

OA200

Fingerprint Time & Attendance System

OA200 TIMECLOCK

The Anviz Biometric OA200 is our best seller. Equipped with an ethernet port & superior USB flash memory downloading capabilities making it our advanced edition payroll time & attendance system designed for small to large size businesses with up to 500 employees. With the Anviz Biometric state-of-the-art fingerprint authentication technology you can track your employee's time and attendance with the touch of a finger. Biometric fingerprint authentication is the most accurate way to collect employee time and attendance information. The Anviz Biometric OA200 verifies an employee's identity based on the characteristics of their fingerprint. State of the art technological advances in biometrics have now made this surprisingly affordable and popular.

The Anviz Biometric Fingerprint reading sensor scans any fingerprint in under 1 second; this in turn will make clocking in and out much faster for your employees and at the same time saving your company time and money by paying your employees for the exact time they work. Your company will also reduce costly payroll and data entry errors caused by the old time card system.

THE OA200 IS IDEAL FOR :

Small & Large
Businesses

Medical Offices

Retail Stores

Restaurants &
Bakeries

Schools

...and many
more!

EMPLOYEE TIME & ATTENDANCE SOFTWARE

The Bio-Office® Employee Time and Attendance system is designed to automate employee time and attendance. The Bio-Office intuitive, easy to use interface will dramatically reduce the number of hours required to process employee time and attendance and automatically calculate total worked hours including overtime, vacation, sick days and holidays. With the click of a button you can import employee data and create many informative time and attendance reports, Bio-Office employee time and attendance software exports employee attendance seamlessly into QuickBooks®, ADP®, Paychex®, and to most major payroll provider's applications, reports can also be exported in Microsoft Excel®, Microsoft Word® or Text (csv) format.
