1997-2004 DIRECT FIT ALUMINUM RADIATORS

Our Direct Fit Aluminum Radiators feature a double row of extra wide, high-quality tubes, special louvered fins and press formed end tanks. Cores are furnace brazed for the ultimate in tube to header welds without the use of any epoxy. Each radiator is then fit to the original core supports and factory hoses. That's right, no cutting, bending or installing different hoses to make it work. Best of all, they cost much less than other Aluminum Radiators that do require modification to use. Backed by a 3-year Manufacturer's Warranty.

51995	01-04 Radiator - Direct Fit w/ EOC & TOC	\$739⁹⁹
43581	97-04 Black Ice Coating	\$60⁰⁰

Add **43581** to have your radiator coated with Black Ice. This special epoxy will adhere to the natural aluminum and never peel or flake. It is only 3-5 mils thick and it will NOT affect the radiators ability to dissipate heat. The semi-gloss finish resembles the older enamels used on copper/brass radiators and it will give your engine compartment an OEM look.
