not be quite correct or up-to-date. Some dates given are factual, others may have been estimated. Further and/or larger scans of the cards can be supplied if needed.

You will find all sorts of playing cards for sale: standard playing cards and non-standard playing cards from many countries, including Asian playing cards. This particular list also includes many pin-up- and erotic playing card packs. A number of card games are also for sale.

A sixth list will follow asap, devoted to tarot/-tarock- and cartomantic packs only.

*Decks sold as pr. March 1st. 2013 are marked as such*

The condition of the decks is listed to the best of my judgement. The term “*Mint*” does in this connection mean, that the decks have not been used for card playing, but have only functioned in a collection. The condition relates to the cards themselves, boxes may have signs of wear. Some boxes have a collection identification mark, a small rubber stamp discreetly placed, often on the inside of the cardboard box flap and/or they have a written identification number, likewise discreetly placed. Such markings are not mentioned in the list’s description. If this is a problem for you, ask before you order.

Prices are listed in EUR. You can pay to my Paypal account in either EURO or US\$. IBAN transfer (within Europe) is another possibility. Otherwise ask. State payment choice with order.

Actual postage will be added. Normal size playing cards cost for 1-2 packs about EUR 5.- (Europe) or EUR 7.- (outside Europe). Four packs cost EUR 7.-/EUR10.- respectively. Larger boxes and special (heavy) items will cost more. Postage is free on orders over EUR 200.- (except heavy magazine-/book- or like orders). Registered mail (optional) is additionally EUR 12.-. Do not send payment with order. Response by email or letter will be given 3 days or earlier after receipt of order.

This list as well as the preceding (#1-4) are available in pdf-format for direct download. You will be informed, when the next list is available. If you have asked for a printed list sent by postal mail, you will get the next automatically, if you either buy from this list or let me know that you are interested in further information. You are welcome to ask for decks, which are not in the list; *maybe* I have them and *maybe* I’ll part with them.
