To Whom It May Concern

This is to certify that Mr. Deedar Ali worked for the ICT project of United Nation Development Program (UNDP) for the period Jun, 2003– Jan, 2005. He started working as an IT Trainer seconded to Directorate of Communications in Herat.

Mr. Deedar Ali performed a wide variety of duties during his time with UNDP. He was one of the very valued staff members among the IT team and we are very sorry to lose him.

He was found hard working, extremely reliable and committed to his work, duties and responsibilities, always eager to participate in the development and growth of IT students. He executed majority of his tasks without a great deal of supervision, quickly grasping the essence of the work in order to complete it independently.

In addition to his good work and commitment, Mr. Deedar Ali was also a very flexible person that could easily adapt to new tasks and environments.

In closing we wish Mr. Deedar Ali the very best for his future endeavours and consider any organization as fortunate who are able to attract his interest to work with his. We believe that He has a lot to offer to any organization in the field of IT.

Please do not hesitate to contact us for any further information.
