HI-TEC – THE ORIGINAL ATHLETIC OUTDOOR BRAND

HI-TEC are extremely proud to unveil what we believe to be some truly inspiring product collections for SS12.

Since founding Hi-Tec in 1974 I have always been driven by a passion to design, develop and manufacture lightweight and comfortable footwear of the highest quality - all at true value. Today these core values continue to be the foundation of everything we strive for as a brand, however, as our consumer evolves, it is imperative that we continue to push the boundaries of our product design, innovation and marketing. Products need to be encapsulated in an emotion - a good feeling. Hi-Tec has a strong heritage that has enabled us to create athletically inspired collections with the needs and wants of our consumer always at the forefront of our mind.

The SS12 Outdoor Collection is the first entire range that has been designed and developed by Charles Willis, Hi-Tec's Global Creative Director and 'Outdoor Footwear Guru'. In order to merchandise the range in collections we have grouped them into consumer friendly stories. The Sierra Lite redefines how a hiking boot should look, and most importantly feel. This passion has been part of Hi-Tec's DNA since we created the worlds' first lightweight hiking boot in 1978.

Gorgeous looking, fabulously lightweight and exceptionally comfortable, the Harmony Collection is designed for women by women.

Engineered to cope with the roughest of play, with smart designs, colours and the BIG FIT Fitting System, the Kids Collection will be loved by parents and children alike.

HI-TEC also celebrates the grand opening of our Amsterdam Global Headquarters. We are a dedicated and passionate Brand who refuses to sit still and rest on our laurels. We must be adaptable, moving with the trends and ensuring that our Global Product Development and Marketing teams, whose main objective is to drive our brand forward, are presented with a highly creative and inspirational working environment in a central and easily accessible location.

I would personally like to thank you for your continued business and wish you happiness, health and continued success in 2012.

Frank van Wezel
Founder and Chairman
Hi-Tec Sports PLC

We are driven by the desire to ensure people make the most of life. From discovering the great outdoors to running through urban jungles, emerging victorious on court or teeing off at dawn. Our products will always be developed with the needs of consumers in mind and innovations will be driven by our restless desire to understand how they're used.

We are Hi-Tec.
We are Inspired by Life.

WEB & SOCIAL MEDIA

NEW WEBSITE

In March 2011 the brand new Hi-Tec.com website was launched and we have received some fantastic feedback from both the industry and our consumers. The site is a major step forward for the brand and has propelled Hi-Tec to the front of the digital space within the industry. The new website provides us with a platform that allows us to engage and communicate with the consumer on a far greater level. Social media, reviews, buyer's guides and better product and lifestyle photography are just some of the improvements we have made to the website. As a direct result more consumers are aware of Hi-Tec and we are driving more potential consumers direct from www.hi-tec.com to our retailers!

+46% increase in Hi-Tec.com visits in 2010

+750% increase in stockist page visits in 2011

SOCIAL MEDIA

Taking care of our customers is at the forefront of everything we do. We recognise that more and more consumers are using different channels to connect with each other and voice their opinions and product experiences. Hi-Tec are using social media not only to connect with consumers, but to generate two-way conversations, so we can learn who they are, what they're using our products for and how we can improve all aspects of our business model.

If you have any queries or want to discuss any opportunities to work with us online, please do not hesitate to contact me or any member of the UK Marketing Department.

James Campbell

Global Digital Marketing Executive

PARTNERS

HOW DOES HI-TEC INSPIRE OTHERS?

NATIONAL TRUST

Hi-Tec and the National Trust have teamed up to create a new environmentally considered walking boot. Inspired by the nature the National Trust cares for, the boot has been designed with its environmental impact in mind, including recycled materials & minimal chemicals normally found in footwear.

www.hi-tec.com/nationaltrust

HF HOLIDAYS

Hi-Tec has joined forces with the UK's largest walking and leisure activity holidays company HF Holidays. Committed to providing shared experiences in areas of natural beauty, HF Holidays are the perfect partner for Hi-Tec and we will be working together on joint consumer promotional activities aimed to encourage and communicate the benefits of all outdoor leisure activities.

www.hfholidays.co.uk

HELP FOR HEROES

Hi-Tec are proud supporters of Help for Heroes (H4H) to raise money for the members of the Armed Forces who have been wounded in the service of our country. As a dedicated supporter, Hi-Tec are passionate to "do their bit" to show these extraordinary young men and women that they are cared for and raise much needed funds to provide services to help aid their recovery.

www.helpforheroes.org.uk

VISIT PEAK DISTRICT

We are proud to be partners with the official voice for tourism in the Peak District and Derbyshire – Visit Peak District. With such an enormous range of terrain, walks and trails for visitors of all abilities, the only problem consumers will have will be deciding exactly which Hi-Tec boots to wear!

www.visitpeakdistrict.com

MARIE CURIE CANCER CARE

Hi-Tec are very proud to be associated with Marie Curie Cancer Care and are pleased to be able to support their work by offering financial assistance with products for everyone who will be participating in a Marie Curie Cancer Care Challenge in 2011 and beyond.

www.mariecurie.org.uk

CUMBRIA TOURISM

Our newest partnership is with the Official Tourism Website for Cumbria & the Lake District. As part of our sponsorship of the walking section of their website, we will have Hi-Tec branded web-pages with features such as 'Product of the Month', a monthly prize draw (also included in their e-newsletters, circa 33,000), a list/map of all our independent retailers PLUS £k's worth of web advertising driving people to the page!

www.golakes.co.uk

SPRINGBOARD UK

Hi-Tec are very proud to be associated with the Springboard Charity, supporting their work by offering a pair of hiking boots (the V-Lite Altitude Ultra Luxe WPI), walking socks and a set of walking poles to all the trekkers who took part in the both of their 2011 challenges and future events.

www.springboarduk.net

OUTDOOR FESTIVALS & SHOWS

Hi-Tec have partnered with numerous outdoor festivals and shows throughout 2011, including the Peak District & Derbyshire Walking & Outdoors Festivals, The Outdoor Leisure Show, The Isle of Wight Walking Festival, the Keswick Mountain Festival, and the Scottish Outdoor Pursuits Show.

TRAIL RUNNING EVENTS

To coincide with the launch of our stunning new range of trail running footwear – V-Lite Infinity - Hi-Tec have partnered up with numerous UK trail running events for 2011, including the Hi-Tec Borrowdale Trail Run (part of the 2011 Keswick Mountain Festival), Extreme Energy's ultra-endurance race series (incorporating various races around the UK), and the Caledonian Challenge.

Check out the 'Our partners' section on Hi-Tec.com for more information about all of our affiliate marketing activities. If you have any suggestions for partner opportunities or would like our support with any of your own affiliate activities, please feel free to contact me.

GLOBAL AMBASSADORS

MARTIN DREYER - Adventure Racing World Champion

Hi-Tec continue to sponsor and supply footwear to Martin Dreyer, one of South Africa's most respected multi-sport athletes and adventure racers. Hi-Tec signed an exclusive sponsorship deal with Martin Dreyer whose accolades of achievements include Land Rover G4 World Champion, 7 times Dusi Canoe Marathon Champion and top international adventure racer competing in the Raid Finals & Adventure Racing World Championships, to name a few.

Hi-Tec are dedicated to continuing their support for Martin's "Change a Life" project, which has gone from strength to strength. Martin Dreyer says "It is of utmost importance that my footwear can deliver the best performance whatever the conditions. I am truly excited about the opportunities and benefits of the V-Lite Infinity franchise. With the help from our Hi-Tec footwear we can start to change lives...."

ALEXANDRE POUSSIN - Global Explorer

Hi-Tec's Global Outdoor Ambassador, is truly an inspirational explorer. He and his wife Sonia walked the length of Africa, entirely on foot, from Cape of Good Hope to the Sea of Galilee without sponsors or any support team. Three years, eleven countries, 1,200 families, 14,000 kilometers of adventures whilst walking in the footsteps of mankind through Africa's 'Cradle of Life'. Matching their every stride on their epic adventure were two pairs of trusty Hi-Tec boots.

Alexandre comments "My exciting relationship with Hi-Tec came about totally by chance through a personal recommendation and inevitably our Hi-Tec footwear proved to be the backbone and core strength of our incredible, epic journey. When you cover 60,000 steps a day, comfort, cushioning and lightness is extremely important. Hi-Tec proved to be the perfect match! I am truly passionate at the prospect of involving myself in the product development and offering my experience and knowledge. For me, simplicity is key and designing new shoes will be like creating superb pieces of art."

MULTISPORTS COLLECTION

Tornado Mid WP

 **HI-TEC**[®]
INSPIRED BY LIFE

**NO
LIMITS**

The OrthoLite logo is presented in white text on a blue, rounded rectangular background. The background of the entire page features a topographic map with grey contour lines. A horizontal line is positioned above the OrthoLite logo.

OrthoLite®

The lightweight OrthoLite® footbed delivers supreme comfort, cushioning and durability, while wicking any unwanted moisture away with every stride.

The text 'EVA MIDSOLE' is written in white on a blue, rounded rectangular background. A horizontal line is positioned above this header.

EVA MIDSOLE

Compression-moulded EVA absorbs the hard impact of the great outdoors before it reaches your feet.

The Vibram logo is a yellow octagon with a black border and the word 'vibram' in lowercase black letters. A registered trademark symbol (®) is located to the upper right of the octagon. The logo is set against a blue, rounded rectangular background. A horizontal line is positioned above the Vibram logo.

Vibram®

High performance Vibram outsole delivers world-renowned traction, comfort and durability.

S.U.Z.E
SEAMLESS UPPER ZONE ENGINEERING

Seamless Upper Zone Engineering technology removes irritating stitching from the upper whilst offering support and breathability where necessary. Coupled with the reduction in weight this ultimately makes the shoe considerably more comfortable.

ion-mask™

ion-mask™ repels water from outside and maintains optimum control of temperature and breathability. It resists the absorption of water and dirt and also helps guard against stains.

**3D
COUNTER
BALANCE™**

Supports and cushions to give runners a smoother, straighter centre of pressure and less chance of injury. It reduces pronation and delivers a more efficient gait cycle.

Exclusive dual density Vibram outsole delivers world-renowned traction and durability.

HIKING COLLECTION

Sierra Lite

 **HI-TEC**[®]
INSPIRED BY LIFE

**STOP AT
NOTHING**

V-Lite is a revolutionary vertical build concept that strips away as much weight as possible without sacrificing performance or durability.

ion-mask™ repels water from outside and maintains optimum control of temperature and breathability. It resists the absorption of water and dirt and also helps guard against stains.

Our proprietary i-Shell upper technology enhances both fit and support. So hikers can keep on hiking.

The lightweight OrthoLite® midsole/footbed delivers unmatched moisture management, comfort and cushioning with each and every stride.

High performance Vibram outsole delivers world renowned traction, comfort and durability.

RAINIER EVENT™ WPI

42647/KQ7
Chocolate/Dark Taupe/Burnt Orange

FEATURES:

- Ion-mask™ hydrophobic water management technology
- Waterproof full grain leather upper
- Event™ waterproof and highly breathable membrane
- Articulated, rustproof brass hardware
- Rubber toecap for protection

White/Blackcurrant/Candy

FIJI STRAP

0001829/042
Dark Chocolate/Stone

FEATURES:

Premium soft but durable Nubuck leather upper
Adjustable hook-and-loop fastening, ensures a secure fit
Moisture-wicking lining keeps the foot dry

Sculpted EVA footbed/Midsole delivers underfoot comfort

MDT durable rubber outsole for traction and performance

Sizes: WOMEN'S: UK 4 - 8, EUR 37 - 42

0001829/041
Light Taupe/Golden Haze

0001829/011
Ice White/Cray Reef

FIJI SLIDE

0001828/041
Light Taupe/Golden Haze

FEATURES:

Premium soft but durable Nubuck leather upper
Multiple straps, gives the foot the support and guidance
Moisture-wicking lining keeps the foot dry

Sculpted EVA footbed/Midsole delivers underfoot comfort

MDT durable rubber outsole for traction and performance

Sizes: WOMEN'S: UK 4 - 8, EUR 37 - 42

0001828/042
Dark Chocolate/Stone

0001828/011
Ice White/Cray Reef

WAIMEA FALLS

F000460/033
Blauwson/Cool Grey/Light Blue

FEATURES:

- Performance synthetic upper with soft linings
- Multi-Strap upper design with hook-and-loop closure
- Moulded strap ends for easy grip
- Women's specific last for fit and comfort

- Comfort footbed with soft density EVA insert
- Contoured CMEVA midsole
- Durable, MDT carbon rubber sandal outsole

Sizes: WOMEN'S: UK 4 - 8, EUR 37 - 42

F000460/076
Pink Crush/Stone/Candy

F000460/047
Chocolate/Wheat/Sand

F000460/023
Black/Cool Grey

F000460/
Light Taupe/Golden Haze

WAIMEA SLIDE

0001638/011
Ice White/Gray/Reef

FEATURES:

- Performance synthetic upper with soft linings
- Multiple straps, gives the foot the support and guidance
- Moulded strap ends, for easy grip
- Moisture-wicking lining keeps the foot dry

- Sculpted EVA footbed/Midsole delivers underfoot comfort

- MDT durable rubber outsole for traction and performance

Sizes: WOMEN'S: UK 4 - 8, EUR 37 - 42

RUGGED OUTSOLE
for superb traction

SMART STYLING
for added kid appeal

**FOR KIDS
GROWING UP**

We know that kids don't stop growing. In fact, the average life of kids' shoes is only 5-6 months. So to help out a bit, we've created the Big Fit system. Put simply, it makes our shoes last longer because they can grow with a child's feet.

HOW IT WORKS

Each style featuring the Big Fit System has two insoles. A Green Contoured insole for comfort and cushioning plus a Volume Adjuster. When new, the wearer keeps both soles in the shoe. As the child's feet grow, the Volume Adjuster can be removed to increase the shoe by approximately 2/3 of a size.

TT MID WP JR

0001432/051
Dark Grey/Graphite/Black/Chartreuse

FEATURES:

- Waterproof suede and mesh upper
- Waterproof bootie construction
- Abrasion-resistant heel and toe for protection
- Ghilly and double eyelet lacing system creates a secure fit
- Kids' specific last for superior fit and performance
- 'Big - Fit System' sockliners deliver added cushioning and comfort, whilst increasing the lifespan of the shoes
- MDT rugged rubber outsole is great for all terrains.

0001432/052
Hot Grey/Reef

Sizes: BOYS: UK J9 - 6, EUR 28 - 39 GIRLS: UK J10 - 5, EUR 29 - 38

TT ELASTIC LACE JR

0001435/041
Smokey Brown/Taupe/Orange

FEATURES:

Waterproof suede leather and mesh upper
Abrasion-resistant heel and toe for protection
Hook-and-loop and elastic toggle lacing system
Kids' specific last for superior fit and performance

'Big - Fit System' sockliners deliver added cushioning and comfort, whilst increasing the lifespan of the shoes
MDT rugged rubber outsole is great for all terrains

0001435/042
Old Moss/Alex/Dark Forest

Sizes: BOYS: UK J10 - 6, EUR 29 - 39

TT EZ WP JR

0001579/021
Black/Charcoal

FEATURES:

Waterproof synthetic and mesh upper
Waterproof bootie construction
Abrasion-resistant heel and toe for protection
Double hook-and-loop closure system
Kids' specific last for superior fit and performance

'Big - Fit System' sockliners deliver added cushioning and comfort, whilst increasing the lifespan of the shoes.
MDT rugged rubber outsole is great for all terrains.

Sizes: BOYS: UK J10 - 6, EUR 29 - 39

TT EZ JR

0001437/052
Hot Grey/Condy/Bubblicious

FEATURES:

Synthetic and mesh upper
Abrasion-resistant heel and toe for protection
Double hook-and-loop closure system
Kids' specific last for superior fit and performance

'Big - Fit System' sockliners deliver added cushioning and comfort, whilst increasing the lifespan of the shoes.
MDT rugged rubber outsole is great for all terrains.

Sizes: BOYS: UK J10 - 6, EUR 29 - 39 GIRLS: UK J10 - 5, EUR 29 - 38

0001437/051
Dark Grey/Graphite/Black/Chartreuse

TREVISO EZ JR

0001650/052
Cool Grey/Silver/Light Blue

FEATURES:

Synthetic and mesh upper
Child-friendly Z-strap fastening system
Kids' specific last for superior fit and performance

'Big - Fit System' sockliners deliver added cushioning and comfort, whilst increasing the lifespan of the shoes.
MDT rugged rubber outsole is great for all terrains.

Sizes: BOYS: UK J10 - 6, EUR 29 - 39 GIRLS: UK J10 - 5, EUR 29 - 38

0001650/051
Charcoal Grey/Chartreuse

V-LITE ALTITUDE ULTRA WPI JR

49577/C10
Black

FEATURES:

- Ion-mask™ hydrophobic water management technology
- Waterproof full-grain leather upper with soft padded collar
- Rustproof metal hardware holds up all year-round
- V-Lite design and build technology for lightweight performance
- Board lasted with steel shank for added rigidity and support
- Full length contoured EVA sockliner
- V-Lite compression moulded EVA midsole absorbs impact
- V-Lite MDT carbon rubber outsole

Sizes: BOYS: UK J12 - 6, EUR 31 - 39

V-LITE ALTITUDE ULTRA ENVIRO JR

The environmentally considered walking boot.

 National Trust

0001144/041
Walnut/Dark Taupe

FEATURES:

- Ion-mask™ hydrophobic water management technology
- Waterproof, Low Chrome leather upper
- Lining made from 50% post-consumer waste
- Rustproof metal hardware
- Recycled steel shank for stability and performance
- Removable compression moulded EVA recycled sockliner
- Soft EVA at the heel for added cushioning and comfort
- Durable carbon rubber outsole utilises recycled content

Sizes: BOYS: UK J10 - 6, EUR 29 - 39

ALTITUDE IV WP JR

02101/M77
Dark Chocolate Nubuck

FEATURES:

- Waterproof full-grain leather upper
- Soft padded collar for added comfort
- Fully gusseted leather tongue
- Rustproof metal hardware holds up all year-round
- Kids' specific last for superior fit and performance
- Removable contoured EVA sockliner for added cushioning
- Board lasted with steel shank for added rigidity and support
- MDT carbon rubber outsole for better traction

Sizes: BOYS: UK J10 - 6, EUR 29 - 39

02101/CT6
Black Full Grain

RENEGADE TRAIL WP JR

F000331/051
Graphite/Dark Grey/Chartreuse

FEATURES:

- Waterproof suede and mesh upper
- Waterproof bootie construction
- Rustproof metal hardware holds up all year-round
- Abrasion-resistant heel and toe for protection
- Kids' specific last for superior fit and performance
- Board lasted with steel shank for added rigidity and support
- Removable contoured EVA sockliner for added cushioning
- Lightweight EVA midsole creates cushioning and stability
- MDT carbon rubber outsole for better traction

Sizes: BOYS: UK J9 - 6, EUR 28 - 39 GIRLS: UK J9 - 5, EUR 28 - 38

ORTHOLITE FOOTBEDS

BREATHABLE FOR A COOLER FOOT

OrthoLite insoles are made with open-cell foam, allowing air to circulate around the foot, keeping your foot cooler inside the shoe.

MOISTURE MANAGEMENT

The unique open cell structure of OrthoLite also creates a moisture management system inside the shoe by moving moisture away from the foot leaving foot drier. When the foot is removed from the shoe any remaining moisture dries very quickly due to the airflow allowed by the open cell network in the foam.

LONG TERM CUSHIONING

The unique spring-back technology means your insole will retain over 95% of its thickness over time and won't flatten out.

ANTI-MICROBIAL AGENTS

OrthoLite contains a patented anti-microbial formulation to fight fungus, bacteria, and odour in the shoe. The EPA/FDA approved anti-microbial is added during formulation so that it is linked to the foam and will not wear off over time.

LIGHTWEIGHT

OrthoLite is extremely lightweight providing optimum performance without adding weight to the shoe.

RECYCLED RUBBER CONTENT

OrthoLite foam contains recycled rubber powder which allows everyone to do their share in helping our environment.

VIBRAM® OUTSOLES

The Hi-Tec Product Development team have worked extensively with Vibram®, the High Performance Outsoles Specialists, to design and innovate an exclusive collection of Vibram® outsoles that deliver an unbeatable, performance driven balance of durability, traction and protection. Over 18 months of research has gone into the tread pattern to ensure that it's design sheds dirt exceptionally well. Yet another industry leading innovation! **Hi-Tec featuring Vibram® have never looked so good.**

TRACTION

Thrust lugs - sharp trailing edges propel you forward.

STABILITY

Lugs - wide and flat for sure footing

DURABILITY

Abrasion resistant rubber and large surface area lugs.

VIBRAM

Exclusive rubber compound - look for the octagon.

TRACTION

Braking lugs - sharp leading edges for confident stopping power.

LATERAL HEEL

Complements natural biomechanical foot motion.

V-LITE BUILD SYSTEM

V-Lite is a revolutionary vertical build concept that strips away as much weight as possible without sacrificing performance or durability. No one specific technology can be credited for the light weight of this collection, but rather the creative combination of innovative materials and construction.

- 01**

01 UPPER
Lightweight leathers and synthetics combine with durable, non-metallic hardware.
- 02**

02 COMFORT-TEC INSOLE
Comfort-Tec features a moisture wicking contoured EVA footbed to cradle and support your foot.
- 03**

03 STABILA FLEX PLUS LASTING BOARD
No more heavy steel shanks. A multi-density, contoured lasting board ensures torsional rigidity and delivers essential forefoot flex.
- 04**

04 EVA MIDSOLE
Low profile, compression moulded EVA absorbs the hard impact of the great outdoors before it reaches your feet.
- 05**

05 HIGH TRACTION OUTSOLE
A lightweight carbon rubber outsole provides traction, without the unnecessarily thick, heavy rubber lugs found on traditional boots.

HI-TEC WATERPROOF SYSTEMS

Dri-Tec is a waterproof, breathable membrane made in a bootie construction. Dri-Tec offers exceptional waterproofing, excellent vapour transmission and high mechanical resistance to maximise performance in the wettest of environments.

Tec-Proof is a cement coating applied to the interior seams of the upper in manufacturing. All seams are sealed to ensure complete water proof protection whilst maintaining breathability of the upper materials.

- Waterproof/breathable leather keeps water out but lets moisture transmit from the inside to outside.
- Water on outside of material
- Waterproof thread
- Waterproof textile / synthetics
- Seam sealing (Inside)

ION-MASK PROTECTION

Invisible to wearers, the protective layer of ion-mask™ is over one thousand times thinner than a human hair. The technology is molecularly bonded to the whole surface of the product making it extremely durable without affecting the look or feel of the product. Furthermore, ion-mask™ lasts as long as the material itself and is not compromised by everyday wear.

Treated articles keep wearers comfortable and dry by repelling water from outside and maintaining optimum control of temperature and breathability. By resisting the absorption of water and dirt, ion-mask™ also helps guard against stains, making products look newer for longer.

PROTECTIVE

ion-mask™ gives lifestyle products superior liquid repellency, stopping external water ingress whilst allowing perspiration to escape.

BREATHABLE

Treated articles keep wearers comfortable and dry. Unlike membrane technologies, ion-mask™ is not a physical barrier, delivering the full natural airflow of the chosen material.

DURABLE

The liquid repellent nano-coating is physically bonded at a molecular level, so it lasts as long as the material it protects and cannot be seen or felt.

LIGHTWEIGHT

Being only nanometers thin, ion-mask™ does not add any additional weight to products. In wet environments, the hydrophobic properties ensure that less water is retained.

ENVIRONMENTAL

ion-mask™ is solvent free and uses only microscopic quantities of protective monomer, resulting in minimal waste and environmental impact.

EVENT™ WATERPROOF

Event™ waterproof technology provides maximum comfort for activity in harsh environments and keeps footwear DRY INSIDE™ by venting perspiration vapour through millions of unimpeded microscopic pores engineered into a durable waterproof membrane.

Other breathable fabrics function by an indirect and slow process of absorption and evaporation. They contain a solid barrier of polyurethane that inhibits the passage of perspiration vapour. Only Event™ technology offers Direct Venting™. There are microscopic vents engineered into the fabric, which allow unhindered passage of perspiration vapour. This avoids the moisture retention and breathability inhibiting effects of polyurethane, and noticeably reduces the uncomfortable build up of moisture in the microclimate between the body and the Event™ membrane. Other waterproof fabrics contain a solid barrier that slows the passage of perspiration. Event™ membrane contains millions of microscopic vents.

EVENT™ MEMBRANE

CONVENTIONAL MEMBRANE

POINT OF SALE

70% of buying decisions are made in-store. Below is a small selection of the point of sale materials we have available. Please contact your sales manager or technical representative to find out how you can benefit from our high quality display materials and maximise your sales of Hi-Tec products.

We are driven by the desire to ensure people make the most of life. From discovering the great outdoors to running through urban jungles, emerging victorious on court or teeing off at dawn. Our products will always be developed with the needs of consumers in mind and innovations will be driven by our restless desire to understand how they're used.

We are Hi-Tec.

We are Inspired by Life.
