Elemér Homonnay (Biography)

Elemér Homonnay was born in 1910 in Isaszeg. He studied in Budapest and Munich. In Hungary he worked as a physics teacher. After the World War II, he spent some time in Paris and then he immigrated to the USA. In Cleveland he worked as an engineer at the General Electric Company. He had a lot of patented inventions. He was also an expert on the questions of Czechoslovakia and Croatia. He wrote and published a lot of articles, essays and books as well in connection with these topics. The major newspapers and journals where he published his writings: Nyugati Magyarság, Lármafa, Virrasztó, Katolikus Magyarok Vasárnapja. He was also the leader of the Committee for the Liberation of Southern Hungary and he became the president of the Committee for Hungarian Liberation as well. He died in Cleveland.

Elemér Homonnay records

This collection consists of **correspondence, newspaper clippings, newsletters, official materials, invitations, and booklets**. The whole collection was the result of Elemér Homonnay`s research activity. He collected this very valuable collection with special reference to the history of Hungary, Hungarians and the history of Hungarian Americans in the USA.

The time period is primarily between **1930s - 1980s**.

As for the collection geographical reference the following areas can be mentioned: **Hungary, the USA, Transylvania, Czechoslovakia, The Carpathian area, Austria** with special reference to **Burgenland**.

The records have been arranged in **seven series**:
