National State Bank Will Open

The National State Bank of Elizabeth will open its Liberty Ave. Office at 1357 Liberty Ave. at 9:30 a.m. Monday. The open house will continue through until 8 p.m. that day.

The new office is a one-story building of Italian marble. It includes provisions for four tellers' and has two-drive-in and one-walk-up windows. There is off-street parking for about 30 vehicles. David O. Evans was the contractor for the new facility.

The bank office becomes the 11th office for the Elizabeth bank. Originally begun as a branch of the Hillside National Bank, the new office became part of the National State Bank in the merger last Sept. 17.

Robert Wells is the manager of the office. In conjunction with the opening, free key, rings will be given to everyone using the drive-in and walk-up windows. The regular banking hours will be from 8:30 a.m. to 2:30 p.m. Monday through Friday and 6:30 to 8 p.m. Monday. The drive-in windows will be open from 8:30 a.m. to 6 p.m. daily and the

SPARS, Inc. of Livingston was authorized to make a swimming pool survey for Hillside at a cost of \$1,000 by the Township Committee Tuesday night. A copy of the contract is to be forwarded to Township Attorney Henry Goldhor for approval. Commissioner Monroe Ackerman noted that the need for a municipal swimming pool has the support of the Mayor's Citizens Committee.

Communications were received from the Town of Irvington and the Essex County Board of Freeholders objecting to reported plans of Menze Coal Co. of Newark to install fuel oil tanks on property it recently purchased in the Wolf Pl. area bordering on Irvington. The tanks are also opposed by Hillside residents of the area.

Miss Helen Gargan of 15 Wolf Pl., Irvington, protested against the tanks in person, stating the section would become a "shantytown" if the tanks were permitted. She said they would ruin the value of all residential property in the neighborhood in which many owners have invested their life's savings.

Miss Helen Gargan of 15 Wolf Pl., Irvington, protested against the tanks in person, stating the section would become a "shantytown" if the tanks were permitted. She said they would ruin the value of all residential property in the neighborhood in which many owners have invested their life's savings. She said the property owners are willing to pay the \$1,000 difference between the successful bid and the next low bid in order to prevent the tanks from materializing. She also said that if necessary the home owners are prepared to take their fight to the courts.

Leslie R. Tichenor Jr., owner of property on Liberty Ave., protested against new parking regulations which he said have caused some of his tenants to move. Tichenor was invited to a conference Feb. 4.

ASSEMBLY TAX STAND A telegram was received from the Union County Assembly delegation stating it would not approve the report of the Commission on Tax Policy until Hillside has had an opportunity to consider it. It has been indicated that the township stands to lose State school aid under the commission formula.

The committee concurred in action of Police Chief Ernest Voelk authorizing five superior officers to take a course in police administration at Clifton Jan. 14-18 and three patrolmen to attend the Union County Police Training Academy in Plainfield starting Jan. 28.

FOR MANDATORY COURSE Commissioner Max Schleifer commented that the course for patrolmen, now voluntary, should in his opinion be made mandatory. Commissioner Robert Diamond noted that recently a judgment of a quarter of a million dollars was obtained against the City of Newark where inadequate police training was a factor. The governing body also concurred in a recommendation to send Detective Alois Steir, PAL director, to a national conference Jan. 15 and 16 in New York City.

Mayor John A. Desch-gead letters from the N. J. Municipal Clerks Association commending Township Clerk Louis A. Dischler and Treasurer William Ostermiller for successfully completing initial courses given by Rutgers University in their fields.

Commissioner Charles S. Mancuso reported on plans being made for observance of the township's 50th anniversary which he said will conclude on July 4 with a special celebration. He said residents of the township for 50 years will be specially honored and requested that they contact the committee.

Don't Mention It
BETTER EDUCATION APPOINTIVE BOARD
THREAT OF POLITICS

WHILE SYMPATHIZING with the objectives of the Hillside Committee for Better Education, we seriously doubt the wisdom of the meeting it has called for tonight, Thursday Jan. 17 at 8 p.m. at 910 Salem Ave.

Telegrams went out last week to all seven candidates for the Board of Education, bearing the names of Mr. Sol Frank as chairman and Mrs. Marilyn Heywood of the Saybrook-A. P. Morris PTA, asking the candidates to appear for questioning by the committee. Representatives of the press have also been invited. We doubt very much whether all the candidates will be present and we have the same doubt about the press.

We know the committee is concerned about the politics behind the scenes outside the school system, but we believe it would be better if they questioned the candidates openly at one of the several candidates nights being held by the various PTAs, the Progress Club, the Italian American Civic Association and others. The star chamber method is not conducive to the best type of public information.

A CERTAIN candidate for the school board has been dropped from membership in both the Honorary PBA and Honorary FMBAA for reasons which have not been disclosed. We are not intimating these organizations are involved in politics. This is just an interesting sidelight on the school election situation.

THIS YEAR'S conference between the Township Committee and Board of Education was reported to have been something of a bust. These two conferences were supposed to bring the two groups together over their respective budgets so the taxpayer won't get socked too hard. But the town fathers are reported to have been so busy conferring with others that they didn't have time for the school board.

THE PRIZE thus far in the Board of Education campaigning must go to Al Schoen, former Republican municipal chairman, who knocked the wind out of the audience at the Hillside Ave. School PTA Candidates Night by charging that the Democratic organization is plotting to change the school board from an elective to an appointive body.

The subject was discussed in this column a few years ago after a school budget was defeated by the voters and subsequently approved by the Township Committee without removing so much as a comma. Under present circumstances, however, we are inclined to agree that the school board should remain elective, for the simple reason that there is too much political pressure from the outside. Some of our most prominent figures on the political scene today are graduates of the Board of Education. But that was in the days when a man first proved himself as a school board member and was therefore considered suitable timber for the Township Committee. Today in many instances the situation is reversed. Candidates are deliberately placed in the Board of Education contest to bring them into the public eye and sometimes they move on to the Township Committee even before they have completed a single term. This practice, in our opinion, borders on the vicious and is probably one of the factors which has helped move the Hillside Committee for Better Education to action.

If alleged movement to make the school board appointive were to succeed, would it be in the interests of the schools or not? All indications are that it would not. The Board of Education today is an autonomous body responsible only to the voters and operated in the control of politically-motivated persons would be to make one of the big mistakes about which this column cautioned last week. THE SCHOOL SYSTEM MUST REMAIN INDEPENDENT. To do otherwise would be to deal it a lethal blow.

Teacher Going To NJEA Assembly

Mrs. Phyllis Brogan, eighth grade English teacher at the Hillside Avenue School, will attend the Delegate Assembly meeting of the New Jersey Education Association at Trenton on Saturday.

Mrs. Brogan was elected last spring as a Union County delegate for a two year term. She is one of ninety New Jersey teachers, representing approximately 50,000 NJEA members. She is also serving a second term as secretary of the Union County Conference of Teachers' Associations.

Dimes March Seeks Mothers

Women desiring to assist in the Mothers March of Dimes Thursday Jan. 31 from 7-9 p.m. are requested to call Mrs. Joseph Petary, WA 3-5023, or Mrs. William Beattie, WA 3-5609.

The collection will be tallied after the march at the College Inn, 334 Yale Ave., and refreshments will be served. A group photo of workers will also be taken for The Hillside Times. Police and Fire Reserves will be out in force with a watchful eye on the marching mothers.

Seek Township's Aid On Green Acres Fund

Mayor John A. Desch will be requested to assist the Board of Education to obtain Green Acres funds for expansion of the Hillside Ave. School play area, according to action taken by the school board last Wednesday night.

The board directed its secretary, Mrs. Helen P. Kirkpatrick, to communicate with the Mayor on the subject after word was received from Howard J. Wolf, Green Acres program administrator, that it would be possible to acquire the Merkle property on Maple Ave. for play area purposes. The procedure, Mr. Wolf said, would be for the Township Committee to make the application. The State pays half the cost of acquiring the property, he said, while the remaining half plus cost of improvement must be borne by the community.

Julius Tangel of 572 Plymouth Rd. criticized the board's failure to offer a course in fourth year Spanish next year. Both Thomas A. Roy, board president, and Dr. Wayne T. Brannon, Superintendent of Schools, said if 15 students indicate an interest in such a course, it will be given. Dr. Brannon announced that Dr. Joseph Wolfe, reading specialist, would conduct a reading program for teachers. He also stated a handwriting workshop for teachers of the first through sixth grades will be held at Calvin Coolidge School Jan. 21 at 2:45 p.m.

Resignation of Mrs. Evelyn Verdesee, special teacher at Hillside Ave. School, was accepted with regret.

Tax Office Open 3 Nights

Collector John C. Pozar announced yesterday that since first quarter taxes for 1963 are due Feb. 1, his office will be open from 8-8 p.m. on Jan. 21 and 28 and Feb. 4 for the convenience of the public.

Mr. Pozar also announced that total taxes collected in 1962 were \$4,350, 824.08 and assessments \$2,139.78. Collections for December 1962 were \$89,697.18 in taxes and \$ 3.56 assessments.

Sees Move To Appoint Board Of Education

Albert Schoen, candidate for the Board of Education, charged before the Hillside Ave. School PTA last week at its Candidates Night "that there is presently a movement on foot to take out of the public's hands the free election of candidates for the Board of Education by making this an appointive post." Schoen said the action is being taken by "the party now in office." He said he "will vigorously oppose" any such step.

The charge was just as vigorously denied by Sam Katz, chairman of the Democratic Municipal Committee. He said "there is no such movement by the Democratic organization as such." He said a similar proposal had been made by a present member of the Board of Education who expressed the belief better qualified men would be obtained for the school board by the appointive method. Katz stated further there is a group in the township, interested in the welfare of the schools, which is checking out the law on converting the elective school board to one that is appointed. He was unable to identify the group.

In his remarks before the PTA Schoen said, "I understand the action is now being taken by the Fire Commissioner (Charles S. Mancuso) and our Fire Department and the (school) board to correct hazards which our very

competent (Fire) Department pointed out many years ago before pressure was brought to bear by me, and now when an election is taking place."

On another subject, Schoen stated "It is a sad state of affairs when a school teacher in our school system is permitted to campaign in the classroom for a political candidate, the same candidate who personally selected one of the candidates for this election so that he too would have representation on the school board."

Schoen informed the meeting he has resided in Hillside the past 23 years and has two children in the local schools, one in High School and the other in A.P. Morris School. Another son is a student at Davis & Elkins College, West Virginia.

Schoen is former president of the Union County Board of Realtors, former Union County Rent Control chairman, and former Hillside chairman for Cerebral Palsy. He is at present chairman of the Hillside Kiwanis Club youth program.

Other candidates who spoke included incumbent members Peter G. Humank and Mrs. Mildred Hebe, who discussed the school budget, and Jack Valenti, as well as aspirants for the board, Joseph P. Gerard, Robert P. Toitz, and George Plichta.

Juvenile Conference Head Cites Objectives

Truancy from school, being beyond the control of parents, minor cases of malicious mischief—window breaking and the like, trespassing, fighting or creating unnecessary noise or commotion in public places, idly roaming the streets at night, vagrancy, hanging about taverns or gambling places, tampering with fire alarms, petty thefts, violations of regulations with respect to bicycles.

Complaints may be referred to the committee by the juvenile court, the local police, or magistrate, school authorities, or directly by a complaining party. Birnbaum, in commenting upon the work of the committee, stated that the philosophy behind the conference committee is to place emphasis on diagnosis and treatment rather than determination of guilt and punishment. He stated that the prevention of delinquency in children is primarily the responsibility of parents. However, often parents cannot do the job alone and need the help of school authorities and other agencies of government such as this committee. In the belief that interested and public-spirited citizens of a community can materially assist in this matter of public concern, the committee has the authority to conduct hearings to determine what factors brought about the anti-social behavior complained of, and to devise ways and means of setting up an individual plan or program to aid such juvenile so that he may be trained and developed into an acceptable member of society and developed and trained in good citizenship and not become a confirmed delinquent or criminal. It is their duty to supervise the program of adjustment and to keep the court advised.

The type of offenses falling within the jurisdiction of this committee are:

Urban Blight Is Forum Topic

Schools Safety Facilities Urged

Joseph P. Gerard, candidate for the Board of Education, said yesterday Hillside schools lack two safety facilities which should be studied without too much delay. Speaking at a meeting in the home of Mr. Gerald Masucci, 95 Eastern Parkway, Mr. Gerard said, "Our schools are lacking two safety facilities which could prevent serious injury or loss of life in the event of fire or other emergencies. The responsibility rests with our School Board. Due to the Board of Education functioning under State law rather than Municipal Ordinances, our Fire Department cannot be involved.

"There is no direct fire alarm system connecting each school to fire headquarters. In the event of a fire, it must now be reported manually by telephone. "None of the schools have exit and emergency lighting. This is particularly important in the auditorium where the children congregate at least once a week for assembly. In case of fire causing lights to go out, the auditorium, including exits and corridors would be in total darkness. This would tend itself to panic and stampeding. The auditoriums are not only used by the children, but also by the general public."

A past president and former secretary of Hillside Honorary F.M.B.A. Local #35, Mr. Gerard

stated, "A modern fire alarm system saves valuable time. The alarm is transmitted automatically and a warning bell alerts the children to evacuate the building. Both objectives would be accomplished simultaneously. In addition, a modern fire alarm system includes temperature and smoke devices which could detect fire in an unattended building.

"An exit and emergency lighting system provides auxiliary lights as soon as the regular lights cease to function. The lack of exit and emergency lighting was a contributory factor in the loss of life and injury in the Chicago school fire of 1957."

"Mr. Gerard concluded, "Both safety facilities are important to our children's welfare. I would suggest studying both items very carefully without delay."

Assembly Delegation Against Rt. 78 Change

The entire Union County Assembly delegation met with Gov. Richard J. Hughes Monday to protest any changes in the proposed alignment of Route 78 as it effects the Townships of Hillside and Union.

The four Union County Democrats informed the Governor that he and Highway Commissioner Dwight Palmer must make a decision which will affect the "life or death" of the Township of Hillside.

Attending the meeting in the Governor's office were Assemblywoman Mildred Barry Hughes, Assemblymen Jerome K. Kuevas, James M. McGowan and John J. Wilson.

Gov. Hughes was told by the Union County delegation that if Route 78 is allowed to follow a more southerly path through Hillside the loss of tax rates would reach such proportions that it would be almost impossible for the community to survive.

The Assembly foursome also disclosed that they met with State Highway Commissioner Palmer several weeks ago to express the concern of the communities of Hillside and Union. They declared they left the meeting with Palmer feeling assured that the Highway Commissioner had made no plans to deviate from his original route.

Candidate To Run Silent Campaign

Mr. Robert P. Tolitz, candidate for the Board of Education, will have to run a silent campaign. It was announced this week. Under strict doctor's orders, he is not to speak a word as he is suffering from an ailment that has affected his voice box.

Mr. Tolitz has, however, accepted all speaking engagements and is planning on attending each one. He is making arrangements to have someone deliver prepared statements for him.

March of Dimes Pioneers Plan To Improve Child Medical Care

Top-quality medical care, though often capable of changing the whole life prospects of infants and children with crippling disorders, is unavailable to the majority of these patients.

That is why The National Foundation-March of Dimes is pioneering with a project designed to remedy this situation by financing a network of more than 50 treatment centers across the nation for birth defects, arthritis and polio.

But fully twice this number of centers is needed because of the magnitude of the problem. This urgent need is one of the chief reasons for the current March of Dimes campaign here this month.

"No other health organization in the United States, or that matter not even the federal government, has attempted any such comprehensive network of special treatment centers," Basil O'Connor, president of The National Foundation-March of Dimes, said recently.

"We invested a great deal of study and thought in this project before we began in 1960 with the three pilot units patterned after our polio respiratory centers," he added.

"But even with all this planning and preparation which included medical conferences across the country—we did not foresee the full magnitude nor the urgency of the needs that these special treatment centers very soon brought to light."

Some Headway Made

"The thoughtful and compassionate generosity of the American public has permitted the March of Dimes to make some headway in making the research and medical care problems posed by 250,000 infants born each year in our country with major birth defects; and the 42,000 children and adolescents crippled by some form of arthritis or rheumatic disease."

These treatment centers for birth defects, arthritis and polio, whose costs are borne directly by about 500 March of Dimes chapters as well as national headquarters, are affiliated with more than one-half

Board Of Education Explains Its Budget

The Hillside Board of Education released today an explanation to the residents of the township exactly what the tax increase in the 1963-64 school budget will entail to present owners based on the present assessed valuation. The proposed school budget increase for the 1963-64 school year is \$73,463.45 which is approximately a 3 per cent increase over last year. This would increase taxes 12 cents on each \$100 assessed valuation. Mr. Thomas Roy, President of the Board of Education, stated that he felt some homeowners might be confused on exactly what this increase in the school budget would mean in taxes.

Roy stated that a \$25,000 appraisal value home in Hillside would be assessed at 40¢ under the new revaluation program and would be taxed at an amount of \$10,000. The 12 cent per \$100 increase would mean a total annual tax increase of \$11 for this home; if a house is valued at \$20,000, under the revaluation program it would be assessed at \$5,000 and the total annual tax increase would be \$8.80; if the dwelling is valued at \$15,000, under the revaluation program it would be assessed at \$6,000 and the total tax increase would be \$6.60.

In closing, Roy stated that the \$73,463.45 school budget increase will place the town's 237 school employees at their proper level on the new salary guide except those teachers on maximum. This amount includes provisions for three additional teachers due to an increased enrollment. He also stated that a new summer school program will be instituted. Provision was also made for the increased cost of operation, maintenance of school plants and the initiation of a five year program to replace old and worn window frames.

GOP Against RR Crossing

Elimination of the grade crossing of the Lehigh Valley Railroad at Long Ave. was endorsed by the Hillside Republican Club at a meeting last week at the College Inn. Sentiment for the crossing removal has gained momentum as a result of plans to move Central Railroad of New Jersey passenger trains over the Lehigh Valley tracks.

The club appointed Arthur E. Dienst chairman of a committee to investigate plans of the Menza Coal Co. of Newark to construct a fuel depot in the Wolf Pt. area which would include fuel tanks. Residents of the area are vigorously protesting the plan and the Town of Irvington is also on record as opposed to it because of the proximity of residential areas of that community.

Allan L. Tumarkin was a selected chairman of a committee to study proposals for State income or sales taxes and report to the club.

Freeholder Raymond Moore of Hillside reviewed plans of the Board of Freeholders for this year.

DO YOU KNOW...

NEW JERSEY

...is first in the research and production of chemicals!

Talk chemicals, and you must say "New Jersey", for in our State we produce a greater value of chemical products than any other state in America. The annual sales value is over \$3 billion a year or one-tenth of the national total. Over \$1 billion has been spent in the last ten years for new plants and research facilities. We have more than 1100 chemical plants and laboratories employing 81,000 people with a total annual payroll of \$500 million. Forty-

six of the nation's fifty-three largest chemical companies have operations here.

The chemical industry likes New Jersey because our State has a highly skilled labor force, deep-water ports, fine transportation facilities, a good educational system, is near to raw materials and is in the heart of the world's richest market.

The Adult School of Union will hold in person registration for more than 50 courses next Wednesday evening from 7:30 to 9 p.m. at the Union High School office, Caldwell and Morris Aves., Union. The public may also register any afternoon Monday through Friday from 1 to 4 p.m. until classes start on Jan. 30.

This course is being offered to accommodate a larger number of students. In previous terms, Miss Proustet pointed out, would-be students had to be turned away because of the limited number of typewriters available. By allowing students to bring their own, the Adult School will be able to accommodate more registrants. The regular typing course will be on a first come, first served basis.

Arithmetic Anonymous, first introduced by Union Adult School, a course in the new math for parents, has been expanded to include a full range of classes from the first to the eighth grade. Parents now may learn along with their children without any gaps in their knowledge of this subject.

Miss Herman Gets The Ring

LORETTA A. HERMAN (Russell Studio)

MUCH MERRIMENT prevailed at a recent dinner reception at Locust Inn, Roselle, co-hosted by Mr. and Mrs. Patrick Imbricchio of 190 Windsor Way. The festivities feted her parents, Mr. and Mrs. Donato Alfano of 1029 August St., Elizabeth, who were celebrating fifty years of wedded bliss. 125 guests attended.

Other party planners were the honored guests—other sons-in-law and daughters, Mr. and Mrs. James Madalena and Mr. and Mrs. Stanley Niemczyk of Linden and Mr. and Mrs. Carmen Alfano of Roselle.

Prior to the party, the "bride and bridegroom" renewed their marriage vows in St. Anthony's Church, Elizabeth, with Rev. O. Dominic Battistello, S.D.B., pastor officiating. The couple's honor attendants were Miss and Mrs. Michael Lombardi of Linden. New gold rings used in the ceremony were the gift of the couple's 15 grandchildren.

Mr. Alfano and the former Miss Mary Trippicchio were both residents of Elizabeth for six years before their marriage in St. Anthony's Church, Elizabeth, Jan. 5, 1913, and have lived there ever since. Mr. Alfano is a native of Salerno, and his wife of Cosenza, both Italy.

Before his retirement, Mr. Alfano operated a private scavenger business, now owned by his son, Frank.

THE BETROTHAL of Miss Geraldine Shafman to Mr. Arthur R. Steinberg, son of Mr. and Mrs. Murray A. Steinberg of 280 Conklin Ave., has been announced by her parents, Mr. and Mrs. Irving Shafman of 280 Connona Ave., Newark. The couple were feted at a family dinner party at the home of the bride-elect.

An alumna of Weequahic High School, Newark, Miss Shafman is a junior at Paterson State College. Her fiancé, also a graduate of Weequahic High School, is a junior at Ursula College in East Orange, where he is a member of Alpha Sigma Upsilon and Alpha Kappa Psi fraternities. He is employed by Stanley Golt and Co., Certified Public Accountants, in Montclair.

The wedding is scheduled to take place Dec. 21 at Clinton Manor, Newark.

MR. AND MRS. Allan Bochner of 140 Bailey Ave. celebrated their 31st wedding anniversary with an evening on the town. Following dinner in New York they attended a performance of "Seidman and Son."

Mr. Bochner and his "bride", the former Miss Viola Gelber of Newark, have one son, Dr. Barry Bochner of Plainfield, a research chemist, and one grandchild.

ANNOUNCEMENT has been made of the engagement of Miss Gail Sue Rosenzweig, daughter of Mr. and Mrs. Louis Rosenzweig of 50 Bailey Ave., to Mr. Ross M. Wieseltier, son of Mr. and Mrs. Milton Wieseltier of Main Ave., Passaic. The couple were feted at an engagement party hosted by her parents at the home.

PAL To Seek \$5,000 Town Appropriation

The Board of Director of the Hillside PAL will ask the Township Committee for \$5,000 to pay for fixed charges for the operation of the building such as building maintenance, insurance and utility expenses for 1963. The appeal followed an annual report by Detective Alois J. Stier, director, and Miss Dorothy M. Groeger, assistant director, which showed that the organization has a \$600 deficit in 1962. The directors also reported that fund raising efforts require so much time that the program development suffers. They also pointed out that new programs cost money to run.

Patrolman Stier reiterated his plea for two pool tables for supervised games. He said that many of the former members are attending a local alley where the game is offered.

Mayor John A. Desch and Police Commissioner Max Schaefer agreed to ask Township Committee for funds.

Comets Top Regional, Roselle

BY MARC LEEFSON

The Hillside High School basketball squad continued its winning ways this past week by downing Watchung Conference foes, Springfield and Roselle. In gaining a perfect 9-0 record, the Comet 5 also sport an unblemished Conference slate of six wins and no losses.

It took 2 overtime periods before the Bulldogs succumbed to the Comets, 51-50, in the game held at Springfield. Bob Szalay's foul toss early in the second overtime was the difference, as Regional stormed back in the fourth period to overcome a 19-point deficit.

The scoreboard read 39-21 in favor of the visitors at the close of the third quarter. With Jack Apgar and Dave Bonislawski pacing them, the Bulldogs splurged for 23 markers in the fourth stanza, 11 by Apgar and 7 by Bonislawski.

Starting with 9 straight points in the fourth period, to bring the score to 39-30, Springfield traded two buckets with the Comets and after Paul Frieder's two free throws, the Bulldogs came back with 12 consecutive points to go ahead 46-44 with seconds remaining. Frieder netted a layup near the close of the period, and the Comets gained control of the ball with 35 seconds left but could not score.

Hillside's Bill Schutsky opened the first overtime period with a layup and teammate Szalay followed with a foul shot, before Bonislawski added 2 free throws and a layup giving his team a 50-49 lead. Frieder countered the last point of the extra period and once again the Comets had the ball with a chance to win with 15 seconds remaining, but a pass from Schutsky intended for Szalay, went astray as the period closed.

Then came the second overtime, and after Szalay's early foul toss, the Comets regained control and successfully worked a freeze until the Bulldogs had the ball with one second left and a shot by Apgar missed. Frieder accounted for 16 points to lead

The underdog Rams outplayed the Comets in the initial period, outscoring them 13-11. Roselle was led by Don Byrd who accounted for 7 of his team's first 8 points. The Hillside 5 started the second quarter with 10 straight points, four by Schutsky, who finished with 17 for the night.

The Comets started the third stanza in the same fashion with 10 consecutive markers, this time holding the Rams to only 5 points in the quarter. Hillside put the game on ice in the last period, as they netted 23 points. In their biggest offensive show

50th Anniversary
 (Cont. from page 1)

Howark J. Bloy co-chairman, an enlarged Memorial Day parade, an art show in June by the Women's Club, and a July 4 celebration and recreation program.

The steering committee directed Mr. Kifer to study souvenirs which might be prepared for the program.

Mr. Corris, Mr. Goldhor, Dr. Joseph Peyser and Mr. Kifer were directed to arrange an intrathigh program.

It was announced the "Hillside Times" will publish a special issue.

Companies which use postal meters will be encouraged to commemorate the anniversary on these meters.

Bumper strips also will be purchased and distributed.

The next meeting for the steering committee will be Jan. 23, at the Hillside PAL Building. Thirty-five persons attended a general meeting of the celebrations committee at the building.

Various programs of different clubs were suggested and outlined. The next session was scheduled for Feb. 20.

It also was reported that each school is preparing a mural dealing with the history of the township. The eighth grade at the Hillside Ave. School placed a wreath on the grave of Stephen Crane after studying his work in their English classes and the Christmas program at the Calvin Coolidge School features "Hans Brinker of the Silver Skates" which was written by Mary Mapes Dodge after watching her sons skate on a pond in the Elizabeth River.

The Hillside Ave. School also will observe its 50th anniversary this year, it was pointed out.
