

Part-time Lecturer Position

A part-time Lecturer position is available at the Faculty of Architecture & Design for a highly qualified Mechanical Engineer. Teaching responsibilities will involve instruction in **Mechanical Design of Buildings**.

Offered to third year students majoring in Architecture, the course is expected to cover HVAC systems, energy management systems, sanitary systems and water distribution and rainwater drainage in various building types. Total number of credits for this course is 3 credits.

A minimum of five year of teaching experience in the aforementioned course is required. Salary and ranking are commensurable with degree and experience.

A PhD degree is desirable, but not required.

Applications must include a letter of interest, teaching philosophy demonstrating a student-centered pedagogy, complete curriculum vitae, and the names and contact details of at least three references.

*Interested candidates are requested to apply on "**Part-time/Mechanical Engineer**" job opening on our careers page by following the below link: <http://www.azmuniversity.edu.lb/job-vacancies/vacancies>.*

Consideration of the received applications will continue until the position is filled. The proposed starting date for the position is **the Fall Semester 2017**. All applications will be treated with high confidentiality. Azm University is an equal opportunity employer.
