27.05.2016 DATUM

## Engine Oil

Analysis of the engine oil

### Comma Profile SAE 5W-30

has shown that product in question meets the requirements in accordance with VW Standard 504 00 and VW Standard 507 00. This engine oil is therefore suitable for use in our vehicles with LongLife Service (petrol and diesel engines, including diesel engines with particulate traps without fuel borne catalyst) in accordance with the Owner's Literature for our products.

This engine oil is not suitable for all sales countries given in the approval application due to the local fuel quality.

So that it is clear to both customers and workshops that this approval has been granted, containers should state:

**“approved under VW Standard 504 00 and VW Standard 507 00”**

This approval is only valid for the following production site:  
**Dering Way, Gravesend, Kent DA12 2QX, United Kingdom.**

Please note that this approval expires after 36 months, at which point compliance with the then valid VW standards must be verified again.

Yours sincerely,

i.V.

Dr. Elfrath
